RISK FACTORS

*The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Bonds, in order to make an informed investment decision. The risk factors set forth below are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific to Nordiska kreditmarknadsaktiebolaget (publ) (the “**Issuer**” or the “**Company**” and together with its direct and indirect subsidiaries and branches, the “**Group**”), the Group or the Bonds.*

The assessment of how the Issuer, the Group or the Bonds are affected by each risk factor is presented by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact. The materiality is presented on a qualitative scale as being “low”, “medium” or “high”. All risk factors described below have been assessed by the Issuer to be material and specific to the Issuer, the Group and the Bonds in the meaning of Regulation (EU) 2017/1129.

The most material risk factor in a category is presented first under that category, whereas subsequent risk factors in the same category are not ranked in order of materiality. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

RISKS RELATING TO THE GROUP

Risks relating to business activities

Liquidity and funding risk

Liquidity risk arises when the maturities of the assets and liabilities do not match (maturity mismatch) and the company is unable to fulfil its payment obligations when due without a significant increase in the cost of funding. The Group’s growth depends to a large extent on obtaining new deposits from customers, being the main source of funding of the Group. As of 31 March 2021, deposits from the public amounted to approximately SEK 4,250 million representing approximately 91 per cent. of the Group’s consolidated balance sheet total.

The risks in relation to the access to liquidity and funding consist primarily of the risk that the Company does not attract a sufficient amount of deposits in order to finance its business. The Group’s ability to offer customer deposits is to a large extent influenced by monetary policy implemented by European central banks. Especially at times of prolonged periods of low repo rents, the Group might not be able to offer customers attractive interest rates. As such, the Group’s deposit products may appear as a less attractive investment option for customers seeking higher returns than the Group can deliver by way of deposits and consequently to a loss of customers and thereby liquidity and funding.

Except for certain fixed rate savings accounts such as Nordiska Fix, no limits are imposed on customers’ withdrawals of deposited money. As such, the Group is at risk of ending up in a liquidity crisis in case of a general “bank run”, where the customers with short notice withdraw their deposits. Such “bank run” could be due to several factors, for instance to a rapid decrease in the confidence in the Company’s ability to meet its future payment obligations or uncertainty of the resilience of the financial sector in general.

Should the group fail to attract new deposit customers or fail to replace withdrawing customers’ deposits this would materially and adversely affect the Group’s possibility to provide loans to the public or sustain growth in its operations. Consequently, a reduction in the availability of funds on the market would adversely affect the Group’s growth in both existing and new markets and the Group’s business and ultimately its results of operation and financial condition would be materially adversely affected.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *high*.

Credit risk

Credit risk is the risk that debtors fail to meet their obligations towards the Company and the Group. The Group's operation is comprised of two main business segments; the corporate business segment and the partner business segment. In the corporate business segment, the Company provides loans to small and medium-sized enterprises backed up by collateral, primarily in real estate. In the partner business segment, the Company provides lending to customers (where approximately 70 per cent. are consumers) conveyed by the Company's partners. An application for a loan by the end-customer to one of the Company's partners is consequently an application for a loan to the Company. The Company's partners act as an intermediary and the loan is therefore extended directly by the Company to the end-borrower. Within the partner business segment, the Group's partners, i.e. the intermediaries, are, by way of separate forward flow agreements, contractually obliged to purchase defaulted loans 90 days past due. In case of default by the end-borrower, and if the portfolio as a whole does not yield sufficient monies to cover the credit loss, the Group consequently takes on a credit risk towards the entire portfolio of borrowers and in last instance its partners fulfilment of the forward flow sale. In certain partner structures, the forward flow agreement is with a third party, and the shortfall between sales prices and principal outstanding balance is covered by way of deduction of the intermediary fee. In addition to the corporate business segment and the partner business segment the Company, to a lesser extent, offers factoring solutions.

As per 31 March 2021, the Group's total loans to the public amounted to approximately SEK 3,226 million, whereof about SEK 2,305 million related to the Group's partner business segment. The Group's total loans to other credit institutions amounted to approximately SEK 433 million. In 2020, the Group's total confirmed net credit losses amounted to approximately SEK 1.6 million. As of 31 December 2020, the provision for expected credit losses in the Group amounted to SEK 44,823,340. Expected credit loss is calculated as a function of the probability of default, exposure to default, losses in the event of default and the timing of the default. The provision is based on previous events, current conditions and forecasts of future economic conditions. However, the volume of historical credit losses or expected credit losses is not an indication as to future credit losses.

In order to manage credit risks, the Company is dependent on continuous monitoring of its loan portfolio. The Group is also dependent on a robust and well-functioning credit approval process and that its credit policies and routines are apt to address credit risks from time to time. To some extent, the Group also sells past due loans to debt collectors and thereby realises expected loan losses which entail that the Group is dependent on being able to sell such non-performing loans at favourable prices.

Credit risks could materialise where current and future debtors end up in a financial situation where they cannot pay amounts owed to the Group as they fall due, or otherwise abstain from fulfilling their obligations. Failure to pay debt obligations as they fall due could be a result of a general financial downturn, which, in turn, could be due to macro-economic factors such as unemployment or over-indebtedness in society at large.

The issuer estimates that the credit risk is the most significant risk to which the business is exposed. Should a large number of debtors simultaneously be unable to fulfil their obligations, or should the debtors' financial situation deteriorate in such manner that credit quality expectations cannot be met, there is a risk of significant loss, especially where non-performing loans cannot be sold to debt collection companies or if such loans can only be sold at unfavourable prices. Should any of the aforementioned risks materialise, it would have a material adverse effect on the Group's business and financial position.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Dependency on financial intermediaries

The Company's partner business segment constitutes approximately 60 per cent. of the Group's total revenue and the partner business segment's share of total revenue is expected to grow in the future as the majority of the Group's growth is generated within this business segment. The partnership agreements are typically entered into for a period

of 24-36 months. Prior to entering into a new partner collaboration, the Company assesses the partner's ability to comply with all applicable regulation and an evaluation of the partner from *inter alia* a credit risk perspective is conducted. Within the partner business segment, the end-customer engagement and loan administration is managed mainly by the partner and provided that the end-customer meets the credit criteria adopted by the Company and agreed by the partner (such credit criteria also being based on the Group's general credit policy), the Company will extend the loan to the end-customer. The partner is entitled to all interest on the loan minus the Company's agreed fees. Consequently, loans extended to, and therefore revenue generated from, new end-customers is dependent on the Group's partners' ability and willingness to attract new customers. There is a risk that these partners will be unsuccessful in their marketing and fail to attract new end-customers to the Group. Furthermore, should the end-customer be dissatisfied with the Group's partner there is a risk that such customer turn to other financial institutions or other intermediaries (which the Group has no partnership agreements with) in the future or refinance the loan with another lender. In addition, there is a risk that a partner terminates its agreement with the Group and that the Group is unable to replace such partner in a timely manner or on acceptable terms. There is also a risk that these partners obtain their own credit institution licenses in the future and will therefore no longer require the products and services offered by the Group.

Should one or more of the aforementioned risks materialise, it could significantly disrupt the Group's business and have a material adverse effect on the Group's business results of operation, and in the long term, future prospects.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Potential loss due to the outbreak of the coronavirus

The outbreak and global spread of COVID-19 has had significant impact on the markets where the Group operates (primarily Sweden but also to some extent Finland and Germany), and has created volatility and disruption in the financial markets. Governments in Sweden and across the world have imposed measures designed to contain the outbreak which have had significant impact on the global economy.

The primary risk in relation to the Group's operation due to COVID-19 is increased future credit losses related to a deterioration in macroeconomic development due to the pandemic. Customers' financial situation may be distressed resulting in a reduced ability to meet their payment obligations. Despite the Company's good results for the financial year 2020, the board decided, partly because the full effects of the ongoing COVID-19 outbreak are still unclear, that no dividends would be paid during 2020.

The duration and the consequences of the COVID-19 pandemic can not yet be fully assessed, as it is affected by a number of rapidly changing factors outside of the Group's control. Uncertainty about the economic consequences of the pandemic remains high and it cannot be ruled out that the Group's operations, new lending and credit losses may be further negatively affected by the pandemic in the future.

If the pandemic continues over a prolonged period of time, the adverse impact on the global economy could deepen and result in further decline of the financial markets. This could in turn have material adverse effects on the Group's business, results of operations and financial position as well as overall future prospects.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Risks relating to carrying out operations in a highly competitive market

The Group operates in an industry that is characterised by a high degree of competition and innovation. As of 31 December 2020, 86 per cent. of the Group's lending exposure was to borrowers in Sweden. The Group also conducts business in Finland (lending only) and Germany (deposits only) and may in the future enter into new geographical markets. In the Group's main market, Sweden, there are well-established and sophisticated full service-banks, as well as niche loan providers that have particularly prominent competitive positions. There is a wide range of

competitors targeting the Company's main markets; loans to small and medium sized companies and consumer loans (through partners). As a niche loan provider, the Company may not be able to compete with competitors that offers a more diversified product portfolio. There is also a risk that the market become even more competitive due to for example consolidation or that competitors to a larger extent target the Company's current or future partners within the partner business segment with a more competitive offering. Intensive competition has in the past, and may in the future, push profit margins and thereby net income downwards. Some of the Group's competitors may have larger and more established customer bases and substantially greater financial, marketing and other resources than the Group. As a result, the Group could lose market shares to such competitors and revenues could decline, adversely affecting the Group's ability to generate sufficient cash flow to fund expansion of its operations. This, in turn, would have a material adverse effect on the Group's business, results of operation, financial condition and future prospects.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Risks related to reputational damage and public perception

Consumer protection bodies, consumer advocacy groups, media reporting, and several European Union and international regulators have initiated and advocated action to prohibit or restrict consumer lending. Such efforts have in particular focused on lenders that target customers who have short-term liquidity needs and, in many cases, low levels of personal savings and income, and lenders charging consumers imputed interest rates and fees, which, on an annualised basis, are significantly higher than those charged by credit card issuers or banks to more creditworthy consumers. Although, the Group does not target such customers, there is a risk that the Group could be adversely affected by negative publicity associated with such business operators. There is also a risk that future restrictive measures are designed to target the activities carried out by the Group, which could force the Group to make changes to its business model.

Furthermore, as all the end-customer contact within the partner business segment is conducted by the partners, the Group's business is largely dependent on the public's perception of such partners. Controversy and unfavourable public opinion of the Group's partners may lead to reduced volumes of end-customers being sourced from such partners to the Group.

The financial services industry is often subject to public debate and controversy, for example in relation to its work to combat money laundering or terrorist financing. There is a risk that the general public debate regarding the financial services industry in general may adversely affect the perception of the Group.

Negative publicity may increase the number of customer complaints directed at the Group. The handling of such complaints require time and resources, all of which increase costs. Adverse media reporting or increased regulatory pressure as described above could consequently adversely affect the general public's perception of the Group's business which could cause a decreased demand for the Group's services. Reputational damage could also impair the Group's access to funding by way of affecting the perception by any future external creditors or investors in the Group.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Risk relating to dependency on IT infrastructure

The Company aims to be in the forefront of the digitalisation of the financial services industry. Information technology is developing rapidly and is characterised by short product life cycles. There is a risk that the Company fails to foresee, manage or implement technical changes at all or fast enough in order to be competitive.

