## **RISK FACTORS**

*An investment in securities involves risk. The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Bonds in order to make an informed investment decision. The below risk factors are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific to the Issuer, the Group and the Bonds.*

*The risks are ordered by significance, in which the risk that the Company deems to be most significant is listed first in each respective risk category. Under each respective risk factor, the Issuer's evaluation of its negative effect on the Group is described. The materiality of the risk factors is disclosed by the use of a qualitative ordinal scale of low, medium or high.*

*The assessment of the materiality of the risk factors have been based on the probability of their occurrence and the expected magnitude of their negative impact.*

### **Risk factors specific and material to the Issuer and the Group**

#### **I. Risks related to business and operations**

##### *The effect of the Covid-19 pandemic on business and operations*

The Covid-19 pandemic is affecting business globally, and it is expected to continue to do so for some time to come in the form of reduced production, disrupted value and logistic chains, lay-offs, unemployment, lower demand etc. Company valuations are at risk of falling, which can make acquisitions cheaper, but can also lead to sellers not wanting to conclude deals for reasons of price. Stockwik can be forced into write-downs of their portfolio companies in their regular impairment tests as a consequence of lower profits. There is a risk that customers file for bankruptcy which could result in lower sales and profits for the Group. Furthermore, it is possible that the suppliers' ability to deliver goods and services to the Group is impaired because of production and logistical disruptions. This can adversely affect the Group's production and deliveries which would in turn affect to Group' cash flow and sales volumes. Although it is difficult to assess exactly how and to which extent Stockwik may be affected by Covid-19 in general the risk is higher where the level of physical interaction between people is more frequent, i.e. where Stockwik's employees meet suppliers, clients and customers. In particular this relates to the Group's healthcare operations. The Issuer considers the risk described above to be high.

##### *Acquisition of companies*

Stockwik is building a portfolio of well-managed, stable and profitable smaller Swedish companies and intends to own these companies on a long-term basis. The acquisition of a portfolio company involves operational and financial risks, i.e. that the acquired company will not achieve expected financial targets or that it was bought at too high a price. If acquired companies underachieve financially or can only be acquired at high prices, the returns on the Group's investment, in terms of dividends and capital gain, might be lower than expected which would have a negative effect on Stockwik's cash flow and future profits. There is also a risk that Stockwik will not identify appropriate target companies or that an interesting target company is too expensive for various reasons, for example because of high competition in the bidding process which would have a negative effect on Stockwik's future prospects as it would not be able to carry through investments thus

reducing the Group's future profitability. The Issuer considers the risks described above to be medium.

#### *Write-down of intangible assets*

The Group conducts regular assessment of goodwill and of other intangible assets. Changed conditions such as poorer growth or profitability than expected of the Group's portfolio companies or higher required rate of return can mean that a write-down of goodwill becomes necessary. If an asset is not considered correctly valued during an impairment test, this can result in a write-down, causing a corresponding cost in the profit and loss account which would have a negative effect on the Group's profit. The Issuer considers this risk described above to be medium.

#### *Dependence on employees and key individuals*

The Group's development of the business and of its services and products - and consequently the future growth of the Group - is dependent on the management of the Group and on the knowledge, experience, ability and involvement of key individuals as well as other employees. Stockwik is a small organisation, which makes it particularly sensitive to the loss of key personnel. If Stockwik is unsuccessful in maintaining, identifying, attracting, developing and motivating employees or if it takes too long to hire them – in particular key individuals – this could impair the Group's ability to acquire profitable and reasonably priced companies which would negatively affect Stockwik's operations and future prospects in terms of revenue from dividends and capital gains. The Issuer considers the risk described above to be medium.

#### *Public tender*

The Group participates in public tenders, especially in its business areas of Health Care and Property Services. Tender proposals often require resources in terms of time and finances and there is a risk that the Group will not win the contract or that the procurement will be reviewed for different reasons after the contract has been awarded. The conditions for tender offers in the public sector are sometimes less flexible than in the private sector due to the extensive regulation applicable to public tenders. The Group's operations in the public sector are further affected by political and administrative decisions regarding the levels of public expenses as well as general opinion regarding outsourcing to private companies. If the Group is unsuccessful at attaining awards during tender processes in the future, or if the level of public demand would deteriorate, it would entail a loss of potential revenue, which would have a negative effect on the Group's future sales and profits. The Issuer considers the risk described above to be medium.

#### *Long contracts and projects*

The Group utilises both fixed and variable pricing. Furthermore, within certain business areas such as Property Services, the projects and the commissions can in some instances last for more than one year. The profitability of fixed contracts and projects are based on the amount of work performed and on the price charged as well as on the costs such as salaries, materials and sub-contractors. It is often difficult to estimate time spend and expenses beforehand, and unforeseen or changed circumstances caused by factors that are either entirely or partially outside of the Group's control can lead to increased costs and lower profit or delays and, if prolonged, contractual fines. Future flaws in calculations and project management, including cost management and optimisation, may therefore

have a negative effect on the Group's future revenues as well as profits. The Issuer considers the risk described above to be medium.

#### *Loss of customers*

The Group's customer portfolio includes a large number of customers. There is a risk that several customers are lost completely or partially during a short period of time. There is also a risk that a smaller group of customers will make up a larger portion of the total sales in the future, which would increase the Group's exposure towards certain customers. If the risk of losing several customers that together represent a large percentage of the Group's sales during a short time span or a customer which in the future represent a large share of the Group's sales were to materialise, it may entail a substantial loss of the Group's sales volumes and revenue if it cannot in the same time solicit new customers at a corresponding rate, thus affecting its future profits negatively. The Issuer considers the risk described above to be low.

