RISK FACTORS

*The purpose of this section is to enable a potential investor to assess the relevant risks related to a potential investment in the senior subsequent unsecured floating rate green bonds with ISIN SE0020354470 (the "**Subsequent Bonds**" or the "**Bonds**") in order to make an informed investment decision. The below risk factors are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific, to Arwidsro Fastighets AB (publ) (the "**Issuer**" and together with its direct and indirect operating subsidiaries the "**Group**"), the Group and the Bonds.*

The manner in which the Issuer and the Bonds are affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as "low", "medium" or "high" and the magnitude of negative impact if it would occur as "low", "medium" or "high". The most material risk factor in a category is presented first under that category, whereas subsequent risk factors in the same category are not purported to be ranked in order of materiality.

Risk factors specific and material to the Issuer and the Group

Risks related to the Group's financial situation

Interest-rate risk

The Group's operations are to a large extent financed by loans, *inter alia*, loans from credit institutions and intra-group loan arrangements from the parent group. Interest expenses are therefore one of the Group's main cost items and the Group's interest bearing debt as of 30 September 2024 amounted to approximately SEK 2,635.4 million (excluding the Issuer's initial bonds on 20 February 2024 in an aggregate amount of SEK 400,000,000 (the "**Initial Bonds**") and the Issuer's subordinated perpetual floating rate callable green capital securities with ISIN SE0020354470 (the "**Existing Securities**") and excluding shareholder loans) and the average fixed interest period (including the Initial Bonds and the Existing Securities) was 20,5 months (1,7 years).

Besides the volume of the Group's interest bearing debt, the market interest rates are mainly affected by the level of current market interest rates and credit institutions' margins and the Group's strategy regarding interest rate fixation periods. As the levels of interest bearing debt increases, adverse changes of interest rates would negatively affect the Group's financial position and earnings and in turn the performance of the Issuer under the Bonds. To illustrate the interest risk, as per 30 September 2024, the Group's average interest rate amounted to, including cap, approximately 5,3 per cent. and if the interest rate would increase by one (1)

percentage, the Group's interest costs would increase with approximately SEK 3,68 million taking into account relevant interest caps and interest swaps (excluding interest payment on the Bonds).

The Issuer considers that the probability of unexpected increases in interest rate costs occurring is *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Financing of the Group's operations

The Group finances its business with own equity, but also, especially in regards to acquisition of properties and property development projects, with loans from external creditors and by loans from the capital markets, see further risk factor "*Refinancing risks*" below. Loans from external creditors may be secured by way of pledges over properties held by the Issuer's subsidiaries. Consequently, the Group is dependent on obtaining appropriate financing in a timely manner in order to achieve growth and development. Furthermore, lack of financing or increased costs for financing resulting in inappropriate financing arrangements, could cause delays in or obstruct the Group's property development projects. If such circumstances occur, it could result in projects not being completed before loans are due for payment, or that increased costs for financing are not covered by any granted credit facilities.

In January 2020, the Swedish Financial Supervisory Authority ("**SFSA**") decided to implement additional capital requirements for certain banks' exposure towards lending to the commercial real estate sector. The additional capital requirements have been applied during the SFSA's Supervisory Review and Evaluation Process 2020, being the supervisory process carried out by the SFSA to annually assess the major banks' capital and liquidity situations. The additional capital requirements have only affected certain major Swedish banks (Swedbank, Handelsbanken and Skandinaviska Enskilda Banken), and there is a risk that the costs for such additional capital requirements will need to be partially or fully borne by commercial real estate borrowers, such as the Issuer, by way of, *inter alia*, increased lending interest rates which could increase the cost of borrowing. An increased cost for lending (as regards higher margin) in combination with an increased market interest rate would negatively impact the Group's results of operations. If the development of market interest rate would significantly deviate from what is expected, the interest rate deduction limitations could result in an increased tax liability for the Issuer, which in turn would negatively impact the Group's earnings and financial position.

If the Issuer is not able to obtain financing, extension or increase of existing financing, refinancing, or is only able to obtain such financing on non-satisfactory terms, or if the market interest rates would increase as the refinancing opportunities

decreases, it could have a material negative impact on the Issuer's earnings and financial position.

The Issuer considers that the probability of difficulties to obtain financing occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Changes in value of properties

The Group's properties are reported at fair value (Sw. *verkligt värde*) and changes in value are described in the balance sheet. The Group's properties constitute a material part of the Group's total assets. As of 30 September 2024, the Group's consolidated property value, calculated at fair value, amounted to approximately SEK 4,587.1 million and the total assets amounted to around SEK 5,196.5 million. Twenty-five (25) per cent. of the Group's real property is subject to an external valuation by accredited valuation service providers on a quarterly basis, resulting in external valuations of one hundred (100) per cent. of the Group's real property on an annual basis. The valuation is carried out in accordance with the International Valuation Standards. Various factors may cause the Group to write down the fair value of its properties, which could negatively affect the Group's operations and financial position. Furthermore, the valuation frequency and coverage may change from time to time which could result in the value becoming more difficult to estimate for an investor, a financing counterparty or any third party interested in the valuation of the Group's properties.

If the value of the properties decreases, causing the Group to write down their value, it could result in a breach of covenants in loans taken up by the Group Companies from time to time. Such covenants may be related to, *inter alia*, the ratio between net interest bearing debt and property value (see risk factor "*Covenants in financing agreements*" below). If such breach is not cured, it could result in such loans being accelerated prior to maturity, thereby negatively affecting the liquidity of the Group. A material decrease of the market value of the properties would also have a negative impact on the Group's possibilities to dispose of its properties without incurring losses, which may negatively affect the Group's results of operations and financial position, and in turn the performance of the Issuer under the Bonds.

The Issuer considers that the probability of a decrease in value of its properties occurring is *medium*. If the risks would materialise, even if temporary, the Issuer considers the potential negative impact to be *low*.

Operating and maintenance suppliers

The Group develops and maintains properties within the grocery sector with complementary related services and goods, so called grocery-anchored properties, as well as community purpose properties and residential units with a limited amount

of consumer tenants. The Group's various agreements with suppliers of goods and services for the maintenance and operation of the Group's properties are, taken together, material. As the Group implements a quality over price approach when procuring such goods and services, there is a risk that the Group cannot procure high-quality services if the number of such high-quality service providers is limited or where existing suppliers with long-term contracts fail to deliver the preferred quality, without the Group being able to terminate such unfavourable supplier contract without incurring contractual penalties. If the Group's suppliers cannot maintain the preferred level of quality, it could lead to increased costs and decreased customer satisfaction, which in turn, especially if maintained over a prolonged period, would negatively affect the Group's operations and financial position.

The absolute majority of the services provided for the tenants such as electricity, water, heating are born by the tenants either directly (via own subscription/contract) or indirectly (contract held by the Group but passed on to the tenant). If the costs of these services continue to rise or to be reset at a higher level than normal it will affect the ability to increase rent.

