RISK FACTORS

The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Green Capital Securities in order to make an informed investment decision. The risk factors set forth below are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific, to the Company, the Group and the Green Capital Securities.

The manner in which the Company, the Group or the Green Capital Securities are affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as “low”, “medium” or “high” and the magnitude of negative impact if it would occur as “low”, “medium” or “high”. The most material risk factors in a category are presented first under that category, whereas subsequent risk factors in the same category are not purported to be ranked in order of materiality.

RISK FACTORS SPECIFIC AND MATERIAL TO THE ISSUER AND THE GROUP

Risks related to the industry and the market

Changes to the value of the Group’s properties

The value of the Group’s investment properties (Sw. *förvaltningsfastigheter*) are accounted at real value in the balance sheet and any changes to the value of the properties will be accounted for in the income statement. On 30 June 2024, the Group’s property portfolio comprised a total value of SEK 9,459.5 million (in relation to the Group’s total assets of SEK 11,259.2 million). Generally, the market value of a property is displayed in a value range of +/- 5-10 per cent. to reflect the uncertainty in the assumptions. As per 30 June 2024, with an uncertainty interval of +/-10 per cent., the Group’s property portfolio is affected by SEK 946 million. Property specific factors, such as lower rental levels, higher vacancy rates and higher property expenditures (see risk factors “*Rental levels and rental development*” and “*Property costs*” below), as well as market specific factors, such as interest rates (see risk factor “*Interest expense risks*” below) and higher yield demands (see risk factor “*Macroeconomic factors*” below), may lead to a decrease in value of the Group’s properties. Large decreases in property value may affect the Group’s ability to maintain financing and obtain new financing, as part of the Group’s ongoing ordinary course operations (see risk factor “*Financing and liquidity risks*” below). Given that the Group’s accounted assets mainly consist of properties, a decrease in value could give rise to a number of negative consequential effects for the Group which could have an impact on the Group’s business, results and financial position. The Company considers the probability of any of the risks occurring to be high. As valuation decreases could have a significant effect on the Group’s financial position, the Company considers the potential negative impact of any of the risks to be high.

Dependence on available financing alternatives

Genova’s business model is based on its ability to obtain necessary financing besides equity, i.e. the business is to a large extent financed by loans. The access to and terms of such borrowed capital is dependent on the conditions for lending liquidity in the financial system.

In the event that a financial crisis or distressed situation occurs, and the stability of the financial system is disturbed or ceases to function, Genova’s access to financing may be significantly affected. For example, in connection with the financial crisis in 2008, the bank sector in Europe suffered a lack of liquidity, since the access to borrowed capital was deteriorated, which in turn lead to a deterioration of

the access to and the terms of bank loans and initially also increased the credit margins and so the interest rates. Further, uncertainties in the financial markets over the last two years have negatively affected Genova's and other market participants' access to capital market financing. Thus, in the event of a new financial crisis or distressed situation, there could be difficulties for Genova in incurring new loans or refinancing existing loans, on acceptable terms or at all, which would affect Genova's possibility to act in accordance with its business model. This would affect the Company's operations and results.

The Company considers the probability of a financing risk as per the above occurring to be low. If the risk would materialise, the Company considers the potential negative impact to be high.

Rental levels and rental development

The Group's financial results are generally negatively affected in the case of decreased occupancy rates or rental levels. On 30 June 2024, the Group owned 80 investment properties with a market value of approximately SEK 7,150 million, allocated over approximately 339 thousand square meters, with approximately 440 tenants agreements and an average tenancy duration of close to 4.7 years. The ten largest tenants accounted for 10 per cent. of contracted rental income. There is a risk that the Group fails to let planned projects or that the Group's tenants do not renew, fulfil or extend their tenancy agreements. Increased vacancy levels generally lead to a decrease in the Group's rental income. If Genova fails to achieve and maintain planned occupancy rates in new projects or if Genova's vacancies increase dramatically and the Group fails to replace such vacancies, the Company considers the potential negative impact to be high. A decrease in the vacancy levels of 2 per cent. is estimated to decrease cash flow by SEK 11 million, and a decrease in the contracted annual rent of 5 per cent. is estimated to decrease cash flow by SEK 27 million. The negative effects, of planned occupancy rates or rental levels in new projects not being achieved, is generally higher than if occupancy rates or rental levels in the existing portfolio decrease. The Company considers the probability of this risk occurring to be low, however, the probability significantly increases in the event of a material deterioration of the macroeconomic development.

The Group is also dependent on timely rental income, and in case the tenants would not pay their rents as they fall due (or do not pay at all), or otherwise fail to fulfil their obligations, this could have a material negative impact on the Group's earnings and the value of its receivables.

The Company considers the probability of the risk occurring to be low, however, the probability significantly increases in the event of a material deterioration of the macroeconomic development. If the risks were to occur, the Company considers the potential negative impact to be high.

Macroeconomic factors

The Company's business is to a large extent affected by macroeconomic factors such as the general state of the economy, national and regional economic developments, the developments in employment rate, production of new residential condominiums and premises, infrastructural development, population growth, demographic developments, construction costs as well as inflation and interest rates. The Group operates mainly within the region of greater Stockholm and Uppsala, and is consequently primarily exposed to the regional economic development in these geographical markets. The value of the Group's investment properties as per 30 June 2024 is to 48 per cent. attributable to greater Stockholm, to 28 per cent. attributable to Uppsala, to 14 per cent. attributable to western Sweden, and with the remaining 10 per cent. attributable to other regions in Sweden. For example, the local economic growth affects the developments in employment rate and salaries as well as the demand on the relevant rental market, which in turn affect vacancy rates and rental levels, in particular in respect of commercial

premises. A decreased demand in the current market may lead to difficulties in finding tenants and, as a result, lower revenues for the Group.

Inflation expectations have an impact on interest rates, which consequently affects the Group's result from property management as interest expenses are one of the Group's largest single costs (for the financial period January 2024 to June 2024, the Group's interest expenses for loans and leasing amounted to approximately SEK 123.7 million). For the effects on the Group from interest rate changes, see further risk factor "Interest rate risks" below. Changes, and expectations on changes, in the inflation rate could impact yield requirements on properties and, consequently, the market value of the Group's properties, which in turn could lead to various negative effects (see risk factor "Changes to the value of the Group's properties" above). Furthermore, a negative development of the real estate market during the implementation of a project, may lead to a reduction of the Group's profitability from project development, losses or that the Group cannot divest the property at all or only on less favourable terms, which in turn may result in diminished property value and decreased profit.

The Company considers the probability of several macroeconomic factors that may have high material adverse effect on the Group's operations, results and financial position occurring to be low. However, the probability that some negative macroeconomic factors may occur is high. The negative effect of such factors depends on the nature of the relevant macroeconomic factor and its severity. For instance, the potential negative impact from increased market interest rates (see risk factor "Interest expense risk" below) or deteriorated access to financing (see risk factor "Financing and liquidity risks" below) is considered to be high, while the potential negative impact from demographic changes alone is considered to be low.

Project development risks

Part of the Group's business activities consist of project development. As per 30 June 2024, the Group had projects in its portfolio with total lettable area of approximately 594,000 square meters, consisting of 9,344 building rights, and a total project portfolio value of approximately SEK 29,276 million. The possibility of implementing development projects with financial profitability depends upon the projects coming into production and being completed, which in turn depends on several factors, such as the ability to retain and recruit necessary expertise within, *inter alia*, construction, project planning, architecture and marketing, as well as to obtain necessary permits and authority approvals and procuring contracts for project implementation on acceptable terms. The financial profitability of such development projects is also affected by any contractors' or counterparties' possibility of transferring any increased costs, for example increased construction costs, onto the Group. Furthermore, the Group's project development is dependent on a continuous supply and financing of new projects on acceptable terms, and that the Group's projects are being tailored to adequately respond to market demands. One of the Group's operative goals is to increase the number of self-constructed housing in production from the end of 2024 to at least 1,000 units per year. As per 30 June 2024, the annual production rate amounted to 535 units. The possibility to implement profitable project development is further affected by factors such as changes in the market demand of housing and premises and the price of properties in general, inadequate planning, analysis or cost control, changes in taxes and fees and other factors that could lead to unexpected costs for the projects, to lower than expected profitability for the Group and/or adverse effects on the value of the Group's properties. In addition, delays in projects may decrease profitability. The profitability is also affected by defects and shortcomings that are discovered and taken care of subsequent to access (Sw. *eftermarknadsåtgärder*).

The Company considers the probability of any of the abovementioned risks occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be low.