#### *Credit risk*

There is a risk that the Group's customer receivables will be paid too late or not at all. There is a risk that one or more customers will represent a large share of sales in the future, which could increase the credit risk. If a customer, or several customers together, representing a large share of the Group's sales were to not pay the Group's receivables in time (or at all) it would entail major credit losses for the Group which would have a direct negative effect on the Group's cash flow, liquidity and financial position. The Issuer considers this risk described above to be low.

#### *Supplier risk*

There is a risk that the Group's suppliers of products and services, in some cases intermediaries, will deliver too late or not at all, or that the quality of the deliveries will not meet the Group's expectations which would hinder the Group's ability to manufacture or perform single types, or categories, of products or services which in the short term could entail sales losses, and in the long term, loss of profits. Also, the loss of one or more suppliers could have a negative effect since the Group may then be forced to engage in costly searches for alternative suppliers who in turn may differ from current suppliers in terms of price and the quality of products and services they provide. There is also a risk that suppliers do not comply with laws and rules, with negative consequences for the Group - for example, in terms of its reputation, which could lead to customers choosing to purchase products and/or services from other providers, resulting in a loss of sales for the Group. The Issuer considers the risks described above to be low.

#### *Production risk*

The Group's operations involve, inter alia, the re-treading of tyres and may from time to time involve the manufacturing of other goods as well. There is a risk that problems will occur in terms of quality or costs, or that products will not be manufactured on time or at all, which could result in lower quality of products being produced, lower margins on goods sold and delays in deliveries which could entail sales loss and lower profitability in the Group's manufacturing operations. The Issuer considers the risks described above to be low.

#### *Data protection legislation*

The Group handles personal data that primarily involves employees, customers, suppliers, shareholders and job candidates. It is mandatory that it comply with appropriate legislation, including the General Data Protection Regulation ("GDPR"). Among other things, this comprehensive data

protection legislation requires the Company to handle personal data in a secure manner and to understand, monitor and document how personal data is handled. There is a risk that the Company will handle personal data in a manner contrary to data protection legislation, which can lead to administrative sanctions which, given the large maximum sanction which could be decided by the Swedish Data Protection Authority (Sw. *Datainspektionen*), could lead to the severe economic consequences for the Group. Failure or partial failure to comply with data protection rules and regulations could result in substantial fines of up to the higher of EUR 20 million and four percent of the Group's global annual turnover. A violation of data protection regulations may render the Group subject to disputes and negative publicity, which could lead to the Group having to pay damages and it could also entail high legal costs as well as and lead to a loss of customers, having a negative effect on the Group's sales and future profits. The Issuer considers the risks described above to be low.

#### *Violation of laws, rules and norms*

The Group's operations are regulated by ever-stricter laws and rules regarding e.g. health, safety, environment and the like. The Group's operations are also subject to industry standards and other commitments. The costs involved in complying with these laws and regulations can be significant, and a lack of compliance could lead to fines or sanctions, have civil and criminal consequences, lead to lawsuits from a third party and prevent or limit the Group's activities. If the Group's cost of compliance would increase, e.g. due to becoming subject to further regulation, the Group's profit margins in the regulated areas could decrease, resulting in a negative effect on the Group's overall profits. If the Group would be fined for violating applicable laws or regulations, on a small or large scale, rendering high expenses which would have a negative effect on the Group's profits. In addition, there is a risk that violations of applicable laws and regulations may bring negative publicity, which could mean a loss of customers and sales. The Issuer considers the risks described above to be low.

#### *Change in ownership and tax deficit*

The Group has in the past had, and may in the future have, considerable tax deficits without maturity which can be netted against future profits. Such tax deficits, according to prohibitive effects in applicable tax legislation, cannot be used fully after certain ownership changes. Changes in Stockwik's ownership structure and in tax legislation can lead to a reduction of these values, or their complete disappearance, which could raise the Group's tax expenses by up to SEK 80 million, i.e. the total sum of deferred taxes, which in turn would have a direct negative effect on the Group's profits and financial position. The Issuer considers the risk described above to be low.

## **II. Risks related to the industry and the market environment**

### *Effects on economic conditions in the wake of the Covid-19 pandemic*

Macroeconomic factors run the risk of negatively affecting the demand for the Group's products and services. Customers of the Group include property companies, housing cooperatives and state and municipal agencies, transportation companies and units, tyre garages, insurance companies and companies in general – primarily small and medium-sized. The Covid-19 pandemic increases such macroeconomic risks, which could have a negative effect on the Group's operations and financial position. The Covid-19 pandemic is affecting, and is expected to continue to affect, business globally for some time to come resulting in reduced production, disrupted value and logistic chains, lay-offs, unemployment etc. which could lower the demand for the Group's products and services in the Group's Health Care business area and in the Service & Installation division of the Property Services

business area, having a negative effect on the Group's overall sales numbers and profits. The Issuer considers the risk described above to be high.

#### *Competition*

The markets on which Stockwik's portfolio companies operate are competitive. There is a risk that the Group's competitors will engage in price competition and will develop more competitive services and products than those of the Group which could result in poorer sales numbers for the Group. Even actors who are not competing with the Group at this time can broaden their service and product offerings to areas where the Group is active which is especially disadvantageous for the Group when it comes to larger competitors, as they have greater financial resources. A changed competition situation can lead to increased price pressure forcing the Group to lower its prices towards customers and a fall in sales volume and revenue, lost market shares and margin reductions for the Group which would have a negative effect on the Group's future profits and financial position. The Issuer considers the risk described above to be medium.