The Issuer considers that the probability of such unexpected increase in cost occurring is *medium*. If the risk would materialise the Issuer considers the potential negative impact to be *low*.

Covenants in financing agreements

Certain of the Group's financing agreements contain, and may in the future contain, terms and conditions which impose restrictions on the Group's business. If the Issuer or a Group Company is in breach of any of its covenants (*e.g.* financial covenants) in its respective loan agreements, and such breach is not cured, it could result in loans being accelerated, leading to immediate repayment or the creditor's enforcement of security. For example, the terms and conditions for the Bonds (the "**Terms and Conditions**"), contains financial covenants requiring certain minimum ratios as regards loan to value and interest coverage as well as certain levels of total equity in relation to total assets. For instance, in order to meet the maintenance test under the Bonds, the Issuer's net loan to value may not exceed seventy-five (75) per cent. and the interest coverage ratio shall be equal to or higher than 1.50:1, meaning that such covenants must be fulfilled in order for the Issuer to maintain the financing under the Bonds. Further, certain loan agreements contain cross-acceleration provisions, which, in case the relevant debt obligations cannot be served by the relevant borrower or guarantor, could trigger the acceleration of other payment obligations within the Group. Such default situations would bring about additional costs and may deteriorate the Group's access to financing. Depending on the relevant financing arrangement, a breach of any covenant as described above would negatively affect

the Group's financial position and in turn the performance of the Issuer under the Bonds and the Existing Securities.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Risks related to the Group's business activities and industry

Rental income and rental development

Rental income is the Group's main source of income whereby the Group is dependent on maintaining low levels of vacancies. The Group's rental income is also affected by contracted rental rates and the tenants paying rents in a timely manner. Rental rates, in turn, are affected by, *inter alia*, the supply and demand on the market and the level of the market rental rates.

The Group owns and develops grocery-anchored properties as well as community purpose properties and, to a limited extent, residential units with private tenants. The majority of the Group's properties are located outside of the metropolitan areas. As the Group's tenant base is limited to certain sectors and geographical areas, the Group is particularly susceptible to the supply and demand in such sectors and areas. For instance, there is a negative trend in relation to commercial property leases in the retail trade sector, as the vacancy rates have increased due to the closing of shops in main cities and urban areas. The Group's properties are mainly located in smaller cities where the negative trend currently is less prominent and compared to the retail trade sector, the grocery sector has been less influenced by the online sales trend driving closure of physical shops. Furthermore, the Group's target market includes locations where package delivery is made at grocery stores rather than by home delivery, resulting in higher turn-over for the grocery stores. However, there is a risk that the negative trend with increased vacancies will extend also to the grocery sector, which could cause rental income to decrease and consequently negatively affect the Group's results of operations and long-term profitability.

Certain of the Group's existing and future tenants in relation to the Group's community purpose properties operate in the public sector. For such public sector tenants, the rental income and vacancy rates are, among other factors, dependent on municipal budgets and the development of the local public sector. Should such budgets change, which may be due to, *inter alia*, political decisions or lack of public resources, it could negatively affect the demand for community purpose properties.

Increased vacancies and/or decreased rental rates will negatively affect the Group's earnings, as rental income represents the Group's main source of income. As of 30 September 2024, the Group's ten largest tenants represented about, 67 per cent. of the Group's total rental income. There is a risk that the Group's larger tenants do not

renew or extend their lease agreements upon expiry and that the Group does not find new tenants, which in the long term could lead to a decrease in rental income and an increase in vacancies. Further, there is a risk that lease agreements attached to newly acquired properties are short-term lease agreements that require the Issuer or a Group Company to re-negotiate and renew or extend the term of the lease agreements. Should such negotiations not result in renewal or extension of the lease agreements upon expiry, there is a risk that the vacancy rate of the Group increases, and that the rental income of the Group will decrease. This would in turn negatively affect the Group's results of operations and financial position.

The Issuer considers that the probability of large fluctuations and increases in vacancies, decreases in market rental rates or any other loss of rental income is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Development projects

The Group engages in property development projects in relation to community purpose properties and residentials. In identifying suitable development projects, the Group identifies land rights and building rights in relation to municipality controlled land (Sw. *markansvisning*) for the building of community purpose properties such as high schools and primary schools, day care providers and nursing homes, as well as residentials. The project value shall, according to the Group's strategy, amount to at least SEK 50 million. In pursuing such development projects, the Group usually sets up special purpose vehicles (SPVs), the financing of which is mostly secured by pledges in the SPV-structure. The SPV is responsible for the construction works and the Group usually signs a completion insurance, securing delay, operation and stoppages. There is a risk that the projects are not completed in a timely manner or at all, which could render a breach under relevant financing agreements. Furthermore, there is a risk that any construction firms and/or operators appointed for the development projects fail to fulfil their obligations vis-à-vis the Group or causes damages to the Group's properties, which in turn could lead to increased costs and/or time-consuming legal proceedings, diverting the management's attention from the day-to-day business.

The projects are only pursued if at least ninety (90) per cent. of the property is leased, and the success of the Group's property development projects is therefore dependent on that lease agreements are concluded. The property development projects mainly involve community purpose properties and residentials and, in general, a high proportion of tenants of community purpose properties are within the public sector. There is a risk that public sector tenants become subject to budgetary restrictions, causing a negative effect on demand for community purpose properties, or that changes in policy render such tenants unable to enter into agreements with the Group

regarding future leases. Hence, there is a risk that a sufficient level of contracted leases cannot be reached resulting in that potential development projects cannot be accepted or pursued. This could negatively affect the Group's growth potential and ability to compete in the community purpose property sector, which in turn would negatively affect the Group's results of operations and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

Acquisitions and disposals of assets

The Group's property portfolio constitutes the main assets of the Group. The acquisition and sale of properties or property-owning subsidiaries may lead to that attractive directly or indirectly owned property assets are disposed of and less attractive directly or indirectly owned property assets are acquired, resulting in a decrease in the market value of the Group's property portfolios. Furthermore, if properties are sold at a lower price than expected or if the market value of the properties decreases, this could negatively affect the Group's operations, financial position and earnings and in turn the performance of the Issuer under the Bonds.

Furthermore, acquisitions and divestments of real estate are associated with risks and uncertainties such as future loss of tenants including contractual requirements on occupancy rates, potential environmental impact from activities carried out on the property as well as decisions from authorities. When acquiring real estate companies, there are risks relating to, *inter alia*, tax, environmental issues and disputes.

As the Group continually acquires companies, the Group is exposed to the risk of unexpectedly increased transaction costs due to, for example, cancelled acquisitions. In acquiring companies, the Group is also exposed to integration risks, related to increased merging costs, organisational costs including personnel as well as unexpected costs related to management of new tenants, unforeseen environmental clean-up costs or costs related to unforeseen real estate property conditions.