Genova does not conduct any construction business activities on its own and depends upon contractors for all construction. This results in a vulnerability in relation to the reliability and ability of the contractors with whom Genova is co-operating. If Genova fails to enter into, or enters into ambiguous or inadequate, agreements with contractors, Genova will be exposed to the risk of sub-contractors not delivering in accordance with Genova's expectations. Contractors may also fail to fulfil agreed terms, for example regarding costs, quality and delivery time. Such deficient fulfilment may be due to financial difficulties of the contractor concerned, which prevent the relevant contractor to deliver in accordance with agreed terms. The possibility to implement profitable property projects is, among other things, affected by Genova's contracted construction works being delivered and produced at the agreed price and within the agreed time, as Genova's property projects may otherwise be delayed and become more costly, with negative consequences for Genova's other operations, its brand and its results. During 2019, a construction contractor working for Genova, went bankrupt and Genova took on the responsibility to complete the assignment, which lead to delays and increased cost for Genova in the current project. Considering this experience, the Company considers the probability that contractors fail to deliver in accordance with Genova's expectations in the future to be low. The negative effects of such breach of contract depend on the nature and cause of the breach and any macroeconomic factor, including its severity, affecting the contractor and causing the breach. For example, the potential negative impact of a contract breach due to financial difficulty of the contractor concerned, is considered to be high and primarily affect the Group's profitability and operational activities, while the potential negative impact of contract breach in terms of quality and delivery time is considered to be medium and primarily affect the Group's financial position and business.

Property costs

The Group's operating costs mainly consist of costs for heating, water, property maintenance, cleaning and insurance. As per 30 June 2024, the Group had operating costs on a 12-month basis of SEK 100.3 million. The Group has limited control over these costs. To the extent increases in such costs are not, directly or indirectly, compensated in accordance with the terms of tenancy agreements (including any indexation), or by renegotiation of tenancy agreements such as in relation to rent increases, it could have a material negative impact on the Group's results (see risk factor "*Changes to the value of the Group's properties*" above). The Company considers the probability of an increase in the relative operating costs (*i.e.* without taking into account a larger property portfolio and an altered product mix) to be low. If the risk were to occur, the Company considers the potential negative impact to be low.

Maintenance costs are attributable to actions that intend to maintain the properties' original standard and value. In addition to maintenance costs, unexpected expenses related to adjustments for tenants normally arise. As per 30 June 2024, the Group had maintenance costs on a 12-month basis of SEK 27.0 million. In the financial year 2023, the Group had operating costs of SEK 26.7 million. Unexpected and large renovation needs may entail significant expenses for the Group. The Company considers the probability of the risk occurring to be high. If the risk were to occur, the Company considers the potential negative impact to be low.

Technical risks

The Group's property management, project development and property acquisitions are associated with technical risks, which include risks associated with the technical status of the property, such as the risk for construction errors, other latent defects and deficiencies, damages and pollution. If such technical

problems would occur, they may cause delays of planned property development projects, or increased costs for upgrading and management of the Group's properties (including measures needed in respect of properties already disposed of). Any technical deficiencies in the properties developed by the Group may also constitute a breach of warranties that the Group has made to acquirers of such properties, which in turn may lead to increased costs for the Group – see for example “*Risks related to acquisitions, disposals and other transaction-related risks*” above.

The Company considers the probability of the abovementioned risks occurring to be medium. If the risks were to occur, the Company considers the potential negative impact to be medium.

Role distribution and dependence on key personnel

Genova's organisation is built around a number of individuals with many years of experience in property management, project development, financing and marketing. Its own capacity is complemented by purchased services, in order to give the organisation flexibility and capacity to handle large project volumes despite its limited size. Genova's narrow organisation may cause the Group to incur losses due to inadequate routines regarding, among other things, role distribution, internal control, appropriate administrative systems, competence development and access to reliable valuation and risk models.

Due to the limited size of the organisation, the Group and its operations are further dependent on a number of key people, including Genova's senior executives. Through their experience, these key people have built good relationships with actors in the property market in Sweden and these key people are therefore important for a successful development of the Group's business.

If Genova's procedures fail or lead to incorrect decisions or if key people leave Genova, it could have a medium negative impact on Genova's operational activities. The Company considers that the probability of the risk occurring is low.

Risks related to acquisitions, disposals and other transaction-related risks

The Company's operations continuously involve property transactions. For example, in June 2024, the Group entered into an agreement for the disposal of certain properties to a new joint venture at a total underlying property value of approximately SEK 1,300 million. Such transactions are associated with risks and uncertainties. Acquisitions of properties are for instance associated with uncertainty in relation to the handling of tenants, unexpected costs with respect to environmental clean-up, rebuilding and handling technical problems, decisions from authorities and the occurrence of disputes relating to the acquisition or the condition of the property. Such uncertainties may result in delays and increased and/or unexpected costs for the transaction and that the value of the acquired property will therefore be lower than expected. In connection with the disposal of a property, there is a risk that claims could be directed against the Group regarding, among other things, the condition of the disposed property and provided warranties.

The Company considers the probability of any of the risks occurring to be low. If any of the risks were to occur, the Company considers the potential negative impact to be low.

Legal and regulatory risks

Changes in tax rules

Tax is a significant cost item for the companies in the Group. The Group's operations are affected by tax rules in force at any time and changes to these rules will thus have an effect on the Group. Changes

to the property tax and other taxes such as corporate tax, VAT and other governmental charges as well as rules regarding tax exempted disposals of shares could thus have a negative impact on the Group's operations and results.

As the Group's operations are capital intensive, the Group is affected by the new interest deduction limitation rules that entered into force in Sweden on 1 January 2019. The new rules entail a general limitation for interest deductions within the corporate sector by introducing an EBITDA-rule implying that a company is only given the right to deduct a negative net interest income (the difference between the company's deductible interest expenses and its taxable interest income) corresponding to a maximum of 30 per cent. of the company's taxable EBITDA. In connection with the introduction of the general interest deduction limitation rules, the corporate tax rate was also reduced, in a first step to 21.4 per cent (as per 1 January 2019) and in a second step from 21.4 per cent to 20.6 per cent (as per 1 January 2021).

As per 30 June 2024, the Group's total outstanding interest bearing debt attributable to investment properties and project properties amounted to SEK 6,084 million. Depending on how the Group's capital structure and operating profit appear going forward, the new rules, despite the reduction in the corporate tax rate, may have a material adverse effect on the Group's results.

The Company considers that the probability of further changes in tax legislation that result in changes in the Group's tax position to be high. If the risk were to occur, the Company considers the potential negative impact to be high.

The Group is subject to political decisions that affect the operations

In order for the Group's properties and building rights to be used and developed as intended, different permits and rulings, including, zoning plans, building permits and other forms of land parceling are required, all of which are granted by local authorities and municipalities, both on a political and an official level. There is a risk that decisions and rulings are delayed and/or that the Group is not granted the permits or the decisions needed to conduct and develop the Group's operations as intended or that the intended projects only could be carried out at higher costs and/or lower development rate than expected or with delays. This could also have an impact on the value of the Group's properties. Furthermore, there is a risk that permits are appealed, and that processes are therefore significantly delayed, or that established practice and/or the political environment in which the Group operates changes in an undesirable way for the Group. The Company considers the probability of any of the risks occurring to be high.

Property operations are also materially affected by more general political decisions by way of laws, regulations and other decisions by authorities regarding for example planning and construction processes, taxes and fees, construction requirements (e.g. safety requirements, environmental requirements, building standards, material requirements, etc.) and the rent control in the housing market. These rules and regulations are subject to changes, both due to political decisions and due to the legal interpretation of the rules and regulations. For example, in autumn 2019 a Court of Appeal (Sw. *Hovrätt*) ruling led to rent reductions for a number of newly built rental apartments in Uppsala. If the regulatory framework were to change, or if Genova's interpretation of existing laws and regulations prove to be incorrect, this could have a material negative impact on the Group's operations. The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be high.

On 1 December 2021, the Riksdag decided to phase out the so-called investment grants (Sw. *investeringsstöd*) for construction of rental apartments and student housing, with money being made available to developers granted investment grants no later than 31 December 2022. The investment grant comes with certain requirements, *inter alia* in terms of rental levels (which must not exceed a certain level), tenant agencies (through municipal housing agencies or otherwise pursuant to open and transparent principles) and energy usage. Genova has one ongoing project which has received an investment grant. However, competitors of Genova, with projects in the same area as Genova, may have been granted investment grants affecting such competitors' business models for ongoing projects, which may lead to lower rental levels in the area. In the longer term, investment grants could thus have adverse effects on rental levels in the areas also where Genova's properties are located. The Company considers the probability of the risk occurring to be medium. If the risk would materialise, the Company considers the potential negative impact to be low, since the impact is deemed geographically isolated.

Agreements (such as land development agreements) and procedures (such as zoning plan procedures) in the public sector, and the procedures relating thereto, are often subject to a more extensive review and public scrutiny than commercial agreements between private parties. The publicity and the political aspects of publicly procured agreements with municipalities and authorities imply an increased risk in relation to the Group's reputation. Negative publicity concerning the Group, regardless of its truthfulness, could have a material negative impact on the Group's operations. The Company considers the probability of any of the risks occurring to be high. If the risk were to materialise, the Company considers the potential negative impact to be medium.

