## **INFORMATION – Authorisation form for issuer - Transparency Directive**

This form is used by a legal entity to report authorisation to electronically file information to Börsinformationsdatabasen via Finansinspektionen's website <https://www.fi.se/en/reporting/>.

### **A. Company**

All requested information must be filled in. If the company is ongoing a name change, please fill out the new name.

### **B. Person(s) reporting for the company**

The person or persons at the company authorised to file reports by way of his or her electronic signature is responsible for ensuring that the information submitted in applications or reports, or in other electronic communications with Finansinspektionen, is correct and complete. The form is also used to notify Finansinspektionen when a person is no longer authorised to file reports. See E-identification that will no longer apply.

Persons authorised to file information must possess e-identification.

Foreign citizens without a personal identification number will be given a fictive personal ID-no. in order to access the system with E-identification.

### **C. E-identification that will no longer apply**

List the person or persons that no longer should be authorised and have access to the system.

### **D. Authorised signatory for the company**

The form shall be signed by the authorised signatory for the firm. All requested information must be filled in.

### **Information checks**

Submitted personal information is registered in a central database at Finansinspektionen.

When Finansinspektionen receives the form, the submitted information will be checked prior to registration of this information in the control database.