Increased costs related to misjudgements in relation to acquisitions and disposals, the materialisation of inherent risks and increased transaction and/or integration costs would negatively affect the Group's financial position and earnings and in turn the performance of the Issuer under the Bonds.

The Issuer considers that the probability of increased costs as described above, materialisation of inherent risks and other risks described above occurring is *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

Legal and regulatory risk*Holding company risks*

The Issuer is a holding company and the Group's operations are mainly run through its subsidiaries. The Issuer's ability to make required payments of interest on its debts and funding is affected by the ability of its subsidiaries to transfer available funds to it, and hence the Issuer is dependent on its subsidiaries to fulfil its obligations under the Bonds. The transfer of funds to the Issuer from its subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to the respective subsidiary, including the relevant subsidiaries' financing arrangements. Furthermore, the Group Companies are legally separate entities and distinct from the Issuer and have no obligation to fulfil the Issuer's obligations vis-à-vis its creditors. If the subsidiaries do not provide liquidity, or due to other circumstances, conditions, laws or regulations are prevented from providing liquidity to the Issuer, there is a risk that the Issuer will not be able to fulfil its obligations under the Bonds. In addition, the parent group has provided intra-group loans to the subsidiaries. The loans are constructed as subordinated on-demand arrangements with ten (10) per cent. interest rate that is repaid simultaneously as the loan. There is a risk that the subsidiaries in their capacity as debtors cannot repay the loans or its interest, which could lead to losses for the parent group as creditor. Furthermore, as such loans are subordinated, any claim from the parent group would be subordinated the claims from the relevant subsidiary's other creditors in the event of a subsidiary's insolvency. This could in turn impair the Group's and the Issuer's liquidity and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *high*.

Environmental and social risks*Reputational risk*

Operating in the public property sector, attracting customers that, in contrast to private customers, are subject to public scrutiny, the Group is dependent on its good reputation. The Group also actively pursues sustainability work including certification of properties, which, among other things, is an important feature in order to attract certain tenants that value sustainability. As an example, technical issues, maintenance problems or adverse reporting or failures in relation to the Group's community engagement image could damage the Group's reputation, resulting in, for example, difficulties in attracting or retaining tenants or access to debt or other financing which could impair the Group's growth potential. Furthermore, the Group could be negatively exposed in public media, with a limited ability to anticipate or respond to such publications, making it more difficult to remedy impaired reputation.

Damage to the Group's reputation could lead to loss of income or loss of growth potential, which may negatively affect the Group's operations and earnings and in turn the performance of the Issuer under the Bonds.

The Issuer considers that the probability of impaired reputation occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Risk factors specific and material to the Bonds

Risks related to the nature of the Bonds

Ability to service debt

The Issuer's ability to service its debt under the Bonds will depend on, among other things, the Group's future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, some of which are beyond the Group's control. If the Group's operating income is not sufficient to service its current or future indebtedness, the Group will be enforced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring or refinancing its debt or seeking additional equity capital.

The risk that the Group cannot service its debt obligations under the Bonds also implies a credit risk for investors in the Bonds. An increased credit risk will cause the market to charge the Bonds a higher risk premium, which will affect the Bonds' secondary market value negatively. Another aspect of the credit risk is that a deteriorating financial position of the Group will reduce the Group's possibility to receive debt financing at the time of the maturity of the Bonds, as it may cause the Issuer's credit rating to decrease, and consequently the Issuer's ability to repay the Bonds at maturity, as set out below under "*Refinancing risk*".

The Issuer considers that the probability of the risk that the Group will not be able to affect any of these remedies on satisfactory terms, or at all, is *medium*. If the risks would occur, the Issuer considers the potential negative impact to be *high*.

Refinancing risk

The Group finances its business by way of bank loan financing. As of 30 September 2024, the Issuer's equity (including the amounts under the Existing Securities) amounted to approximately SEK 1,695.1 million whereas interest bearing debt amounted to approximately SEK 3,135.4 million excluding shareholder loans.

The Group's ability to refinance the Bonds at maturity depends on a number of factors, such as market conditions, the availability of cash flows from operations,

intra-group loan arrangements and access to additional debt financing. In addition, restrictions in relation to the Group's debt financing arrangements, as well as adverse developments in the credit markets and other future adverse developments, such as the further deterioration of the overall financial markets or a worsening of general economic conditions, could have a material adverse effect on the Group's ability to borrow funds as well as the cost and other terms of funding. There can be no assurance that such funds will be available at a commercially reasonable cost, or at all and consequently, there can be no assurance that the Group will be able to refinance the Bonds when they mature.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Interest rate risks and benchmarks

The Bonds' value depends on several factors, one of the more significant over time being the level of market interest. The Bonds bear a floating rate interest of STIBOR plus a certain margin and the interest rate is therefore adjusted for changes in the level of the general interest rate. Hence, there is a risk that increased general interest rate levels significantly affect the market value of the Bonds.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial and contracts or to measure the performance of investment funds) (the "BMR"). The implementation of the BMR will lead to that certain previously used benchmarks have been and may be discontinued, leading to that, *inter alia*, existing financing arrangements may need to be renegotiated or terminated. There is a risk that also STIBOR will be discontinued, or that alternative benchmark rates will dominate market practice, leading to uncertainties in relation to the interest rate payable in relation to the Bonds. Increased or altered regulatory requirements and risks associated with the BMR (as amended) involve inherent risks as the effects cannot be fully assessed at this point in time. There is a risk that developments in relation to STIBOR cause volatility in STIBOR, which would affect the interest rate for the Bonds.

Should STIBOR be discontinued, the Terms and Conditions provides for an alternative calculation of the interest rate for the Bonds. There is a risk that such alternative calculation results in interest payments less advantageous for the holders of the Bonds (the "**Bondholders**") or that such interest payment do not meet market interest rate expectations.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

Risks related to the admission of the Bonds to trading on a regulated market

Risks related to the labelling of the Bonds

The Issuer intends to use an amount equivalent to the net proceeds of the issue of the Subsequent Bonds in accordance with the Issuer's green finance framework (the "**Green Finance Framework**"). As there is currently no clear definition of as to what constitutes, a "green" or an equivalently-labelled project, there is a risk that any projects, assets or uses defined in the Green Finance Framework will not meet current or future investor expectations regarding such "green" or other equivalently-labelled performance objectives. Furthermore, future developments or legal requirements as to the definitions of "green", such as the entering into force of unified classification systems in relation to sustainability adopted by the European Union, render the eligible projects for the Bonds, as described in the Green Finance Framework, obsolete.

This could lead to present or future investor expectations or requirements as regards any investment criteria or guidelines whether according to applicable law or regulations or by such investor's own by-laws, governing rules or investment portfolio mandates cannot be satisfied.