The Company is from time to time dependent on temporary building permits in order for the Company, or its tenants, to be able to carry out planned operations on the property. In the event that such a temporary building permit would not be granted or extended, planned or ongoing use of the property may need to be changed or discontinued, which could adversely affect the Company's investment property portfolio. The company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Tax risks

The Group's operations are conducted in accordance with the Group's interpretation of applicable laws and regulations and current practice within the area of tax, and in accordance with advice from tax consultants. However, it cannot be ruled out that the Group's interpretation of applicable tax laws and regulations is incorrect or that such regulations or practice changes, possibly with retroactive effect. The Group may also, from time to time, be subject to tax audits which may result in additional tax or fees to be payable. Auditing of this type may be carried out for an extended period of time and this generally means that any tax increases cannot be ruled out before such audit has been completed. The Group's tax situation is also affected by whether transactions between companies within the Group are considered to be market-priced and whether the Group's applied allocation principles, when allocating purchase value to properties, are considered correct.

Some senior executives have been offered and have acquired shares in companies within the Group. In September 2019, the Company repurchased such shares from senior executives through share exchange transactions, resolved pursuant with the so-called Leo Act (Sw. *Leo-lagen*). The Group believes that these transactions have been conducted on market terms. However, if any of these transactions are not considered to have been entered into on market terms, there is a risk that additional taxes, interest or fees will be imposed on the Group.

The company considers the probability of the risk occurring to be medium. If the risk were to occur, the Company considers the potential negative impact to be medium.

Environmental risks

According to Swedish legislation, the main rule is that the business operator, either current or former, is responsible for the remediation of a contaminated property. There can be, or in the past there may have been, tenants on the properties owned directly or indirectly by the Group who conduct operations that may require remediation in accordance with the Swedish Environmental Code (Sw. miljöbalken (1998:808)).

If no operator can perform or pay for the remediation of a contaminated property, the party who has acquired the property is responsible for the remediation if the party knew of, or at the time ought to have discovered, the contaminations. As of 30 June 2024, the Group owned 80 investment properties and development projects comprised 9,344 building rights, all of which pertain ownership of real property. This means that remediation claims under certain circumstances may be directed against the Group for cleaning-up or after-treatment due to the occurrence of, or suspicion of, contamination in the ground, water areas or groundwater, in order to ensure the properties are in such condition as required by the Environmental Code. If any of the Group's properties turns out to be contaminated, this could limit the Group's intended use of the property, lead to significant costs for after-treatment and/or have adverse effects on the value of the Group's properties.

If changes to legislation and authority requirements were to occur this might lead to increased costs for remediation or after-treatment for current or in the future acquired properties. Furthermore, future changes in applicable laws and regulations and authority requirements may lead to increased costs for the Group and delay the Group's intended development of properties.

The Company considers the probability of any of the risks occurring to be low. If any of the risks were to occur, the Company considers the potential negative impact to be medium.

Risks related to accounting rules and uncertainty in estimates

The Group is affected by the accounting rules applicable in the jurisdictions in which the Group operates, including IFRS and other international accounting standards. The Group's accounting, financial reporting and internal control may in the future be affected by changes of or altered practices in relation to applicable accounting rules. For example, IFRS 9 and IFRS 15 came in to force in January 2018 and IFRS 16 came into force in January 2019, and these standards are all applicable to the Group. This could result in uncertainty regarding the Group's accounting, financial reporting and internal control.

The Group's accounting, financial reporting and internal control are conducted in accordance with the Group's interpretation of the currently applicable accounting rules, and there is a risk that the Group's interpretation of such rules is incorrect. There is also a risk that changes to applicable accounting rules or an altered application of the now applicable accounting rules could affect the Group's financial result, balance sheet and equity. The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be medium.

Accounting in accordance with IFRS and generally accepted accounting principles require the management to make assumptions. Assets and liabilities, income, costs and additional information accounted for are affected by assessments and assumptions. The actual outcome may however differ

from the assessments and assumptions made. At the time of an acquisition or sale of a property by the Group, different assessments and assumptions may be made, for instance regarding the probability of changes to zoning plans, obtaining of building permits or that an additional purchase price will be payable, and changes to such factors could affect the Group's earnings and financial position, inter alia due to changes to the value of the Group's properties. The Company considers the probability of incorrect assessments and assumptions to be low. If the risk were to occur, the Company considers the potential negative impact to be low.

Financial risks related to Genova

Financial covenants

The Group finances its operations by way of interest bearing loans from credit institutions as well as the capital markets, by way of bond loan financing. As per 30 June 2024, the Group's total outstanding interest bearing debt attributable to investment properties and project properties amounted to SEK 6,084 million. The Group's interest bearing debt to credit institutions is secured by mortgages and pledges over properties, promissory notes (within the Group) and shares in subsidiaries and by parent company guarantees. Certain Group companies have also issued guarantees for loans taken by tenant owned associations in relation to their acquisition of development projects from the Group.

Some of the Group's financing agreements include financial covenants. The financial covenants in such agreements are, at least in the short term, negatively affected when the Group acquires properties financed with loans from external creditors or in the event of value deterioration of the Group's properties. Should the Group fail to meet any financial covenants in the relevant loan agreements, it could result in the Group's loans, including the Company's bond loans, which contain cross-default provisions, being terminated prior to maturity and pledges or guarantee commitments being enforced, which could have a material adverse effect on the Group's operations and financial position, which in turn would lead to increased costs and/or a decrease in the Group's liquidity. Certain of the Group's loan agreements provide that the lender may terminate the agreements in the event of a change of control event occurring or in case the relevant security provided would become deteriorated, the Group is, among other things, subject to financial covenants in relation to its equity ratio and net debt to property value ratio. Consequently, deterioration of the property market (see risk factors "Macroeconomic factors" and "Changes to the value of the Group's properties" above) could result in the Group failing to meet its financial covenants, which in turn could result in the Group's loan agreements being terminated and/or any security being enforced, which would adversely affect the Company's operations and financial position. The Company considers the probability of the risk occurring to be medium. If the risk were to occur, the Company considers the potential negative impact to be high.

Financing and liquidity risks

The Group's operations are mainly financed by interest bearing debt. As per 30 June 2024, the Group's total outstanding interest bearing debt attributable to investment properties and project properties amounted to approximately SEK 6,084 million. As per 30 June 2024, the average interest rate amounted to approximately 5.0 per cent. (excluding the Company's bond and construction loans; and including such bond and construction loans, 5.6 per cent.). Part of the Group's operations consists of project development, which may be delayed or suffer from unexpected or increased costs due to factors which may be outside of the Group's control, which may in turn cause that projects are not completed before the loans fall due, or that such increased costs are not covered by existing loan agreements. In case the Company is unable to obtain new financing or refinance existing facilities, or is only able to obtain such financing on unfavourable terms, it could, among other things, lead to increased costs and lower

revenues and have a material negative effect on the Group's operations in general. The Company considers the probability of the risk of not being able to obtain new financing or refinance existing facilities to be low, however, the probability significantly increases in the event of a material deterioration of the macroeconomic development or a decrease in value of the Group's properties. If the risk occurs and the Company is not able to obtain new financing or refinance existing facilities, the Company considers the potential negative impact to be high.

The Group's credit facility is subject to conditions consisting of a number of financial ratios and a number of non-financial ratios. The financial ratios include the loan-to-value ratio and the interest-coverage ratio. In the event that access to current financing changes (see risk factor "*Dependence on available financing alternatives*" above) and/or the macroeconomic conditions otherwise change in a way that affects the Group's results, financial position and cash flows (see risk factor "*Macroeconomic factors*" above), it could adversely affect the Group's liquidity, which could lead to a working capital deficit in the Group. The company considers that the probability of the risk occurring is low. If the risk should occur, the Company considers that the potential negative impact is high.

Interest expense risks

The Group is financed mainly through interest bearing debt in addition to equity. Interest expenses are among the main cost items for the Group, amounting to approximately SEK 250.9 million for the financial year 2023. The interest expenses are mainly affected by the, from time to time, current interest rate levels. Interest rate expenses are affected by, besides the volume of interest bearing debt, the level of current market interest rates, the credit institutions' margins and the Group's strategy regarding interest rate fixation. As per 30 June 2024, the Group's average interest rate amounted to of 5.0 per cent. (excluding the Company's bond and construction loans; and including such bond and construction loans, 5.6 per cent.).