#### *Political risk*

The Group is subject to political risk including state interventions, especially in the Healthcare and Property Services business area in which business to a substantial degree is dependent on state and municipal customers, changes in tax law, especially in relation to Group's tax deficits as described in the risk factor "*Change in ownership and tax deficit*" above as well as monetary policy measures and social and economic instability. Uncertainty regarding these risks and changes to political and/or social parameters could have negative effects on the Group's cooperative partners and suppliers which could make it difficult for the Group to produce its products and provide its services on time or at all, entailing sales losses, and in the long term, loss of profits. It could also have a dampening effect on the purchasing power and habits of the Group's customers, thus resulting in lower sales volumes. The Group's exposure to political risk is enhanced by the substantial share of total sales that public customers represents. Should these risks materialise it would have a negative effect on the Group's operations and future prospects. The Issuer considers the risks described above to be medium.

### **III. Financial risks**

#### *Financing and liquidity risk*

The Group has historically run a deficit and the operations have been financed through share issues and loans. There is a risk that new capital cannot be acquired on reasonable terms or at all when the need arises, which could have a negative effect on the Group's ability to finance its operations take advantage of strategic opportunities or otherwise respond to competitive pressures, which would impair its prospects and future financial position. The Issuer considers the risks described above to be medium.

#### *Interest rate risk*

Following the successful issuance of the Bonds, the Group's net interest bearing debt amounts to approximately SEK 266,000,000. The Group's interest rate levels are affected by underlying market rates. Interest rates have historically fluctuated due to, and are in the future likely to be affected by, a number of different factors such as macroeconomic factors, inflation expectations and monetary policies. Furthermore, the Covid-19 pandemic may also affect the level of the interest rates. As the Group's loans mainly accrue interest at floating rates, changes in interest rates can lead to increased

interest expenses for the Group, which could have an adverse effect on Group's profit and financial position as its profit margins would decrease accordingly. In the event that 3 months STIBOR may increase with 100 bps, the Group's interest would increase with 3 MSEK yearly. The Issuer considers the risks described above to be medium.

## **Risks relating to the Bonds**

### **I. Risks related to the nature of the Bonds**

#### *Credit risk and refinancing risk*

Investors in the Bonds assume a credit risk towards the Group. The Issuer's ability to service its debt under the Bonds and the payments to bondholders under the Terms and Conditions is dependent upon the performance of the Group's operations and financial position. The Group's financial position is affected by several factors, some of which have been mentioned above. An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would have an adverse effect on the value of the Bonds. If the Group's operating income is not sufficient to service its current or future indebtedness, the Group will be forced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring its debt or seeking additional equity capital. There is a risk that the Group will not be able to effect any of these remedies on satisfactory term or at all. Another aspect of credit risk is that a decline in the financial position of the Group may reduce the prospects of the Group to receive debt financing at the time of maturity of the Bonds.

The Group's ability to successfully refinance the Bonds is dependent upon the conditions of the capital markets and the Group's financial position at the time such refinancing is required or desirable, including at the time of exercise of a voluntary redemption or mandatory repurchase of Bonds. In the event the Issuer is unable to refinance the Bonds or other outstanding debt, or if such financing can only be obtained on unfavourable terms, this could have a significant adverse effect on the Issuer's ability to repay the principal of the Bonds at maturity or upon an early redemption or repurchase of Bonds.

In addition to the above, there is a risk that the guarantees granted by the Guarantors in respect of the Bonds will be insufficient in respect of any of the Issuer's obligations under the Bonds in the event the Issuer becomes insolvent. Furthermore, the Guarantors may in some circumstances grant additional guarantees. If the guarantors were to guarantee any other obligations the total amount to be guaranteed would be increased and there is a risk that guarantees granted towards the current bondholders would be impaired.

The Issuer considers the risks described above to be medium.

#### *Security arrangements*

As continuing security for the due and punctual fulfilment of the Issuer's obligations under the Bonds, the Issuer and the relevant Group Companies have pledged to the agent and the bondholders (represented by the agent) as first ranking security all their shares in each Material Group Company and each Holding Company (as defined in the Terms & Conditions). Furthermore, the Issuer has pledged to the agent and the bondholders (represented by the agent) any Material Intragroup Loan and the Acquisition Account (each as defined in the Terms & Conditions). Moreover, security provided by

subsidiaries include limitation language, which means that the obligations will be limited if required by any mandatory provision in the relevant jurisdiction.

Moreover, there is a risk that the proceeds from any enforcement of the pledged assets would not be sufficient to satisfy all amounts then due on or in respect of the Bonds. For example, if a subsidiary, which shares have been pledged in favour of the bondholders, is subject to any foreclosure, dissolution, winding-up, liquidation, recapitalisation, administrative or other bankruptcy or insolvency proceedings, the shares that are subject to such pledge may then have limited value because all of the subsidiary's obligations must first be satisfied which leave little or no remaining assets in the subsidiary for the Bondholders. As a result, the Bondholders may not recover the full value (or any value in the case of an enforcement sale) of the shares. In addition, the value of the shares subject to pledges may decline over time. Furthermore, the value of any intra-group loan of the Group, which is subject to security in favour of the secured creditors, is largely dependent on the relevant debtor's ability to repay such intra-group loan. Should the relevant debtor be unable to repay its debt obligations upon an enforcement of a pledge over the intra-group loan, the Bondholders may not recover the full or any value of the security granted over the intra-group loan.