If the Issuer fails to identify Green Eligible Project or that selected Green Eligible Projects (as defined below) do not achieve or comply with the requirements in the relevant Green Finance Framework, there is a risk that the proceeds from the Bonds will not be used in accordance with the Green Finance Framework. Further, there is a risk that the classification of Bonds issued as green bonds or projects identified as Green Eligible Projects under the Green Finance Framework, will be affected by the taxonomy regulation (Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment), entered into force on 1 January 2023 (the "**Taxonomy Regulation**") and that such Bonds will no longer be qualified or classified as a sustainable asset in accordance with the Taxonomy Regulation.

Furthermore, a failure to apply the proceeds in accordance with the Green Finance Framework (e.g. if the Issuer is not able to identify Green Eligible Projects or that selected Green Eligible Projects do not achieve or comply with the requirements in the relevant Green Finance Framework), could result in investors in the Bonds being in breach of investment criteria or guidelines with which an investor is required to comply which could result in remedies under the relevant investment criteria or guidelines, leading to claims or reputational damage.

The Issuer appointed S&P Global/Shades of Green (“**S&P**”) for an independent, research-based evaluation of the Issuer’s Green Finance Framework, which resulted in a second opinion dated in July 2023 (the “**Second Opinion**”). S&P is neither responsible for how the Green Finance Framework is implemented and followed up by investors, authorities (as applicable) or other stakeholders, nor is S&P responsible for the outcome of the investments described in the Green Finance Framework. There is a risk that the suitability or reliability of the Second Opinion is challenged by the Issuer, a potential investor, the Bondholders, or any third party. Furthermore, S&P is currently not subject to any regulatory regime or oversight and there is a risk that such providers will be deemed as not being reliable or objective in the future.

As the market conditions for green bonds and Bonds is rapidly changing, there is a risk that current or future investor expectations will not be met which could negatively affect the secondary trading of the Bonds. This could lead to Bondholders being unable to trade their Bonds at attractive terms, or at all, or that any possession of Bonds is connected to reputation damage.

The Issuer considers that the probability of the Issuer facing adverse effects relating to the labelling of the Bonds as “green” is *low*. If the effects would materialise, the Issuer considers the potential negative impact as *medium*.

Risks related to compliance with the Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation

The Taxonomy Regulation entails stricter requirements in terms of assessing sustainable investments. The Taxonomy Regulation may affect the assessment of green bonds and should the Issuer not comply with the requirements under the Taxonomy Regulation with respect to the Bonds, the Bonds may cease to be defined as "green" under the Taxonomy Regulation. Amendments to the Issuer's Green Finance Framework or the Taxonomy Regulation after the relevant issue date of any green Bonds will not affect the conditions applicable to the Bonds issued as at the relevant issue date prior to such amendments. In addition to the Taxonomy Regulation, the European Commission has adopted European green bond regulation (Regulation (EU) 2023/2631 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds) (the "**EUGB Regulation**"). The EUGB Regulation entered into force on 20 December 2023 and will apply from 21 December 2024. The purpose of the EUGB Regulation is to create a voluntary EU standard for green bonds. Provided that the requirements of the Taxonomy Regulation and the EU standard of the EUGB Regulation are fulfilled, Bonds can also be accredited as European Green Bonds provided that the requirements for being accredited as European Green Bonds was met at the time of issuance of the relevant Bonds, including e.g. completing the European Green Bond factsheet and ensuring that the completed European Green

Bond factsheet has been subject to a pre-issuance review with a positive opinion by an external reviewer. This Prospectus does not meet the requirements for the Bonds being accredited as European Green Bonds and only bonds that fulfils the requirements set out in the EUGB Regulation after the EUGB Regulation has started to apply (i.e. on 20 December 2024) and provided that the requirements set out therein are satisfied prior to the relevant Bonds being issued can be accredited as European Green Bonds.

The Issuer's failure to comply with its Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation does not constitute an Event of Default under the Terms and Conditions, and would not permit Bondholders to exercise any early redemption rights or receive any other type of compensation for non-compliance with the Issuer's Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation. Hence, there is a risk that expectations of investors, insofar such expectations are related to the compliance with the Issuer's Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation, are not met. Changes in the Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation may have an adverse effect on the Issuer's operations and financial position.

Risks related to admission to trading

The Issuer has undertaken to ensure that the Bonds are listed on the sustainable bond list of Nasdaq Stockholm or, if such admission to trading is not possible to obtain or maintain, admitted to trading on any other Regulated Market within certain stipulated time periods, and the failure to do so provides each Bondholder with a right of prepayment (put option) of its Bonds (each as defined in the Terms and Conditions). There is a risk that the Bonds will not be admitted to trading on the relevant market place within the intended time frames or at all. If the Issuer fails to procure listing in time, investors holding Bonds on an investment savings account (Sw. *ISK* or *IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation.

In order to be eligible for listing on the Sustainable Bond List of Nasdaq Stockholm, certain commercial criteria have to be met, including the filing of the Green Finance Framework and any external review, such as the Second Opinion. The Bonds are not de-listed if such requirements are not met, but there is a risk that the Bonds are removed from the Sustainable Bond List of Nasdaq Stockholm and are instead listed on the Corporate Bond List of Nasdaq Stockholm. Should such removal of the Bonds occur, there is a risk that the expectations of investors, insofar such expectations are related to the listing on the Sustainable Bond List of Nasdaq Stockholm, are not met, which in turn could impair the secondary trading in the Bonds, since certain investors may not allocate investments to non-green investments.

The Issuer considers that the probability of the risks described above is *low*. If the effects would materialise, the Issuer considers the potential negative impact as *low*.

Risks related to the Bondholders' rights and representation

Risks related to acceleration of the Bonds and put options

Upon the occurrence of an Event of Default (as defined in the Terms and Conditions), the Bonds may be accelerated at the terms and price set out in the Terms and Conditions. Furthermore, upon the occurrence of a Change of Control, a De-listing or Listing Failure (each as defined in the Terms and Conditions), the Bonds will be subject to prepayment at the option of each Bondholder (put option) at the terms and price set out in the Terms and Conditions. There can be no assurance that the Issuer will have sufficient funds at the time of such prepayment or acceleration to make the required redemption of, or payment in respect of, the Bonds. Apart from that an investor could lose part of, or its entire investment, this could in turn adversely affect the Issuer, *e.g.* by causing illiquidity, insolvency or an Event of Default under the Terms and Conditions, and consequently adversely affect all Bondholders, and not only those that choose to exercise the option.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact as *medium*.