The market interest rates are mainly affected by the expected inflation rate. The short interest rates in Sweden, such as three months STIBOR, which currently constitutes the basis for determining the interest in a majority of the Group's loan agreements as per 30 June 2024 (see, however, for further discussion the risk factor "*Interest rate risks and benchmarks*" below), is mainly affected by the Swedish National Bank's (Sw. *Riksbanken*) repo rate (Sw. *styrränta*), which is a monetary policy steering mechanism. If the inflation is expected to increase, the repo rate is expected to increase and vice versa. If the interest costs would increase by 1 percentage, the Group's interest costs would increase with approximately SEK 61 million. The larger the share of the Group's interest bearing loans covered by interest rate fixation and the longer such interest rate fixation periods, the longer time before a change in the base interest rate would affect the Group's interest expenses. Increased interest rates and increased interest expenses could lead to changes in fair market values, changes in cash flows and fluctuations in the Group's results. The Company considers the probability of any of the risks occurring to be medium. If any of the risks were to occur, the Company considers the potential negative impact to be medium.

Credit risk

The Group's existing and future counterparties, including its tenants, could enter into a financial position where they are unable to pay agreed rents on time or are otherwise unable to fulfil their obligations pursuant to tenancy agreements entered into. There is also a risk that the Group's counterparties, including tenant-owner associations, refrain from fulfilling its payment obligations in accordance with any preliminary sales agreements in relation to the Group's properties. These preliminary agreements are binding according to the Swedish Tenant-Owners Act (Sw. *bostadsrättslagen (1991:614)*), but it cannot be ruled out that parties of such preliminary

agreements, when a condominium is to be signed, are unable to pay the contribution in accordance with the terms of the preliminary agreement or otherwise do not fulfil their obligations pursuant to such agreement, which ultimately may affect the warranties provided by the Group in relation to the relevant tenant-owner association (see risk factor “*Risks related to acquisitions, disposals and other transaction-related risks*” above). The Group has also entered into, and may enter into in the future, preliminary agreements concerning properties that have not yet been completed. If counterparties do not adhere to such preliminary agreements, the Group may not be fully reimbursed in case of the counterparty’s failure to enter into a rental agreement in accordance with the preliminary agreement. The ability of the Group’s counterparties to fulfil agreements vis-à-vis the Group is also affected by the prevailing macroeconomic environment (see risk factor “*Macroeconomic factors*” above), which could adversely affect the Group’s liquidity and decrease its working capital. The Company considers the probability of the risk occurring to be low. In the event that a single counterparty is unable to fulfil its commitments vis-à-vis the Group, the Company considers the potential negative impact to be low. However, the potential negative impact increases to high in the event that several counterparties fail to fulfil its obligations. The Company considers the probability of the above risks occurring to be low but that the probability significantly increases in the event of a materially deteriorated macroeconomic development.

RISK FACTORS SPECIFIC AND MATERIAL TO THE GREEN CAPITAL SECURITIES

Risks related to the nature of the Green Capital Securities

The Green Capital Securities are contractually and structurally subordinated to most of the Company’s liabilities

The Green Capital Securities represent deeply subordinated debt obligations of the Company. This means that if the Company is subject to any liquidation (Sw. *likvidation*), bankruptcy (Sw. *konkurs*), restructuring (Sw. *företagsrekonstruktion*), administrative or other bankruptcy or insolvency proceedings, the investors normally receive payment after all other creditors have been paid in full. Hence, in relation to such liquidation or bankruptcy, restructuring, administrative or other bankruptcy or insolvency proceedings of the Company, investors’ claims for the principal amount of their Green Capital Securities and any accrued and unpaid interest thereon will rank *pari passu* with any present or future claims in respect of obligations of the Company in respect of Parity Securities (as defined in the terms and conditions for the Green Capital Securities). Furthermore, claims will rank junior in right of payment to any present or future claims of all unsubordinated obligations of the Company and all Subordinated Indebtedness (as defined in the terms and conditions for the Green Capital Securities). In relation to a liquidation or bankruptcy, claims will however rank in priority to all present and future claims in respect of the shares of the Company and any other obligation of the Company expressed to rank junior to the Green Capital Securities or any Parity Securities. As the investors only will have an unsecured claim against the Company, the investors may not recover any or all of their investment.

There is no restriction in the terms and conditions of the Green Capital Securities in relation to incurring, issuing or guaranteeing debt ranking senior to or *pari passu* with the Green Capital Securities. The Company and its subsidiaries may incur additional indebtedness or issue guarantees in respect of indebtedness or guarantees of third parties. Furthermore, in the event of insolvency, liquidation or a similar event relating to one of the Company’s subsidiaries or joint ventures, all creditors of such company would be entitled to payment in full out of the assets of such subsidiary or joint venture before the Company, as a shareholder, would be entitled to any payments. Thus, the Green Capital Securities are structurally subordinated to the liabilities of such subsidiaries and joint ventures. Incurring such

additional indebtedness may reduce the amount (if any) recoverable by investors if the Company is subject to any dissolution, winding-up, liquidation, restructuring, administrative or other bankruptcy or insolvency proceedings and may increase the likelihood of that interest payments under the terms and conditions of the Green Capital Securities are deferred, at the potential detriment on an investor.

Any potential investor should therefore be aware of that an investment in the Green Capital Securities entails a risk that the investor loses all or part of its investment if the Company becomes liquidated, bankrupt, insolvent, carries out a restructuring or is wound-up.

The Company considers the probability of the risk occurring to be medium. If the risk were to occur, the Company considers the potential negative impact to be high.

Risks related to the labelling of the Green Capital Securities

The Company intends to use an amount equal to the net proceeds of the issue of the Green Capital Securities in accordance with the Company's green finance framework (the "**Green Finance Framework**"). However, there is currently no unequivocal definition of, legal or otherwise, or market consensus as to what constitutes a "green" or an equivalently-labelled project. Accordingly, there is a risk that any projects, asset or uses defined in the Green Finance Framework will not meet current or future investor expectations regarding such "green" or other equivalently-labelled performance objectives, in particular as future developments or legal requirements as to the definitions of "green", whether according to applicable law or regulations or by such investor's own by-laws, other governing rules or investment portfolio mandates, may change. Should the Green Capital Securities no longer be defined as "green" Green Capital Securities, or such term be developed in the future, the Group's green eligible assets may not reflect these developments. Any part of the net proceeds from the Green Capital Securities which is not used to finance or re-finance such green eligible assets will regardless bear interest and result in higher finance costs for the Company. Should any projects which have been financed with the net proceeds from the Green Capital Securities only partially, if at all, achieve the environmental benefits that motivated the investments in the Green Capital Securities, the Company's reputation may deteriorate and may also be in conflict with the purpose of the investment in the Green Capital Securities.

A failure by the Company to apply the net proceeds of the Green Capital Securities in accordance with the Green Finance Framework does not give the investor a right to require that the Company shall repurchase or redeem any of their Green Capital Securities. Should the Company fail to apply the net proceeds in accordance with the Green Finance Framework, there is a risk that investors consequently would be in breach of any investment criteria, mandates or guidelines with which an investor is required to comply with and could result in remedies under the relevant investment criteria, mandates or guidelines, which could result in investors facing, *inter alia*, claims or reputational damages. Further, no Event of Default under the Terms and Conditions will occur should the Green Capital Securities no longer be defined as "green" capital securities. The relevant holders of Green Capital Securities are in such case not entitled to early repayment or repurchase of Green Capital Securities or other compensation, which may result in the value of such Green Capital Securities decreasing.

The European Commission has adopted the taxonomy regulation (Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment) which entered into force in full on 1 January 2023 (the "**Taxonomy Regulation**"). The Taxonomy Regulation entails stricter requirements in terms of assessing sustainable investments. The Taxonomy Regulation may affect the assessment of whether the Green Capital Securities are "green", and the Issuer's non-compliance with the requirements under the Taxonomy Regulation may cause the Green Capital Securities ceasing to be

defined as “green”. Due to the rapidly changing market conditions for green securities, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Green Capital Securities. Furthermore, should such market conditions significantly change, there is a risk that an investor of the Green Capital Securities cannot trade its Green Capital Securities at attractive terms, or at all, or that any possession of Green Capital Securities is connected to reputational damage.

The Company considers that the probability of the Company facing adverse effects relating to the labelling of the Green Capital Securities as “green” is low. If the risk were to occur, the Company considers the potential negative impact to be high.

Dependence on subsidiaries and joint ventures

A significant part of the Group’s assets and revenues relate to the Company’s subsidiaries and joint ventures. Accordingly, the Company is dependent upon receipt of sufficient income related to the operation of and the ownership in such entities to enable it to make payments under the Green Capital Securities. The Company’s subsidiaries and joint ventures are legally separate and distinct from the Company and have no obligation to pay amounts due with respect to the Company’s obligations and commitments, including the Green Capital Securities, or to make funds available for such payments. The ability of the Company’s subsidiaries and joint ventures to make such payments to the Company is subject to, among other things, the availability of funds.