The Company depends on the uninterrupted and efficient operation of its information and communications system, including information technology in order to manage critical business processes, such as credit assessments and various administrative functions. The Group is highly dependent on third-party providers of IT infrastructure in

order to conduct its business. Some technical platforms used by the Group, required for example in order to assess customer credit-worthiness in the partner business segment, are also developed in-house and maintained by the Group. This technology requires maintenance and supervision and substantial investments.

There is a risk that prolonged network failure or server downtime, cyber attacks such as malware or ransomware attacks or other disruptions or failures in the Group's IT systems could occur, which would have a negative impact on the Group's operations, including the extension of new loans. Failure in the Group's IT systems, or failure by the Group's third party IT-suppliers to meet its obligations towards the Group, could cause transaction and credit assessment errors as well as loss of customers and business opportunities. In addition, there is a risk that the aforementioned IT failures cause unauthorised disclosure of confidential customer information, which would result in customer or counterparty claims, administrative fines and reporting obligations under for example applicable data protection laws as well as reputational damage. Should any of the above risks materialise, it would have a negative effect on the Group's business and results of operation.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Risk relating to future acquisitions

Nordiska has created a platform which facilitates smooth growth and development opportunities through, amongst others, acquisitions of financial entities or portfolios. Nordiska is therefore actively looking into different acquisition opportunities to further its business both in and outside Sweden. Acquisitions can also be made in order to initiate a collaboration with a new partner. Any acquisition is being diligently and carefully evaluated and may be subject to competition clearance. Acquisitions in excess of 10 per cent. of Nordiska's own funds (Sw. kapitalbas) shall be reported to the Swedish Financial Supervisory Authority (Sw. Finansinspektionen). In addition, each acquisition in excess of 25 per cent. of Nordiska's own funds requires approval by the Swedish Financial Supervisory Authority. Furthermore, any acquisition of another regulated institution requires a formal ownership and management suitability assessment by the Swedish Financial Supervisory Authority.

During the past year, Nordiska has evaluated a number of potential acquisitions of various magnitude and significance. The greater portion has consisted of smaller businesses and portfolios but a few more significant targets have also been evaluated whereof one with a significantly higher value than the current balance sheet total of the Group. However, none of these opportunities have materialised for different reasons. Nordiska will continue to carefully explore different opportunities and are currently engaged in two potential acquisition processes where one is significant (the value being multiple times higher than the balance sheet total of Nordiska). Hence, if Nordiska would end up making a significant acquisition it would have a material effect on Nordiska's balance sheet, financial standing and financial performance, thereby exposing Nordiska to risk. Nordiska would finance the acquisition through a combination of own funds as well as a new issue of shares in Nordiska. A new issue of shares could also have a significant effect of the ownership structure of Nordiska. However it is not certain that Nordiska will acquire any new business or company at all.

The true future value of a target company, the risk exposure or business may prove to be difficult to properly estimate at the time of the acquisition. Acquisitions are also subject to inherent risks including that (i) expectations of future development may prove to be wrong, (ii) the integration process of the acquired company is not as successful as anticipated, (iii) risks material to a credit market company such as credit losses, liquidity constraints or regulatory issues are misjudged or overlooked or (iv) events deemed to be uncertain or unlikely materialise. In addition, there is a risk that key employees of acquired companies will leave the acquired company as a result of the acquisition by the Group. Furthermore, the acquisition process may divert management's attention from day to day business and may result in the incurrence of additional debt. Successful growth through acquisitions and integration of new businesses is dependent on, *inter alia*, the Group's ability to identify suitable targets, identify and appropriately value the risks associated with the acquisition and negotiate the purchase agreement on favourable terms. Unforeseen or misjudged acquisition-related risks may require the Issuer to make further capital contributions and could result

in reduced profitability or cash flow from an investment, which could have a significant negative impact on the Group's results.

When completing acquisitions, a discrepancy between the purchase price and the fair value of assets acquired and liabilities assumed is recognised as goodwill. Where the target business, for instance, has a successful brand, good customer base, well-functioning customer relations, good employee relations, and proprietary technology, the purchase price is more likely to deviate from the fair value of the acquired business assets. Changed conditions such as poorer growth or profitability than expected may mean that a write-down becomes necessary. If an asset is not considered correctly valued during such an impairment test this could have a negative effect on the Issuer's distributable profits and consequently its ability to make payments of interest under the Bonds.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Risks relating to debt collection and overdue loans

As described under risk factor "Credit risk" above, some of the Group's loans that are overdue and not paid by the debtors are sold to debt collection companies. Hence, the extent to which the Group can control credit risk by way of realising expected credit losses partly depends on its ability to sell non-performing loans to debt collectors on favourable terms. The Group also operates its own debt collection company, Notia. Notia is handling collection claims above SEK 300,000 whereas claims below SEK 300,000 is typically outsourced to third party debt collectors. Notia only serves the Group's internal debt collection, i.e. Notia has no customers outside of the Group. The Group has in June 2021 established a debt collection joint venture together with a business partner in order to obtain even higher returns on its debt collection and to strengthen its in-house competence in relation to debt collection matters. Nordiska has thus acquired 48 per cent. of the outstanding shares in a debt collection agency, which in turn commenced its business in 2021. There is however a risk that the Group is unsuccessful in obtaining an acceptable price from the debt collectors for its overdue loans.

Within the partner business segment the partner, or (if applicable) a third party, is contractually obliged to fully indemnify the Group for any incurred credit losses, by way of forward sales. There is a risk that the Group fails to appropriately assess its partners' credit worthiness. In order to control the risk towards its partners in relation to inability to perform its obligations under the forward flow agreement, the partners typically deposit approximately 10-15 per cent. of the principal of the loans extended to the end-customer as cash collateral. In case an end-customer is more than an agreed period (typically 60-75 days) overdue with payments under the loan, such cash collateral is increased to 100 per cent. of the principal of the loan. If payment from an end-customer is more than, typically, 90 days overdue, the Group retrieves the purchase price from the deposited cash collateral. Consequently, there is a risk that the Group's partners fail to compensate the Group by posting cash collateral, which could result in the Group having to turn to alternative ways of debt collection.

If the debt collectors and/or partners with whom the Group collaborate cease to cooperate with the Group or fails to meet its obligations or the Group's expectations and/or if the Group fails to replace such debt collectors/partners in a timely manner and on favourable terms, it would adversely affect the Group's debt collection and ability to minimise credit losses.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *low*.

Risks related to consumers' financial position and spending power

As of 31 December 2020, lending to private persons, within all business segments of the Group (primarily through the partner business segment), amounted to SEK 1,782 million, which as of 31 December 2020 constituted approximately 64 per cent. of all the Group's lending to the public. The demand for loans by consumers may decline due to a variety of factors, such as regulatory restrictions that decrease customer access to loans, the availability of competing products or changes in customers' preferences or individual customers' financial conditions.

Furthermore, there is a risk that a financial crisis, a general economic downturn, as well as rising unemployment levels could adversely affect the financial position and spending power of individuals that otherwise would be deemed creditworthy according to the Group's credit assessments. Such adverse developments would likely cause the number of customers who qualify for consumer loans to decline. Deteriorations in consumer confidence and spending power may also decrease the actual amounts that consumers are able or willing to deposit in savings deposit accounts in the Group, which in turn would affect the Group's funding and liquidity. Should any of the above risks materialise, it could have a material adverse effect on the Group's business, results of operation and financial position.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *low*.

Risks relating to the assessment of customers' creditworthiness

The ability to assess customers' creditworthiness constitutes an integral part of Group's lending operations, and the Group relies on its ability to correctly analyse and score customers' creditworthiness. Prior to issuing a loan, the Group makes an assessment of the customer's ability to repay the loan, the concentration risk (i.e. the risk that arise from the Company having receivables from counterparties with a dependence on each other such as, for example, concentrations in a specific industry or region), and the security (if any) that is provided for the loan. A sensitivity analysis is also conducted to ensure that the borrower has sufficient margin for the amortisations and payment of interest. The Company's credit assessment is based on the credit policy adopted by the board of directors and credit instruction adopted CEO from time to time. The Company's on boarding process within the corporate business segment typically involves a physical meeting with the customer and site visits where the credit risk and the security is assessed. The Company's on-boarding process within the partner business segment is carried out by the Company's automated IT systems set to assess the applicant's (the end-customer's) creditworthiness against the loan criteria agreed between the Company and the relevant partner. The credit approval process within the partner business segment is carried out instantaneous.

Consequently, an accurate assessment of creditworthiness is key to maintain profitability. There is a risk that the Group's credit policies and credit assessments may prove to be incorrect. This could be due to factors such as internal failure in relation to risk management or that the Group's technical platforms experience business interruptions or other technical failure. If any estimates in relation to customers' creditworthiness prove incorrect, customer default rates may increase, or loans extended may be incorrectly priced, which would increase the Group's credit losses and decrease net income and in turn negatively affect the Group's financial position.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *low*.

Risk relating to the ability to attract and retain talent

The Group's success depends on its employees, in particular key management personnel. The Company operates a slim organisation and the number of employees during 2020 averaged 30 people. Familiarity with internal processes and operational expertise in relation to the Group's business are key factors for the efficiency of the Group's operation. Furthermore, the Group's key employees within risk management and compliance are crucial in order for the Group to comply with the complex regulatory environment to which it is subject.

As a company which aims to be in the front of technological development in the financial services industry, the Group is also to a large extent dependent on the ability to retain and recruit employees with a with a high level of technical competence. However, there is a lack of certain competences in the financial services industry market generally, such as IT personnel. This leads to risks for high staff turnover and difficulties to retain certain key employees and the replacement of such employees could be costly and time consuming.

If persons in the senior management or any key employees would leave the Group, the Group might be unable to hire replacement employees with sufficient level of familiarity with the Group's internal processes and operational

expertise. There is also a risk that any measures applied by the Group to motivate or retain its personnel are not sufficient. Should the above risks materialise, the Group may be unable to pursue its business operations as planned which would have a material adverse effect on its future business and financial position.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *low*.

Legal and regulatory risks

Dependency on license to conduct banking business

The Company is a credit market company with a licence issued by the SFSA to conduct financing business in accordance with the Swedish Banking and Financing Act (2004:297). The SFSA conducts its supervision in accordance with the applicable regulatory framework, and such supervision has in the past and may in the future include comprehensive inquiries and investigations in relation to the Group's operations and could ultimately cause the SFSA to intervene in the Group's business by way of, for example, dismissing board members. As a result of intervention, the SFSA may issue injunctions, restrictions, official remarks and warnings, but it is also under certain circumstances authorised to withdraw the Company's operating license.