Financing, structural subordination and priority rights

The Group has, as part of its financing, incurred debts to credit institutions and other lenders, and security over property-owning subsidiaries has been provided in relation thereto in form of share pledges. Such secured loans normally constitute a preferential claim on the Issuer. Subject to the provisions set out in the Terms and Conditions, the Issuer may seek further financing in which case further pledges, as part of such new loans, may be provided. In addition, the Issuer may retain, provide or renew security over certain of its current or future assets to secure, *inter alia*, bank loans, either via the Issuer itself or any other Group company, with security interests normally constituting a preferential claim on the borrower. No present or future shareholder or subsidiary of the Issuer will guarantee the Issuer's obligations under the Bonds.

Furthermore, the Terms and Conditions allow the Group to incur certain additional debt. If the Issuer's subsidiaries incur debt, the right to payment under the Bonds will be structurally subordinated to the right of payment relating to debt incurred by subsidiaries of the Issuer, which could have a negative impact on the Bondholders' recovery under the Bonds. The issuer also has the right to incur *pari passu* debt with the Bonds, which could also risk reducing recovery under the Bonds.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact as *medium*.

Voluntary early redemption

The Issuer has, pursuant to the Terms and Conditions, reserved a right to redeem the Bonds in full prior to its final maturity date upon a Substantial Repurchase Event (as defined in the Terms and Conditions) occurring, i.e. where the Issuer has repurchased and cancelled a principal amount of Bonds equal to or greater than eighty (80) per cent. of the aggregate principal amount of the Bonds. The Issuer may also redeem the Bonds in full on or after the date falling six (6) months prior to the Final Redemption Date.

The mere possibility for the Issuer to exercise its right to early redemption due to the occurrence of a Substantial Repurchase Event (as defined in the Terms and Conditions) could significantly affect the market value of the Bonds. During a period when the Issuer is entitled to voluntarily redeem the Bonds, the market value of the Bonds will most likely not be significantly higher than the redemption price set out in the Terms and Conditions. Such effects could also arise prior to the actual redemption period.

If the Issuer exercises its right to early redemption of the Bonds when the market value of the Bonds is higher than the relevant redemption price, it could affect the investor's possibilities to re-invest the repaid amount on the same terms as the terms of the redeemed Bonds. It is further possible that the Issuer will not have sufficient funds at the time of the mandatory prepayment to carry out the required redemption of Bonds.

The Issuer considers that the probability of the above risks occurring in relation to the Bonds *low*. If the risks would materialise, the Issuer considers the potential negative impact as *low*.

Green Bonds	The Green Finance Framework dated May 2023 applies to the Bonds. The Issuer's Green Finance Framework may from time to time be subject to amendments by the Issuer. Any such amendments after the Issue Date will not be applicable to the Bonds and the Bondholders. Further, there is a risk that the proceeds from the Bonds will not be used in accordance with the Green Finance Framework and that the classification of Bonds issued as green bonds or projects identified as Green Eligible Projects (as defined below) will be affected by the Taxonomy

Regulation and that such Bonds will no longer be qualified as a sustainable asset in accordance with the Taxonomy Regulation. A failure by the Issuer to apply the Net Proceeds of the Bonds in accordance with the Green Finance Framework, the Taxonomy Regulation and/or the EUGB Regulation does not give the Bondholders a right to require that the Issuer shall repurchase or redeem any of their Bonds. Further, no Event of Default under the Terms and Conditions will occur should the Bonds no longer be defined as “green” Bonds. The relevant Bondholders are in such case not entitled to early repayment or repurchase of Bonds or other compensation. For more detailed information about the Issuer’s currently Green Finance Framework, please see the Issuer’s website: www.arwidsro.se. The Green Finance Framework dated May 2023 has been developed in alignment with the Green Bond Principles published in June 2021 (with June 2022 Appendix I) established by International Capital Markets Association (ICMA). The Green Finance Framework dated May 2023 has been evaluated in July 2023 by the independent research firm S&P Global (Shades of Green) which rated the framework as “Medium Green” with the positive addition that "Governance" is now improved to "Excellent".

The Green Finance Framework dated May 2023 is adapted to the four recommended components of the Green Bond Principles; (i) use of proceeds, (ii) process for project/asset evaluation and selection, (iii) management of proceeds and (iv) reporting. Any unallocated proceeds may temporarily be placed in the liquidity reserve or any other treasury business and managed accordingly by Arwidsro. Should there be any unallocated proceeds, Arwidsro strives to allocate them within one year.

In accordance with the Green Finance Framework dated May 2023, an amount equivalent to the Net Proceeds from the Bonds shall be used to finance or

re-finance, in whole or in part, a portfolio of green eligible projects ("**Green Eligible Projects**"). Green eligible projects are both capital expenditures/ CAPEX (could either be reported in the income statement or capitalized on the balance sheet) and operational expenditures/ OPEX. Green Eligible Projects include (i) green buildings, including, new buildings (built after 31 December 2020), existing buildings (built before 31 December 2020), and major renovations and (ii) energy efficiency relating to direct costs such as installation of onsite solar panels, converting to LED lighting, heat pumps, improvements in ventilation systems, extension of district heating and cooling systems, installation of infrastructure for electric cars (electric charging points).

The net proceeds of the Bonds will not be used to finance fossil fuel energy generation, nuclear energy generation, the weapons and defense industries, potentially environmentally negative resource extraction, gambling or tobacco.

The selection of Green Eligible Projects is managed by a dedicated group, the Green Finance Committee ("**GFC**"). Members of the GFC consist of the Chairman, CEO, CFO, Head of Sustainability, and the Head of Transactions of Arwidsro. All decisions are made in consensus, and that applies to the selection process of Green Eligible Projects as well. A list of Green Eligible Projects is kept by the Finance Department which is responsible for making sure this list is up to date. The list of Eligible Green Projects is monitored by GFC on a regular basis during the term of the Bonds to ensure that the proceeds are sufficiently allocated to Eligible Green Projects. Swedbank AB (publ) has acted as advisor to Arwidsro in the establishment of the Green Finance Framework dated May 2023. Further, the Green Finance Framework is reviewed by an impartial firm (S&P Global (Shades of Green)), which has provided a

second opinion to confirm its alignment with the applicable principles.

To enable investors, lenders, and other stakeholders to follow the development of the Green Eligible Projects funded by Green Financing Instruments (as defined in the Green Finance Framework dated May 2023) (including the Bonds), a Green Finance Report will be made available on the Issuer's website. The Green Finance Report will include an allocation report and an impact report and will be published annually as long as there are Green Financing Instruments outstanding.

A notice regarding a Change of Control may be given in advance of the occurrence of a Change of Control, conditioned upon the occurrence of such Change of Control, if a definitive agreement is in place providing for a Change of Control; and

- (ii) the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice;
- (b) keep the latest version of the Terms and Conditions (including documents amending the Terms and Conditions), its Green Finance Framework and the second opinion relating to its Green Finance Framework available on its website; and

12.5 **Restrictions**

The Issuer is only obliged to provide any information to the Agent and/or the Bondholders pursuant to this Clause 12 (*Information undertakings*) if providing such information to the Agent and/or the Bondholders would not conflict with any applicable laws or the Issuer's registration contract with Nasdaq Stockholm (or any other Regulated Market, as applicable). If such conflict would exist pursuant to the listing contract with a Regulated Market, the Issuer shall however be obliged to either seek approval from that Regulated Market or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to this Clause 12 (*Information undertakings*).