Save for the security created under the abovementioned pledges, the Bonds represent unsecured obligations of the Issuer. This means that in the event of bankruptcy, reorganisation or winding-up of the Issuer, the bondholders normally receive payment after any priority creditors have been paid in full. Further, although the Terms and Conditions impose certain restrictions on which type of guarantees and security the Group companies may provide, there are significant exemptions from such so-called negative pledge provisions. For example, the Group companies are allowed to provide security for certain types of financial indebtedness for example under the Working Capital facility (as defined in the Terms and Conditions).

Each investor should be aware that there is a risk that an investor in the Bonds may lose all or part of their investment if the Issuer or the Group is declared bankrupt, carries out a reorganisation or is wound-up.

The Issuer considers the risks described above to be low.

#### *Corporate benefit limitations in providing security to the Bondholders*

Some of the security granted pursuant to the Terms and Conditions will be granted by subsidiaries of the Issuer. If a limited liability company provides security for another party's obligations without deriving sufficient corporate benefit therefrom, the granting of security will require the consent of all shareholders of the grantor and will only be valid up to the amount the company could have distributed as dividend to its shareholders at the time the security was provided. If no corporate benefit is derived from the security provided, the security will be limited to distributable funds. Consequently, the security granted by a subsidiary of the Issuer could therefore be limited which would have an adverse effect on the Bondholders' security position.

The Issuer considers the risk described above to be low.

#### *Dependence on subsidiaries*

A significant part of the Group's assets and revenues relate to the Issuer's subsidiaries and associated entities. Therefore, in order e.g. to make payments under the Bonds, the Issuer is dependent on the receipt of dividends or financing from its subsidiaries. However, the Issuer's subsidiaries are legally separate and distinct from the Issuer and have no obligation to pay amounts due with respect to the

Issuer's obligations and commitments, including the Bonds, or to make funds available for such payments. The ability of the Issuer's subsidiaries to make such payments to the Issuer is subject to, among other things, the availability of funds, rules on financial assistance in the relevant jurisdictions in which the subsidiaries are incorporated and the terms of relevant loan agreements entered into by such subsidiaries.

Should the value of the business conducted in the subsidiaries decrease, and/or should the Issuer for any other reason not receive sufficient income from its subsidiaries, the investors' ability to receive payment under the Terms and Conditions may be adversely affected.

The Issuer considers the risk described above to be medium.

#### *Interest rate risks and benchmarks*

The value of the Bonds depends on several factors one of the most significant over time being the level of market interest. The Bonds bear interest at a floating rate of 3 month STIBOR plus a margin and the interest of the Bonds is determined two business days prior to the first day of each respective interest period. Hence the interest rate is to a certain extent adjusted for changes in the level of the general interest rate. There is a risk that an increase of the general interest rate level will adversely affect the value of the Bonds. The general interest level is to a high degree affected by the Swedish and the international development is outside of the Group's control.

The determining of certain interest rate benchmarks, such as STIBOR has been subject to regulatory changes, the most comprehensive of which is the adoption and implementation of the Benchmark Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds). The Benchmark Regulation came into force on the 1 January 2018. The benchmark Regulation addresses the provision of benchmarks, the contribution of input data to benchmarks and the use of benchmarks within the European Union. The effect of the Benchmark Regulation cannot yet be fully determined due, among other things, to the limited time period that the regulation has been applicable. However there is a risk that the Benchmark Regulation will affect how certain benchmarks are determined and how they develop in the future. This could, for example, lead to increased volatility regarding some benchmarks. A further potential risk is that increased administrative requirements, and resulting regulatory risk, may discourage stakeholders from participating in the production of benchmarks, or that some benchmarks cease to be provided. If this would happen in respect of a benchmark that is used for the Bonds, such as STIBOR, it may have negative effects for the bondholders.

The Issuer considers the risks described above to be low.

## **II. Risks related to the admission of the Bonds to trading on a regulated market**

### *Liquidity risks and secondary market*

The Issuer has undertaken to admit the Bonds to trading on the corporate bond list of Nasdaq Stockholm or another regulated market within sixty (60) business days after the issue date for the Bonds. However, there is a risk that the Bonds will not be admitted to trading within the intended time frames or at all. If the Issuer fails to procure listing on time, investors holding Bonds on an investment savings account (Sw. *ISK or IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation. Furthermore, a failure to procure such listing on time will constitute an event of default under the Terms and Conditions, which could result in the Bonds being accelerated prior to maturity with an enforcement of the security and guarantees, which could

adversely affect the bondholders' recovery under the Bonds. Further, considering that the nominal amount of each Bond is relatively high (SEK 1,250,000), there is a risk that the market for trading in the Bonds will be illiquid even if the Bonds are admitted to trading. This may result in that the bondholders being unable to sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Bonds. Furthermore, the nominal value of the Bonds may not be indicative compared to the market price of the Bonds, if they are admitted for trading.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Issuer considers the risks described above to be low.

- 12.5.4 The Issuer shall not be required to repurchase any Bonds pursuant to this Clause 12.5, if a third party in connection with the occurrence of a Change of Control Event or a De-listing Event offers to purchase all Bonds in the manner and on the terms set out in this Clause 12.5 (or on terms more favourable to the Bondholders) and purchases all Bonds validly tendered in

## 16.10 **Termination**

- 16.10.1 If an Event of Default has occurred and is continuing the Agent is entitled to, and shall following a demand in writing from a Bondholder (or Bondholders) representing at least 50.00 per cent. of the Adjusted Nominal Amount (such demand may only be validly made by a Person who is a Bondholder on the second Business Day following the day on which the demand is received by the Agent and shall, if made by several Bondholders, be made by them jointly) or following an instruction or decision pursuant to Clause 16.10.6 or 16.10.7, on behalf of the Bondholders, terminate the Bonds and to declare all, but not only some, of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration).
- 16.10.2 The Agent may not terminate the Bonds in accordance with Clause 16.10.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the ground mentioned under Clause 16.10.1.