Should the value of the business conducted in the subsidiaries or the associated companies decrease, and/or should the Company not receive sufficient income from its subsidiaries and associated companies, an investor’s ability to receive payment under the Terms and Conditions may be adversely affected. The Company considers the probability of the risk occurring to be low. If the risk were to occur, the Company considers the potential negative impact to be high.

Interest rate risks and benchmarks

The Green Capital Securities’ value depends on several factors, one of the more significant over time being the level of market interest. The Green Capital Securities will bear a floating rate interest comprising a base rate such as STIBOR plus a certain margin and the interest rate is therefore adjusted for changes in the level of the general interest rate. Hence, there is a risk that increased general interest rate levels significantly affect the market value of the Green Capital Securities.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds) (the “**BMR**”). The implementation of the BMR has led to that certain used benchmarks, such as LIBOR and EURIBOR will be discontinued, leading to that, among other things, existing financing arrangements will have to be renegotiated or terminated. There is a risk that also STIBOR will be discontinued, or that alternative benchmark rates will dominate market practice, leading to uncertainties in relation to the interest rate payable in relation to the Green Capital Securities. In accordance with the Terms and Conditions, STIBOR may be replaced following certain events, e.g. if STIBOR ceases to be calculated or administrated (defined in the terms and conditions of the Green Capital Securities as a “**Base Rate Event**”). Increased or altered regulatory requirements and risks associated with any replacement of STIBOR following a Base Rate Event involve inherent risks, as the effects cannot be fully assessed at this point in time. Any upcoming replacement of STIBOR and/or other developments in relation to STIBOR could result in volatility in STIBOR and the calculation of the interest rate of the Green Capital

Securities, which in turn could result in an adverse negative effect on an investment in the Green Capital Securities.

The Company considers that the probability of the above risks occurring is medium. If the risks would materialise, the Company considers the potential negative impact to be medium.

Conflict of interests

The chairman of the board of Genova is also the partner in charge at the law firm that assists with the issue of the Green Capital Securities, including due diligence and risk factors, which could give rise to conflicts of interest.

The Company considers that the probability of the above risks occurring is low. If the risk would materialise, the Company considers the potential negative impact to be low.

Risks related to the Holders' rights and representation

Investors in the Green Capital Securities have very limited rights in relation to the enforcement of payments on the Green Capital Securities

If a default is made by the Company for a period of 30 days or more in relation to the payment of any interest, principal or premium in respect of the Green Capital Securities which is due and payable, the rights of the investors in respect of the Green Capital Securities are limited to instituting proceedings for an Issuer Winding-up, and the investors may prove and/or claim in respect of the Green Capital Securities in an Issuer Winding-up.

Whilst the claims of the investors in an Issuer Winding-up are for the principal amount of their Green Capital Securities together with any Deferred Interest and any other accrued and unpaid interest, such claims will be subordinated as stated above under "*The Green Capital Securities are contractually and structurally subordinated to most of the Company's liabilities*", accordingly, claims in respect of the Green Capital Securities would rank junior to claims in respect of unsubordinated obligations of the Issuer in the event of an Issuer Winding-up. The investors shall not be entitled to accelerate payments of interest or principal under the Green Capital Securities in any circumstances outside an Issuer Winding-up. Furthermore, whilst the investors may institute other proceedings against the Company to enforce the terms of the Green Capital Securities, the Company shall not, by virtue of such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. Accordingly, the investors' rights of enforcement in respect of payments under the Green Capital Securities are very limited.

Furthermore, the agent's right to represent holders in formal proceedings in Sweden (such as bankruptcies, company reorganisations or upon enforcement of security) has recently been questioned and there has been a case where a court has held that such right does not exist, meaning that the holders, through the agent, were unable to take actions against the issuer. Although the relevant case law on this subject is, as of now, non-precedential, if such judgments should continue to be upheld by the justice system and/or if the regulators should not intervene and include the agent's right to represent holders in relevant legislation, it may become more difficult for holders to protect their rights under the terms of the Green Capital Securities in formal court proceedings.

The Company considers that the probability of the above risks occurring is low. If the risks would materialise, the Company considers the potential negative impact to be high.

Deferral of interest payment

The Company may, at its sole discretion by giving notice to the Holders, the Agent and the Issuing Agent before the relevant Interest Payment Date, elect to defer any interest payment, in whole or in part, which would otherwise be due on any Interest Payment Date. If interest is deferred in accordance with the terms and conditions of the Green Capital Securities, the Company has no obligation to make such payment on the relevant Interest Payment Date and any such non-payment of interest does not constitute a default or any other breach of obligations under the Green Capital Securities.

As the Green Capital Securities carry no voting rights with respect to general meetings of the Company, the investors cannot influence any decisions by the Company to defer payments or to optionally settle outstanding payments. As the Green Capital Securities are perpetual, the lack of availability to influence deferral of interest payments could impact investors' position and Green Capital Securities during a prolonged period of time and in a manner that would be undesirable for them.

Deferral of interest payments may have an adverse effect on the market price for the Green Capital Securities. In addition, the availability to defer interest may result in that the market price for the Green Capital Securities is more volatile than otherwise would be the case for market prices of other securities in respect of which interest accrues over pre-determined interest periods. Furthermore, the possibility to defer interest payments may expose the investors to fluctuations in the Company's financial position and may result in that the yields from the Green Capital Securities are less foreseeable.

The Company considers that the probability of the above risks occurring is medium. If the risks would materialise, the Company considers the potential negative impact to be medium.

The Green Capital Securities constitute perpetual obligations

The Green Capital Securities are perpetual meaning that the Green Capital Securities have no specified maturity date. The Company is not obliged to redeem the Green Capital Securities at any time and investors have no option to redeem the Green Capital Securities at any time. The Company may only redeem the Green Capital Securities under certain circumstances.

Any potential investor should be aware that it may be required to bear financial risks of the investment in the Green Capital Securities for a long period of time and may not recover their investment before a redemption of the Green Capital Securities (if any) at the discretion of the Company (in particular if there is no active trading on the secondary market). Each potential investor should therefore be aware that there is a risk that it may lose the whole, or parts of, its investment in the event the Issuer chooses to not redeem the Green Capital Securities.

The Company considers that the probability of the above risks occurring is low. If the risks would materialise, the Company considers the potential negative impact to be medium.

- 8.2 A Holder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Green Capital Securities held by it. Any such representative may act independently under these Terms and Conditions in relation to the Green Capital Securities for which such representative is entitled to represent the Holder.
- 8.3 The Agent shall only have to examine the face of a power of attorney or other authorisation that has been provided to it pursuant to Clauses 8.1 and 8.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.
- 8.4 These Terms and Conditions shall not affect the relationship between a Holder who is the nominee (*Sw. förvaltare*) with respect to a Green Capital Security and the owner of such Green Capital Security, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

9 PAYMENTS IN RESPECT OF THE GREEN CAPITAL SECURITIES

- 9.1 Any payment or repayment under these Terms and Conditions, or any amount due in respect of a repurchase of any Green Capital Securities, shall be made to such Person who is registered as a Holder on the Record Date prior to the relevant payment date, or to such other Person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 9.2 If a Holder has registered, through an Account Operator, that principal, Interest and any other payment that shall be made under these Terms and Conditions shall be deposited in a certain bank account, such deposits will be effectuated by the CSD on the relevant payment date. If a bank account has not been registered on the applicable Record Date for the relevant payment, no payment will be effected by the CSD to such Holder. The outstanding amount will instead

be held by the Issuer until the Person that was registered as a Holder on the relevant Record Date has made a valid request for such amount. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effectuate payments as aforesaid, the Issuer shall procure that such amounts are paid as soon as possible after such obstacle has been removed.

- 9.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 10.4 during such postponement.
- 9.4 If payment or repayment is made in accordance with this Clause 9, the Issuer shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a Person not entitled to receive such amount, unless the Issuer has actual knowledge of the fact that the payment was made to the wrong person.
- 9.5 The Issuer shall pay any stamp duty and other public fees accruing in connection with the Initial Issues or a Subsequent Issue, but not in respect of trading in the secondary market (except to the extent required by applicable law), and shall deduct at source any applicable withholding tax payable pursuant to law. The Issuer shall not be liable to reimburse any stamp duty or public fee or to gross-up any payments under these Terms and Conditions by virtue of any withholding tax, public levy or similar.

10 INTEREST

10.1 Interest accrual

Interest accrues during an Interest Period. The Initial Green Capital Securities carries Interest at the Interest Rate applicable to the Nominal Amount from, but excluding, the First Issue Date up to and including the relevant Redemption Date. Any Subsequent Green Capital Security will carry Interest applicable to the Nominal Amount at the Interest Rate from, but excluding, the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to and including the relevant Redemption Date.

10.2 Interest Rate

- 10.2.1 The Interest Rate in respect of each Interest Period shall be the aggregate of the applicable:
- (a) Margin; and
 - (b) the Base Rate.
- 10.2.2 Interest shall be calculated on the basis of the actual number of calendar days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).