13. **FINANCIAL COVENANTS**

13.1 **Maintenance Test**

13.3.2 The figures for Consolidated EBITDA for the Reference Period ending on the last day of the period covered by the most recent Financial Statements shall be used for the Maintenance Test (as applicable), but adjusted so that (without double counting):

- (a) the consolidated earnings before interest, tax, depreciation and amortisation (calculated on the same basis as Consolidated EBITDA) of any entities or assets acquired by the Group during the Reference Period shall be included, pro forma, for the entire Reference Period;

- (ii) entities, assets or operations disposed of or discontinued by the Group after the Reference Period and up until and including the Incurrence Test Date shall be excluded on a *pro forma* basis; and
- (iii) any equity raised or distributions made after the last day of the period covered by the most recent Financial Statements shall be included or excluded (as applicable) on a *pro forma* basis.

- (b) Paragraph (a) above does not apply to a lawful distribution made (whether directly or indirectly):

 - (ii) by a member of the Group to its direct or indirect shareholders (or such shareholder's Affiliates) as a group contribution (Sw. *koncernbidrag*), provided that the company receiving that group contribution simultaneously therewith makes a shareholders' contribution (Sw. *ovillkorat aktieägartillskott*) of the group contribution amount, however reduced with any amount taken into consideration the total tax effect of the group contribution for the Group;
 - (iii) by a member of the Group to its direct or indirect shareholders (or such shareholder's Affiliates) provided that such distribution is made solely for the purpose of compensating a received group contribution provided to a member

- of the Group. The compensation should be equal to the group contribution amount, however reduced with any amount taken into consideration the total tax effect of the group contribution for the Group;
- (iv) by a member of the Group to its direct or indirect shareholders (or such shareholder's Affiliates) transferring a negative net interest (Sw. *negativt räntenetto*), provided that the company receiving that negative net interest simultaneously therewith makes a shareholders' contribution (Sw. *ovillkorat aktieägartillskott*) with any amount taken into consideration the total tax effect for the Group of the transferred negative net interest;

 - (A) the Incurrence Test (calculated *pro forma* including the relevant payment) is met; and
 - (B) such payment, when aggregated with all other distributions made by the Issuer to its shareholders that financial year (excluding any distribution pursuant to paragraphs (b)(i) to (b)(v) above or pursuant to paragraph (b)(vii) below) does not exceed fifty (50.00) per cent. of the Group's net profit from property management (before unrealised changes in property value and without accumulation of profits from previous financial years) according to the audited consolidated Financial Statements for the previous financial year (the "**Permitted Distribution Amount**");
 - (vii) by any Group Company (including the Issuer) to its shareholders, in relation to any preference shares or series D shares, provided that the Incurrence Test (calculated *pro forma* including the relevant payment) is met;

 - (ix) by the Issuer if it constitutes a payment of principal or interest under Hybrid Instruments in connection with a refinancing in part or in full of such Hybrid Instruments provided:
 - (A) that the Incurrence Test (calculated *pro forma* including the relevant payment) is met, or

- (B) is financed by the issuance of new preference shares or otherwise by equity or new Hybrid Instruments, or the incurrence of Subordinated Debt,

and in each case provided that no Event of Default is continuing or would occur immediately after making such distribution (each such transaction, a “**Permitted Distribution**”).

- (c) For the avoidance of doubt, any payment for property development services by the Issuer or another Group Company on arms’ length terms or better for the Group to a Shareholder which develops Real Property for the Group shall not be subject to the Incurrence Test in paragraph (b)(vi)(A) above and shall not count towards the threshold in paragraph (b)(vi)(B) above.

- (b) the Bonds, once admitted to trading on the relevant Regulated Market, continue to be listed thereon for as long as any Bond is outstanding (however, taking into account the rules and regulations of the relevant Regulated Market (as applicable) and the CSD (as amended from time to time) preventing trading in the Bonds in close connection to the redemption of the Bonds).

- (b) Paragraph (a) does not apply to any sale, transfer or disposal (taken as a whole also taking into account any transaction ancillary or related thereto) carried out at fair market value and on terms and conditions customary for such transaction, provided however that such transaction does not have a Material Adverse Effect.

14.8 **Mergers and demergers**

The Issuer shall not, and shall procure that no Group Company will, merge or demerge any Group Company, into a company which is not a Group Company, unless such merger or demerger is not likely to have a Material Adverse Effect, provided however that a merger or demerger with the effect that the Issuer is not the surviving entity shall not be permitted.

14.9 **Dealings with related parties**

The Issuer shall, and shall procure that each other Group Company will, conduct all dealings with the direct and indirect shareholders of the Group Companies (excluding when such shareholder is another Group Company) and/or any Affiliates of such direct and indirect shareholders at arm's length terms or better for the Group.

14.10 **Compliance with laws**

The Issuer shall, and shall procure that each other Group Company will, comply in all material respects with all regulations applicable from time to time, including but not limited to the rules and regulations of Nasdaq Stockholm or any other Regulated Market or recognised unregulated market place on which the Issuer's securities from time to time are listed.

The insurance cover shall, *inter alia*, include full value insurance (Sw. *fullvärdesförsäkring*) in respect of the Real Property.

14.15 **Environmental laws**

The Issuer shall, and shall procure that each other Group Company will, comply with all environmental regulations and obtain, maintain and ensure compliance with all requisite environmental permits, if failure to do so has or is reasonably likely to have a Material Adverse Effect.

- (a) The Issuer shall, in accordance with the Agency Agreement:
 - (i) pay fees to the Agent;
 - (ii) indemnify the Agent for costs, losses and liabilities;

 - (iv) not act in a way which would give the Agent a legal or contractual right to terminate the Agency Agreement.

- (b) The Issuer and the Agent shall not agree to amend any provisions of the Agency Agreement without the prior consent of the Bondholders if the amendment would be detrimental to the interests of the Bondholders.

14.17 **CSD related undertakings**

The Issuer shall keep the Bonds affiliated with a CSD and comply with all applicable CSD Regulations.

15. **TERMINATION OF THE BONDS**

Each of the events or circumstances set out in this Clause 15 is an Event of Default (save for Clause 15.13 (*Termination*) and Clause 15.14 (*Distribution of proceeds*)).

15.1 **Non-payment**

The Issuer does not pay on the due date any amount payable by it pursuant to the Finance Documents, unless its failure to pay is caused by administrative or technical error and payment is made within five (5) Business Days of its due date.

15.2 **Maintenance Test**

The Issuer fails to comply with the Maintenance Test.