- 16.10.3 If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 16.10.4 The Issuer is obliged to inform the Agent immediately if any circumstance of the type specified in Clause 16.10.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur, provided that the Agent does not have knowledge of such circumstance. The Agent is under no obligations to make any investigations relating to the circumstances specified in Clause 16.10.1. The Issuer shall further, at the request of the Agent, provide the Agent with details of any circumstances referred to in Clause 16.10.1 and provide the Agent with all documents that may be of significance for the application of this Clause 16.
- 16.10.5 The Issuer is only obliged to inform the Agent according to Clause 16.10.4 if informing the Agent would not conflict with any statute or the Issuer's registration contract with the relevant Regulated Market. If such a conflict would exist pursuant to the listing contract with the relevant Regulated Market or otherwise, the Issuer shall however be obliged to either seek the approval from the relevant Regulated Market or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to Clause 16.10.4.
- 16.10.6 If the Agent has been notified by the Issuer or has otherwise received actual knowledge that there is a default under the Finance Documents according to Clause 16.10.1, the Agent shall (i) notify, within five (5) Business Days of the day of notification or actual knowledge, the Bondholders of the default and (ii) decide, within twenty (20) Business Days of the day of notification or actual knowledge, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Bondholders that there exists a right of termination and obtain instructions from the Bondholders according to the provisions in Clause 18 (*Decisions by Bondholders*). If the Bondholders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Bondholders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 16.10.7 If the Bondholders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 18 (*Decisions by Bondholders*), the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Bondholders agree in writing to indemnify and hold the Agent harmless from any loss or liability and, if requested by the Agent in its discretion, grant sufficient security for such indemnity.

- 16.10.8 If the Bonds are declared due and payable in accordance with the provisions in this Clause 16, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.

- 16.10.10 If the Bonds are declared due and payable in accordance with this Clause 16, the Issuer shall redeem all Bonds with an amount per Bond equal to the applicable Call Option Amount for the relevant period (plus accrued but unpaid Interest).

## 17. DISTRIBUTION OF PROCEEDS

- 17.1 All payments by the Issuer relating to the Bonds and the Finance Documents following a termination of the Bonds in accordance with Clause 16 (*Termination of the Bonds*) and any proceeds received from an enforcement of the Transaction Security or the Guarantees shall be made and/or distributed in the following order or priority:
- (a) *firstly*, in or towards payment *pro rata* of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent, (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds or the protection of the bondholders' rights, (iii) any non-reimbursed costs incurred by the Agent for external experts, and (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a bondholders' meeting or a written procedure;

  - (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
  - (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under these Terms and Conditions.

Any excess funds after the application of proceeds in accordance with (a) to (d) above shall be paid to the Issuer or the Guarantors as applicable.

- 17.2 If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause (a), such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause (a).
- 17.3 Funds that the Agent receives (directly or indirectly) on behalf of Secured Parties in connection with the termination of the Bonds or the enforcement of any or all of the Transaction Security or the Guarantees constitute escrow funds (*Sw. redovisningsmedel*) according to the Escrow

Funds Act (Sw. lag (1944:181) om redovisningsmedel) and must be held on a separate interest bearing account on behalf of the Secured Parties. The Agent shall promptly arrange for payments to be made to the Bondholders in such case. The Agent shall arrange for payments of such funds in accordance with this Clause 17 as soon as reasonably practicable. If the Agent deems it appropriate, it may, in accordance with this paragraph 17.3, instruct the CSD to arrange for payment to the Bondholders.

- 17.4 If the Issuer or the Agent shall make any payment under this Clause 17, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 10.1 shall apply.

- 18.3 The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if (a) the suggested decision must be approved by any Person in addition to the Bondholders and such Person has informed the Agent that an approval will not be given, or (b) the suggested decision is not in accordance with applicable laws.
- 18.4 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 9 (*Right to act on behalf of a Bondholder*) from a Person who is, registered as a Bondholder:

18.6 Any matter not covered by Clause 18.5 shall require the consent of Bondholders representing more than 50.00 per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 20.3. This includes, but is not limited to, any amendment to or waiver of the terms of any Finance Documents that does not require a higher majority (other than an amendment permitted pursuant to paragraph (a), (b) or (c) of Clause 21.1), or a termination of the Bonds or the enforcement of the Transaction Security in whole or in part.

18.7 Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least 20.00 per cent. of the Adjusted Nominal Amount:

- (a) if at a Bondholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
- (b) if in respect of a Written Procedure, reply to the request.

18.8 If a quorum does not exist at a Bondholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Bondholders' Meeting (in accordance with

Clause 19.1) or initiate a second Written Procedure (in accordance with Clause 20.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Bondholders' consent. The quorum requirement in Clause 18.7 shall not apply to such second Bondholders' Meeting or Written Procedure.

- 18.9 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 18.10 A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 18.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Bondholder for or as inducement to any consent under the Finance Documents, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 18.12 A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.
- 18.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 18.14 If a decision shall be taken by the Bondholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 18.15 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Bondholders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

## **19. BONDHOLDERS' MEETING**

19.1 The Agent shall convene a Bondholders' Meeting by sending a notice thereof to each Bondholder no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons). If the Bondholders' Meeting has been requested by the Bondholder(s), the Agent shall send a copy of the notice to the Issuer.