10.3 Interest Payment Dates

10.3.1 Subject to Clause 11 (*Optional interest deferral*) and the Business Day Convention, payment of interest in respect of the Green Capital Securities shall be made quarterly in arrears to the Holders on each Interest Payment Date for the preceding Interest Period.

10.3.2 The Interest Payment in respect of each Interest Period may be deferred in accordance with Clause 11 (*Optional interest deferral*).

10.4 Default Interest

If the Issuer fails to pay any amount payable by it pursuant to Clause 11.3 (*Mandatory settlement of Deferred Interest*) or Clause 12 (*Redemption and repurchase of the Green Capital Securities*) (except for Clause 12.1 (*No maturity*), Clause 12.2 (*The Group Companies' purchase of Green Capital Securities*) and Clause 12.5 (*Cancellation of Green Capital Securities*)) on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is two hundred (200) basis points higher than the Interest Rate. The default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

11 OPTIONAL INTEREST DEFERRAL

11.1 Deferral of Interest Payments

11.1.1 The Issuer may, at any time and at its sole discretion, elect to defer any Interest Payment, in whole or in part, which is otherwise scheduled to be paid on an Interest Payment Date (except on any Interest Payment Date on which the Green Capital Securities are to be redeemed) by giving notice of such election to the Holders in accordance with Clause 24 (*Notices and press release*), the Issuing Agent and the Agent not less than seven (7) Business Days prior to the relevant Interest Payment Date. Notwithstanding the foregoing, failure to give such notice shall not prejudice the right of the Issuer to defer any Interest Payment as described above.

11.1.2 If the Issuer makes only a partial payment of interest on an Interest Payment Date, such amount shall be applied equally to each Green Capital Security.

11.1.3 Any Interest Payment so deferred pursuant to this Clause 11 shall, from (but excluding) the Interest Payment Date on which such Interest Payment would (but for its deferral) have been payable to (and including) the date on which it is paid in full, itself bear interest at the Interest Rate prevailing from time to time (which interest shall compound on each Interest Payment Date) and, for so long as the same remains unpaid, such deferred interest (together with the interest accrued thereon) shall constitute "**Deferred Interest**".

11.1.4 The deferral of an Interest Payment in accordance with this Clause 11 shall not constitute a default pursuant to Clause 15 (*Default and Enforcement*) by the Issuer under the Green Capital Securities or for any other purpose.

11.2 **Optional settlement of Deferred Interest**

Deferred Interest may be paid, in whole or in part, at any time at the option of the Issuer following delivery of a notice to such effect given by the Issuer to the Holders in accordance with Clause 24 (*Notices and press release*), the Issuing Agent and the Agent not less than seven (7) Business Days prior to the date (to be specified in such notice) on which the Issuer will pay such Deferred Interest. Any such notice shall state the date fixed for the payment and the relevant Record Date and is irrevocable.

11.3 **Mandatory settlement of Deferred Interest**

11.3.1 The Issuer shall pay any Deferred Interest, in whole but not in part, on the first to occur of the following dates:

- (a) the tenth (10th) Business Day following the date on which a Deferred Interest Payment Event occurs;
- (b) any Interest Payment Date in respect of which the Issuer does not elect to defer all of the interest accrued in respect of the relevant Interest Period; and
- (c) the date on which the Green Capital Securities are redeemed or repaid in accordance with Clause 12 (*Redemption and repurchase of the Green Capital Securities*) or Clause 15 (*Default and Enforcement*).

11.3.2 Notice of any Deferred Interest Payment Event shall be given by the Issuer to the Holders in accordance with Clause 24 (*Notices and press release*), the Issuing Agent and the Agent within three (3) Business Days of such event.

12 **REDEMPTION AND REPURCHASE OF THE GREEN CAPITAL SECURITIES**

12.1 **No maturity**

The Green Capital Securities are perpetual and have no specified maturity date. The Issuer may only redeem the Green Capital Securities in the circumstances described in this Clause 12 (*Redemption and repurchase of the Green Capital Securities*). The Green Capital Securities are not redeemable at the option of the Holders at any time.

12.2 **The Group Companies' purchase of Green Capital Securities**

The Issuer or any other Group Company may, subject to applicable regulations, at any time and at any price purchase Green Capital Securities in the market or in any other way. Green Capital Securities held by a Group Company may at such Group Company's discretion be retained, sold or, if held by the Issuer, cancelled, provided that the aggregate principal amount of the Green Capital Securities subject to such cancellation represents eighty (80) per cent. or more of the aggregate principal amount of the Green Capital Securities issued (which shall include, for these purposes, any Subsequent Green Capital Securities).

12.3 **Voluntary redemption by the Issuer (call option)**

The Issuer may elect to redeem all, but not some only, of the Green Capital Securities in full on the First Call Date or on any Interest Payment Date falling thereafter at a price per Green Capital Security equal to one hundred (100.00) per cent. of the Nominal Amount together with any Deferred Interest and any interest accrued from (but excluding) the immediately preceding Interest Payment Date to (and including) the Redemption Date.

12.4 **Voluntary redemption due to a Special Event**

Upon the occurrence of a Special Event, the Issuer may redeem all, but not some only, of its Green Capital Securities at any time at a price per Green Capital Security equal to:

- (a) if the Redemption Date falls prior to the First Call Date, one hundred and one (101.00) per cent. of the Nominal Amount; or
- (b) if the Redemption Date falls on or after the First Call Date, one hundred (100.00) per cent. of the Nominal Amount,

in each case together with any Deferred Interest and any interest accrued from (but excluding) the immediately preceding Interest Payment Date to (and including) the Redemption Date.

12.5 **Notice of redemption**

Redemption in accordance with Clauses 12.3 or 12.4 shall be made by the Issuer giving not less than thirty (30) and not more than sixty (60) days' prior notice, prior to the proposed Redemption Date, to the Holders, the Issuing Agent and the Agent. Any such notice shall state the Redemption Date and the relevant Record Date and is irrevocable but may in the case of a redemption in accordance with Clause 12.3, at the Issuer's discretion, contain one or more conditions precedent that shall be satisfied prior to the Record Date. Upon fulfillment of the conditions precedent (if any) and upon expiry of such notice, the Issuer shall redeem the Green Capital Securities in full at the applicable amounts on the specified Redemption Date.

12.6 **Cancellation of Green Capital Securities**

All Green Capital Securities which are redeemed pursuant to this Clause 12 and all Green Capital Securities purchased and elected to be cancelled pursuant to Clause 12.2 (*The Group Companies' purchase of Green Capital Securities*) will be cancelled and may not be reissued or resold. The Issuer shall promptly inform the Holders in accordance with Clause 24 (*Notices and press release*), the Agent and the Issuing Agent of any such cancellation and for so long as the Green Capital Securities are admitted to trading on Nasdaq Stockholm and the rules of such exchange so require, the Issuer shall promptly inform Nasdaq Stockholm (or any other relevant Regulated Market on which the Green Capital Securities are admitted to trading) of the cancellation of any Green Capital Securities under this Clause 12.6.

13 PRECONDITIONS TO SPECIAL EVENT REDEMPTION

- 13.1 Prior to the publication of any notice of redemption pursuant to Clause 12 (*Redemption and repurchase of the Green Capital Securities*) (other than redemption pursuant to Clause 12.3 (*Voluntary redemption by the Issuer (call option)*)), the Issuer shall deliver to the Agent a certificate signed by two authorised signatories of the Issuer stating:
- (a) that the relevant requirement or circumstance giving rise to the right to redeem the Green Capital Securities is satisfied; and
 - (b) in the case of a Withholding Tax Event, that the Issuer is unable to avoid paying additional amounts by taking measures reasonably available to it.
- 13.2 In addition, in the case of an Accounting Event, a Tax Deductibility Event or a Withholding Tax Event, the Issuer shall deliver to the Agent and the Issuing Agent an opinion of independent legal, accounting or other tax advisers to the effect that the relevant requirement or circumstance giving rise to the right to redeem is satisfied (save, in the case of a Withholding Tax Event, as to whether reasonable measures to avoid paying additional amounts are available to the Issuer). The Agent and the Issuing Agent shall be entitled to accept such opinion without any further inquiry as sufficient evidence of the satisfaction of the criteria set out in this paragraph, in which case it shall be conclusive and binding on the Holders.
- 13.3 Any redemption of the Green Capital Securities in accordance with Clause 12 (*Redemption and repurchase of the Green Capital Securities*) shall be conditional on all Deferred Interest being paid in full in accordance with the provisions of Clause 11.3 (*Mandatory settlement of Deferred Interest*) on or prior to the date of such redemption.