15.3 **Other obligations**

- (a) The Issuer does not comply with any provision of the Finance Documents (other than as set out under Clause 4 (*Use of proceeds*), Clause 15.1 (*Non-payment*), Clause 15.2 (*Maintenance Test*) or a breach of the Green Finance Framework).
- (b) No Event of Default under paragraph (a) above will occur if the failure to comply is capable of being remedied and is remedied within fifteen (15) Business Days of the earlier of:
 - (i) the Agent giving notice to the Issuer; and
 - (ii) the Issuer becoming aware of the failure to comply.

15.4 **Cross payment default and cross acceleration**

- (a) Any Financial Indebtedness of a Material Group Company is not paid when due as extended by any originally applicable grace period.
- (b) Any Financial Indebtedness of a Material Group Company is declared to be due and payable prior to its specified maturity as a result of an event of default (however described).
- (c) No Event of Default will occur under this Clause 15.4 if:

- (a) Any Material Group Company:
 - (i) is unable or admits inability to pay its debts as they fall due;
 - (ii) is declared to be unable to pay its debts under applicable law;

15.6 **Insolvency proceedings**

- (a) Any corporate action, legal proceedings or other procedures are taken in relation to:

 - (ii) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets,
 or any analogous procedure or step is taken in any jurisdiction in respect of any Group Company.
- (b) Paragraph (a) above shall not apply to:
 - (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within thirty (30) days of commencement or, if earlier, the date on which it is advertised; or
 - (ii) a solvent liquidation of any Group Company (save for the Issuer).

15.7 **Mergers and demergers**

A decision is made that any Material Group Company shall be demerged or merged if such merger or demerger is likely to have a Material Adverse Effect, provided that a merger involving the Issuer, where the Issuer is not the surviving entity, shall always be considered an Event of Default and provided that the Issuer may not be demerged.

15.8 **Creditors' process**

Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an

aggregate value of an amount equal to or exceeding SEK 25,000,000 (or its equivalent in any other currency or currency) and is not discharged within sixty (60) calendar days.

15.9 **Impossibility or illegality**

- (a) It is or becomes impossible or unlawful for the Issuer to fulfil or perform any of the provisions of the Terms and Conditions which has a detrimental effect on the interests of the Bondholders or if the obligations under the Terms and Conditions are not, or cease to be, legal, valid, binding and enforceable.
- (b) No Event of Default will occur under this Clause 15.9 due to illegality of the Issuer to perform its obligations under the Finance Documents:
 - (i) until expiry of the period for notice of redemption pursuant to Clause 11.4 (*Early voluntary total redemption due to illegality (call option)*); or
 - (ii) if the Issuer has given notice of a redemption pursuant to Clause 11.4 (*Early voluntary total redemption due to illegality (call option)*) and provided that such redemption is duly exercised.

15.10 **Cessation of business**

A Material Group Company ceases to carry on its business, except if due to:

- (a) a solvent liquidation of a Material Group Company other than the Issuer; or
- (b) a disposal permitted under Clause 14.7 (*Disposals of assets*) or a merger or demerger permitted under Clause 14.8 (*Mergers and demergers*),

and provided, in relation to a discontinuation of a Group Company other than the Issuer, that such discontinuation is likely to have a Material Adverse Effect.

15.11 **Major damage**

Real Property is destroyed or damaged and, taking into account the amount and timing of receipt of the proceeds of any insurance, the destruction or damage has or will have a Material Adverse Effect.

15.12 **Compulsory purchase**

Real Property is compulsorily purchased or the applicable local authority makes an order for the compulsory purchase of Real Property and, taking into account the amount and timing of any compensation payable, the compulsory purchase has or will have a Material Adverse Effect.

15.13 **Termination**

- 15.13.1 If an Event of Default has occurred and is continuing, the Agent is entitled to, and shall following a demand in writing from a Bondholder (or Bondholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount (such demand shall, if made by several Bondholders, be made by them jointly) or following an instruction or decision pursuant to Clause 15.13.3 or 15.13.5, on behalf of the Bondholders, by notice to the Issuer terminate the Bonds and to declare all, but not some only, of the Bonds due for payment immediately or at

such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration) and exercise any or all of its rights, remedies, powers and discretions under the Finance Documents.

- 15.13.2 The Agent may not terminate the Bonds in accordance with Clause 15.13.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the grounds mentioned under Clause 15.13.1.
- 15.13.3 The Agent shall notify the Bondholders of an Event of Default within five (5) Business Days of the date on which the Agent received notice of or gained actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a notification of an Event of Default (other than in relation to Clause 15.1 (*Non-payment*)) up until the time stipulated in Clause 15.13.4 for as long as, in the reasonable opinion of the Agent such postponement is in the interests of the Bondholders as a group. The Agent shall always be entitled to take the time necessary to determine whether an event constitutes an Event of Default.
- 15.13.4 The Agent shall, within twenty (20) Business Days of the date on which the Agent received notice of or otherwise gained actual knowledge of that an Event of Default has occurred and is continuing, decide if the Bonds shall be so terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Bondholders that there exists a right of termination and obtain instructions from the Bondholders according to the provisions in Clause 16 (*Decisions by Bondholders*). If the Bondholders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Bondholders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 15.13.5 If the Bondholders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 16 (*Decisions by Bondholders*), the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Bondholders agree in writing to indemnify and hold the Agent harmless from any loss or liability and, if requested by the Agent in its discretion, grant sufficient security for such indemnity.
- 15.13.6 If the Bonds are declared due and payable in accordance with the provisions in this Clause 15, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.
- 15.13.7 If the right to terminate the Bonds is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of termination to be deemed to exist.

15.13.8 For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Clause 15 without relevant decision by the Agent or following instructions from the Bondholders' pursuant to Clause 16 (*Decisions by Bondholders*).

15.13.9 If the Bonds are declared due and payable in accordance with Clause 15.13.1, the Issuer shall redeem all Bonds with an amount per Bond equal to 101.00 per cent. of the Nominal Amount, together with accrued but unpaid interest.

15.14 **Distribution of proceeds**

15.14.1 If the Bonds have been declared due and payable in accordance with this Clause 15, all payments by the Issuer relating to the Bonds shall be distributed in the following order of priority, in accordance with the instructions of the Agent:

- (a) firstly, in or towards payment pro rata of:
 - (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent in accordance with the Agency Agreement and the Finance Documents (other than any indemnity given for liability against the Bondholders);
 - (ii) other costs, expenses and indemnities relating to the termination of the Bonds or the protection of the Bondholders' rights as may have been incurred by the Agent;
 - (iii) any non-reimbursed costs incurred by the Agent for external experts; and
 - (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a bondholders' meeting or a written procedure;
- (b) secondly, in or towards payment pro rata of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (c) thirdly, in or towards payment pro rata of any unpaid principal under the Bonds; and
- (d) fourthly, in or towards payment pro rata of any other costs or outstanding amounts unpaid under the Terms and Conditions, including any default interest.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with paragraphs (a) to (d) above shall, however, not restrict a Bondholders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

15.14.2 If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 15.14.1, such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 15.14.1.