19.2 Should the Issuer want to replace the Agent, it may convene a Bondholders' Meeting in accordance with Clause 19.1 with a copy to the Agent. After a request from the Bondholders pursuant to Clause 22.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 19.1.

19.3 The notice pursuant to Clause 19.1 shall include:

- (a) the time for the meeting;
- (b) the place for the meeting;
- (c) an agenda for the meeting (including each request for a decision by the Bondholders); and
- (d) a form of power of attorney.

Only matters that have been included in the notice may be resolved upon at the Bondholders' Meeting. Should prior notification by the Bondholders be required in order to attend the Bondholders' Meeting, such requirement shall be included in the notice.

19.4 The Bondholders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.

19.5 If the Agent, in breach of these Terms and Conditions, has not convened a Bondholders' Meeting within five (5) Business Days after having received such notice, the requesting Person may convene the Bondholders' Meeting itself. If the requesting Person is a Bondholder, the Issuer shall upon request from such Bondholder provide the Bondholder with necessary information from the register kept by the CSD and, if no Person to open the Bondholders' Meeting has been appointed by the Agent, the meeting shall be opened by a Person appointed by the requesting Person.

19.6 At a Bondholders' Meeting, the Issuer, the Bondholders (or the Bondholders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Bondholders' Meeting. The Bondholders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Bondholders' Meeting instead of the Bondholder, the representative/proxy shall

present a duly executed proxy or other document establishing its authority to represent the Bondholder.

- 19.7 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Bondholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Bondholders to vote without attending the meeting in person.

## **20. WRITTEN PROCEDURE**

- 20.1 The Agent shall instigate a Written Procedure (which may be conducted electronically) no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Bondholder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Bondholder(s), the Agent shall send a copy of the communication to the Issuer.
- 20.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 20.1 to each Bondholder with a copy to the Agent.
- 20.3 A communication pursuant to Clause 20.1 shall include (a) each request for a decision by the Bondholders, (b) a description of the reasons for each request, (c) a specification of the Business Day on which a Person must be registered as a Bondholder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the communication pursuant to Clause 20.1), (d) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (e) the stipulated time period within which the Bondholder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 20.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.
- 20.4 If the Agent, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Bondholder, the Issuer shall upon request from such Bondholder provide the Bondholder with necessary information from the register kept by the CSD.
- 20.5 When the requisite majority consents of the Adjusted Nominal Amount pursuant to Clauses 18.5 and 18.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 18.5 or 18.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

## **21. AMENDMENTS AND WAIVERS**

21.1 The Issuer and the Agent and/or the Security Agent (as applicable) (in each case acting on behalf of the Bondholders) may agree to amend the Finance Documents or waive any provision in the Finance Documents, provided that:

- (a) the Agent and/or the Security Agent (as applicable) is satisfied that such amendment or waiver is not detrimental to the interest of the Bondholders, or is made solely for the purpose of rectifying obvious errors and mistakes;
- (b) the Agent and/or the Security Agent (as applicable) is satisfied that such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority;
- (c) such amendment or waiver is necessary for the purpose of having the Bonds listed or admitted to trading on a Regulated Market, provided that the Agent and/or the Security Agent is satisfied that such amendment or waiver does not materially adversely affect the rights of the Bondholders; or
- (d) such amendment or waiver has been duly approved by the Bondholders in accordance with Clause 18 (*Decisions by Bondholders*).

21.2 The consent of the Bondholders is not necessary to approve the particular form of any amendment or waiver to the Finance Documents. It is sufficient if such consent approves the substance of the amendment or waiver.

21.3 The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 21.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are available on the websites of the Issuer and the Agent. The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority.

21.4 An amendment or waiver to the Finance Documents shall take effect on the date determined by the Bondholders Meeting, in the Written Procedure or by the Agent, as the case may be.

## **22. APPOINTMENT AND REPLACEMENT OF THE AGENT AND THE SECURITY AGENT**

### **22.1 Appointment of Agent and the Security Agent**

22.1.1 By subscribing for Bonds, each initial Bondholder:

- (a) appoints the Agent and the Security Agent to act as its agent and security agent (as applicable) in all matters relating to the Bonds and the Finance Documents, and authorises each of the Agent and the Security Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by

such Bondholder, including the winding-up, dissolution, liquidation, company reorganisation (Sw. *företagsrekonstruktion*), or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer including, for the avoidance of doubt, any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security; and

- (b) confirms the appointment of the Security Agent to act as its agent in all matters relating to the Transaction Security, the Transaction Security Documents and the Guarantee and Adherence Agreement, including any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security and the Guarantees.

22.1.2 By acquiring Bonds, each subsequent Bondholder confirms the appointment and authorisation for the Agent and the Security Agent to act on its behalf, as set forth in Clause 22.1.1.

22.1.3 Each Bondholder shall immediately upon request provide the Agent and the Security Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent or the Security Agent, as applicable), as the Agent or the Security Agent (as applicable) deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. Neither the Agent nor the Security Agent is under no obligation to represent a Bondholder which does not comply with such request.

22.1.4 The Issuer shall promptly upon request provide the Agent and the Security Agent with any documents and other assistance (in form and substance satisfactory to the Agent or the Security Agent, as applicable), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.