The Group is dependent on its license with the SFSA to carry out its business. Such license, in addition to being required in order to conduct its operations, also increases customer confidence and provides reputational benefits. In case the Company would breach its licence requirements, there is a risk that such license is restricted or even withdrawn by the SFSA. If the license would be withdrawn, it would jeopardize the Group's entire business and existence, as it may be required to cease a majority or all or a significant part of its current operations. Other measures taken or imposed by the SFSA could also cause significant reputational risk, which could harm the Group's business, financial condition and results of operations.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Regulatory requirements and compliance

The Company is subject to a comprehensive and complex array of regulations, which aim to ensure enhanced risk management among financial institutions. Such regulatory requirements include, among other things, license requirements, restrictions on co-operations with external parties e.g. loan brokers or partners, and general consumer protection legislation. The diversity of the legal framework results in legal and regulatory risks. In order to be compliant with rules and regulation to which the Group is subject, the Group depends on its continuous assessment of the legal framework and its impact on the Group's operations in all jurisdictions in which the Group operates. There is a risk that the Company will not be in compliance with all rules, regulations, policies and guidelines at all times. Some breaches may also, in whole or in part, be due to circumstances outside of the Group's control. For example, if a member of the board resigns, the composition of the board of directors may no longer meet the legal requirements.

Should the Group fail to be in compliance with applicable law, it could result in claims from counterparties as well as administrative action and/or fines. Regulatory breaches could also result in significant reputational harm. Where the Group seeks to expand its operations into new segments and geographies, there is a risk that the Group fails to address new or additional legal requirements in a timely or accurate manner. Legal requirements for initiating credit business may differ significantly across different jurisdictions, for instance with respect to license requirements. Failure to comply with local legal requirements may have a significant material adverse effect on the Group's business, reputation and future prospects. Such failure may also result in unforeseen or additional costs, which would adversely affect the Group's results of operation.

The Issuer is subject to capital adequacy regulations, pursuant to which regulated entities shall establish a comprehensive and risk-sensitive legal framework and ensure adequate risk management. The framework legislation

of the EU Capital Requirements Directive 2013/36/EU (as amended by the EU Directive 2019/878) and the EU Capital Requirements Regulation No 575/2013 (as amended by the EU Regulation 2019/876) (together the “**CRD**”), is supplemented by a range of EU and local law legislation as well as regulations issued by local competent supervisory authorities, such as the SFSA. The capital adequacy framework includes, *inter alia*, minimum capital requirements for components in the Company’s capital base with the highest quality: common equity tier 1 capital, additional tier 1 capital and tier 2 capital. The CRD also includes requirements concerning leverage ratios, counterparty risk and market risk. Furthermore, the regulatory framework applicable to the Company’s business is constantly changing and the full set of regulatory requirements including capital adequacy rules continues to evolve. Adherence to such regulatory requirements may force the Issuer to issue additional capital instruments as well as restrict its operations in order to maintain any pre-defined ratios.

Serious or systemic deviations by the Company from applicable rules and regulation, some of which has been described above, could lead to the SFSA, or any other competent authority, taking restrictive measures or issuing fines, which in turn would have a material adverse effect on the Group’s ability to conduct its business and would adversely affect the Group’s financial position and future prospects. Further, an increase in the capital and liquidity requirements could have a negative impact on the Company’s liquidity and funding (by requiring the Group to hold more expensive capital and liquidity buffers) and thereby its financial condition and result of operations. There is also a risk that such means of obtaining capital are unavailable when needed, on satisfactory terms or at all, which could put the Issuer at risk of being in breach with the capital adequacy requirements.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Money laundering and terrorist financing

The potential risk that a financial institution’s services are used for money laundering or terrorist financing have attracted significant attention and media coverage in the past. Criminal activity in the financial services industry has increasingly uncovered in recent years with large fines and other administrative actions being taken as a result. Counteracting money laundering and terrorist financing is a highly prioritised area within the EU and the regulatory framework in this area is constantly evolving. The applicable legal framework has become stricter and several supervisory authorities have devoted significant resources towards investigation of financial entities’ compliance and work with anti-money laundering (“**AML**”) and counter-terrorist financing (“**CTF**”) regulations. The Group is subject to Swedish AML and CTF regulation including regulations issued by the SFSA. The group is obliged to implement comprehensive internal measures for customer due diligence, monitoring of customers and transactions as well as reporting of suspicious transactions. The requirements are detailed and the Group must allocate substantial resources in order to comply with the external requirements as well as to maintain internal routines and guidelines for managing day-to-day operations. There is a risk that the Group’s procedures, internal control measures and guidelines to comply with AML and CTF requirements are insufficient or inadequate. There is also a risk that new or increased requirements will affect or restrict the Group’s operations, or require the Group to further adapt its existing practices and procedures and allocate additional resources to manage compliance.

Breaches of applicable AML and/or CTF regulation could result comprehensive investigations, remarks or warnings and/or significant administrative fines being imposed by the SFSA or even withdrawal of necessary operating licences, which would have a material adverse effect on the Group’s business, results of operations and financial position.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Data protection and privacy laws

As a part of its business operations, the Company processes large amounts of personal data for commercial purposes, for example when assessing a natural person’s credit application. The Group’s ability to collect and use personal

data is however affected, and to some extent restricted, by the provisions set out in Regulation (EU) 2016/679, the General Data Protection Regulation ("GDPR") and other applicable privacy laws. The Group has historically allocated substantial resources for compliance with the requirements under the GDPR, by way of, for example, appointing designated persons responsible for handling policies and guidelines in respect of personal data. Failure to comply with the GDPR could result in fines amounting to a maximum of EUR 20,000,000 or 4 per cent. of the Group's global turnover (whichever is higher). Failure to comply with the requirements could also result in private claims from the relevant registered individual. A failure by the Group to comply with the requirements under the GDPR may thus have a material adverse impact on the Group's business and results of operation, as well as result in reputational damage, especially due to the magnitude of the Group's processing of personal data. In addition, there is a risk that relevant competent authorities gain increased supervisory powers and that more comprehensive administrative measures may be taken in the future, which in turn could adversely affect the Group's business and divert management's attention from the day-to-day operations.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *low*.

RISKS RELATING TO THE BONDS

Risks related to the nature of the Bonds

Interest payments on the Bonds may be cancelled by the Issuer

Any payment of interest in respect of the Bonds shall be payable out of the Issuer's distributable items and (i) may be cancelled, at any time, in whole or in part, at the option of the Issuer acting in its sole discretion and notwithstanding that it has distributable items or that it may make any distributions pursuant to the applicable regulation, or (ii) will be mandatorily cancelled to the extent so required by applicable regulation.

Any cancellation of interest (in whole or in part thereof) shall in no way limit or restrict the Issuer from making any payment of interest or equivalent payment or other distribution in connection with any instrument ranking junior to the Bonds (including, without limitation, any common equity tier 1 capital) or in respect of any other additional tier 1 capital instruments. In addition, the Issuer may without restriction use the funds that could have been applied to make such cancelled payments to meet its other obligations as they become due.

As a result, there is a risk that the payments of interest is cancelled. Following any cancellation of interest as described above, Bondholders shall have no right thereto or to receive additional interest or compensation. Furthermore, no cancellation of interest in accordance with the terms of the Bonds shall constitute a payment default or otherwise entitle the Bondholders to take any action against the Issuer or put the Issuer into bankruptcy.

Any actual or anticipated cancellation of interest on the Bonds will likely have an adverse effect on the market price of the Bonds. In addition, as a result of the interest cancellation provisions of the Bonds, the market price of the Bonds is likely to be more volatile than the market prices of other debt securities on which interest accrues that are not subject to such cancellation.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *high*.

Loss absorption following a trigger event

If at any time the common equity tier 1 ratio has fallen below 5.125 per cent., in case of the Issuer or 7.00 per cent., in case of the Issuer's consolidated situation (if applicable), this constitute a "trigger event" and the total nominal amount of the Bonds shall be reduced by an amount sufficient to restore the common equity tier 1 ratio of the Issuer and/or, if applicable, the Issuer's consolidated situation to at least 5.125 per cent or 7.00 per cent (as applicable). Such write-down of the Bonds is likely to result in a Bondholder losing some or all of its investment.

The Issuer and/or the SFSA may determine that such a trigger event has occurred on more than one occasion and the nominal amount of the Bonds may consequently be written down on more than one occasion. Further, during any period when the then nominal amount of a Bond is less than the initial nominal amount, interest will accrue on, and the Bonds will be redeemed on, the then nominal amount of the Bonds.

The Issuer's and/or the SFSA's calculation of the common equity tier 1 ratio of the Issuer, and therefore its determination of whether a trigger event has occurred, shall be binding on all Bondholders who shall have no right to challenge the published figures detailing the common equity tier 1 ratio of the Issuer.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *high*.

The Issuer's obligations under the Bonds are subordinated

The Bonds constitute deeply subordinated unsecured obligations of the Issuer. In the event of the voluntary or involuntary liquidation or bankruptcy of the Issuer, the rights of the holders of the Bonds ("**Bondholders**") are subordinated in right of payment to the claims of depositors and other unsubordinated creditors of the Issuer as well as any subordinated creditors of the Issuer whose rights are expressed to rank in priority to the Bondholders by statute or regulation.

The Bonds rank *pari passu* with all other liabilities or capital instruments which constitute additional tier 1 capital (Sw. *primärkapitaltillskott*) of the Issuer other liabilities or capital instruments of the Issuer that rank or are expressed to rank equally with the Bonds. The Bonds however rank junior to any tier 2 capital (Sw. *supplementärkapital*) of the Issuer.

In the event of a liquidation or bankruptcy of the Issuer, the Issuer will be required to pay its depositors and its unsubordinated creditors in full before it can make any payments on the Bonds, where after the Bondholders normally would receive payment *pro rata* with other unsecured creditors. In the event of the voluntary or involuntary liquidation or bankruptcy of the Issuer, there is a risk that the Issuer does not have enough assets remaining after payments to senior ranking creditors have been effected, in order to pay the amounts due under the Bonds. No Bondholder who is indebted to the Issuer shall be entitled to exercise any right to set-off or counterclaim against moneys owed by Issuer in respect of the Bonds held by such Bondholder. As a result, there is a risk that the Bondholders will lose some or all of their investments in the Bonds.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Interest rate risk

The value of the Bonds depends on several factors, one of the most significant being the level of market interest over time. Potential investors in the Bonds are hence dependent on a favourable and stable general market interest rate over time in order to sustain profitability in respect of its investment. Subject to replacement of base rate provisions of the terms of the Bonds, the Bonds bear interest at a floating rate of 3 month STIBOR (or any base rate replacing STIBOR, as applicable) plus a margin and the interest rate of the Bonds is determined two business days prior to the first day of each respective interest period. Hence, the interest rate is to a certain extent adjusted for changes in the level of the general interest rate.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial and contracts or to measure the performance of investment funds) (the "**BMR**"). The implementation of the BMR will lead to that certain previously used benchmarks, such as LIBOR, will be discontinued, leading to that, *inter alia*, existing financing arrangements may need to be renegotiated or terminated. There is a risk that also STIBOR will be discontinued in the future, or that alternative benchmark rates will dominate market practice, leading to uncertainties in relation to the interest rate payable in relation to the Bonds. Increased or altered regulatory requirements and risks

associated with the BMR (as amended) involve inherent risks as the effects cannot be fully assessed at this point in time. There is a risk that future developments in relation to STIBOR cause volatility in STIBOR, which would affect the interest rate for the Bonds.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Substitution or variation of the Bonds

Subject to the terms of the Bonds and the prior written consent of the SFSA, upon the occurrence of a Capital Disqualification Event or Tax Event (in each case as defined in the Terms and Conditions), the Issuer may, at its option and without the consent or approval of the Bondholders, elect to substitute or vary the terms of all (but not some only) outstanding Bonds for, or so that they become or remain, as applicable, Qualifying Securities (as defined in the Terms and Conditions).