14 ADMISSION TO TRADING

The Issuer has the intention and shall use its best efforts (without assuming any legal or contractual obligation) to ensure that:

- (a) the Initial Green Capital Securities are admitted to trading on the sustainable bond list of Nasdaq Stockholm or, if such admission to trading is not possible to obtain or maintain, admitted to trading on another Regulated Market within thirty (30) days after the First Issue Date;
- (b) any Subsequent Green Capital Securities are admitted to trading on the sustainable bond list of Nasdaq Stockholm or, if such admission to trading is not possible to obtain or maintain, admitted to trading on another Regulated Market within thirty (30) days following the relevant Issue Date (or any shorter period of time required pursuant to applicable regulations or stock exchange rules); and
- (c) the Green Capital Securities, once admitted to trading on the relevant Regulated Market, continue being listed thereon (however, taking into account the rules and regulations of the relevant Regulated Market and the CSD (as amended from time to

time) preventing trading in the Green Capital Securities in close connection to the redemption of the Green Capital Securities).

15 DEFAULT AND ENFORCEMENT

15.1 Proceedings

15.1.1 Without prejudice to the Issuer's right to defer the payment of interest under Clause 11 (*Optional interest deferral*), if a default is made by the Issuer for a period of thirty (30) days or more in relation to the payment of any interest, principal or premium in respect of the Green Capital Securities which is due and payable (a "**Default**"), then the Issuer shall be deemed to be in default under the Green Capital Securities and the Agent (acting on instructions of the Holders in accordance with these Terms and Conditions) or (subject to Clause 22 (*No direct action by Holders*)) any Holder may institute proceedings for an Issuer Winding-up provided that such Default is still continuing ("**Proceedings**").

15.1.2 In the event of an Issuer Winding-up, a Holder may, provided such Holder does not contravene a previously adopted resolution (if any), either independently or through the Agent prove and/or claim in such Issuer Winding-up in respect of the Green Capital Securities, such claim being for such amount, and being subordinated in such manner, as is provided under Clause 2.2.

15.2 Enforcement

The Agent (acting on the instructions of the Holders in accordance with these Terms and Conditions) may institute such proceedings against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Green Capital Securities ("**Enforcement**") but in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

15.3 Extent of Holders' Remedy

No remedy against the Issuer, other than as referred to in this Clause 15, shall be available to the Agent and the Holders, whether for the recovery of amounts owing in respect of the Green Capital Securities or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Green Capital Securities.

16 DECISIONS BY HOLDERS

16.1 Request for a decision

16.1.1 A request by the Agent for a decision by the Holders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Holders' Meeting or by way of a Written Procedure.

16.1.2 Any request from the Issuer or a Holder (or Holders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Holders, be made by

them jointly) for a decision by the Holders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Holders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Holders' Meeting than by way of a Written Procedure, it shall be dealt with at a Holders' Meeting.

- 16.1.3 The Agent may refrain from convening a Holders' Meeting or instigating a Written Procedure if the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Agent that an approval will not be given or the suggested decision is not in accordance with applicable regulations.
- 16.1.4 The Agent shall not be responsible for the content of a notice for a Holders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 16.1.5 Should the Agent not convene a Holders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 16.1.3 being applicable, the Person requesting a decision by the Holders may convene such Holders' Meeting or instigate such Written Procedure, as the case may be, itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the Debt Register in order to convene and hold the Holders' Meeting or instigate and carry out the Written Procedure, as the case may be. If no Person has been appointed by the Agent to open the Holders' Meeting, the meeting shall be opened by a Person appointed by the requesting Person.
- 16.1.6 Should the Issuer want to replace the Agent, it may convene a Holders' Meeting in accordance with Clause 16.2.1 or instigate a Written Procedure by sending communication in accordance with Clause 16.3.1. After a request from the Holders pursuant to Clause 19.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 16.2.1. The Issuer shall inform the Agent before a notice for a Holders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.
- 16.1.7 Should the Issuer or any Holder(s) convene a Holders' Meeting or instigate a Written Procedure pursuant to Clause 16.1.5 or 16.1.6, then the Agent shall no later than five (5) Business Days prior to dispatch of such notice or communication be provided with a draft thereof. The Agent may further append information from it together with the notice or communication, provided that the Agent supplies such information to the Issuer or the Holder(s), as the case may be, no later than one (1) Business Day prior to the dispatch of such notice or communication.

16.2 Holders' Meeting

16.2.1 The Agent shall convene a Holders' Meeting by sending a notice thereof to each Holder as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holders' Meeting has been requested by the Holder(s), the Agent shall send a copy of the notice to the Issuer.

16.2.2 The notice pursuant to Clause 16.2.1 shall include:

- (a) the time for the meeting;
- (b) the place for the meeting;
- (c) an agenda for the meeting (including the reasons for, and contents of, each request for a decision by the Holders and if a request concerns an amendment to these Terms and Conditions, such proposed amendment);
- (d) a specification of the Record Date on which a person must be registered as a Holder in order to be entitled to exercise voting rights;
- (e) a form of power of attorney;
- (f) any applicable conditions precedent and conditions subsequent;
- (g) should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice; and
- (h) information on where additional information (if any) will be published.

Only matters that have been included in the notice may be resolved upon at the Holders' Meeting.

16.2.3 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days from the notice.

16.2.4 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors and advisors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.

16.2.5 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in Person.

16.3 **Written Procedure**

16.3.1 The Agent shall instigate a Written Procedure as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a request to each such Person who is registered as a Holder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Agent shall send a copy of the communication to the Issuer.

16.3.2 A communication pursuant to Clause 16.3.1 shall include:

- (a) each request for a decision by the Holders;
- (b) a description of the reasons for, and contents of, each proposal (including, if the proposal concerns an amendment to these Terms and Conditions, the details of such proposed amendment);
- (c) any applicable conditions precedent and conditions subsequent;
- (d) information on where additional information (if any) will be published;
- (e) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights;
- (f) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney;
- (g) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but no more than thirty (30) Business Days from the communication pursuant to Clause 16.3.1); and
- (h) if the voting shall be made electronically, instructions for such voting.

16.3.3 When the requisite majority consents of the aggregate Adjusted Nominal Amount pursuant to Clause 16.4.2 and 16.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 16.4.2 or 16.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

16.3.4 The Agent may, during the Written Procedure, provide information to the Issuer by way of updates whether or not quorum requirements have been met and about the eligible votes received by the Agent, including the portion consenting or not consenting to the proposal(s) or refraining from voting (as applicable).

16.4 **Majority, quorum and other provisions**

16.4.1 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 8 (*Right to act on behalf of a Holder*) from a Person who is, registered as a Holder:

- (a) on the Record Date prior to the date of the Holders' Meeting, in respect of a Holders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 16.3.2, in respect of a Written Procedure,

may exercise voting rights as a Holder at such Holders' Meeting or in such Written Procedure, provided that the relevant Green Capital Securities are included in the definition of Adjusted Nominal Amount.

16.4.2 The following matters shall require consent of Holders representing at least sixty-six and two thirds ($66\frac{2}{3}$) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2:

- (a) the issue of any Subsequent Green Capital Securities, if the Total Nominal Amount of the Green Capital Securities exceeds, or if such would cause the Total Nominal Amount of the Green Capital Securities to at any time exceed, SEK 450,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Green Capital Securities are issued);
- (b) a change to the currency, denomination, status or transferability of the Green Capital Securities;
- (c) a change to the Nominal Amount or the Interest Rate (including, for the avoidance of doubt, changes to the Margin or the Base Rate other than as a result of an application of Clause 18 (*Replacement of Base Rate*));
- (d) a change of Issuer;
- (e) an amendment of the perpetual nature of the Green Capital Securities;
- (f) any delay of the due date for payment of any interest and/or principal on the Green Capital Securities other than as permitted pursuant to Clause 11 (*Optional Interest Deferral*);
- (g) a mandatory exchange of Green Capital Securities for other securities;
- (h) early redemption of the Green Capital Securities, other than as otherwise permitted or required by the Terms and Conditions; and
- (i) amend the provisions in this Clause 16.4.2 or in Clause 16.4.3.

16.4.3 Any matter not covered by Clause 16.4.2 shall require the consent of Holders representing more than fifty (50) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2. This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority

(other than an amendment or waiver permitted pursuant to paragraphs (a) to (d) of Clause 17.1) or an Enforcement of the Green Capital Securities pursuant to Clause 15.2 (*Enforcement*).

- 16.4.4 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if a Holder (or Holders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 16.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:
- (a) if at a Holders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 16.2.5 (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 16.4.5 If a quorum exists for some but not all of the matters to be dealt with at a Holders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.
- 16.4.6 If a quorum does not exist at a Holders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Holders' Meeting (in accordance with Clause 16.2.1) or initiate a second Written Procedure (in accordance with Clause 16.3.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Holders' consent. The quorum requirement in Clause 16.4.4 shall not apply to such second Holders' Meeting or Written Procedure.
- 16.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 16.4.8 A Holder holding more than one Green Capital Security does not need to use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 16.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 16.4.10 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Holders.