22.1.5 Each of the Agent and the Security Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agent's and the Security Agent's respective obligations as agent and security agent (as applicable) under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

22.1.6 Each of the Agent and the Security Agent may act as agent and/or security agent for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

## 22.2 **Duties of the Agent and the Security Agent**

22.2.1 Each of the Agent and the Security Agent shall represent the Bondholders in accordance with the Finance Documents, including, *inter alia*, holding the Transaction Security pursuant to the Transaction Security Documents and the Guarantees pursuant to the Guarantee and Adherence Agreement on behalf of the Secured Parties and, where relevant, enforcing the Transaction Security on behalf of the Bondholders. Neither the Agent nor the Security Agent is responsible for the contents, execution, legal validity or enforceability of the Finance Documents. The Agent

shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Agent.

- 22.2.2 Neither the Agent nor the Security Agent is obliged to actively assess or monitor (i) the financial condition of the Issuer or any Group Company, (ii) the compliance by the Issuer of the Finance Documents (unless expressly set out in the Finance Documents) or (iii) whether an Event of Default (or any event that may lead to an Event of Default) has occurred or not. Until it has actual knowledge to the contrary, each of the Agent and the Security Agent is entitled to assume that no Event of Default has occurred.
- 22.2.3 Each of the Agent and the Security Agent may assume that any information, documentation and evidence delivered to it is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and neither the Agent nor the Security Agent have to verify or assess the contents of any such information, documentation or evidence. Neither the Agent nor the Security Agent review any information, documents and evidence from a legal or commercial perspective of the Bondholders.
- 22.2.4 The Agent shall upon request by a Bondholder disclose the identity of any other Bondholder who has consented to the Agent in doing so.
- 22.2.5 When acting in accordance with the Finance Documents, each of the Agent and the Security Agent is always acting with binding effect on behalf of the Bondholders. Each of the Agent and the Security Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
- 22.2.6 Each of the Agent and the Security Agent is entitled to delegate its duties to other professional parties, but each of them shall remain liable for the actions of such parties under the Finance Documents.
- 22.2.7 Each of the Agent and the Security Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in the Finance Documents.
- 22.2.8 The Agent shall be entitled to disclose to the Bondholders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Bondholders delay disclosure or refrain from disclosing certain information other than in respect of an Event of Default that has occurred and is continuing.
- 22.2.9 Each of the Agent and the Security Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent and/or the Security Agent pay all costs for external experts engaged (a) after the occurrence of an Event of Default, (b) for the purpose of investigating or considering an event which the Agent and/or the Security Agent reasonably believes is or may lead to an Event of Default or a matter relating to

the Issuer which the Agent and/or the Security Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents or (c) when the Agent and/or the Security Agent is to make a determination under the Finance Documents. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 17 (*Distribution of proceeds*).

- 22.2.10 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 22.2.11 Notwithstanding any other provision of the Finance Documents to the contrary, neither the Agent nor the Security Agent is obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 22.2.12 If in the Agent's or the Security Agent's (as applicable) reasonable opinion the cost, loss or liability which it may incur (including its respective reasonable fees) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent or the Security Agent (as applicable) may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 22.2.13 Each of the Agent and the Security Agent shall give a notice to the Bondholders (a) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent or the Security Agent under the Finance Documents, or (b) if it refrains from acting for any reason described in Clause 22.2.12.
- 22.2.14 Each of the Agent's and the Security Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent and the Security Agent only acts in accordance with these Terms and Conditions and upon instructions from the Bondholders, unless otherwise set out in these Terms and Conditions. In particular, neither the Agent nor the Security Agent is acting as an advisor (whether legal, financial or otherwise) to the Bondholders or any other person.

### 22.3 **Limited liability for the Agent and the Security Agent**

- 22.3.1 Neither the Agent nor the Security Agent will be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. Neither the Agent nor the Security Agent shall be responsible for indirect loss.
- 22.3.2 Neither the Agent nor the Security Agent shall be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts addressed to it or if the Agent and/or the Security Agent has acted with reasonable care in a situation when the

Agent and/or the Security Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.

- 22.3.3 Neither the Agent nor the Security Agent shall be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by it to the Bondholders, provided that the Agent and/or the Security Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by it for that purpose.
- 22.3.4 Neither the Agent nor the Security Agent shall have any liability to the Bondholders for damage caused by it acting in accordance with instructions of the Bondholders given in accordance with Clause 18 (*Decisions by Bondholders*).
- 22.3.5 Any liability towards the Issuer which is incurred by the Agent or the Security Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.
- 22.3.6 The Agent is not liable for information provided to the Bondholders by or on behalf of the Issuer or by any other person.

## 22.4 **Replacement of the Agent and the Security Agent**

- 22.4.1 Subject to Clause 22.4.6, each of the Agent and the Security Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent and/or Security Agent at a Bondholders' Meeting convened by the retiring Agent and/or Security Agent or by way of Written Procedure initiated by the retiring Agent and/or Security Agent.
- 22.4.2 Subject to Clause 22.4.6, if the Agent and/or the Security Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent and/or the Security Agent (as applicable) shall be deemed to resign as Agent and/or Security Agent (as applicable) and the Issuer shall within ten (10) Business Days appoint a successor Agent and/or Security Agent (as applicable) which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 22.4.3 A Bondholder (or Bondholders) representing at least 10.00 per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Bondholder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and/or the Security Agent (as applicable) and appointing a new Agent and/or Security Agent (as applicable). The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent and/or the Security Agent be dismissed and a new Agent and/or Security Agent (as applicable) appointed.

- 22.4.4 If the Bondholders have not appointed a successor Agent and/or successor Security Agent within ninety (90) calendar days after (a) the earlier of the notice of resignation was given or the resignation otherwise took place or (b) the Agent and/or the Security Agent was dismissed through a decision by the Bondholders, the Issuer shall appoint a successor Agent and/or Security Agent (as applicable) which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 22.4.5 The retiring Agent and/or Security Agent (as applicable) shall, at its own cost, make available to the successor Agent and/or the successor Security Agent (as applicable) such documents and records and provide such assistance as the successor Agent and/or successor Security Agent may reasonably request for the purposes of performing its functions as Agent and or Security Agent (as applicable) under the Finance Documents.
- 22.4.6 The Agent's and the Security Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and/or successor Security Agent (as applicable) and acceptance by such successor Agent and/or successor Security Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent and/or the retiring Security Agent (as applicable).
- 22.4.7 Upon the appointment of a successor, the retiring Agent and/or the retiring Security Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent and/or Security Agent (as applicable). Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent and/or Security Agent.
- 22.4.8 In the event that there is a change of the Agent and/or the Security Agent in accordance with this Clause 22.4, the Issuer shall execute such documents and take such actions as the new Agent and/or Security Agent may reasonably require for the purpose of vesting in such new Agent and/or the new Security Agent (as applicable) the rights, powers and obligation of the Agent and/or the Security Agent and releasing the retiring Agent and/or the retiring Security Agent (as applicable) from its respective further obligations under the Finance Documents. Unless the Issuer and the new Agent and/or the new Security Agent agrees otherwise, the new Agent and/or the new Security Agent shall be entitled to the same fees and the same indemnities as the retiring Agent and/or the retiring Security Agent (as applicable).

## **23. APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT**

- 23.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.

23.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

## **24. APPOINTMENT AND REPLACEMENT OF THE CSD**

24.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.

24.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder or the listing of the Bonds listed on a Regulated Market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*).

## **25. NO DIRECT ACTIONS BY BONDHOLDERS**

25.1 A Bondholder may not take any steps whatsoever against the Issuer or a Group Company or with respect to the Transaction Security or the Guarantees to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*Sw. företagsrekonstruktion*) or bankruptcy (*Sw. konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or another Group Company in relation to any of the liabilities of the Issuer or a Group Company under the Finance Documents. Such steps may only be taken by the Agent.

25.2 Clause 25.1 shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 22.1.2), such actions within a reasonable period of time and such failure or inability is continuing, however, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or by any reason described in Clause 22.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 22.2.13 before a Bondholder may take any action referred to in Clause 25.1.

25.3 The provisions of Clause 25.1 shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 12.5 (*Mandatory repurchase due*

to a *Change of Control* or a *De-listing Event (put option)*) or other payments which are due by the Issuer to some but not all Bondholders.

## **26. TIME-BAR**

- 26.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been time-barred and has become void.
- 26.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

## **27. NOTICES AND PRESS RELEASES**

### **27.1 Notices**

- 27.1.1 Any notice or other communication to be made under or in connection with the Finance Documents:
- (a) if to the Agent or the Security Agent, shall be given at the address registered with the Swedish Companies Registration Office (Sw. *Bolagsverket*) on the Business Day prior to dispatch or, if sent by email by the Issuer, to such email address as notified by the Agent or the Security Agent (as applicable) to the Issuer from time to time;
  - (b) if to the Issuer, shall be given at the address registered with the Swedish Companies Registration Office (Sw. *Bolagsverket*) on the Business Day prior to dispatch or, if sent by email by the Agent or the Security Agent, to such email address as notified by the Issuer to the Agent or the Security Agent from time to time; and
  - (c) if to the Bondholders, shall be given at their addresses as registered with the CSD (or in relation to courier or personal delivery, if such address is a box address, the addressee reasonably assumed to be associated with such box address), on the Business Day prior to dispatch, and by either courier delivery or letter for all Bondholders. A notice to the Bondholders shall also be published on the websites of the Issuer and the Agent.
- 27.1.2 Any notice or other communication made by one Person to another under or in connection with the Finance Documents shall be sent by way of courier, personal delivery or letter (and, if

between the Agent or the Security Agent and the Issuer, by email) and will only be effective, in case of courier or personal delivery, when it has been left at the address specified in Clause 27.1.1 or, in case of letter, three (3) Business Days after being deposited postage prepaid in an envelope addressed to the address specified in Clause 27.1.1 or, in case of email to the Agent, the Security Agent or the Issuer, when received in legible form by the email address specified in Clause 27.1.1 save that any notice or other communication sent by email that is sent after 5.00 pm in the place of receipt shall be deemed only to become effective on the following day.

27.1.3 Failure to send a notice or other communication to a Bondholder or any defect in it shall not affect its sufficiency with respect to other Bondholders.

## 27.2 **Press releases**

27.2.1 Any notice that the Issuer or the Agent shall send to the Bondholders pursuant to Clauses 12.3, 12.4, 13.3(b), 16.10.6, 17.4, 18.15, 19.1, 20.1, 21.3, 22.2.13 and 22.4.1 shall also be published by way of press release by the Issuer or the Agent, as applicable.

27.2.2 In addition to Clause 27.2.1, if any information relating to the Bonds, the Issuer or the Group contained in a notice that the Agent may send to the Bondholders under these Terms and Conditions has not already been made public by way of a press release, the Agent shall before it sends such information to the Bondholders give the Issuer the opportunity to issue a press release containing such information. If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Bondholders, the Agent shall be entitled to issue such press release.

## 28. **FORCE MAJEURE AND LIMITATION OF LIABILITY**

28.1 None of the Agent, the Security Agent or the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a “**Force Majeure Event**”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent, the Security Agent or the Issuing Agent itself takes such measures, or is subject to such measures.

28.2 The Issuing Agent shall have no liability to the Bondholders if it has observed reasonable care. The Issuing Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.