There is a risk that, due to the particular circumstances of each Bondholder, any Qualifying Security will be less favourable to the Bondholders in all respects or that a particular Bondholder would not make the same determination as the Issuer as to whether the terms of the relevant Qualifying Security is not materially less favourable to Bondholders than the terms of the relevant Bonds. The substitution or variation of the Bonds may thus lead to changes in the Bonds that have effects that are less favourable in the opinion of a Bondholder. The Issuer bears no responsibility towards the Bondholders for any adverse effects of such substitution or variation (including, without limitation, with respect to any adverse tax consequence suffered by any Bondholder). The degree to which the Bonds may be substituted or varied is uncertain and presents a highly significant risk to the return of the Bonds.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Liquidity risks and listing of the Bonds

Pursuant to the Terms and Conditions the Issuer must use its best effort to list the Bonds on the corporate bond list of Nasdaq Stockholm, or if such admission to trading is not possible to obtain or maintain, on another regulated market within 60 days after the Issue Date and with an intention to complete such listing within 30 days after the Issue Date. However, there is a risk that the Bonds will not be admitted to trading in the aforementioned time frame or at all. If the Issuer fails to procure listing in time, investors holding Bonds on an investment savings account (Sw. *ISK or IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation. Furthermore, if the Issuer fails to procure listing in time, investor in the Bonds will have no right under the Terms and Conditions to take action against the Issuer or to accelerate the Bonds.

Further, even if the Bonds are admitted to trading on a regulated market, active trading in the Bonds does not always occur and hence there is a risk that a liquid market for trading in the Bonds will not form or will not be maintained, even if the Bonds are listed. This risk is particularly prominent in times of volatility at the capital markets. As a result, the Bondholders may be unable to sell their Bonds when desired or at a favourable price level that allows for a profit comparable to similar investments traded on an active and functioning secondary market. In connection with the issuance of the Bonds, in order to not have an over excessive capital base headroom, the Company purchased approximately one third of the total nominal amount of the Bonds on its own account. Bonds held by the Issuer, or any other Group Company, do not, in accordance with article 52(b)(i) of the CRR, constitute additional tier 1 capital of the issuer, or if applicable the Issuer Consolidated Situation. The Company may or may not sell Bonds held on its own account during the term of the Bonds. If the Company decides to dispose of Bonds held on its own account, the market price of the Bonds may decline as the demand for the Bonds at such time may not match the supply. Lack of liquidity in the market may have a negative impact on the market value of the Bonds.

Furthermore, the nominal value of the Bonds may not be indicative of the market price of the Bonds if the Bonds are admitted for trading on Nasdaq Stockholm, as the Bonds may trade below their nominal value (for instance, to allow for the market's perception of a need for an increased risk premium).

It should also be noted that during any given period of time it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to, for example, severe price fluctuations, close-down of the relevant market or trade restrictions imposed on the market.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Limited acceleration rights in respect of the Bonds

The Bondholders may only accelerate the Bonds if the Issuer is placed into bankruptcy (Sw. *konkurs*) or is subject to liquidation proceedings (Sw. *likvidation*). The Bondholders have no other acceleration rights with respect to the Bonds. Consequently, there is a risk that there are other events including events which have an adverse effect on the business, operations, assets, liabilities, conditions (financial or otherwise) or prospects of the Issuer, which will not give the Bondholders a right to accelerate the Bonds, and that may cause the market price of the bonds to decline. For instance, a payment default or an acceleration with respect to any other financial indebtedness of the Issuer or a change of control of the Issuer will not give the Bondholders a right to demand repayment of the Bonds.

Furthermore, no payments will be made to the Bondholders before all amounts due, but unpaid, to all other creditors of the Issuer ranking ahead of the Bondholders have been paid by the Issuer as ascertained by the administrator in bankruptcy (Sw. *konkursförvaltare*) or the judicial liquidator (Sw. *likvidator*).

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Call options are subject to the prior consent of the SFSA

The Issuer has the option to redeem the Bonds as from the first call date, being the date falling five years after the issue date of the Bonds. However, in order to exercise such a call option, the Issuer must obtain the prior consent of the SFSA. There is a risk that such redemption cannot be carried out at the time when needed or that would be favourable for the Group, which could force the Issuer to sustain an unfavourable financial position for a certain period of time prior to that consent can be obtained.

The Bondholders have no rights to call for the redemption of the Bonds and there is a risk that such a call will not be exercised by the Issuer. The SFSA must agree to permit such a call, based upon its evaluation of the regulatory capital position of the Issuer and certain other factors at the relevant time. There is a risk that the SFSA will not permit such a call or that the Issuer will not exercise such a call. Consequently, there is a risk that Bondholders would be required to bear the financial risks of an investment in the Bonds for a period of time in excess of the minimum period.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

The resolution act and BRRD

"Write-down and conversion and bail-in"

The Group is subject to the Swedish Resolution Act 2015 (Sw. *Lag (2015:1016) om resolution*) (the "**Resolution Act**"). The Resolution Act implements Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms "**BRRD**") into Swedish law. The Swedish National Debt Office (Sw. *Riksgäldskontoret*) (the "**NDO**") is granted significant powers in its capacity as competent resolution authority under the Resolution Act and BRRD to apply the resolution tools and exercise the resolution powers set forth in the Resolution Act. Such powers include the introduction of a statutory "write-down and conversion power" with respect to capital instruments and a "bail-in power", which will give the NDO the power to cancel or vary all or a portion of the principal amount of, or interest on, the term of and the interest payment dates of certain eligible liabilities

including tier 1 and tier 2 capital instruments. Prior to resolution under the Resolution Act, the SFSA may require bail-in.

The bail-in power can be used to recapitalise an institution that is failing or about to fail, allowing authorities to restructure it through the resolution process and restore its viability after reorganisation and restructuring. The write-down and conversion power can be used to ensure that tier 1 capital and tier 2 capital instruments fully absorb losses at the point of non-viability of an institution and before any other resolution action is taken. The Resolution Act specifies the order in which the relevant bail-in tool should be applied, which order reflects the hierarchy of capital instruments under the CRD and otherwise respecting the hierarchy of claims in an ordinary insolvency. In addition, the bail-in power contains a specific mechanism that aims at safeguarding that shareholders and creditors do not receive a less favourable treatment than in ordinary insolvency proceedings. Even where a claim for compensation is established under this “no creditor worse off” safeguard, this will be determined on the basis of an independent valuation performed after the resolution action has been taken. It is unlikely that such compensation would be equivalent to the full loss incurred by the Bondholders in the resolution and there is a risk that such Bondholders will experience considerable delay in recovering any such compensation.

The Bonds constitute unsecured obligations of the Issuer and could be subject to the bail-in power. The determination of whether all or only a part of the principal amount of the Bonds will be subject to bail-in is inherently unpredictable. There is a risk that if the bail-in tool would be applied, it could result in the cancellation of all or a portion of the principal amount of, or interest on, the Bonds and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, the Bonds into ordinary shares or other securities of the Issuer or another person, including by means of a variation to the terms of the Bonds (including their maturity date or interest rate) to give effect to such application of the bail-in tool.

Accordingly, potential Bondholders should consider the risk that the bail-in tool may be applied in such a manner as to result in Bondholders losing all or a part of the value of their investment in the Bonds or receiving different securities than the Bonds, which will be worth significantly less than the Bonds and which will have significantly fewer protections than those typically afforded to debt securities.

Moreover, the NDO may exercise its authority to apply the bail-in tool without providing any advance notice to the Bondholders. Bondholders may also have limited or no rights to challenge any decision of the NDO to exercise the bail-in power or to have that decision reviewed by a judicial or administrative process or otherwise.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Additional measures

In addition to the bail-in power and the statutory write-down and conversion power, the Resolution Act provides the NDO with broader powers to implement other resolution measures on a credit institution such as the Issuer, in the event of any distress, which may include (without limitation):

- (a) directing the sale of the bank, such as the Issuer, or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply;
- (b) transferring all or part of the business of the bank, such as the Issuer, to a “bridge institution” (a publicly controlled entity);
- (c) transferring the impaired or problem assets to an asset management vehicle to allow them to be managed and worked out over time;
- (d) replacing or substituting the bank, such as the Issuer, as obligor in respect of debt instruments;

- (e) modifying the terms of debt instruments, for instance the Bonds, (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments); and/or
- (f) discontinuing the listing and admission to trading of financial instruments, such as the Bonds.

The Resolution Act establishes a preference in the ordinary insolvency hierarchy, firstly, for insured depositors and, secondly, for all other deposits of individuals and micro, small and medium-sized enterprises held in EEA or non-EEA branches of an EEA credit institution. These preferred deposits will rank ahead of all other unsecured senior creditors of the Issuer, including the Bondholders, in the insolvency hierarchy. Furthermore, insured deposits are excluded from the scope of the bail-in powers.

The Issuer considers that the probability of the above risks occurring and the potential negative impact if the risks would materialise, is *medium*.

Event

If at any time a Trigger Event occurs, the Total Nominal Amount or the Issuer's payment obligation under the Bonds shall be written down (a "**Write-Down**").

A Write-Down shall take place on a date selected by the Issuer in consultation with the SFSA but no later than one month following the occurrence of the relevant Trigger Event unless, in accordance with the Applicable Capital Regulations, the SFSA has agreed with the Issuer in writing that such reduction and cancellation may occur after a longer period, in which case, on such date as agreed with the SFSA.

A Write-Down shall be made as a reduction of the Total Nominal Amount, where the Issuer's payment obligation under each Bond shall be reduced to a certain percentage of the Nominal Amount, and such Write-Down shall be considered to be an unconditional capital contribution (Sw. *ovillkorat kapitaltillskott*) and shall be made in consultation with the SFSA and in accordance with the rules of the CSD.

The amount of the reduction of the Total Nominal Amount on the Write-Down Date shall equal the amount of a Write-Down that would restore the CET1 Ratio of the Issuer to at least 5.125 per cent., and the CET1 Ratio of the Issuer Consolidated Situation to at least 7.00 per cent. at the point of such Write-Down, provided that the maximum reduction of the Total Nominal Amount shall be down to a Nominal Amount per Bond corresponding to SEK 0.01.

A Write-Down shall be made taking into account any preceding or imminent write-down or conversion of corresponding or similar loss absorbing instruments (if any) issued by the Issuer, including but not limited to Additional Tier 1 Capital instruments (other than the Bonds).

For the avoidance of doubt, the Nominal Amount of each Bond shall, upon the Write-Down of the Total Nominal Amount described above, be written down on a pro rata basis.

"**Trigger Event**" means at any time:

- (a) the CET1 Ratio of the Issuer is less than 5.125 per cent; or
- (b) the CET1 Ratio of the Issuer Consolidated Situation, is less than 7.00 per cent,

in each case as determined by the Issuer and/or the SFSA (or any agent appointed for such purpose by the SFSA).