15.14.3 Funds that the Agent receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds (*Sw. redovisningsmedel*) according to the Escrow Funds Act (*Sw. lag (1944:181) om redovisningsmedel*) and must be held on a separate bank account on behalf of the Bondholders and the other interested parties. The Agent shall arrange for

payments of such funds in accordance with this Clause 15.14 as soon as reasonably practicable.

- 15.14.4 If the Issuer or the Agent shall make any payment under this Clause 15.14, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least ten (10) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 9.1 shall apply.

16. DECISIONS BY BONDHOLDERS

16.1 Request for a decision

- 16.1.1 A request by the Agent for a decision by the Bondholders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Bondholders' Meeting or by way of a Written Procedure.
- 16.1.2 Any request from the Issuer or a Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Bondholders, be made by them jointly) for a decision by the Bondholders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Bondholders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Bondholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Bondholders' Meeting.
- 16.1.3 The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if the suggested decision must be approved by any Person in addition to the Bondholders and such Person has informed the Agent that an approval will not be given or the suggested decision is not in accordance with applicable regulations.
- 16.1.4 The Agent shall not be responsible for the content of a notice for a Bondholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 16.1.5 Should the Agent not convene a Bondholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 16.1.3 being applicable, the Person requesting a decision by the Bondholders may convene such Bondholders' Meeting or instigate such Written Procedure, as the case may be, itself. If the requesting Person is a Bondholder, the Issuer shall upon request from such Bondholder provide the Bondholder with necessary information from the Debt Register in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be. If no Person has been appointed by the Agent to open the Bondholders' Meeting, the meeting shall be opened by a Person appointed by the requesting Person.
- 16.1.6 Should the Issuer want to replace the Agent, it may convene a Bondholders' Meeting in accordance with Clause 16.2.1 or instigate a Written Procedure by sending communication in accordance with Clause 16.3.1. After a request from the Bondholders pursuant to Clause 19.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request

(or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 16.2.1. The Issuer shall inform the Agent before a notice for a Bondholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.

16.2 **Bondholders' Meeting**

16.2.1 The Agent shall convene a Bondholders' Meeting by sending a notice thereof to each Bondholder no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons). If the Bondholders' Meeting has been requested by the Bondholder(s), the Agent shall send a copy of the notice to the Issuer.

16.2.2 The notice pursuant to Clause 16.2.1 shall include:

- (a) the time for the meeting;
- (b) the place for the meeting;
- (c) an agenda for the meeting (including each request for a decision by the Bondholders);
- (d) a form of power of attorney; and
- (e) should prior notification by the Bondholders be required in order to attend the Bondholders' Meeting, such requirement shall be included in the notice.

- 16.4.13 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Bondholders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

17. AMENDMENTS AND WAIVERS

- 17.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in the Finance Documents, provided that the Agent is satisfied that such amendment or waiver:

18. REPLACEMENT OF BASE RATE

18.1 General

- 18.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 18 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 18.1.2 If a Base Rate Event has occurred, this Clause 18 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

18.2 Definitions

In this Clause 18:

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“**Base Rate Amendments**” has the meaning set forth in Clause 18.3.4.

“**Base Rate Event**” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;

- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Noteholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“**Base Rate Event Announcement**” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“**Independent Adviser**” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“**Relevant Nominating Body**” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“**Successor Base Rate**” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Bonds, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

18.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 18.3.1 Without prejudice to Clause 18.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread

and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 18.3.2.

- 18.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate.
- 18.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 18.3.2, the Noteholders shall, if so decided at a Noteholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 18.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 18.3 to 18.6, the Agent (acting on the instructions of the Noteholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 18.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 18.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

18.4 **Interim measures**

- 18.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.
- 18.4.2 For the avoidance of doubt, Clause 18.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 18. This will however not limit the application

of Clause 18.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 18 have been taken, but without success.

18.5 Notices etc.

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Noteholders in accordance with Clause 24 (*Communications and press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Bonds are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

18.6 Variation upon replacement of Base Rate

18.6.1 No later than giving the Agent notice pursuant to Clause 18.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause 18.3.3) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 18. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Bondholders.

18.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 18.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Bondholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 18.

18.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 18. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

18.7 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 18.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

19.2.2 When acting pursuant to the Finance Documents, the **Agent** is always acting with binding effect on behalf of the Bondholders. The **Agent** is never acting as an advisor to the Bondholders or the Issuer. Any advice or opinion from the **Agent** does not bind the Bondholders or the Issuer.

comply with this Clause 19.2.10. Other than as set out above, the Agent shall neither be liable to the Issuer or the Bondholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.

- 19.2.11 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 19.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 19.2.13 The Agent shall give a notice to the Bondholders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or if it refrains from acting for any reason described in Clause 19.2.12.
- 19.2.14 Upon the reasonable request by a Bondholder, the Agent shall promptly distribute to the Bondholders any information from such Bondholder which relates to the Bonds (at the discretion of the Agent). The Agent may require that the requesting Bondholder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Bondholder disclose the identity of any other Bondholder who has consented to the Agent in doing so.
- 19.2.15 Subject to the restrictions of a non-disclosure agreement entered into by the Agent in connection with these Terms and Conditions, the Agent shall be entitled to disclose to the Bondholders any document, information, event or circumstance directly or indirectly relating to the Issuer or the Bonds. The Agent shall never be responsible for indirect or consequential loss.
- 19.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.

- 19.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.4 The Agent shall have no liability to the Issuer or the Bondholders for damage caused by the Agent acting in accordance with instructions of the Bondholders given in accordance with the Finance Documents.
- 19.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.

The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.

Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20. THE ISSUING AGENT

- 20.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 20.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Bonds.
- 20.3 The Issuing Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

21. THE CSD

- 21.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Bonds.
- 21.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder or the admission to trading of the Bonds on the sustainable bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable). The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

22. NO DIRECT ACTIONS BY BONDHOLDERS

- 22.1 A Bondholder may not take any action or legal steps whatsoever against any Group Company to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or their equivalents in any other jurisdiction) of any Group Company in relation to any of the obligations or liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.
- 22.2 Clause 22.1 shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 19.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 19.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 19.2.13 before a Bondholder may take any action referred to in Clause 22.1.
- 22.3 The provisions of Clause 22.1 shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 11.5 (*Mandatory repurchase due to a Change of Control, a De-listing or Listing Failure (put option)*) or other payments which are due by the Issuer to some but not all Bondholders.

23. TIME-BAR

- 23.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been time-barred and has become void.
- 23.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Bondholders, the Agent shall be entitled to issue such press release.