- 16.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 16.4.12 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Green Capital Securities owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Green Capital Securities. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Green Capital Security is owned by a Group Company or an Affiliate of a Group Company.
- 16.4.13 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Agent, as applicable.

17 AMENDMENTS AND WAIVERS

- 17.1 The Issuer and the Agent (acting on behalf of the Holders) may agree in writing to amend the Finance Documents or waive any provision in the Finance Documents, provided that the Agent is satisfied that such amendment or waiver:

 - (b) is made solely for the purpose of rectifying obvious errors and mistakes;
 - (c) is required by applicable regulation, a court ruling or a decision by a relevant authority;

Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.

- 17.3 An amendment or waiver to the Finance Documents shall take effect on the date determined by the Holders' Meeting, in the Written Procedure or by the Agent, as the case may be.

18 REPLACEMENT OF BASE RATE

18.1 General

- 18.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Holders in accordance with the provisions of this Clause 18 shall at all times be made by such Independent Adviser, the Issuer or the Holders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.

- 18.1.2 If a Base Rate Event has occurred, this Clause 18 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

18.2 Definitions

In this Clause 18:

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“**Base Rate Administrator**” means Swedish Financial Benchmark Facility AB (SFBF) or any person replacing it as administrator of the Base Rate.

“**Base Rate Amendments**” has the meaning set forth in Clause 18.3.4.

“**Base Rate Event**” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no

successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;

- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Holder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“**Base Rate Event Announcement**” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“**Independent Adviser**” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“**Relevant Nominating Body**” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (Sw. *Finansiella stabilitetsrådet*) or any part thereof.

“**Successor Base Rate**” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Green Capital Securities, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply mutatis mutandis to such new Successor Base Rate.

18.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 18.3.1 Without prejudice to Clause 18.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer's expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 18.3.2.
- 18.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate.
- 18.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 18.3.2, the Holders shall, if so decided at a Holders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 18.3.2. If the Issuer fails to carry out any other actions set forth in Clause 18.3 to 18.6, the Agent (acting on the instructions of the Holders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 18.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 18.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

18.4 **Interim measures**

- 18.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:

- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
- (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

18.4.2 For the avoidance of doubt, Clause 18.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 18. This will however not limit the application of Clause 18.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 18 have been taken, but without success.

18.5 **Notices etc.**

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Holders in accordance with Clause 24 (*Notices and press release*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Green Capital Securities are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

18.6 **Variation upon replacement of Base Rate**

18.6.1 No later than giving the Agent notice pursuant to Clause 18.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause 18.3.3) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 18. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Holders.

18.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 18.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Holders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 18.

18.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 18. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any

additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

18.7 **Limitation of liability for the Independent Adviser**

Any Independent Adviser appointed pursuant to Clause 18.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

18.8 **Failure to comply**

Failure by the Issuer to comply with the provisions of this Clause 18 shall, for the avoidance of doubt, not constitute a default pursuant to Clause 15 (*Default and Enforcement*) by the Issuer under the Green Capital Securities or for any other purpose.

19 **THE AGENT**

19.1 **Appointment of the Agent**

- 19.1.1 By subscribing for Green Capital Securities, each initial Holder appoints the Agent to act as its agent in all matters relating to the Green Capital Securities and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Green Capital Securities held by such Holder, including the winding-up, dissolution, liquidation, company reorganisation (Sw. företagsrekonstruktion) or bankruptcy (Sw. konkurs) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Green Capital Securities, each subsequent Holder confirms such appointment and authorisation for the Agent to act on its behalf.
- 19.1.2 Each Holder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Holder which does not comply with such request.
- 19.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 19.1.4 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

19.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

19.2 **Duties of the Agent**

19.2.1 The Agent shall represent the Holders in accordance with the Finance Documents.

19.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Holders. The Agent is never acting as an advisor to the Holders or the Issuer. Any advice or opinion from the Agent does not bind the Holders or the Issuer.

19.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with reasonable care and skill in a proficient and professional manner.

19.2.4 The Agent shall treat all Holders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Holders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.

19.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Holders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.

19.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it:

- (a) in connection with any Proceedings or Enforcement;
- (b) for the purpose of investigating or considering:
 - (i) an event or circumstance which the Agent reasonably believes is or may lead to Proceedings or Enforcement; or
 - (ii) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Holders under the Finance Documents;
- (c) in connection with any Holders' Meeting or Written Procedure; or
- (d) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents.

19.2.7 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.

19.2.8 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor:

- (a) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents; or
- (b) whether any other event specified in any Finance Document has occurred.

Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.

- 19.2.9 The Agent shall ensure that it receives evidence satisfactory to it that the Finance Documents are duly authorised and executed (as applicable). The Issuer shall promptly upon request provide the Agent with such documents and evidence as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 19.2.9. Other than as set out above, the Agent shall neither be liable to the Issuer or the Holders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.
- 19.2.10 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 19.2.11 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 19.2.12 The Agent shall give a notice to the Holders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or if it refrains from acting for any reason pursuant to Clause 19.2.11.
- 19.2.13 Upon the reasonable request by a Holder, the Agent shall promptly distribute to the Holders any information from such Holder which relates to the Green Capital Securities (at the discretion of the Agent). The Agent may require that the requesting Holder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Holder disclose the identity of any other Holder who has consented to the Agent in doing so.
- 19.2.14 Subject to the restrictions of a non-disclosure agreement entered into by the Agent in connection with these Terms and Conditions, the Agent shall be entitled to disclose to the Holders any document, information, event or circumstance directly or indirectly relating to the Issuer or the Green Capital Securities. Notwithstanding the foregoing, the Agent may if it

considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information.

19.3 Liability for the Agent

- 19.3.1 The Agent may assume that the documentation and evidence delivered to it is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation or evidence. No documents or evidence delivered in accordance with the Finance Documents are reviewed by the Agent from a legal or commercial perspective of the Holders.
- 19.3.2 The Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 19.3.3 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.
- 19.3.4 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.5 The Agent shall have no liability to the Issuer or the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with the Finance Documents.
- 19.3.6 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Holders under the Finance Documents.

19.4 Replacement of the Agent

- 19.4.1 Subject to Clause 19.4.6, the Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 19.4.2 Subject to Clause 19.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 19.4.3 A Holder (or Holders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Holders, be given by them jointly), require that a Holders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Agent be dismissed and a new Agent appointed.
- 19.4.4 If the Holders have not appointed a successor Agent within ninety (90) days after the earlier of:
- (a) the notice of resignation was given;
 - (b) the resignation otherwise took place; or
 - (c) the Agent was dismissed through a decision by the Holders,
- the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of market loans.
- 19.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 19.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of:
- (a) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent; and
 - (b) the period pursuant to Clause 19.4.4 having lapsed.
- 19.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20 THE ISSUING AGENT

- 20.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Green Capital Securities. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 20.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Green Capital Securities.
- 20.3 The Issuing Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.
- 20.4 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

21 THE CSD

- 21.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Green Capital Securities.
- 21.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Holder or the admission to trading of the Green Capital Securities on the sustainable bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable). The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Central Securities Depository Regulation (Regulation (EU) No 909/2014) and be authorised as a central securities depository in accordance with the Central Securities Depositories and Financial Instruments Accounts Act.

22 NO DIRECT ACTIONS BY HOLDERS

- 22.1 A Holder may not take any action or legal steps whatsoever against any Group Company to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation

(Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or their equivalents in any other jurisdiction) of any Group Company in relation to any of the obligations or liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.

- 22.2 Clause 22.1 shall not apply if the Agent has been instructed by the Holders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 19.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 19.2.11, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 19.2.12 before a Holder may take any action referred to in Clause 22.1.

23 TIME-BAR

- 23.1 The right to receive repayment of the principal of the Green Capital Securities shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.
- 23.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Green Capital Securities, and of three (3) years with respect to the right to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

A notice to the Holders shall also be published on the websites of the Issuer and the Agent.

24.1.2 Any notice or other communication made by one Person to another under or in connection with the Finance Documents shall be sent by way of courier, personal delivery or letter (or, if between the Agent and the Issuer, by e-mail) and will only be effective:

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Holders, the Agent shall be entitled to issue such press release.

25 FORCE MAJEURE

- 25.1 Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade, natural disaster, insurrection, civil commotion, terrorism or any other similar circumstance (a “**Force Majeure Event**”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.
- 25.2 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
- 25.3 The provisions in this Clause 25 apply unless they are inconsistent with the provisions of the Financial Instruments Accounts Act which provisions shall take precedence.

- 26.3 The submission to the jurisdiction of the Swedish courts shall not limit the right of the Agent (or the Holders, as applicable) to take proceedings against the Issuer in any court which may otherwise exercise jurisdiction over the Issuer or any of its assets.