Reinstatement of the Bonds

Following a Write-Down, the Issuer may, at its absolute discretion, reinstate the Bonds, subject to compliance with any maximum distribution limits set out in, and otherwise in accordance with, the Applicable Capital Regulations. Unless a write-up of the Nominal Amount of the Bonds is permitted and

possible in accordance with the rules of the CSD, reinstatement shall be made by way of issuing new bonds that qualify as Additional Tier 1 Capital to the relevant Bondholders.

Use of Proceeds..... The Bonds (other than any Bonds held by a Group Company) shall constitute Additional Tier 1 Capital of the Issuer and (if applicable) the Issuer Consolidated Situation and the Net Proceeds shall be used for general corporate purposes of the Group.

Business and operations

General

Nordiska kreditmarknadsaktiebolaget (publ) is a public limited liability credit market company operating under the laws of Sweden. According to section 2 of its articles of association, adopted on 21 April 2015, the corporate objectives of the Company is to provide and mediate credits, participate in financing operations by acquiring receivables, assume guarantee obligations or other similar commitments, provide financial advice and conduct other similar activities. The Company holds a licence from the Swedish Financial Supervisory Authority to operate financing business in accordance with the Swedish Banking and Financing Business Act (Sw. *lag (2004:297) om bank- och finansieringsrörelse*). The Company also offers saving opportunities and the Company's operations are mainly financed by deposits from the public, constituting approximately 91% of the Group's consolidated balance sheet total as of 31 March 2021. The Group's operations are mainly conducted in Sweden and approximately 86 per cent. of the Group's lending exposure was to borrowers in Sweden as of 31 December 2020 but the Group is also active in Finland (lending only) and Germany (deposits only). As per 31 March 2021, the Group's total loans to the public amounted to approximately SEK 3,226 million, whereof about SEK 2,305 million related to the Group's partner business segment (see below). The Group's total loans to other credit institutions amounted to approximately SEK 433 million.

Nordiska has created a platform which facilitates smooth growth and development opportunities through, amongst others, acquisitions of financial entities or portfolios. Nordiska is therefore actively looking into different acquisition opportunities to further its business both in and outside Sweden. Acquisitions can also be made in order to initiate a collaboration with a new partner. Any acquisition is being diligently and carefully evaluated and may be subject to competition clearance. Future acquisitions may consist of smaller businesses and portfolios but could also consist of targets with significantly higher value than the current balance sheet total of the Group.

The Group's business

The Group's main operations are divided into two segments; the "partner business segment" and the "corporate business segment". To a smaller extent, the Company also offers factoring solutions, which is conducted under the corporate business segment. In the corporate business segment, the Company provides loans to small and medium-sized enterprises backed up by collateral, primarily in real estate. In the partner business segment, the Company provides lending to customers (where approximately 70 per cent. are consumers) conveyed by the Company's partners. The Group also operates debt collection business under the name Notia. Notia is handling collection claims above SEK 300,000 whereas claims below SEK 300,000 is typically outsourced to third party debt collectors. Notia only serves the Group's internal debt collection, i.e. Notia has no customers outside of the Group.

Partner Business Segment

In the partner business segment, the Company provides lending to customers (where approximately 70 per cent. are consumers) conveyed by the Company's partners. The Group's partners are "fintech"-companies, payment institutions, consumer credit institutions or other financial institutions, which are connected to the Company's

lending platform. An application for a loan by the end-customer to one of the Company's partners is an application for a loan to the Company. The Company's partners act as an intermediary and the loan is therefore extended directly by the Company to the end-borrower. Within the partner business segment, the Group's partners, i.e. the intermediaries, are, by way of separate forward flow agreements, contractually obliged to purchase defaulted loans 90 days past due. The Company provides API:s, infrastructure and competence to its partners and an intermediary fee is paid continuously during the tenor of the loan. The partnership agreements are typically entered into for a period of 24-36 months.

Within the partner business segment, the end-customer engagement and loan administration is managed mainly by the partner and provided that the end-customer meets the credit criteria adopted by the Company and agreed by the partner (such credit criteria also being based on the Group's general credit policy), the Company will extend the loan to the end-customer. Due to the fact that the Company is a lender and credit institution, it is the Company's internal guidelines that regulate the lending process. The products offered via the partner business are consumer credits, corporate credits and more personal guarantee and invoice purchase products.

As of the day of the Prospectus, the partner business segment accounts for approximately 60 per cent. of the Group's total revenue.

Corporate Business Segment

In the corporate business segment, the Company provides credit for small and medium-sized enterprises provided that collateral is granted. The credit is provided in the form of classic corporate lending with security in primarily real estate, sourced and distributed in-house without the collaboration of any external partner. The business segment is led by the Company's function for market and sales, which consists of staff who have close and active customer contact with the borrowers, both existing and potential borrowers. The Group strives to have a personal and engaged relationship with its customers, which is why physical meetings and site-visits to the property that is financed is a natural element in the business model. In addition to the above, the Company also, to a smaller extent, offers factoring services to existing customers within the corporate business segment. However, factoring is something that the Company deliberately does not actively offer, and thus correspond to a small share of the Company's total credit portfolio.

Material agreements

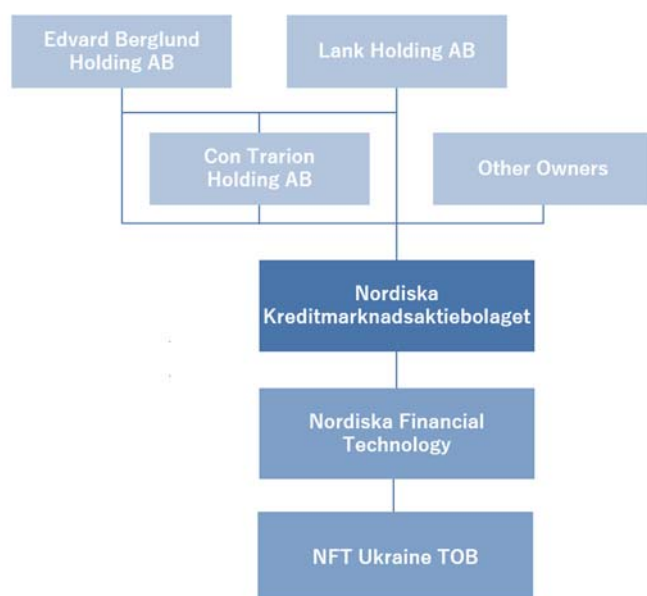

The Company's partner agreements and IT-infrastructure agreements are material for the Company. However, these are considered to be in the ordinary course of the Company's business. Neither the Company nor any other Group Company has entered into any material agreements that are not entered into in the ordinary course of its business, which could result in any Group Company being under an obligation or entitlement that is material to the Issuer's ability to meet its obligations to the Bondholders under the Terms and Conditions, other than as described below.

Overview of the Group

As of the date of this Prospectus, the Group consists of the Issuer and two wholly-owned subsidiaries, Nordiska Financial Technology AB (reg. no. 559080-4570) and NFT Ukraine TOB which is indirectly owned by the Issuer through Nordiska Financial Technology AB. Nordiska Financial Technology AB and NFT Ukraine TOB is responsible for developing and maintaining the Group's financial IT platform. The Company's debt collection operation under the brand name Notia is conducted as an integral part of the Company.

The Group's main operations are conducted through, and the majority of revenue of the Group emanates from, the Company's own operations as conducted by itself. The Issuer is thus not dependent on its subsidiaries in order to generate profit and cash flow and to meet its obligations under the Terms and Conditions.

6.4 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Bonds or the possession, circulation or distribution of any document or other material relating to the Issuer or the Bonds in any jurisdiction other than Sweden, where action for that purpose is required. Each Bondholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Bonds, (due to, *e.g.*, its nationality, its residency, its registered address or its place(s) of business). Each Bondholder must ensure compliance with such restrictions at its own cost and expense.

6.5 For the avoidance of doubt and notwithstanding the above, a Bondholder which allegedly has purchased Bonds in contradiction to mandatory restrictions applicable may nevertheless utilise its voting rights under these Terms and Conditions and shall be entitled to exercise its full rights as a Bondholder hereunder in each case until such allegations have been resolved.

7. BONDS IN BOOK-ENTRY FORM

- 7.1 The Bonds will be registered for the Bondholders on their respective Securities Accounts and no physical Bonds will be issued. Accordingly, the Bonds will be registered in accordance with the Financial Instruments Accounts Act. Registration requests relating to the Bonds shall be directed to an Account Operator. The Debt Register shall constitute conclusive evidence of the persons who are Bondholders and their holdings of Bonds at the relevant point of time.
- 7.2 Those who according to assignment, security, the provisions of the Swedish Children and Parents Code (Sw. *föräldrabalken (1949:381)*), conditions of will or deed of gift or otherwise have acquired a right to receive payments in respect of a Bond shall register their entitlements to receive payment in accordance with the Financial Instruments Accounts Act.
- 7.3 The Issuer (and the Agent when permitted under the CSD's applicable regulations) shall at all times be entitled to obtain information from the Debt Register.
- 7.4 For the purpose of carrying out any administrative procedure that arises out of the Finance Documents, the Issuing Agent shall be entitled to obtain information from the Debt Register.
- 7.5 At the request of the Agent, the Issuer shall promptly obtain information from the Debt Register and provide it to the Agent.
- 7.6 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the Debt Register. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Bondholders.
- 7.7 The Issuer (and the Agent when permitted under the CSD's applicable regulations) may use the information referred to in Clause 7.3 only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and the Agency Agreement and shall not disclose such information to any Bondholder or third party unless necessary for such purposes.

8. RIGHT TO ACT ON BEHALF OF A BONDHOLDER

- 8.1 If any Person other than a Bondholder wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other authorisation from the Bondholder or, if applicable, a coherent chain of powers of attorney or authorisations, a certificate from the authorised nominee or other sufficient authorisation for such Person.
- 8.2 A Bondholder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Bonds held by it. Any such representative may act independently under the Finance Documents in relation to the Bonds for which such representative is entitled to represent the Bondholder and may further delegate its right to represent the Bondholder by way of a further power of attorney.
- 8.3 The Agent shall only have to examine the face of a power of attorney or other authorisation that has been provided to it pursuant to Clauses 8.1 and 8.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and

effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.

- 8.4 These Terms and Conditions shall not affect the relationship between a Bondholder who is the nominee (Sw. *förvaltare*) with respect to a Bond and the owner of such Bond, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

9. PAYMENTS IN RESPECT OF THE BONDS

- 9.1 Any payment or repayment under these Terms and Conditions shall be made to such Person who is registered as a Bondholder on the Record Date prior to the relevant payment date, or to such other Person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 9.2 If a Bondholder has registered, through an Account Operator, that principal, Interest and any other payment that shall be made under these Terms and Conditions shall be deposited in a certain bank account, such deposits will be effectuated by the CSD on the relevant payment date. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effectuate payments as aforesaid, the Issuer shall procure that such amounts are paid to the Persons who are registered as Bondholders on the relevant Record Date as soon as possible after such obstacle has been removed.
- 9.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. For the avoidance of doubt, such postponement shall in no event constitute an event of default.
- 9.4 If payment or repayment is made in accordance with this Clause 9, the Issuer and the CSD shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a Person not entitled to receive such amount, unless the Issuer or the CSD (as applicable) was aware of that the payment was being made to a Person not entitled to receive such amount.
- 9.5 The Issuer shall pay any stamp duty and other public fees accruing in connection with the Bond Issue, but not in respect of trading in the secondary market (except to the extent required by applicable law), and shall deduct at source any applicable withholding tax payable pursuant to law. The Issuer shall not be liable to reimburse any stamp duty or public fee or to gross-up any payments under these Terms and Conditions by virtue of any withholding tax, public levy or similar.

