INFORMATION – Authorisation report, transparency directive

This form is used by a legal entity to report authorisation to electronically file applications and reports with Finansinspektionen via its website (www.fi.se).

Person(s) authorised to file reports

The person or persons at the company authorised to file reports by way of his or her electronic signature is responsible for ensuring that the information submitted in applications or reports, or in other electronic communications with Finansinspektionen, is correct and complete.

The form is also used to notify Finansinspektionen when a person is no longer authorised to file reports.

See *E-identification that will no longer apply*.

E-identification

Persons authorised to file reports must possess e-identification.

Signature

The form shall be signed by the authorised signatory for the firm. All requested information must be filled in.

Information checks

Submitted personal information is registered in a central database at Finansinspektionen.

When Finansinspektionen receives the form, the submitted information will be checked prior to registration of this information in the control database.