10. INTEREST AND INTEREST CANCELLATION

10.1 Interest

- 10.1.1 Subject to Clause 10.2 and Clause 11, the Bonds will bear Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Issue Date up to (and including) the relevant Redemption Date.

10.1.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Bonds shall be made to the Bondholders on each Interest Payment Date for the preceding Interest Period.

10.1.3 Interest shall be calculated on the basis of the actual number of calendar days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).

10.2 **Interest cancellation**

10.2.1 Any payment of Interest in respect of the Bonds shall be payable only out of and up to the Issuer's Distributable Items and:

- (a) may be cancelled, at any time, in whole or in part, at the option of the Issuer in its sole discretion and notwithstanding that it has Distributable Items or that it may make any distributions pursuant to the Applicable Capital Regulations; and
- (b) will be mandatorily cancelled to the extent so required by the Applicable Capital Regulations, including the applicable criteria for Additional Tier 1 Capital instruments.

10.2.2 The Issuer shall give notice to the Bondholders in accordance with Clause 25 (*Notices and press releases*) of any such cancellation of a payment of Interest, which notice might be given after the date on which the relevant payment of Interest is scheduled to be made. Notwithstanding the foregoing, failure to give such notice shall not prejudice the right of the Issuer not to pay Interest as described above.

10.2.3 Following any cancellation of Interest as described above, the right of the Bondholders to receive accrued Interest in respect of any such Interest Period will terminate and the Issuer will have no further obligation to pay such Interest or to pay interest thereon, whether or not payments of Interest in respect of subsequent Interest Periods are made, and such unpaid Interest will not be deemed to have "accrued" or been earned for any purpose.

10.2.4 Failure to pay such interest (or the cancelled part thereof) in accordance with this Clause 10 shall not constitute an event of default or the occurrence of any event related to the insolvency of the Issuer or entitle Bondholders to take any action to cause the Issuer to be declared bankrupt or for the liquidation, winding-up or dissolution of the Issuer.

10.3 **Calculation of Interest in case of Write-Down or reinstatement**

10.3.1 Subject to Clause 10.2 (*Interest cancellation*), in the event that a Write-Down occurs during an Interest Period, Interest will accrue on the Nominal Amount (as adjusted pursuant to such Write-Down).

10.3.2 Subject to Clause 10.2 (*Interest cancellation*), in the event that a reinstatement of the Bonds occurs pursuant to Clause 11.3 (*Reinstatement of the Bonds*) Interest shall begin to accrue on the reinstated Nominal Amount.

10.3.3 In connection with a Write-Down or write-up pursuant to Clause 11 (*Loss absorption and discretionary reinstatement*), the Issuer shall inform the CSD of an adjusted interest rate that shall be applied on the next Interest Payment Date, in order for the Bondholders to receive an amount of Interest equivalent to the Interest Rate on the Bonds so written down or written up (as applicable).

10.4 **No penalty interest**

Under no circumstances shall any penalty (Sw. *dröjsmålsränta*) interest be payable by the Issuer in respect of the Bonds.

11. **LOSS ABSORPTION AND DISCRETIONARY REINSTATEMENT**

11.1 **Write-Down upon a Trigger Event**

11.1.1 If at any time a Trigger Event occurs the Issuer will irrevocably cancel any accrued and unpaid interest in respect of the Bonds to (but excluding) the Write-Down Date (as defined below) in accordance with Clause 10 above (including if payable on the Write-Down Date); and on the Write-Down Date (without any requirement for the consent or approval of the Bondholders), reduce the then Total Nominal Amount or the Issuer's payment obligation under the Bonds in accordance with this Clause 11.1 (such reduction a “**Write-Down**”).

11.1.2 Such cancellation and reduction shall take place on a date selected by the Issuer in consultation with the SFSA (the “**Write-Down Date**”) but no later than one month following the occurrence of the relevant Trigger Event unless, in accordance with the Applicable Capital Regulations, the SFSA has agreed with the Issuer in writing that such reduction and cancellation may occur after a longer period, in which case, on such date as agreed with the SFSA.

11.1.3 A Write-Down shall be made as a reduction of the Total Nominal Amount, where the Issuer's payment obligation under each Bond shall be reduced to a certain percentage of the Nominal Amount, and such Write-Down shall be considered to be an unconditional capital contribution (Sw. *ovillkorat kapitaltillskott*) and shall be made in consultation with the SFSA and in accordance with the rules of the CSD.

11.1.4 The amount of the reduction of the Total Nominal Amount on the Write-Down Date shall equal the amount of a Write-Down that would restore the CET1 Ratio of the Issuer to at least 5.125 per cent., and the CET1 Ratio of the Issuer Consolidated Situation to at least 7.00 per cent. at the point of such Write-Down, provided that the maximum reduction of the Total Nominal Amount shall be down to a Nominal Amount per Bond corresponding to SEK 0.01.

11.1.5 A Write-Down in accordance with this Clause 11.1 shall be made taking into account any preceding or imminent write-down or conversion of corresponding or similar loss absorbing instruments (if any) issued by the Issuer, including but not limited to Additional Tier 1 Capital instruments (other than the Bonds).

11.1.6 For the avoidance of doubt, the Nominal Amount of each Bond shall, upon the Write-Down of the Total Nominal Amount described above, be written down on a pro rata basis.

11.1.7 A Write-Down may occur on more than one occasion and the Bonds may be written-down on more than one occasion. Any Write-Down shall not constitute an Acceleration Event.

11.2 **Trigger Event Notice**

11.2.1 Upon the occurrence of a Trigger Event, the Issuer shall immediately inform the SFSA and shall as soon as practicable following the occurrence of a Trigger Event and in any event not later than five (5) Business Days following such occurrence give notice (a “**Trigger Event Notice**”)

to the Bondholders and the Agent in accordance with Clause 25 (*Notices and press releases*), which notice, in addition to specifying that a Trigger Event has occurred shall specify:

- (a) the Write-Down Date; and
- (b) if then determined, the amount to be written down in accordance with Clause 11.1 (Write-Down upon a Trigger Event) (“**Write-Down Amount**”). If the Write-Down Amount has not been determined when the Trigger Event Notice is given, the Issuer shall, as soon as reasonably practicable following such determination, notify Bondholders and the Agent of the Write-Down Amount.

11.2.2 Notwithstanding Clause 11.2.1 above, failure to give a Trigger Event Notice shall not prejudice any Write-Down of the Bonds.

11.3 **Reinstatement of the Bonds**

11.3.1 Following a Write-Down, the Issuer may, at its absolute discretion, reinstate the Bonds, subject to compliance with any maximum distribution limits set out in, and otherwise in accordance with, the Applicable Capital Regulations.

11.3.2 Unless a write-up of the Nominal Amount of the Bonds is permitted and possible in accordance with the rules of the CSD, reinstatement shall be made by way of issuing new bonds that qualify as Additional Tier 1 Capital to the relevant Bondholders. Any such new bond issuance shall specify the relevant details of the manner in which such new bond issuance shall take effect and where the Bondholders can obtain copies of the new terms and conditions of the new bonds. Such new bonds shall be issued without any cost or charge to the Bondholders and shall be made in accordance with the rules of the CSD.

11.3.3 A reinstatement in accordance with this Clause 11.3 shall be made taking into account any preceding or imminent reinstatement of corresponding or similar loss absorbing instruments issued by the Issuer or any other member of the Issuer Consolidated Situation, including but not limited to Additional Tier 1 Capital instruments (other than the Bonds).

11.3.4 For the avoidance of doubt, at no time may the reinstated Total Nominal Amount exceed the original Total Nominal Amount of the Bonds (if issued in full), being SEK 100,000,000.

11.3.5 For the avoidance of doubt, any reinstatement of the Bonds shall be made on a *pro rata* basis.

11.3.6 If the Issuer decides to reinstate the Bonds, the Issuer shall notify the Bondholders and the Agent in accordance with Clause 25 (*Notices and press releases*) prior to such reinstatements becoming effective.

12. **REDEMPTION AND REPURCHASE OF THE BONDS**

12.1 **Consent from the SFSA**

The Issuer may not, other than as explicitly set forth in this Clause 12, redeem or repurchase any outstanding Bonds. Any such redemption or repurchase shall always be made in accordance with the Applicable Capital Regulations and, provided that such consent is required under the Applicable Capital Regulations, be subject to the prior consent of the SFSA.

12.2 **Perpetual Bonds**

The Bonds constitute perpetual obligations of the Issuer and have no fixed date for redemption. The Issuer may only redeem the Bonds at its discretion in the circumstances described herein. The Bonds are not redeemable at the option of the Bondholders at any time.

12.3 **Purchase of Bonds by the Issuer**

Subject to Clause 12.1 (*Consent from the SFSA*), the Issuer may at any time and at any price purchase Bonds on the market or in any other way. Any Bonds repurchased by the Issuer may be retained, sold or cancelled by the Issuer, provided that such action has been approved by the SFSA.

12.4 **Early voluntary total redemption (call option)**

Subject to Clause 12.1 (*Consent from the SFSA*), the Issuer may redeem all, but not some only, of the Bonds on the First Call Date or any Business Day falling after the First Call Date at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest (to the extent not cancelled).

12.5 **Early voluntary total redemption or substitution or variation due to Capital Disqualification Event or Tax Event (call option)**

Subject to Clause 12.1 (*Consent from the SFSA*), if a Capital Disqualification Event or Tax Event has occurred prior to the First Call Date, the Issuer may:

- (a) redeem all, but not some only, of the outstanding Bonds on any Interest Payment Date at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest (to the extent not cancelled); or
- (b) substitute or vary the terms of all (but not some only) of the outstanding Bonds without any requirement for the consent or approval of the Bondholders, so that they become or remain, as applicable, Qualifying Securities, provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem, substitute or vary the terms of the Bonds in accordance with this Clause 12.5 in relation to the Qualifying Securities so substituted or varied.

12.6 **Notice of early redemption, substitution or variation**

12.6.1 Redemption in accordance with Clause 12.4 (*Early voluntary total redemption (call option)*) or Clause 12.5 (*Early voluntary total redemption or substitution or variation due to Capital Disqualification Event or Tax Event (call option)*) shall be made by the Issuer giving not less than twenty (20) and not more than sixty (60) Business Days' notice to the Bondholders and the Agent. Any such notice shall state the Redemption Date and the relevant Record Date. Such notice is irrevocable but may, subject to the Applicable Capital Regulations and approval of the SFSA, at the Issuer's discretion contain one or more conditions precedent that shall be fulfilled prior to the Record Date. Upon expiry of such notice and the fulfilment of the conditions precedent (if any), the Issuer shall redeem the Bonds in full at the applicable amount on the specified Redemption Date.

12.6.2 Notwithstanding Clause 12.6.1 above:

- (a) if a Trigger Event is outstanding, no notice of redemption, substitution or variation may be given until the Trigger Event has been cured; and
- (b) if a Trigger Event occurs following a notice being given in accordance with paragraph (a) above but prior to the relevant redemption, substitution or variation of the Bonds, such notice shall be of no force and effect and Clause 11.1 (Write-Down upon a Trigger Event) shall apply, and, for the avoidance of doubt, no redemption shall occur.

13. INFORMATION TO BONDHOLDERS

13.1 Financial Statements

The Issuer shall make available to the Agent and on its website:

- (a) as soon as they are available, but in any event within four (4) months after the expiry of each financial year:
 - (i) the audited consolidated financial statements of the Group for that financial year; and
 - (ii) the annual audited unconsolidated financial statements of the Issuer for that financial year; and
- (b) as soon as they are available, but in any event within two (2) months after the end of each quarter of each of its financial years:
 - (i) the consolidated financial statements or year-end report (Sw. *bokslutskommuniké*) (as applicable) of the Group for that period;
 - (ii) the unconsolidated financial statements of the Issuer or year-end report (as applicable) for that period; and
 - (iii) a report on regulatory capital of the Issuer and the Issuer Consolidated Situation (if applicable).

13.2 Information; miscellaneous

The Issuer shall:

- (a) prepare the financial statements in accordance with the Accounting Principles and make them available in accordance with the rules and regulations of Nasdaq Stockholm (or any other Regulated Market, as applicable) (as amended from time to time) and the Swedish Securities Market Act (Sw. lag (2007:528) om värdepappersmarknaden) (as amended from time to time);
- (b) procure that each of the financial statements include a profit and loss account and a balance sheet and that each of the consolidated financial statements (both yearly and quarterly) include a cash flow statement and a management commentary or report from the Issuer's board of directors; and
- (c) keep the latest version of the Terms and Conditions (including documents amending the Terms and Conditions) available on its website.

14. ADMISSION TO TRADING

The Issuer:

- (a) intends to have the Bonds admitted to trading on the corporate bond list of Nasdaq Stockholm within thirty (30) days of the Issue Date;
- (b) shall procure that the Bonds are admitted to trading on the corporate bond list of Nasdaq Stockholm within sixty (60) calendar days from the Issue Date or, if such admission to trading is not possible to obtain, admitted to trading on another Regulated Market within sixty (60) calendar days from the Issue Date; and
- (c) once the Bonds are admitted to trading on a Regulated Market, shall maintain such admission as long as the Bonds are outstanding (however, taking into account the rules and regulations (as amended from time to time) of Nasdaq Stockholm or any other relevant Regulated Market, as applicable, and the CSD preventing trading in the Bonds in close connection to the redemption of the Bonds).

15. ACCELERATION OF THE BONDS

15.1 Limited rights of acceleration

Neither a Bondholder or the Agent have a right to accelerate the Bonds or otherwise request prepayment or redemption of the Nominal Amount of the Bonds, except in the event of liquidation (Sw. *likvidation*) or bankruptcy (Sw. *konkurs*) of the Issuer (an “**Acceleration Event**”).

15.2 Acceleration

15.2.1 The Issuer shall immediately notify the Agent of the occurrence of an Acceleration Event. The Agent shall notify the Bondholders of an Acceleration Event as soon as possible when the Agent received actual knowledge of the Acceleration Event.

15.2.2 If an Acceleration Event has occurred, the Agent is, following the instructions of the Bondholders, authorized to by notice to the Issuer, declare all, but not only some, of the Bonds due for payment together with any other amounts payable under the Terms and Conditions, immediately or at such later date as the Agent determines and exercise any or all of its rights, remedies, powers and discretions under the Finance Documents.

15.2.3 In the event of an acceleration of the Bonds upon an Acceleration Event, the Bonds shall be redeemed by the Issuer at a price per Bond equal to one hundred (100) per cent. of the Nominal Amount, together with accrued but unpaid Interest.

15.3 No set-off

In the event of the liquidation (Sw. *likvidation*), bankruptcy (Sw. *konkurs*) or resolution (Sw. *resolution*) of the Issuer, no Bondholder shall be entitled to exercise any right of set-off or counterclaim against monies owed by the Issuer in respect of the Bonds held by such Bondholder.

16. DISTRIBUTION OF PROCEEDS

16.1 All payments by the Issuer relating to the Bonds and the Terms and Conditions following an acceleration of the Bonds in accordance with Clause 15 (*Acceleration of the Bonds*), shall be distributed in the following order of priority, in accordance with the instructions of the Agent:

- (a) *firstly*, in or towards payment pro rata of:
 - (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent;
 - (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds or the protection of the Bondholders' rights;
 - (iii) any non-reimbursed costs incurred by the Agent for external experts; and
 - (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a Bondholders' Meeting or a Written Procedure;
- (b) *secondly*, in or towards payment pro rata of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (c) *thirdly*, in or towards payment pro rata of any unpaid principal under the Bonds; and
- (d) *fourthly*, in or towards payment pro rata of any other costs or outstanding amounts unpaid under the Terms and Conditions.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with paragraphs (a) to (d) above shall, however, not restrict a Bondholders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

16.2 If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 16.1, such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 16.1.

16.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Bonds constitute escrow funds according to the Escrow Funds Act (Sw. *lag (1944:181) om redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Bondholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 16 as soon as reasonably practicable.

16.4 If the Issuer or the Agent shall make any payment under this Clause 16, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 9.1 shall apply.

17. DECISIONS BY BONDHOLDERS

17.1 Request for a decision

- 17.1.1 A request by the Agent for a decision by the Bondholders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Bondholders' Meeting or by way of a Written Procedure.
- 17.1.2 Any request from the Issuer or a Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Bondholders, be made by them jointly) for a decision by the Bondholders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Bondholders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Bondholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Bondholders' Meeting.
- 17.1.3 The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if the suggested decision must be approved by any Person in addition to the Bondholders and such Person has informed the Agent that an approval will not be given or the suggested decision is not in accordance with applicable regulations.
- 17.1.4 The Agent shall not be responsible for the content of a notice for a Bondholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 17.1.5 Should the Agent not convene a Bondholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 17.1.3 being applicable, the Person requesting a decision by the Bondholders may convene such Bondholders' Meeting or instigate such Written Procedure, as the case may be, itself. If the requesting Person is a Bondholder, the Issuer shall upon request from such Bondholder provide the Bondholder with necessary information from the Debt Register in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be. If no Person has been appointed by the Agent to open the Bondholders' Meeting, the meeting shall be opened by a Person appointed by the requesting Person.
- 17.1.6 Should the Issuer want to replace the Agent, it may convene a Bondholders' Meeting in accordance with Clause 17.2.1 or instigate a Written Procedure by sending communication in accordance with Clause 17.3.1. After a request from the Bondholders pursuant to Clause 20.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 17.2.1. The Issuer shall inform the Agent before a notice for a Bondholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.

17.2 **Bondholders' Meeting**

17.2.1 The Agent shall convene a Bondholders' Meeting by sending a notice thereof to each Bondholder no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons). If the Bondholders' Meeting has been requested by the Bondholder(s), the Agent shall send a copy of the notice to the Issuer.

17.2.2 The notice pursuant to Clause 17.2.1 shall include:

- (a) the time for the meeting;
- (b) the place for the meeting;
- (c) an agenda for the meeting (including each request for a decision by the Bondholders);
- (d) a form of power of attorney; and
- (e) should prior notification by the Bondholders be required in order to attend the Bondholders' Meeting, such requirement shall be included in the notice.

Only matters that have been included in the notice may be resolved upon at the Bondholders' Meeting.

17.2.3 The Bondholders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.

17.2.4 At a Bondholders' Meeting, the Issuer, the Bondholders (or the Bondholders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Bondholders' Meeting. The Bondholders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Bondholders' Meeting instead of the Bondholder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Bondholder.

17.2.5 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Bondholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Bondholders to vote without attending the meeting in Person.

17.3 **Written Procedure**

17.3.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Bondholder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Bondholder on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Bondholder(s), the Agent shall send a copy of the communication to the Issuer.

17.3.2 A communication pursuant to Clause 17.3.1 shall include:

- (a) each request for a decision by the Bondholders;

- (b) a description of the reasons for each request;
- (c) a specification of the Business Day on which a Person must be registered as a Bondholder in order to be entitled to exercise voting rights;
- (d) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney;
- (e) the stipulated time period within which the Bondholder must reply to the request (such time period to last at least ten (10) Business Days but no more than twenty (20) Business Days from the communication pursuant to Clause 17.3.1); and
- (f) if the voting shall be made electronically, instructions for such voting.

17.3.3 When the requisite majority consents of the aggregate Adjusted Nominal Amount pursuant to Clause 17.4.2 and 17.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 17.4.2 or 17.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

17.4 **Majority, quorum and other provisions**

17.4.1 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 8 (*Right to act on behalf of a Bondholder*) from a Person who is, registered as a Bondholder:

- (a) on the Record Date prior to the date of the Bondholders' Meeting, in respect of a Bondholders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 17.3.2, in respect of a Written Procedure,

may exercise voting rights as a Bondholder at such Bondholders' Meeting or in such Written Procedure, provided that the relevant Bonds are included in the definition of Adjusted Nominal Amount.

17.4.2 The following matters shall require consent of Bondholders representing at least sixty-six and two thirds ($66\frac{2}{3}$) per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 17.3.2:

- (a) a change of the terms of Clauses 2.1, 15.1 or 16.1;
- (b) a mandatory exchange of the Bonds for other securities;
- (c) reduce the principal amount, Interest Rate or Interest which shall be paid by the Issuer (other than as a result of an application of Clause 19 (Replacement of Base Rate));
- (d) amend any payment day for principal or Interest or waive any breach of a payment undertaking, provided that any early redemption, amortisation or repurchase of the Bonds shall always be subject to subject to the Applicable Capital Regulations and the prior consent of the SFSA; or
- (e) amend the provisions in this Clause 17.4.2 or in Clause 17.4.3.

- 17.4.3 Any matter not covered by Clause 17.4.2 shall require the consent of Bondholders representing more than fifty (50) per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 17.3.2. This includes, but is not limited to, any amendment to or waiver of these Terms and Conditions that does not require a higher majority (other than an amendment or waiver permitted pursuant to paragraphs (a) to (f) of Clause 18.1) or an acceleration of the Bonds.
- 17.4.4 If the number of votes or replies are equal, the opinion which is most beneficial for the Issuer, according to the chairman at a Bondholders' Meeting or the Agent in a Written Procedure, will prevail. The chairman at a Bondholders' Meeting shall be appointed by the Bondholders in accordance with Clause 17.4.3.
- 17.4.5 Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least twenty (20) per cent. of the Adjusted Nominal Amount:
- (a) if at a Bondholders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 17.4.6 If a quorum does not exist at a Bondholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Bondholders' Meeting (in accordance with Clause 17.2.1) or initiate a second Written Procedure (in accordance with Clause 17.3.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Bondholders' consent. The quorum requirement in Clause 17.4.5 shall not apply to such second Bondholders' Meeting or Written Procedure.
- 17.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 17.4.8 A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 17.4.9 If any matter decided in accordance with this Clause 17 would require consent from the SFSA, such consent shall be sought by the Issuer.
- 17.4.10 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Bondholder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 17.4.11 A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have

not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.

- 17.4.12 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 17.4.13 If a decision shall be taken by the Bondholders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 17.4.14 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Bondholders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

18. AMENDMENTS AND WAIVERS

- 18.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in the Finance Documents, provided that the Agent is satisfied that such amendment or waiver:
- (a) is not detrimental to the interest of the Bondholders;
 - (b) is made solely for the purpose of rectifying obvious errors and mistakes;
 - (c) is made pursuant to Clause 19 (Replacement of Base Rate);
 - (d) such amendment or waiver is required by the SFSA for the Bonds to satisfy the requirements for Additional Tier 1 Capital under the Applicable Capital Regulations as applied by the SFSA from time to time;
 - (e) is required by applicable regulation, a court ruling or a decision by a relevant authority;
 - (f) is necessary for the purpose of having the Bonds admitted to trading on the corporate bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable), provided that such amendment or waiver does not materially adversely affect the rights of the Bondholders; or
 - (g) has been duly approved by the Bondholders in accordance with Clause 17 (Decisions by Bondholders) and it has received any conditions precedent specified for the effectiveness of the approval by the Bondholders.
- 18.2 The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 18.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the

websites of the Issuer and the Agent. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.

- 18.3 An amendment or waiver to the Finance Documents shall take effect on the date determined by the Bondholders' Meeting, in the Written Procedure or by the Agent, as the case may be.

19. REPLACEMENT OF BASE RATE

19.1 General

- 19.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 19 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.

- 19.1.2 If a Base Rate Event has occurred, this Clause 19 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

19.2 Definitions

In this Clause 19:

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof determined in accordance with Clause 19.3.4, to be applied to a Successor Base Rate or an Alternative Base Rate, the objective of which, in each case, shall be to reduce or eliminate, to the fullest extent reasonably practicable, any transfer of economic value from one party to another as a result of a replacement of the Base Rate.

“**Alternative Base Rate**” means the reference rate that has replaced the Base Rate in customary market usage in the relevant debt capital markets for the purposes of determining rates of interest in respect of Bonds denominated in SEK or, if there is no such rate, such other rate as the Independent Adviser determines is most comparable to the Base Rate.

“**Base Rate Amendments**” has the meaning set forth in Clause 19.3.5.

“**Base Rate Event**” means that:

- (a) the Base Rate has (i) been permanently or indefinitely discontinued, (ii) ceased to exist or (iii) ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate ceasing to be calculated or administered;
- (b) the Base Rate Administrator ceases to publish the applicable Base Rate permanently or indefinitely and, at that time, no successor administrator has been appointed to continue to publish the Base Rate;
- (c) the supervisor of the Base Rate Administrator (i) has made a public statement stating that the Base Rate is no longer representative of the underlying market or (ii) is recommending the usage of a Successor Base Rate for the applicable Base Rate;

- (d) the Base Rate Administrator or its supervisor announces that (i) the Base Rate methodology has changed materially after the First Issue Date or (ii) the Base Rate may no longer be used, either generally or in respect of the Bonds; or
- (e) it has become unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Bondholder using the applicable Base Rate.

“Base Rate Event Announcement” means a public statement by the Base Rate Administrator or the supervisor of the Base Rate Administrator that any event or circumstance specified in paragraphs (a) to (e) of the definition of Base Rate Event will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means any applicable central bank, regulator or other supervisory authority or a group of them, or any working group or committee of any of them or the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“Successor Base Rate” means a screen or benchmark rate which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body.

19.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 19.3.1 Without prejudice to Clause 19.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate or an Alternative Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to determine a Successor Base Rate or, if there is no Successor Base Rate, an Alternative Base Rate and, in each case, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 19.3.2.
- 19.3.2 If (i) a Base Rate Event has occurred or (ii) a Base Rate Event Announcement has been made and the announced Base Rate Event will occur within six (6) months, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer’s expense, appoint an Independent Adviser to determine, as soon as commercially reasonable, a Successor Base Rate or (if there is no Successor Base Rate) an Alternative Base Rate and, in each case, the Adjustment Spread and any Base Rate Amendments for purposes of determining and calculating the applicable Base Rate.
- 19.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 19.3.2, the Bondholders shall, if so decided at a Bondholders’ Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer’s expense) for the purposes set forth in Clause 19.3.2.
- 19.3.4 The Adjustment Spread determined by the Independent Adviser in accordance with Clause 19.3.1 or 19.3.2, shall be the Adjustment Spread which:
 - (a) is formally recommended in relation to the replacement of the Base Rate by any Relevant Nominating Body; or

- (b) if paragraph (a) above does not apply, the Independent Adviser determines is customarily applied to the relevant Successor Base Rate or Alternative Base Rate (as applicable), in comparable debt capital markets transactions

19.3.5 The Independent Adviser shall also determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or an Alternative Base Rate or to reflect the adoption of such Successor Base Rate or Alternative Base Rate in a manner substantially consistent with market practice (“**Base Rate Amendments**”).

19.3.6 Provided that a Successor Base Rate or (if there is no Successor Base Rate) an Alternative Base Rate and, in each case, the applicable Adjustment Spread and any Base Rate Amendments have been determined no later than ten (10) Business Days prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period.

19.4 **Interim measures**

19.4.1 If a Base Rate Event has occurred but no Successor Base Rate or Alternative Base Rate and Adjustment Spread have been determined at least ten (10) Business Days prior to the relevant Quotation Day in relation to the next succeeding Interest Period, the Interest Rate applicable to the next succeeding Interest Period shall be:

- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
- (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

19.4.2 For the avoidance of doubt, Clause 19.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 19.

19.5 **Notices**

The Issuer shall promptly following the determination by the Independent Adviser of any Successor Base Rate, Alternative Base Rate, Adjustment Spread and any Base Rate Amendments give notice thereof to the Agent, the Issuing Agent and the Bondholders in accordance with Clause 25 (*Notices and press releases*) and the CSD.

19.6 **Variation upon replacement of Base Rate**

19.6.1 No later than giving the Agent notice pursuant to Clause 19.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and a duly authorised signatory of the Issuer confirming the relevant Successor Base Rate or Alternative Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined in accordance with the provisions of this Clause 19. The Successor Base Rate or Alternative Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the

absence of manifest error or bad faith in any determination, be binding on the Issuer, the Agent, the Issuing Agent and the Bondholders.

19.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 19.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Bondholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 19.

19.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 19. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

19.7 **Limitation of liability for the Independent Adviser**

Any Independent Adviser appointed pursuant to Clause 19.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with the Finance Documents, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

20. **THE AGENT**

20.1 **Appointment of the Agent**

20.1.1 By subscribing for Bonds, each initial Bondholder appoints the Agent to act as its agent in all matters relating to the Bonds and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Bondholder, including the winding-up, dissolution, liquidation or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Bondholder confirms such appointment and authorisation for the Agent to act on its behalf.

20.1.2 Each Bondholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Bondholder which does not comply with such request.

20.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.

20.1.4 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement

and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

- 20.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

20.2 **Duties of the Agent**

- 20.2.1 The Agent shall represent the Bondholders in accordance with the Finance Documents.
- 20.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Bondholders. The Agent is never acting as an advisor to the Bondholders or the Issuer. Any advice or opinion from the Agent does not bind the Bondholders or the Issuer.
- 20.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with reasonable care and skill in a proficient and professional manner.
- 20.2.4 The Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 20.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Bondholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.
- 20.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it:
- (a) after the occurrence of an Acceleration Event;
 - (b) for the purpose of investigating or considering:
 - (i) an event or circumstance which the Agent reasonably believes is or may lead to an Acceleration Event; or
 - (ii) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents;
 - (c) in connection with any Bondholders' Meeting or Written Procedure; or
 - (d) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents.

Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 16 (*Distribution of proceeds*).

- 20.2.7 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 20.2.8 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor:
- (a) whether any Acceleration Event has occurred;
 - (b) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents; or
 - (c) whether any other event specified in any Finance Document has occurred.

Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.

- 20.2.9 The Agent shall ensure that it receives evidence satisfactory to it that Finance Documents which are required to be delivered to the Agent are duly authorised and executed (as applicable). The Issuer shall promptly upon request provide the Agent with such documents and evidence as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 20.2.9. Other than as set out above, the Agent shall neither be liable to the Issuer or the Bondholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.
- 20.2.10 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 20.2.11 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 20.2.12 The Agent shall give a notice to the Bondholders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or if it refrains from acting for any reason described in Clause 20.2.11.
- 20.2.13 Upon the reasonable request by a Bondholder, the Agent shall promptly distribute to the Bondholders any information from such Bondholder which relates to the Bonds (at the discretion of the Agent). The Agent may require that the requesting Bondholder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon

request by a Bondholder disclose the identity of any other Bondholder who has consented to the Agent in doing so.

- 20.2.14 Subject to the restrictions of a non-disclosure agreement entered into by the Agent in connection with these Terms and Conditions, the Agent shall be entitled to disclose to the Bondholders any document, information, event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Bondholders delay disclosure or refrain from disclosing certain information.

20.3 **Liability for the Agent**

- 20.3.1 The Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 20.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.
- 20.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 20.3.4 The Agent shall have no liability to the Issuer or the Bondholders for damage caused by the Agent acting in accordance with instructions of the Bondholders given in accordance with the Finance Documents.
- 20.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.

20.4 **Replacement of the Agent**

- 20.4.1 Subject to Clause 20.4.6, the Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent at a Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 20.4.2 Subject to Clause 20.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 20.4.3 A Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing

the Agent and appointing a new Agent. The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.

20.4.4 If the Bondholders have not appointed a successor Agent within ninety (90) days after:

- (a) the earlier of the notice of resignation was given or the resignation otherwise took place; or
- (b) the Agent was dismissed through a decision by the Bondholders,

the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of Market Loans.

20.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

20.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of:

- (a) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent; and
- (b) the period pursuant to paragraph (b) of Clause 20.4.4 having lapsed.

20.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.

20.4.8 In the event that there is a change of the Agent in accordance with this Clause 20.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

21. THE ISSUING AGENT

21.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.

21.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed.

If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

- 21.3 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Bonds.
- 21.4 The Issuing Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

22. THE CSD

- 22.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Bonds.
- 22.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder or the admission to trading of the Bonds on the corporate bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable). The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (Sw. *lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

23. NO DIRECT ACTIONS BY BONDHOLDERS

- 23.1 A Bondholder may not take any action or legal steps whatsoever against any Group Company to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation or bankruptcy (Sw. *konkurs*) (or their equivalents in any other jurisdiction) of any Group Company in relation to any of the obligations or liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.
- 23.2 Clause 23.1 shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 20.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 20.2.11, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 20.2.12 before a Bondholder may take any action referred to in Clause 23.1.

24. TIME-BAR

- 24.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been time-barred and has become void.
- 24.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

25. NOTICES AND PRESS RELEASES

25.1 Notices

- 25.1.1 Any notice or other communication to be made under or in connection with these Terms and Conditions:
