Risk factors

In this section, material risk factors are illustrated and discussed, including the Issuer's economic and market risks, business risks, legal and regulatory risks, as well as structural risks relating to the Subsequent Notes, risks relating to the Subsequent Notes and risks related to debt instruments such as the Subsequent Notes. The Issuer's assessment of the materiality of each risk factor is based on its assessment of the probability of their occurrence and the expected magnitude of their negative impact. The description of the risk factors below is based on information available and estimates made on the date of this Prospectus.

The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor. The most material risk factor in a category is presented first under that category, the assessment of the materiality of each risk factor is based on the probability of their occurrence and the expected magnitude of their negative impact is disclosed by rating the relevant risk as low, medium or high. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence.

1.1 Risks relating to the Issuer

1.1.1 Economic and market risks

1.1.1.1 Market value risk

The Issuer is operating within the real estate business and owned, as of 31 December 2025, 179 properties with a rentable space of 922,000 square meters. Furthermore, as of 31 December 2025, the value of the property portfolio totalled SEK 15,927 million and the rental income totalled SEK 1,042 million for the full year 2025. The market value of the Group's real properties and site leasehold rights from time to time (the "**Properties**") and its rental income is to a large extent affected by macroeconomic factors such as the general economic trend, regional economic development, employment rate development, production rate of new premises, changes of infrastructure, inflation and interest rates. As a result of the soaring inflation, increased interest rates and general economic downturn during the past two years, the Issuer has seen increased financing costs and decreased revenue due to a general decrease in the demand for, and value of, commercial real estate. Consequently, there is a risk that vacancies will increase and that the Issuer may not be able to negotiate lease agreements or rental increases that fully or partially compensate the inflation.

A further negative development of the economy would have a material adverse effect on supply and demand on the real estate market and accordingly affect vacancy and rental rates for the Properties. An increased vacancy rate for the Properties would, as a consequence, have a negative impact on the Issuer's financial position as increased vacancy rates will result in higher costs for the Issuer.

Expectations regarding inflation also affect the interest rate and therefore affect the Issuer's net financial income. Changes in the interest rates can thus have a significant effect on the Group's result and cash flow. In addition, changes in the interest rate and inflation also affect the markets yield requirements and thus the market value of the Properties. The market value of the Properties will also be affected, positively or negatively, by the general investment climate on the relevant investment market. The investment climate relevant for the Issuer will, among other things, be heavily influenced by the risk sentiment among investors, access

to capital and the relative investment yield that can be expected from other, competing investment alternatives.

Negative changes in macroeconomic factors such as the risks described above will, if the risks materialise, affect the value of the Properties, the vacancy rate and the rental level of the Issuer's Properties and as a result, its rental and net financial income.

Risk rating: High

1.1.1.2 Interest rate risk

Interest rate risk is the risk that changes in interest rates affect the Group's interest expense. For example, other than equity, the Group's operations are mainly financed by loans from credit institutions. Interest expenses are therefore one of the Group's main cost items and an increase in interest rates would lead to higher financing costs since the Issuer's level of debt creates an exposure to interest rate risk, where an increase in the STIBOR rate would lead to higher financing costs.

For example, as per 31 December 2025, an interest sensitivity test indicated that, if there would be an increase in the Group's main interest-rate benchmarks (primarily STIBOR 3M, EURIBOR 3M and NIBOR 3M) amounting to 1.0 per cent., such change would be limited to SEK 31 million in increased interest expenses (before taxes) for the Group on a yearly basis, largely due to the Group's use of interest-rate derivatives to hedge against a rise in interest-rate benchmarks, mainly through a portfolio of interest-rate caps and an interest-rate swap. If the interest-rate benchmarks would increase with 2.0 per cent., the Group's interest expenses (before taxes) would increase with SEK 59 million on a yearly basis. Through the CPI-indexation of all rental contracts, there is a natural hedge against high inflation and thus increasing interest rates.

According to the Issuer's finance policy, between 40 per cent. and 70 per cent. of all interest-bearing liabilities should always be hedged through interest derivatives or fixed rate contracts. For example, the Group has entered into interest rate swap agreements with respect to credit agreements with floating interest rates. The derivatives constitute a hedging against higher interest rates, but this also implies that the market value of the Group's interest rate derivatives decreases if the market interest rates decrease, which in turn has a negative impact on the Issuer's financial position and result.

If the risks materialise and there would be an increase in the STIBOR rate, this increase will affect the Issuer's interest expenses and net financial income.

Risk rating: Medium

1.1.1.3 Rental income and rental development

Rental income is the Issuer's main source of income. The rental income is affected by the vacancies of the Properties, contracted rental rates and the tenants paying their rents on time. Rental rates are affected by, inter alia, the supply and demand on the market and the level of the market rental rates. Further, the Group's tenants could face financial difficulties due to external factors such as inflation, increased electricity prices or a general economic downturn. Increased vacancies and/or decreased rental rates will negatively affect the Issuer's earnings. For example, the Group's total income amounted to SEK 1,050 million for the financial year 2025 and a potential decrease in the Group's total rental income of 15 per

cent., due to fluctuations in vacancies could therefore have a material negative impact on the Group's total earnings, corresponding to the decrease in rental income.

The risk of fluctuations in vacancies increases with more single large tenants. For example, the ten largest lease agreements as of 31 December 2025 accounted for approximately one fifth (1/5) of the total contracted rental income. There is a risk that the Issuer's larger tenants do not renew or extend their lease agreements upon expiry and that the Issuer does not find new tenants, which in the long term could lead to a decrease in rental income and an increase in vacancies.

Even if the Issuer deems the likelihood of a material long term decrease in rental income as described above to be relatively low, if any of these risks materialise, it may have a material negative impact on the Group's total rental income and hence adversely affect the Issuer's earnings and financial position.

Risk rating: Medium

1.1.1.4 Geographical risks

The supply and demand for properties and the return on property investments varies between different geographical markets and may develop differently within geographical markets. The Issuer's Properties are located in the Greater Stockholm area (*Storstockholm*), the Mälaren Valley (*Mälardalen*), the city of Borås and in the Copenhagen, Oslo and Helsinki regions.

The demand for commercial premises of the type that the Issuer invests in is however positively impacted by the long-term growth of the Greater Stockholm region. The market supply of premises for light industry, warehouse and logistics use has for many years been lagging the demand for such space whereby the effective market rent has been climbing steadily. Given that the average lease term in the Group's portfolio of Properties is approximately 5 years, approximately 20-25 per cent. of all leases will come up for renewal in each of the coming 4 years. When these leases come up for renewal, they will be on average 3-7 years old thus implying that there is a substantial catch-up of rental increase that can be expected. For the full year 2025, the rental contracts that were renewed and extended resulted in an average rental increase of 14 per cent.

If the demand for premises to lease declines in the geographical regions where the Issuer's properties are located, it could adversely affect the Issuer's business in that market, which in turn would have a negative effect of the Issuer's earnings and financial position since the Greater Stockholm region is the Issuer's main market.

Risk rating: Medium

1.1.2 Risks relating to the Issuer's business

1.1.2.1 Property transactions

The Issuer's Property portfolios may vary over time and acquisition and sale of additional Properties and Property-owning companies are an important part of the Issuer's and the Group's ordinary business. The Group acquired Properties for SEK 1,235 million and sold Properties for SEK 65 million during the financial year of 2025. Further, subsequent to year-end 2025, the Issuer entered into an agreement to acquire a portfolio of 14 warehouse and

light industrial properties in the Helsinki region at an agreed property value of approximately SEK 1.3 billion. The acquisition was completed in February 2026. Inefficiencies in connection with the Issuer's property transactions may lead to attractive Properties or Property-owning companies being disposed of whereas less attractive Properties or Property-owning companies may be acquired, which could lead to a decrease in the market value of the Issuer's Property portfolios. The disposal of Properties within the Group could also, due to the value of the specific Properties, have a significant negative effect on the Issuer's cash flow, if such Properties are sold at a too low price. For example, if the Properties are sold to a lower price than expected or if the market value of the Properties decreases, this could have a negative effect on the Issuer's earnings and financial position.

The Issuer's acquisitions and divestments of Properties are associated with risks and uncertainties. When the Issuer is acquiring real estate there is always uncertainty in relation to future loss of tenants, potential environmental impact from activities carried out on the Property as well as decisions from authorities. For example, before an acquisition agreement is signed the Issuer always conducts thorough investigation in respect of technical deficiencies, environmental contamination (ongoing or historic), financial issues in a company that is to be acquired or any other matter that could have a negative impact on the value of the acquired Property (or Property-owning company). There is however always a risk that the Issuer's investigation does not uncover all the potential issues and problems, whereby the Issuer could be negatively affected if an unexpected issue arises after the acquisition of the Property.

When acquiring real estate companies, there are risks relating to, inter alia, tax, environmental issues and disputes. In real estate transactions such as the transactions the Issuer participates in, the seller usually leaves guarantees regarding, for example, environmental risks and the validity of lease agreements. In transactions with real estate companies such as the Issuer, it is also generally guaranteed that no tax disputes or other legal disputes exist. Certain warranties may be unlimited, such as tax warranties, which could imply warranty claims towards the Issuer on significant amounts, even to the extent that the claim exceeds the value of the underlying Property object.

Furthermore, as the Group has and is continually acquiring companies, the Group is exposed to integration risks due to the high number of acquisitions of new companies. The integration risks for the Group could, for example consist of increased merging costs, organisational costs and risks related to unexpected costs related to management of new tenants. Such increased costs could negatively affect the Group's operations and in turn the performance of the Issuer under the Notes.

Risk rating: Medium

1.1.2.2 Risks relating to development and refurbishment projects

Developing new Properties as well as renovating existing Properties or acquiring vacant Properties involves risks for the Issuer, such as miscalculations of customer demand leading to unsold premises, unleased premises, lower profitability for the project and undesired tied-up capital on the balance sheet of the Issuer. When developing new Property or renovating existing Properties, there is a risk that the Issuer is unable to lease vacant Properties it has acquired or that such development or renovation turns out less profitable than expected, or that premises remain unsold and the Issuer has undesired tied-up capital on the balance sheet, which could have a negative effect on the Issuer's earnings and financial position.

For example, during 2025 the Issuer invested SEK 487 million in development, renovations and tenant improvements in their Properties. If the costs for developing or renovating Properties require more capital than expected by the Issuer, or if there should be any delays in the projects or bankruptcies among contractors, there is a risk that the planned developments or renovations have to be suspended or reduced, which could lead to increased costs for the Issuer, which in turn would have a negative impact on the Issuer's business and hence a negative effect on the Issuer's results of operation.

Risk rating: High

1.1.2.3 Risks relating to local plans and permits for new construction and re-construction

Property development projects (including new construction, re-construction of buildings or change of use) is subject to zoning plans, permits and decisions from authorities unless such are already in place. Such permits and decisions may not always be granted when expected or at all, which can cause delays, increased costs and even jeopardise project realisation. Further, modified municipal planning may lead to local plans not being approved when expected or at all, causing delays and increased costs pertaining to necessary restructuring of the project. If necessary, permits or approvals are not obtained when expected or at all, this could, for example, cause delays, increase costs or even jeopardise the project's realisation, which in turn could have a negative effect on the Issuer's earnings and financial position.

For example, the Issuer owns 179 properties and as a part of the active management of the Property portfolio there are approximately 2 properties where there is an ongoing process to update or change the existing zoning plan to fit the business plan for those properties.

Even though the Issuer deems the likelihood for a material change in the principles for granting permits for new construction and re-construction to be low, a change in the current principles for granting such permits significantly may affect the Issuer's ability to conduct its business.

Risk rating: Medium

1.1.2.4 Dependency on members of management and other key personnel

The knowledge, experience and commitment of the Issuer's employees are important for the Issuer's future development. For example, the Issuer is dependent on a number of key persons such as the members of the management team, which all have important knowledge about the Issuer's business and operations. Should the key persons decide to leave the Issuer, it could impact the future development of the Issuer as new members of the management team lack the experience from the Issuer's business compared to the current members of the management team. Furthermore, if the Issuer is unable to retain members of management and other key personnel, or recruit new members of management or other key personnel to replace people who leave the Issuer at reasonable compensation levels, it may have a negative impact on the Issuer's costs and therefore as a result, affect the Issuer's operations and financial position.

Risk rating: Medium

1.1.2.5 Environmental risks

Property management, which is a part of the Issuer's business, includes environmental risks. According to Swedish legislation, the party that has conducted operations which have caused contamination is responsible for remediation of the contaminated property. If such party is not able to carry out or pay for the remediation of a contaminated property, the party who acquired the property and was aware of the contamination at the time of acquisition or ought to have detected it then shall be liable for remediation. If claims for remediation regarding any of the Properties should be put forward to the Group, this may have a negative effect on the Issuer's earnings and financial position.

For example, out of the 179 properties and land leases owned by the Issuer, there is one property with documented environmental contamination (the "Upplands-Bro Property"). A former tenant has been held accountable in first instance for the environmental contamination at the Upplands-Bro Property and while a legal proceeding is ongoing between the former tenant and the County Administrative Board (Sw. *Länsstyrelsen*), and the municipality has ordered the former tenant to carry out an environmental soil survey regarding PFAS contamination at Upplands-Bro Property, which has been conducted by WSP and submitted to the municipality for review, the Issuer does not consider this to constitute a potential material environmental liability for the Group.

Furthermore, changed laws, regulations and requirements from authorities in the environmental area could result in increased costs for the Issuer with respect to sanitation or remediation regarding currently held or future acquired properties, as well as increased costs for carrying out planned real estate development, both of which may have a negative effect on the Issuer's earnings and financial position.

As of 31 December 2025, 81 per cent. of the total market value consisted of warehouse, logistics and light industrial properties. As the Issuer's business operations therefore mainly consists of owning and managing warehouse, logistics and light industrial properties in which the tenants are conducting business, the risk for environmental issues could be higher than compared to other types of commercial properties.

Risk rating: Medium

1.1.2.6 Competition

The Issuer operates in a competitive industry. For example, the Group's competitiveness is, amongst other things, dependent on its ability to predict future changes in the industry and to quickly adapt to current and future market needs. The Issuer's two major types of competitors are other real estate management companies within the real estate business with the same business focus as the Issuer, and real estate developers which are mainly focusing on leasing new-built properties directly to customers instead of selling them to companies as the Issuer.

It may become necessary for the Group to make significant investments, restructuring operations or price reductions in order to adapt to new competition. For example, the Group's competitors may have greater resources and capabilities than the Issuer to better withstand downturns in the market, compete more effectively, retain skilled personnel, and react faster to changes in local markets.

Financially strong competitors may use price reductions with the purpose of quickly gaining market shares or to establish themselves on the market. If such competitors decide to enter

into the markets where the Issuer's Properties are located, this could lead to a decline in the demand for the Issuer's Properties. Although the Issuer deems the likelihood of the establishment of such financially strong competitor which establishment on the abovementioned markets could adversely affect the demand for the Issuer's Properties and hence weaken the Issuer's position in the markets to be low, if the risk described above materialise it would have a material negative impact on the Issuer's earnings and financial position.

Further, if the Group has to make significant investments, restructurings or price reductions due to increased competition, such changes may have a negative effect on the Issuer's business, which in turn might affect the financial position negatively.

Risk rating: Medium

1.1.2.7 Reputational risk

The Issuer is dependent on its good reputation. The Issuer's reputation is important from many different aspects. It is for example important in relation to new and current tenants. As an example, operative problems or maintenance problems could damage the Issuer's reputation, which in turn could lead to difficulties obtaining new or keeping current tenants. The Issuer's reputation is also important in relation to banks, note investors and other sources of capital as well as in relation to recruitment of key personnel. Furthermore, damage to the Issuer's reputation could lead to loss of income or loss of growth potential, which in turn may have a negative effect on the Issuer's business and its position at the real estate market.

Risk rating: Medium

1.1.2.8 Disputes and litigation

The Issuer faces the risk of litigation and other proceedings in relation to its business. For example, the Issuer focuses on owning and managing warehouse, logistics and light industrial properties (although the Issuer also develop some residential building rights in existing properties for the purpose of development and management). As a result, the tenants are mainly conducting business in the Issuer's Properties. If there would be a stoppage in the tenant's operating activities due to the Property's technical design or standard, this could result in a claim for damages from the tenant, which, if the described risk materialises, could affect the Issuer's earnings and financial position.

The outcome of any litigation may expose the Issuer to unexpected costs and losses, reputational and other non-financial consequences and diverting management attention. For example, the outcome of litigation and other proceedings may not correspond to the way the outcome is perceived by the market, and the Issuer's reputation may be impacted in a way which adversely affects its future earnings and its possibility to reach out to new tenants in the future.

Risk rating: Medium

1.1.2.9 Holding company risks

The Issuer is a holding company and the Group's operations are mainly run through its subsidiaries. The Issuer is hence dependent on its subsidiaries to be able to fulfil its obligations under the Notes. For example, the subsidiaries intend to provide the Issuer with liquidity by way of intra-group loans, dividends or other transfers of value in order for the Issuer to fulfil

its obligations under the Notes. However, if the subsidiaries do not provide liquidity, or due to other circumstances, conditions, laws or regulations are prevented from providing liquidity to the Issuer, there is a risk that the Issuer will not be able to fulfil its obligations under the Notes.

Even if the Issuer deems the likelihood of a negative cash flow in the Issuer due to the fact that its subsidiaries have not provided the Issuer with liquidity to be low, every investor shall be aware that their investment is dependent not solely on the Issuer's earnings, but also the subsidiaries earnings.

Risk rating: Low

1.1.2.10 Risks relating to inadequate insurance

The Group has insured its operations against usual losses and/or potential liability in relation to third party claims. Certain types of losses and/or damages are generally not covered by insurance policies due to such losses being considered as impossible to insure, for example losses resulting from the act of war, terrorism, professional liability, or personal liability (the latter two where damages are caused by negligence, wilful misconduct or criminal acts). Further, most of the Issuer's insurances (i.e., the insured amounts) are limited by specified maximum amounts per claim, series of injuries and the specified insurance periods. Also, if a tenant is revoking its lease agreement due to a damage to the leased property, there is a risk that the Issuer's insurance policies are not covering the lost rental income. In the event that a loss is not covered or only partially covered by the Issuer's insurance policies or that an incurred loss exceeds the maximum amount covered by the relevant insurance policy, or upon the occurrence of consequential loss, this may have a material negative effect on the earnings and financial position due to increased costs as a consequence of such loss.

Risk rating: Low

1.1.3 Financial risks related to the Issuer

1.1.3.1 Refinancing risk

Refinancing risk is the risk that financial costs could be higher and/or the refinancing possibilities could be limited or non-existent when the Notes or other debt owed by the Issuer or the Group falls due and/or needs to be refinanced. This could in turn affect the Issuer's and/or the Group's liquidity and consequently affect the possibility to repay debt as it falls due.

The Issuer's business is partly financed by externally provided capital. The bulk of the required capital for financing of both development of existing Properties and future acquisitions is and will be provided by banks, credit institutions or other lenders. As of 31 December 2025, the Group's net indebtedness amounted to SEK 8,598 million, of which SEK 301 million will be due within twelve months.

During the financial crisis, the volatility and the disruptions in the financial and credit markets were substantial, with reduction in liquidity and higher credit risk premiums for many credit institutions. The turmoil in the market later ceased due to central banks' quantitative easing programs and amended regulations from agencies, but as a result of the general economic downturn, soaring inflation and increased interest rates of the past two years, there is still a significant element of uncertainty and volatility. If the Issuer cannot refinance itself or

only may refinance itself at much higher costs, this could have a negative effect on the Issuer's business, earnings and financial position.

If the Issuer is unable to refinance existing financial indebtedness on the relevant due dates it may lead to its creditors taking action against it, for example by initiating court proceedings or filing for bankruptcy for the Issuer, which in turn would have a negative impact on the Issuer's business and financial position.

Risk rating: High

1.1.3.2 Liquidity risk

Liquidity risk is the risk that the liquid assets of the Issuer are not sufficient to meet its payment obligations at the relevant maturity date or that the Issuer cannot issue new securities at a fair price. The Issuer is dependent on available liquidity in order to fulfil its obligations, making investments and paying interest and amortisation costs related to its financing. As the payment obligations under the current liabilities in general is covered by the Issuer's cash flow, or the issue of new securities, there is a risk that the Issuer does not have sufficient liquidity to meet the payment obligations if the cash flow is negatively affected by, for example, the results of the property investments (as described above). If the Issuer does not have sufficient liquidity to fulfil its obligations, this could have a negative effect on the Issuer's results and hence affect the Issuer's financial position.

Risk rating: High

1.1.3.3 Changes in value of Properties

The Issuer's Properties are reported at fair value (Sw. *verkligt värde*) in the balance sheet and with changes in value in the profit and loss account. Different factors, for example changes in cash flow or the markets profitability requirements, could have a material effect on the value of the Properties, which may cause the Issuer to record a write down of the fair value of the affected Properties. A possible result of such write down is that it would adversely affect the Issuer's earnings and financial position.

Furthermore, factors affecting the reported fair value of the Properties could both be property specific, such as rent levels, occupancy ratio and operative expenses, and market specific, such as market yield requirements, macroeconomic effects, general economic trends, growth, unemployment levels, the rate of production of new premises, population growth, inflation and interest rates.

If the value of the Properties decreases, causing the Issuer to write down their value, it could result in a number of consequences, such as a breach of the covenants of the Notes and other loans owed by the Group from time to time, which in turn could result in the Notes and such loans being accelerated prior to maturity. For example, an increase or decrease in the net operating income (Sw. *driftnetto*) of ± 2.5 per cent., would, as of 31 December 2025, affect the estimated market value of the Properties with by approximately \pm SEK 398 million.

Furthermore, a material decrease of the market value of the Properties would also have a negative impact on the Issuer's possibilities to dispose of its Properties without incurring losses, which in turn may have a negative effect on the Issuer's earnings and financial position. For example, an increase or decrease of the markets yield requirements of 0.5 per cent., would, as of 31 December 2025, result in a decrease in the value of the Properties with SEK 1,284 million, and an increase in the value of the Properties amounting to SEK 1,531 million.

If any of these risks materialise, it may have a material negative effect on the Issuer's income statement and hence a material negative effect on the Issuer's earnings, which in turn could have a negative impact on the Issuer's financial position.

Risk rating: High

1.1.3.4 Covenants in credit agreements

If the Group is in breach of any of its covenants (e.g., financial covenants such as loan to value ratio or equity ratio) in its loan agreements, it could lead to loans being accelerated which means that they fall due for payment prior to their specified maturity. If the Group is unable to repay such loan following an acceleration it may further give the creditor under such loan the right to enforce security granted for such loan. Such breach could adversely affect the Issuer's business, earnings, and financial position. As of 31 December 2025, the interest-bearing liabilities of the Group amounted to SEK 8,938 million, of such interest-bearing liabilities, SEK 7,287 million were made out by loans from credit institutions. Most of the Group's agreements with credit institutions regarding such loans contain financial covenants.

Furthermore, the financial covenants could have consequences for the Issuer in relation to its ability to obtain additional financing in the longer term, including its ability to refinance its bank borrowings on comparable terms. Also, in the event of a downturn in revenue, the Issuer's leverage could have a disproportionately adverse effect on its profitability. Even though the Issuer deems the likelihood of the described risks to materialise to be low, if the risks materialise this could affect the Issuer's ability to seize business opportunities in the future which in turn could have a negative effect on the Issuer's business and future development.

Risk rating: Medium

1.1.4 Legal and regulatory risks relating to the Issuer

1.1.4.1 New or amended legislation

The Issuer's business is regulated by and must be conducted in accordance with several laws and regulations, inter alia the Swedish Companies Act (Sw. *aktieföretagslagen (2005:551)*), the Swedish Land Code (Sw. *Jordabalken (1970:994)*), the Swedish Environmental Code (Sw. *Miljöbalken (1998:808)*) and the Swedish Planning and Building Act (Sw. *Plan- och bygglagen (2010:900)*), but also for example detailed development plans, building standards and security regulations, and there is a risk that the Issuer's interpretation of applicable laws and regulations may be incorrect or may change in the future.

New legislation or regulations or changes regarding the application of existing legislation or regulations, regarding for example building permits or other matters applicable to the Group's operations or its clients or the Notes, may adversely affect the Issuer's business, possibly with retroactive effect.

Risk rating: Medium

1.1.4.2 Taxation risks

During the financial year of 2025, Stendörren's total tax costs amounted to SEK 130 million. In the event that the historical tax position would be challenged this could lead to additional tax costs for the Group should the tax risk not be covered by the guarantees provided in the share purchase agreements entered into in connection with the Issuer's property transactions. This is especially important in relation to the Issuer, since the Issuer's business normally contains substantial element of property transactions as described above. The value of the guarantees provided in the share purchase agreements is also dependent on the financial position of the sellers.

In the event that the Issuer's interpretation of tax laws or their applicability is incorrect, or if a governmental authority successfully makes negative tax adjustments or changes its interpretations in relation thereto, the Issuer's past or current tax positions may be challenged. A challenged tax position could result in an increased tax cost, which could have a negative impact on the Issuer's business, earnings, and financial position.

Since the laws, treaties, and other regulations on taxation, as well as other financial charges, have historically been subject to frequent changes, further changes are expected in the future, possibly with a retroactive effect. A change in the current tax legislation resulting in increased property tax or reduced possibilities for interest deductions would result in the Group facing an increased tax burden which could affect the Issuer's earnings and financial position.

New Swedish tax rules implementing Council Directive (EU) 2022/2523 of 14 December 2022 on ensuring a global minimum level of taxation for multinational enterprise groups and large-scale domestic groups in the Union ("**Pillar 2**") entered into force on 1 January 2024. These new rules apply to certain multinational enterprise ("**MNE**") groups and large-scale domestic groups with a constituent entity located in Sweden and an annual revenue of EUR 750,000,000 or more, in at least two of the four fiscal years immediately preceding the relevant fiscal year. Simplified and subject to certain exemptions, a Swedish parent entity of an MNE group may be liable for top-up tax (Sw. *tilläggs katt*) if its subsidiaries are considered low-taxed. For financial years commencing in 2025 and later, a Swedish group entity may be liable for top-up tax if its parent entity or fellow subsidiaries are considered low-taxed. An entity which is taxed at a rate lower than 15 per cent pursuant to a special calculation is considered low-taxed. Should entities in the Group be liable to top-up tax it could result in an increased tax cost for the Group, which could have a negative impact on the Issuer's business, earnings and financial position.

Risk rating: Medium

1.1.4.3 Accounting risks

The International Accounting Standards Board ("**IASB**") published the discussion paper "Financial Instruments with Characteristics of Equity" in June 2018 (the "**Discussion Paper**"). The Discussion Paper sets out the IASB's preferred approach to classification of a financial instrument, such as certain capital securities previously issued by the Issuer, as a financial liability or an equity instrument from the perspective of an issuer. The changes to the accounting standards addressed in the Discussion Paper would, if implemented, most likely lead to financial instruments, such as the Issuer's outstanding capital securities, being classified as financial liabilities rather than equity as per the current accounting standards. In February 2021, IASB tentatively decided not to change how such instruments should be classified as proposed in the Discussion Paper but instead look to develop presentation and

disclosure requirements in relation to them. In November 2023, the IASB published an exposure draft (the “**Exposure Draft**”), including proposals for amendments of certain rules regarding classification of financial instruments with characteristics of equity, in particular regarding presentation and disclosure requirements. At the date of this Prospectus, it is unclear to what extent the proposals in the Exposure Draft will result in changes to the accounting standard, in particular in terms of increased administration and/or new disclosure requirements. Consequently, it is difficult to foresee how any such changes would affect the capital securities.

If the changes to the accounting standard proposed in the Discussion Paper or any similar proposal would be implemented, it would most likely lead to certain of the Issuer’s financial instruments being classified as financial liabilities of the Issuer which in turn would have a negative impact on the Issuer’s financial position. Further, such change of accounting standards would most likely entitle, but not obligate, the Issuer to redeem its outstanding capital securities.

Risk rating: Medium

1.2 Risks relating to the Subsequent Notes

1.2.1 Risks relating to the value of the Subsequent Notes and the secondary market

1.2.1.1 Risks related to the Subsequent Notes’ floating rate structure

The market value of the Subsequent Notes depends on several factors, with one of the most important factors being the market interest rates. The Subsequent Notes will bear a floating rate interest at the rate of 3-month STIBOR plus a margin, and the interest rate will be determined for each interest period. Hence, the interest rate is to a certain extent adjusted for changes in the general interest rate levels. There is a risk that the market value of the Subsequent Notes is adversely affected by changes in market interest rates. An increase in the general interest levels could adversely affect the market value of the Subsequent Notes. As the market rate of interest is largely dependent on the Swedish and international economic development and the actions of central banks, this is a risk factor which the Issuer and the Group cannot control.

Further, the process for determining STIBOR and other interest rate benchmarks (“**Benchmarks**”) is subject to several regulatory reforms. The most comprehensive initiative on this area is the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds) (the “**BMR**”) which came into force on 1 January 2018 and regulates the provision of Benchmarks, the contribution of input data to Benchmarks and the use of Benchmarks within the EU. Increased administrative requirements and the regulatory risks associated therewith could lead to participants no longer wanting to participate in the determination of Benchmarks, or that certain Benchmarks are discontinued. The degree to which amendments to and application of the BMR may affect the Noteholders is uncertain and presents a low significant risk to the return on the Noteholder’s investment.

There is a risk that the Benchmark Regulation may affect how certain benchmarks are calculated and how they will develop which, in turn, could lead to increased volatility in relation to STIBOR and any other Successor Base Rate, and, thus, in relation to the interest rate of the Subsequent Notes. There is also a risk that increased administrative requirements may discourage stakeholders from participating in the production of benchmarks, or that some

benchmarks cease to be provided. If this were to happen in respect of STIBOR and any other Successor Base Rate, it could potentially be detrimental to the Noteholders. More specifically, should STIBOR be discontinued or cease to be provided, the Terms and Conditions provides for an alternative calculation of the interest rate for the Subsequent Notes. There is a risk that such alternative calculation results (including the determination of any Successor Base Rate) in interest payments less advantageous for the Noteholders or that such interest payment do not meet market interest rate expectations.

Risk rating: Medium

1.2.1.2 Risks related to listing of the Subsequent Notes, liquidity and the secondary market

The Issuer intends, and shall use its best efforts, to (without assuming any legal or contractual obligation), ensure that the Subsequent Notes are admitted to trading on the sustainable bond list of Nasdaq Stockholm. There is a risk that the Subsequent Notes will not be admitted to trading on the relevant market place within the intended time frame or at all. If the Issuer fails to procure listing in time, investors holding Subsequent Notes on an investment savings account (Sw. *ISK or IS-konto*) will no longer be able to hold the Subsequent Notes on such account, thus affecting such investor's tax situation. A failure to admit the Subsequent Notes to trading can have a negative impact on the market value of the Subsequent Notes. Prior to any admission to trading, there has been no public market for the Subsequent Notes.

The Subsequent Notes, which have a nominal value of SEK 1,250,000, may also not always be actively traded, and there is a risk that there will not always be a liquid market for trading in the Subsequent Notes. This may result in the Noteholders not being able to sell their Subsequent Notes when desired or at a price level which allows for a profit comparable to similar investments with an active secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Subsequent Notes. Further, the nominal value of the Subsequent Notes may not be indicative compared to the market price of the Subsequent Notes. It should also be noted that during a given time period it may be difficult or impossible to sell the Subsequent Notes on reasonable terms, or at all, due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

Risk rating: Low

1.2.1.3 No action against the Issuer and Noteholders' representation

In accordance with the Terms and Conditions, the Agent represents all Noteholders in all matters relating to the Subsequent Notes and the Noteholders are prevented from taking actions on their own against the Issuer. Consequently, individual Noteholders do not have the right to take legal actions to declare any default by claiming any payment from the Issuer and may therefore lack effective remedies unless and until a requisite majority of the Noteholders agree to take such action. However, there is a risk that an individual Noteholder, in certain situations, could bring its own action against the Issuer (in breach of the Terms and Conditions), which would negatively impact an acceleration of the Subsequent Notes or other action against the Issuer.

To enable the Agent to represent Noteholders in court, the Noteholders and/or their nominees may have to submit a written power of attorney for legal proceedings. This has been further clarified in a recent decision by the Stockholm District Court (Sw. *Stockholms tingsrätt*), where the court ruled that an agent lacked the authority to represent the bondholders in a formal court proceeding, despite provisions in their agreement authorising the agent to represent the noteholders in court proceedings. The terms and conditions in the relevant case

could not constitute a proxy for appearing in court (Sw. *rättegångsfullmakt*), as the authorisation in the agreement, *inter alia*, was not signed by all of the underlying noteholders, why the formal requirement of a personally signed power of attorney was not met. The failure of all Noteholders to submit such a power of attorney could negatively affect the legal proceedings.

Under the Terms and Conditions, the Agent will in some cases have the right to make decisions and take measures that bind all Noteholders. Consequently, there is a risk that the actions of the Agent in such matters will impact a Noteholder's rights under the Terms and Conditions in a manner that is undesirable for some of the Noteholders.

Risk rating: Low.

1.2.2 Risks relating to the nature of the Subsequent Notes

1.2.2.1 Credit risk towards the Issuer

The Subsequent Notes constitute unsecured debt obligations of the Issuer, and the Noteholders carry a credit risk relating to the Issuer and the Group. The Noteholders' ability to receive payment under the Subsequent Notes is therefore dependent on the Issuer's ability to meet its payment obligations, which in turn is dependent upon the performance of the Group's operations and its financial position and, the availability of capital. A significant part of the Group's financing consists of the Notes. As of 31 December 2025, the interest-bearing liabilities of the Group amounted to SEK 8,938 million. Based on the figures on 31 December 2025, the Subsequent Notes constitute approximately 3.4 per cent. of the total interest-bearing liabilities of the Group. Thus, there is a risk that the Issuer will not have sufficient funds at the time of repayment of the Subsequent Notes, or e.g., in case of mandatory repurchase of any or all Subsequent Notes upon the occurrence of a Change of Control Event or a Listing Failure Event (as defined in the Terms and Conditions). The Issuer's failure to repay or repurchase the Subsequent Notes could in turn adversely affect the Issuer, e.g., by causing insolvency or an event of default under the Terms and Conditions, and thus adversely affect all Noteholders and, in case of mandatory repurchase of the Subsequent Notes, not only those that choose to exercise the put option.

Further, an increased credit risk is likely to cause the market to charge the Subsequent Notes a higher risk premium, which can affect the Subsequent Notes' value negatively. Further, if the Issuer's financial position deteriorates, it is likely to affect the Issuer's possibility to receive debt financing at the time of the maturity of the Subsequent Notes. There is a risk that this could have a material adverse effect on the value of the Subsequent Notes.

Risk rating: Medium

1.2.2.2 Risk related to the Subsequent Notes being unsecured

The Subsequent Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them and at least *pari passu* with all other direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation and except as otherwise provided in the Finance Documents. Thus, a Noteholder will normally receive payment after any creditor with secured assets or other creditor with higher ranking claims in the event of the Issuer's liquidation, company reorganisation or bankruptcy. Consequently, a Noteholder may not recover any or full value in

the event of the Issuer's liquidation, bankruptcy, or company reorganisation. Each investor should be aware that by investing in the Subsequent Notes, it risk losing the entire, or part of, its investment.

Risk rating: Medium

1.2.2.3 Risks relating to the insolvency of subsidiaries and structural subordination

A significant part of the Issuer's revenues relates to the Issuer's subsidiaries. In the event of the insolvency or liquidation of (or a similar event relating to) one of the Issuer's subsidiaries all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before the Issuer (as a shareholder) would be entitled to any payments. Thus, the Subsequent Notes are structurally subordinated to the liabilities of the subsidiaries and there is a significant risk, should a subsidiary be subject to, inter alia, an insolvency or liquidation proceeding, that the Issuer will not be entitled to any payments.

The Issuer and its assets may not be protected from any actions by the creditors of a subsidiary, whether under bankruptcy law, by contract or otherwise.

Risk rating: Medium

1.2.2.4 Risk that the use of proceeds may not meet investor expectations

The Subsequent Notes are defined as "green" according to the Issuer's Green Finance Framework. The Green Finance Framework, as well as market practice for green notes, may be amended and develop after the First Issue Date, thus affecting any of the requirements applicable to the Issuer in respect of any subsequent notes. The Issuer's failure to comply with the Green Finance Framework does not constitute an event of default under the Terms and Conditions and would not permit Noteholders to exercise any early redemption rights or receive any other type of compensation for non-compliance with the Green Finance Framework. There is however a risk that a failure to comply with the Green Finance Framework could have a material adverse effect on the market value of the Subsequent Notes due to investors perceiving the Subsequent Notes as a less favourable investment.

Further, the Issuer shall use an amount equal to the net proceeds from the Note Issue to the financing or refinancing of new or existing green eligible projects and/or investments ("**Green Eligible Projects**") that meet the requirements of the Green Finance Framework.

A potential investor in the Subsequent Notes must determine for themselves the relevance on the use of proceeds contained in the Terms and Conditions and Green Finance Framework (together with any other investigation that such investor deems necessary) and consult with their legal and other advisers before making an investment in the Subsequent Notes. In particular, no assurance is given by the Issuer or the Joint Bookrunners that the use of such proceeds or the terms of the Subsequent Notes will satisfy investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. Each investor should obtain up to date information about the risks and principles applicable to the Subsequent Notes since these risks and principles change over time. Furthermore, there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes a "green" asset or project or as to what precise attributes are required for a particular project to be defined as "green", and there is a risk that no clear definition or consensus will develop over time. Further, if developed in the future, the Green Eligible Projects may not reflect these developments. Accordingly, there is a risk that the uses of the Subsequent Notes issued with reference to

the Issuer's Green Finance Framework may not meet investor expectations regarding "green" performance objectives and that adverse environmental, social and/or other impacts will occur during the use of the proceeds of the Subsequent Notes.

A basis for the determination of what may constitute a "green" or equivalently labelled project has been established in the EU with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 (the "EU Taxonomy") and Regulation (EU) 2023/2631 of 22 November 2023 (the "European Green Bond Regulation"). The alignment of the Issuer's Green Finance Framework with the EU Taxonomy and the European Green Bond Regulation (or any other sustainability framework) is not certain, and no assurance can be given that any Green Eligible Project will meet a potential investor's expectations regarding "green" or any other equivalently labelled performance objectives or investment criteria, or that any adverse environmental, social and/or other impacts will not occur during the implementation of any Green Eligible Projects.

Should the Subsequent Notes be listed or admitted to trading on any "green", "sustainable" or equivalently labelled segment of any capital market, there is a risk that such listing or admission will not satisfy any investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. Further, the criteria for any such listing or admission to trading may vary from one capital market to another.

While the Issuer shall apply an amount equal to the net proceeds from the issue of the Subsequent Notes into Green Eligible Projects, there is a risk that circumstances beyond the Issuer's control result in that such projects may not be implemented in the intended matter. There is further a risk that circumstances beyond the Issuer's control result in that such Green Eligible Projects may not be completed within any specified period (or at all) or with the results or outcome originally expected by the Issuer. Any such event or failure by the Issuer will not, as previously mentioned, constitute an event of default under the Subsequent Notes.

Any such event or failure to invest an amount equal to the net proceeds of the Note Issue into Green Eligible Projects and/or the Subsequent Notes no longer being listed or admitted to trading may have a material adverse effect on the value of the Subsequent Notes.

Risk rating: Medium

Overview of the Subsequent Notes and the use of proceeds

This section contains a general description of the Subsequent Notes. It does not claim to be comprehensive or cover all details of the Subsequent Notes. Potential investors should therefore carefully consider the Prospectus as a whole, including documents incorporated by reference, before a decision is made to invest in the Subsequent Notes. The Terms and Conditions for the Notes can be found in the section Terms and Conditions. Terms and concepts defined in the Terms and Conditions are used with the same meaning in this overview unless it is otherwise explicitly understood from the context or otherwise defined in this Prospectus.

This Prospectus has been approved by the SFSA as competent authority under Regulation (EU) 2017/1129 of the European Parliament and of the Council. The SFSA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129 of the European Parliament and of the Council. The SFSA's approval should not be considered as an endorsement of the Issuer that is the subject of this Prospectus, nor should it be considered as an endorsement of the quality of the Subsequent Notes. Investors should make their own assessment as to the suitability of investing in the securities.

The obligation to supplement this Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply from the time when trading of the Subsequent Notes on a Regulated Market begins.

The Subsequent Notes

The Subsequent Notes have a Nominal Amount of SEK 1,250,000 each and are denominated in Swedish kronor. The aggregate nominal amount of the Subsequent Notes is SEK 300,000,000. In total, 240 Subsequent Notes have been issued. All Subsequent Notes are issued on a fully paid basis at an issue price of 100.75 per cent. of the Nominal Amount.

This Prospectus is prepared solely for the admission to trading of the Subsequent Notes issued on 23 February 2026. Additional subsequent notes may be issued in accordance with Clause 2.5 of the Terms and Conditions, in which case a new prospectus will be prepared for the potential admission to trading of such additional subsequent notes.

The maximum aggregate nominal amount of the Notes may not exceed SEK 800,000,000 unless a consent from the Noteholders is obtained in accordance with the Terms and Conditions. Subsequent notes shall be subject to the Terms and Conditions and, for the avoidance of doubt, the ISIN, the interest rate, the Nominal Amount and the Final Maturity Date applicable to the Notes shall apply to subsequent notes. The issue price of any additional subsequent notes may be set at the Nominal Amount, a discount or a premium compared to the Nominal Amount.

ISIN and common code

The Notes have been allocated the ISIN code SE0026876195. The Initial Notes have been allocated the trading code STEN_8, which will also apply to the Subsequent Notes upon their admission to trading.

Form of the Subsequent Notes

The Subsequent Notes are issued in dematerialised book-entry form and registered on a Securities Account on behalf of the relevant Noteholder. Hence, no physical notes have been issued. The Subsequent Notes are registered in accordance with the Financial Instruments Accounts Act and registration requests

relating to the Subsequent Notes shall be directed to an Account Operator. The Subsequent Notes are governed by Swedish law and are unilateral debt instruments intended for public trading as set out in Chapter 1 Section 3 of the Central Securities Depositories and Financial Instruments Accounts Act (Sw. *ensidig skuldförbindelse avsedd för allmän omsättning enligt 1 kap. 3 § lag (1998:1479) om värdepapperscentraler och kontoföring av finansiella instrument*).

The Subsequent Notes are freely transferable, but the Noteholders may be subject to purchase or transfer restrictions with regard to the Subsequent Notes, as applicable, under local laws to which a Noteholder may be subject. Each Noteholder must ensure compliance with such restrictions at its own cost and expense.

Status of the Subsequent Notes

The Subsequent Notes are constituted by the Terms and Conditions. The Issuer undertakes to make payments in relation to the Subsequent Notes and to comply with the Terms and Conditions.

The Subsequent Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank pari passu and without any preference among them and at least pari passu with all other direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation and except as otherwise provided in the Finance Documents.

See further in Clause 2.6 of the Terms and Conditions.

Issuance, repurchase, redemption and calculation

Issue Date and Final Maturity Date

The Subsequent Notes were issued on 23 February 2026. The Final Maturity Date of the Subsequent Notes is 4 June 2029. The Issuer may only redeem the Subsequent Notes in the circumstances described in Clause 9 (*Redemption and Repurchase of the Notes*) of the Terms and Conditions as described below.

The Issuer shall redeem all, but not some only, of the outstanding Notes in full on the Final Maturity Date with an amount per Note equal to the Nominal Amount together with accrued but unpaid Interest. If the Final Maturity Date is not a Business Day, then the redemption shall occur on the first following Business Day.

The Issuer's purchase of notes

The Issuer may, subject to applicable regulations, at any time and at any price purchase Notes on the market or in any other way. Notes held by the Issuer may at its discretion be retained or sold, but not cancelled, except in connection with a full redemption of the Notes or repurchase of all Notes not already held by the Issuer.

Voluntary total redemption (call option)

The Issuer may redeem all, but not some only, of the outstanding Notes in full any time at an amount per Note equal to;

- a) 100.94 per cent. of the Nominal Amount, if the Notes are redeemed during a period starting on the day falling twenty-seven (27) months after the First Issue Date (i.e. inclusive) and ending

on the day falling immediately prior to thirty-nine (39) months (i.e. exclusive) after the First Issue Date;

- b) 100.47 per cent. of the Nominal Amount, if the Notes are redeemed during a period starting on the day falling thirty-nine (39) months after the First Issue Date (i.e. inclusive) and ending on the Final Maturity Date (i.e. exclusive); or
- c) 100 per cent. of the Nominal Amount, if the Notes are redeemed within the period starting ninety (90) days before the Final Maturity Date up to, but excluding, the Final Maturity Date, provided that the redemption is financed, in whole or in part, by way of one or more Market Loan issues by the Issuer;

in each case together with accrued but unpaid Interest.

Early redemption due to illegality (call option)

The Issuer may redeem all, but not some only, of the outstanding Notes at an amount per Note equal to the Nominal Amount together with accrued but unpaid Interest on a date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Finance Documents.

Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)

Upon the occurrence of a Change of Control Event or a Listing Failure Event, each Noteholder shall during a period of twenty (20) Business Days from the effective date of a notice from the Issuer of the Change of Control Event or Listing Failure Event, as the case may be, pursuant to Clause 10.1.2 (after which time period such right shall lapse) of the Terms and Conditions, have the right to request that all, or some only, of its Notes be repurchased at a price per Note equal to 101.00 per cent. of the Nominal Amount together with accrued but unpaid Interest. However, such period may not start earlier than upon the occurrence of the Change of Control Event or the Listing Failure Event, as the case may be.

Notice of redemption

Redemption in accordance with Clause 9.3 (*Voluntary Total Redemption*) of the Terms and Conditions shall be made by the Issuer giving not less than fifteen (15) Business Days' notice and not more than thirty (30) Business Days' notice, in each case calculated from the effective date of the notice. Redemption in accordance with Clause 9.4 (*Early redemption due to illegality*) of the Terms and Conditions shall be preceded by the Issuer giving notice of redemption no later than twenty (20) Business Days after having received actual knowledge of any event specified in Clause 9.4.1 (after which time period such right shall lapse) of the Terms and Conditions.

Cancellation of Notes

Notes held by the Issuer may not be cancelled by the Issuer (except for any Notes repurchased pursuant to Clause 9.5 (*Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)*)) or in connection with a redemption or repurchase of the Notes in full).

See further in Clause 9.2 of the Terms and Conditions.

Payments in respect of the Notes

Any payment or repayment under the Finance Documents shall be made to such person who is registered as a Noteholder on the Record Date prior to an Interest Payment Date or other relevant payment date, or to such other person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.

See further in Clause 7 of the Terms and Conditions.

Interest, default interest and deferral interest

Interest

Each Subsequent Note carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the issue date of the Subsequent Notes up to (and including) the relevant Redemption Date.

Interest accrues during an Interest Period. Payment of Interest in respect of the Subsequent Notes shall be made to the Noteholders on each Interest Payment Date for the preceding Interest Period.

Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).

The interest rate is calculated as the applicable Margin plus STIBOR (3 months), provided that if the sum of STIBOR plus the Margin falls below zero, the Interest Rate will be deemed to be zero.

Margin is defined in the Terms and Conditions as 2.35 per cent. *per annum*.

Default interest

If the Issuer fails to pay any amount payable by it under the Finance Documents on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is two (2) per cent. higher than the Interest Rate. The default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

Use of benchmarks

The interest payable under the Subsequent Notes is calculated by reference to the benchmark STIBOR (as defined in the Terms and Conditions). STIBOR is a reference rate that shows an average of the interest rates at which a number of banks active on the Swedish money market are willing to lend to one another without collateral at different maturities.

Since 20 April 2020, STIBOR is administered by Swedish Financial Benchmark Facility AB (a subsidiary of Financial Benchmarks Sweden, part of the Swedish Bankers' Association) ("**SFBF**"). SFBF is since 21 April 2023 authorised by the Swedish Financial Supervisory Authority to act as administrator of STIBOR in accordance with article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011).

Admission to trading of the Subsequent Notes

The Issuer shall ensure that the Subsequent Notes are admitted to trading on the sustainable bond list of Nasdaq Stockholm or any other Regulated Market within sixty (60) days following the issue date of the

Subsequent Notes (although the Issuer has the intention to complete such listing within thirty (30) days from the issue date of the Subsequent Notes).

The Subsequent Notes will be admitted to trading on Nasdaq Stockholm on or around 13 April 2026. It is estimated that the Issuer's costs in conjunction with the admission to trading will be no higher than SEK 200,000.

Decisions by Holders

Use of proceeds

An amount equivalent to the Net Proceeds from the issue of the Subsequent Notes shall be applied in accordance with the Issuer's Green Finance Framework (as defined in the Terms & Conditions).

Green Finance Framework

As part of its ESG efforts, the Issuer has established a Green Finance Framework, which is available at the Issuer's website ([link](#)). An amount equivalent to the Net Proceeds from the issue of the Subsequent Notes shall be applied in accordance with the Green Finance Framework. The Green Finance Framework has been developed in alignment with the Green Bond Principles, as administered by the International Capital Market Association (ICMA) from 2021 and the Green Loan Principles, as administered by the Loan Market Association (LMA) from 2023 and thus follows the core components of the principles:

- Use of Proceeds;
- Process for Project Evaluation and Selection;
- Management of Proceeds;

- Reporting; and
- External Review.

The Green Finance Framework is applicable for issuance of, *inter alia*, green notes where the equivalent to the net proceeds will be applied to finance or re-finance, in part or in full, new and/or existing projects with clear environmental benefits (“**Green Eligible Projects**”). The Green Eligible Projects are selected by the Issuer’s Green Finance Committee, consisting of the CEO, CFO and Head of Sustainability. Below is a non-extensive summary of the Green Finance Framework, and the criteria which will be used to determine how the proceeds are allocated for sustainable purposes.

For new buildings (built after 31 December 2020), the buildings must either have or receive Primary Energy Demand (PED) 10% lower than the threshold set for Nearly Zero-Energy Building (NZEDB) according to national building regulations or EPC A or B or minimum certification of BREEAM Very Good, Nordic Swan Ecolabel, Miljöbyggnad Silver, GreenBuilding or LEED Gold. For buildings larger than 5,000 square meters, the building must undergo air-tightness and thermal integrity testing upon completion and the life-cycle Global warming Potential (GWP) of the building resulting from the construction has been calculated for each stage in the life cycle.

For existing buildings (built before 31 December 2020), the buildings must either have or receive minimum certification of BREEAM Very Good, BREEAM In-Use Very Good, Nordic Swan Ecolabel, Miljöbyggnad Silver, Miljöbyggnad iDrift Silver, GreenBuilding or LEED Gold or EPC A or B or within top 15 per cent of the national or regional building stock expressed as operational PED and demonstrated by adequate evidence. The net proceeds of the Issuer’s green notes will not be used to finance fossil fuel energy generation, the weapons and defence industries, potentially environmentally negative resource extraction, gambling or tobacco.

The proceeds will be tracked using a spreadsheet where all issued amounts of green notes, or other eligible instruments, which will also contain the list of Green Eligible Projects. The information available in the spreadsheet (allocation & impact) will in turn serve as basis for regular reporting and will be verified by an external party. To enable investors, lenders and other stakeholders to follow the development of the Green Eligible Projects funded by the proceeds from the green notes, or other eligible instruments, a Green Finance Report will be made available on the Issuer’s website. The Green Finance Report will include an allocation report and an impact report and will be published annually as long as there are green notes, or other eligible instruments, outstanding.

The framework is reviewed by ISS ESG, which has provided a second opinion to confirm the Green Finance Framework’s alignment with the Green Bond Principles and Green Loan Principles (as described above), i.e.

- Use of Proceeds;
- Process for Project Evaluation and Selection;
- Management of Proceeds;
- Reporting; and
- External Review.

The second opinion is available on the Issuer’s website ([link](#)).

Description of the Issuer

Introduction and business overview

The Issuer was founded in 2010 and has its registered office in Stockholm, Sweden. It originates from one of two main business areas within Kvalitena AB (publ) (“**Kvalitena**”), a company founded in 1995. In 2013, Kvalitena divided the main part of its real estate portfolio in the Stockholm region into two sub-portfolios; one containing residential buildings, and the other containing warehouse and light industrial buildings. The Issuer was built from the sub-portfolio focused on warehousing and light industrial buildings.

The Issuer is a real estate company that invests primarily in logistics, warehouse and light industrial in Nordic growth regions. Its business idea is to create profitable growth in net asset value. This is achieved through value-creating acquisitions, capitalising on the positive rental growth that follows the urbanisation of metropolitan regions and by developing existing assets, including the Issuer’s extensive and unique building rights portfolio. The goal is to create a high risk-adjusted return for its shareholders by working for long-term and close customer relations. The Issuer wants to keep and strengthen its relations with its many and well renowned tenants, by a present, engaged and long-term focus on its clients.

History

2010	The Issuer was founded 15 November 2010.
2013	Kvalitena divides the main part of its real estate portfolio in the Stockholm region into two sub-portfolios, one sub-portfolio dedicated to residential buildings and one sub-portfolio dedicated to warehouse and light industrial buildings.
2014	The sub-portfolio for warehouse and light industrial buildings was listed on First North, Nasdaq Stockholm by Kvalitena through an extraordinary shareholder's meeting in Header Compression Sweden Holding AB (" HCS Holding ") in November 2014, by which it was decided that HCS Holding would purchase all shares of Stendörren Stockholm 1 AB. The shares of Effnetplattformen AB (publ) were at the same time distributed among the shareholders of HCS Holding, which changed its name to Stendörren Fastigheter AB (publ).
2014	The Issuer had a real estate portfolio valued to SEK 2,200 million and consisted of approximately 275,000 sqm of rentable area. Due to a high pace on the transactions market, the value of the Issuer's portfolio increased to SEK 4,400 million.
2015	The Issuer's B-class shares were re-listed on First North Premier.
2015	The Issuer continues to grow by acquiring more properties, and develop their own organisation, by establishing their own rental operations.

By the end on 2018 EQT Real Estate controlled over 58 per cent. of the votes and just under 41 per cent. of the capital in the Issuer.
2021	First establishments outside the Mälardalen region, in Denmark, Norway and Viared, Borås.
2022	Establishment in Helsinki in July 2022.
2023	Five projects completed for a total of approximately 30,000 sqm regarding three major tenant improvements within the property Tegelbruket 1 and new constructions in property Almnäs 5:23 and Viby 19:66 (both fully let).
2024	Four projects completed, totaling 17,700 sqm at an occupancy rate of 93 percent and 11 acquisitions were carried out totaling SEK 1,190 million. In October, Stendörren carried out a directed new share issue of 2,630,208 Class B shares, raising approximately SEK 505 million before issue costs.
2025	In May, Stendörren carried out a directed new share issue of 1,547,000 Class B shares, raising approximately SEK 300 million before issue costs.
2026	In January, Stendörren entered into an agreement to acquire 14 warehouse and light industrial properties in the Helsinki region at an agreed property value of approximately SEK 1.3 billion. The portfolio is fully let with an average remaining lease term of just over three years and an estimated annual net operating income of approximately SEK 96 million. The acquisition is expected to increase earnings from property management per share by 13 percent on a pro forma basis. The acquisition was completed in February 2026.

Business areas

The Issuer's business can be divided into the following areas:

Real estate, active management and rentals

As of 31 December 2025, the Issuer's real estate portfolio consisted of 179 real estates, with a combined market value of SEK 15,927 million. The Issuer's properties are located in the Greater Stockholm (Storstockholm), Mälardalen (Mälardalen), Greater Gothenburg (Storgöteborg), Copenhagen, Helsinki and Oslo regions and in the city of Borås. Combined, the 179 properties comprised approximately 922,000 sqm, out of which warehouse, logistics and light industrial properties accounted for around 81 per cent. of the total market value.

Renting out properties is a central part of the Issuer's business. The rentals within the Swedish portfolio are since 2015 managed by the Issuer's in-house organisation which co-operates with the Issuer's management organisation. The Issuer rents space to approximately 700 different tenants, among which are both smaller to middle sized companies, as well as large multinational corporations. The tenants are all active in a number of different industry sectors. A combination of the number of tenants and the fact that 62 per cent. of the Issuer's properties have two or more tenants, creates a spread of risk and reduces the probability of vacancies and loss of rental income due to bankruptcy. As of 31 December 2025, the ten largest of the Issuer's tenants represented approximately 18 per cent of the total annual rental income.

The Issuer creates conditions for long-term tenant relations by active management through their own internal organisation. The Issuer aims to capture any changed needs of their tenants in an early stage, and to offer quality service and support. Having their own organisation for management creates presence and availability for their tenants and the area. It creates understanding for their tenants' needs and knowledge about the properties.

The Issuer's aim is to, given the current market situation and rental levels, create long-term rental agreements, with tenants of good creditworthiness, and to have an even maturity structure among its collective of rental agreements. The current expansion in Stockholm means that agreements with a shorter tenor are negotiated in certain areas, which consequently opens for a faster adaptation to climbing market rents. When rental agreements are re-negotiated, an assessment is made on the current status of the market in the relevant area, and the needs and wishes of the tenant. By a continuous dialogue with the tenants, good conditions are created for reaching a consensus on expectations and a continued relation. Net letting during the financial year of 2025 amounted to a total of approximately SEK -7.6 million and new lease agreements with a total annual rental value of approximately SEK 101 million were signed.

Property development

One part of the Issuer's business model is to improve the property values through property development. By profitable investments, the standards of the properties are increased and attractive facilities are created, which in turn over time results in an increase of cash-flow. The Issuer is actively developing and improving properties within the geographical area of focus, mainly the Greater Stockholm (*Storstockholm*) and Mälardalen regions (*Mälardalen*). The property development can be divided into three parts: property development, new constructions and creating new building rights.

One part on property development is to improve the properties in the Issuer's current portfolio. By a careful assessment of the properties in its portfolio, looking at factors such as geographic position, the areas development, the demand for facilities, types of tenants, levels of rent and need for investments, the objects for improvement are carefully identified. During the financial year of 2025, the Issuer invested a total of SEK 487 million into its current property portfolio. These investments usually occurs when a change of tenant in a property takes place. By developing the existing buildings and facilities, the properties' potential is improved and new value is created.

The Issuer works actively to efficiently develop their current building rights and to create new building rights. It has a continuous dialogue with different municipalities in their urban management planning to

develop the areas where the Issuer operates to modern and sustainable warehousing and logistic workspaces. As of 31 December 2025, the Issuer had 39 properties wholly or partly consisting of building rights. If these building rights would be fully exploited it is estimated that up to 627,000 sqm of total lettable area can be created, mainly for light industrial and logistics, but also for residential use. In some properties, the planning is under way to convert the building rights to another area of use, such as residential.

Real estate transactions

A part of the Issuer's goals for growth is to acquire properties in logistics, warehouse and light industrial located in the Nordic growth regions. Between 1 January 2025 and 31 December 2025, the Issuer carried out 12 acquisitions for a total amount of approximately SEK 1.2 billion.

2 Status of the Notes

- 2.1 The Notes are denominated in Swedish Kronor and each Note is constituted by these Terms and Conditions. The Issuer undertakes to make payments in relation to the Notes and to comply with these Terms and Conditions.
- 2.2 By subscribing for Notes, each initial Noteholder agrees that the Notes shall benefit from and be subject to the Finance Documents and by acquiring Notes, each subsequent Noteholder confirms such agreement.
- 2.3 The nominal amount of each Note is SEK 1,250,000 (the “**Nominal Amount**”). All Initial Notes are issued on a fully paid basis at an issue price of 100 per cent. of the Nominal Amount. Each investor participating in the issuance of the Initial Notes must subscribe for Notes in an amount equal to at least SEK 1,250,000.

- 2.4 The ISIN of the Notes is SE0026876195.
- 2.5 Provided that no Event of Default is continuing or would result from the expiry of a grace period, the giving of a notice, the making of any determination (or any combination of the foregoing) or from the relevant issue of Subsequent Notes, the Issuer may, on one or several occasions, issue Subsequent Notes. Subsequent Notes shall benefit from and be subject to the Finance Documents, and, for the avoidance of doubt, the ISIN, the interest rate, the currency, the nominal amount and the Final Maturity Date applicable to the Initial Notes shall apply to Subsequent Notes. The issue price of the Subsequent Notes may be set at the Nominal Amount, a discount or a premium compared to the Nominal Amount. The maximum Total Nominal Amount of the Notes (the Initial Notes and all Subsequent Notes) may not exceed SEK 800,000,000 unless a consent from the Noteholders is obtained in accordance with Clause 15.4.2(a). Each Subsequent Note shall entitle its holder to Interest in accordance with Clause 8.1, and otherwise have the same rights as the Initial Notes.
- 2.6 The Notes constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them and at least *pari passu* with all other direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation and except as otherwise provided in the Finance Documents.
- 2.7 The Notes are freely transferable, but the Noteholders may be subject to purchase or transfer restrictions with regard to the Notes, as applicable from time to time, under local regulation to which a Noteholder may be subject. Each Noteholder must ensure compliance with such restrictions at its own cost and expense.
- 2.8 No action is being taken in any jurisdiction that would or is intended to permit a public offering of the Notes or the possession, circulation or distribution of any document or other material relating to the Issuer or the Notes in any jurisdiction other than Sweden, where action for that purpose is required. Each Noteholder must inform itself about, and observe, any applicable restrictions to the transfer of material relating to the Issuer or the Notes.

3 Use of proceeds

- 3.1 An amount equivalent to the Net Proceeds from the issue of the Initial Notes shall be applied in accordance with the Issuer's Green Finance Framework (including, amongst other things, for the repurchase of Existing Notes).
- 3.2 An amount equivalent to the Net Proceeds from any issue of Subsequent Notes shall be applied in accordance with the Issuer's Green Finance Framework.

4 Conditions for disbursement

- 4.1 The Issuer shall provide to the Agent, no later than 9.00 a.m. three (3) Business Days prior to the First Issue Date (or such later time as agreed by the Agent), each document and other evidence set out in Appendix 1 (*Conditions precedent for Initial Notes*) in the form and substance satisfactory to the Agent.
- 4.2 The Issuer shall provide to the Agent, no later than 9.00 a.m. three (3) Business Days prior to the issue date (or such later time as agreed to by the Agent) in respect of Subsequent Notes, each document and other evidence set out in Appendix 2 (*Conditions precedent for Subsequent Notes*) in the form and substance satisfactory to the Agent.

- 4.3 The Agent shall confirm to the Issuing Agent when it is satisfied that the conditions in Clause 4.1 or 4.2, as the case may be, have been fulfilled (or amended or waived in accordance with Clause 16 (*Amendments and Waivers*)). The relevant issue date shall not occur unless the Agent makes such confirmation to the Issuing Agent no later than 9.00 a.m. two (2) Business Days prior to the relevant issue date (or later, if the Issuing Agent so agrees).
- 4.4 Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.3, the Issuing Agent shall settle the issuance of the Notes and pay the Net Proceeds to the Issuer on the First Issue Date. Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.3, the Issuing Agent shall settle the issuance of any Subsequent Notes and pay the Net Proceeds to the Issuer on the relevant issue date.

5 Notes in book-entry form

- 5.1 The Notes will be registered for the Noteholders on their respective Securities Accounts and no physical notes will be issued. Accordingly, the Notes will be registered in accordance with the Central Securities Depositories and Financial Instruments Accounts Act. Registration requests relating to the Notes shall be directed to an Account Operator. The Debt Register shall constitute conclusive evidence of the persons who are Noteholders and their holdings of Notes.
- 5.2 Those who according to assignment, Security, the provisions of the Swedish Children and Parents Code (*Sw. föräldrabalken (1949:381)*), conditions of will or deed of gift or otherwise have acquired a right to receive payments in respect of a Note shall register their entitlements to receive payment in accordance with the Central Securities Depositories and Financial Instruments Accounts Act.
- 5.3 The Issuer and the Agent shall at all times be entitled to obtain information from the Debt Register. At the request of the Agent, the Issuer shall promptly obtain such information and provide it to the Agent. For the purpose of carrying out any administrative procedure that arises out of the Finance Documents, the Issuing Agent shall be entitled to obtain information from the Debt Register.
- 5.4 The Issuer and the Agent may use the information referred to in Clause 5.3 only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and the Agency Agreement and shall not disclose such information to any Noteholder or third party unless necessary for such purposes.
- 5.5 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the Debt Register. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Noteholders.

6 Right to act on behalf of a Noteholder

- 6.1 If any person other than a Noteholder (including the owner of a Note, if such person is not the Noteholder) wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other authorisation from the Noteholder or a successive, coherent chain of powers of attorney or authorisations starting with the Noteholder and authorising such person.

- 6.2 A Noteholder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Notes held by it. Any such representative may act independently under the Finance Documents in relation to the Notes for which such representative is entitled to represent the Noteholder.
- 6.3 The Agent shall only have to examine the face of a power of attorney or other authorisation that has been provided to it pursuant to Clause 6.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.
- 6.4 The Noteholders may in accordance with Clause 17.4.3 appoint a Noteholders' Committee to represent their interests in relation to the Notes and in accordance with Clause 17.4.4 delegate powers to such Noteholders' Committee. The Noteholders' Committee represents all Noteholders and exercises such delegated powers on behalf of all Noteholders.
- 6.5 The Noteholders' Committee will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it or any member thereof under or in connection with any Finance Document, unless directly caused by a breach of the powers delegated to it or by gross negligence or wilful misconduct.
- 6.6 These Terms and Conditions shall not affect the relationship between a Noteholder who is the nominee (*Sw. förvaltare*) with respect to a Note and the owner of such Note, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

7 Payments in respect of the Notes

- 7.1 Any payment or repayment under the Finance Documents shall be made to such person who is registered as a Noteholder on the Record Date prior to an Interest Payment Date or other relevant payment date, or to such other person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 7.2 Provided that a Noteholder has registered an income account (*Sw. avkastningskonto*) for the relevant Securities Account on the applicable Record Date, the CSD shall procure that principal, interest and other payments under the Notes are deposited to such income account on the relevant payment date. If an income account has not been registered on the Record Date for the payment, no payment will be effected by the CSD to such Noteholder. The outstanding amount will instead be held by the Issuer until the person that was registered as a Noteholder on the relevant Record Date has made a valid request for such amount. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid as soon as possible after such obstacle has been removed.
- 7.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 8.4 during such postponement.
- 7.4 If payment or repayment is made in accordance with this Clause 7, the Issuer shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a person not entitled to receive such amount (unless the Issuer has actual knowledge of the fact that the payment was made to the wrong person).

- 7.5 The Issuer is not liable to gross-up any payments under the Finance Documents by virtue of any withholding tax, public levy or the similar.

8 Interest

- 8.1 Each Initial Note carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the First Issue Date up to (and including) the relevant Redemption Date. Any Subsequent Note will carry Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to (and including) the relevant Redemption Date.
- 8.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Notes shall be made to the Noteholders on each Interest Payment Date for the preceding Interest Period.
- 8.3 Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).
- 8.4 If the Issuer fails to pay any amount payable by it under the Finance Documents on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is two (2) per cent. higher than the Interest Rate. The default interest shall not be capitalised. No default interest shall accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

9 Redemption and Repurchase of the Notes

9.1 Redemption at maturity

The Issuer shall redeem all, but not some only, of the outstanding Notes in full on the Final Maturity Date with an amount per Note equal to the Nominal Amount together with accrued but unpaid Interest. Upon fulfilment of the conditions precedent (if any), the Issuer shall redeem the Notes in full at the applicable amount on the specified Redemption Date.

9.4 Early redemption due to illegality (call option)

- 9.4.1 The Issuer may redeem all, but not some only, of the outstanding Notes at an amount per Note equal to the Nominal Amount together with accrued but unpaid Interest on a date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Finance Documents.
- 9.4.2 The applicability of Clause 9.4.1 shall be supported by a legal opinion issued by a reputable law firm.
- 9.4.3 The Issuer shall give notice of redemption pursuant to Clause 9.4.1 no later than twenty (20) Business Days after having received actual knowledge of any event specified therein (after which time period such right shall lapse). The notice from the Issuer is irrevocable, shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date. The Issuer shall redeem the Notes in full at the applicable amount on the specified Redemption Date.

The Redemption Date must fall no later than forty (40) Business Days after the end of the period referred to in Clause 9.5.1.
- 9.5.3 The Issuer shall comply with the requirements of any applicable securities regulations in connection with the repurchase of Notes. To the extent that the provisions of such regulations conflict with the provisions in this Clause 9.5, the Issuer shall comply with the applicable securities regulations and will not be deemed to have breached its obligations under this Clause 9.5 by virtue of the conflict.
- 9.5.4 The Issuer shall not be required to repurchase any Notes pursuant to this Clause 9.5, if a third party in connection with the occurrence of a Change of Control Event or a Listing Failure Event offers to purchase the Notes in the manner and on the terms set out in this Clause 9.5 (or on terms more favourable to the Noteholders) and purchases all Notes validly tendered in accordance with such offer. If Notes tendered are not purchased within the time limits stipulated in this Clause 9.5, the Issuer shall repurchase any such Notes within five (5) Business Days after the expiry of the time limit.

12.6 Insolvency proceedings

12.6.1 Any corporate action, legal proceedings or other procedure or step is taken in relation to:

- (a) the suspension of payments, a moratorium of any indebtedness, winding-up, dissolution, administration, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) of any member of the Group, other than a solvent liquidation or reorganisation of any Group Company which is not the Issuer;
- (b) the appointment of a liquidator, receiver, administrative receiver, administrator or other similar officer in respect of any member of the Group or any of its assets, other than in connection with a solvent liquidation or reorganisation of any Group Company which is not the Issuer; or
- (c) enforcement of any Security over any assets of any member of the Group; or
- (d) or any analogous procedure or step is taken in any jurisdiction in relation to a Group Company,

provided however, in any case, that the assets of the Group Company referred to under paragraphs (a) to (c) above, individually or in the aggregate, have a value equal to or exceeding SEK 25,000,000, calculated in accordance with the latest Financial Report.

12.6.2 Clause 12.6.1 shall not apply to any corporate action, legal proceedings or other procedure or step taken which is frivolous or vexatious and is discharged, stayed or dismissed within forty-five (45) days of commencement.

12.7 Creditors' process

Any expropriation, attachment, sequestration, distress or execution, or any analogous process in any jurisdiction, which affects any asset of a Group Company having an aggregate value of SEK 25,000,000 (calculated in accordance with the latest Financial Report) and is not discharged within forty-five (45) calendar days.

12.8 Cross payment default and cross acceleration

Any Financial Indebtedness of the Issuer or a Group Company is not paid when due nor within any originally applicable grace period, or is declared to be due prior to its specified maturity as a result of an event of default (however described), provided that no Event of Default will occur if the aggregate amount of Financial Indebtedness is less than SEK 25,000,000 (or its equivalent in any other currency) and provided that it does not apply to any Financial Indebtedness owed to a Group Company.

12.9 Cessation of business

Any Group Company suspends or ceases to carry on (or threatens to suspend or cease to carry on) all or a material part of its business, except if due to a permitted merger, demerger or disposal under these Terms and Conditions and provided, in relation to a cessation of business of a Group Company other than the Issuer, that such cessation is likely to have a Material Adverse Effect.

13 Acceleration of the Notes

- 13.1 Upon the occurrence of an Event of Default, and for as long as such event is continuing, the Agent is entitled to, and shall following a demand in writing from a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount (such demand shall, if made by several Noteholders, be made by them jointly) or following an instruction given pursuant to Clause 13.6, on behalf of the Noteholders (i) by notice to the Issuer, declare all, but not some only, of the outstanding Notes due and payable together with any other amounts payable under the Finance Documents, immediately or at such later date as the Agent determines, and (ii) exercise any or all of its rights, remedies, powers and discretions under the Finance Documents.
- 13.2 The Agent may not accelerate the Notes in accordance with Clause 13.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, on a Noteholders Meeting or by way of a Written Procedure, to waive such Event of Default (temporarily or permanently).
- 13.3 The Issuer shall immediately notify the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, or any event or circumstance which would (with the expiry of a grace period, the giving of notice, the making of any determination or any combination of any of the foregoing) constitute an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice.
- 13.4 The Agent shall notify the Noteholders of an Event of Default within five (5) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a

notification of an Event of Default (other than in relation to payments) up until the time stipulated in Clause 13.5 for as long as, in the reasonable opinion of the Agent such postponement is in the interests of the Noteholders as a group. The Agent shall always be entitled to take the time necessary to determine whether an event constitutes an Event of Default.

- 13.5 The Agent shall, within twenty (20) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing, decide if the Notes shall be so accelerated. If the Agent decides not to accelerate the Notes, the Agent shall promptly seek instructions from the Noteholders in accordance with Clause 15 (*Decisions by Noteholders*).
- 13.6 If the Noteholders instruct the Agent to accelerate the Notes, the Agent shall promptly declare the Notes due and payable and take such actions as may, in the opinion of the Agent, be necessary or desirable to enforce the rights of the Noteholders under the Finance Documents, unless the relevant Event of Default is no longer continuing.
- 13.7 If the right to accelerate the Notes is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 13.8 In the event of an acceleration of the Notes in accordance with this Clause 13, the Issuer shall up to, but excluding, the date falling thirty-six (36) months after the First Issue Date redeem all Notes at an amount per Note equal to 102.10 per cent. of the Nominal Amount and thereafter, as applicable considering when the acceleration occurs, redeem all Notes at an amount per Note as specified in Clause 9.3 (*Voluntary total redemption (call option)*), together with accrued but unpaid Interest.
- 13.9 The Issuer shall on demand by a Noteholders' Committee reimburse all costs and expenses reasonably incurred by it for the purpose of investigating or considering an Event of Default and the Noteholders' potential actions in relation to such Event of Default.

14 Distribution of Proceeds

- 14.1 All payments by the Issuer relating to the Notes and the Finance Documents following an acceleration of the Notes in accordance with Clause 13 (*Acceleration of the Notes*) shall be distributed in the following order of priority, in accordance with the instructions of the Agent:
- (a) *first*, in or towards payment pro rata of:
- (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent in accordance with the Agency Agreement and the Finance Documents (other than any indemnity given for liability against the Noteholders);
 - (ii) other costs, expenses and indemnities relating to the acceleration of the Notes, or the protection of the Noteholders' rights as may have been incurred by the Agent;
 - (iii) any costs incurred by the Agent for external experts that have not been reimbursed by the Issuer in accordance with Clause 18.2.5;
 - (iv) any costs and expenses incurred by the Agent that have not been reimbursed by the Issuer in accordance with Clause 15.4.13,

together with default interest in accordance with Clause 8.4 on any such amount calculated from the date it was due to be paid or reimbursed by the Issuer;

- (b) *secondly*, in or towards payment pro rata of any cost and expenses reasonably incurred by a Noteholders' Committee in accordance with Clause 13.9 that have not been reimbursed by the Issuer, together with default interest in accordance with Clause 8.4 on any such amount calculated from the date it was due to be reimbursed by the Issuer;
- (c) *thirdly*, in or towards payment pro rata of accrued but unpaid Interest under the Notes (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (d) *fourthly*, in or towards payment pro rata of any unpaid principal under the Notes; and
- (e) *fifthly*, in or towards payment pro rata of any other costs or outstanding amounts unpaid under the Finance Documents, including default interest in accordance with Clause 8.4 on delayed payments of Interest and repayments of principal under the Notes.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (e) above shall be paid to the Issuer.

- 14.2 If a Noteholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 14.1(a) or (b), such Noteholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 14.1(a) or (b).
- 14.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes constitute escrow funds (Sw. *redovisningsmedel*) and must be held on a separate bank account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 14 as soon as reasonably practicable.
- 14.4 If the Issuer or the Agent shall make any payment under this Clause 14, the Issuer or the Agent, as applicable, shall notify the Noteholders of any such payment at least ten (10) Business Days before the payment is made. The notice from the Issuer shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 7.1 shall apply.

15 Decisions by Noteholders

15.1 Request for a decision

- 15.1.1 A request by the Agent for a decision by the Noteholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Noteholders' Meeting or by way of a Written Procedure.
- 15.1.2 Any request from the Issuer or a Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Noteholders, be made by them jointly) for a decision by the Noteholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a Noteholders' Meeting or by way of a Written Procedure, as determined by the Agent. The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more

appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.

- 15.1.3 The Agent may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if:
- (a) the suggested *decision* must be approved by any person in addition to the Noteholders and such person has informed the Agent that an approval will not be given; or
 - (b) the suggested decision is not in accordance with applicable regulations.
- 15.1.4 The Agent shall not be responsible for the content of a notice for a Noteholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 15.1.5 Should the Agent not convene a Noteholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 15.1.3 being applicable, the Issuer or the Noteholder(s) requesting a decision by the Noteholders may convene such Noteholders' Meeting or instigate such Written Procedure, as the case may be, instead. The Issuer or the Issuing Agent shall upon request provide the convening Noteholder(s) with the information available in the Debt Register in order to convene and hold the Noteholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Noteholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.
- 15.1.6 Should the Issuer want to replace the Agent, it may (i) convene a Noteholders' Meeting in accordance with Clause 15.2 (*Convening of Noteholders' Meeting*) or (ii) instigate a Written Procedure by sending communication in accordance with Clause 15.3 (*Instigation of Written Procedure*). After a request from the Noteholders pursuant to Clause 18.4.3, the Issuer shall no later than ten (10) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Noteholders' Meeting in accordance with Clause 15.2. The Issuer shall inform the Agent before a notice for a Noteholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.
- 15.1.7 Should the Issuer or any Noteholder(s) convene a Noteholders' Meeting or instigate a Written Procedure pursuant to Clause 15.1.5 or 15.1.6, then the Agent shall no later than five (5) Business Days' (or such shorter period as the Agent may agree) prior to dispatch of such notice or communication be provided with a draft thereof. The Agent may further append information from it together with the notice or communication, provided that the Agent supplies such information to the Issuer or the Noteholder(s), as the case may be, no later than one (1) Business Day prior to the dispatch of such notice or communication.

15.2 Convening of Noteholders' Meeting

- 15.2.1 The Agent shall convene a Noteholders' Meeting by way of notice to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete notice from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 15.2.2 The notice pursuant to Clause 15.2.1 shall include:
- (a) time for the meeting;

- (b) place for the meeting;
 - (c) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights;
 - (d) a form of power of attorney;
 - (e) the agenda for the meeting;
 - (f) any applicable conditions precedent and conditions subsequent;
 - (g) the reasons for, and contents of, each proposal;
 - (h) if the proposal concerns an amendment to any Finance Document, the details of such proposed amendment;
 - (i) if a notification by the Noteholders is required in order to attend the Noteholders' Meeting, information regarding such requirement; and
 - (j) information on where additional information (if any) will be published.
- 15.2.3 The Noteholders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days after the effective date of the notice.
- 15.2.4 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

15.3 Instigation of Written Procedure

- 15.3.1 The Agent shall instigate a Written Procedure by way of sending a communication to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a complete communication from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 15.3.2 A communication pursuant to Clause 15.3.1 shall include:
- (a) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights;
 - (b) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney;
 - (c) the stipulated time period within which the Noteholder must reply to the request (such time period to last at least ten (10) Business Days and not longer than thirty (30) Business Days from the effective date of the communication pursuant to Clause 15.3.1);
 - (d) any applicable conditions precedent and conditions subsequent;
 - (e) the reasons for, and contents of, each proposal;
 - (f) if a proposal concerns an amendment to any Finance Document, the details of such proposed amendment;
 - (g) if the voting is to be made electronically, the instructions for such voting; and
 - (h) information on where additional information (if any) will be published.

- 15.3.3 If so elected by the person requesting the Written Procedure and provided that it is also disclosed in the communication pursuant to Clause 15.3.1, when consents from Noteholders representing the requisite majority of the total Adjusted Nominal Amount pursuant to Clauses 15.4.2 and 15.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 15.4.2 or 15.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.
- 15.3.4 The Agent may, during the Written Procedure, provide information to the Issuer by way of updates whether or not quorum requirements have been met and about the eligible votes received by the Agent, including the portion consenting or not consenting to the proposal(s) or refraining from voting (as applicable).

15.4 Majority, quorum and other provisions

- 15.4.1 Only a Noteholder, or a person who has been provided with a power of attorney or other authorisation pursuant to Clause 6 (*Right to act on behalf of a Noteholder*) from a Noteholder:
- (a) on the Business Day specified in the notice pursuant to Clause 15.2.2, in respect of a Noteholders' Meeting, or
 - (b) on the Business Day specified in the communication pursuant to Clause 15.3.2, in respect of a Written Procedure,

may exercise voting rights as a Noteholder at such Noteholders' Meeting or in such Written Procedure, provided that the relevant Notes are included in the Adjusted Nominal Amount. Each whole Note entitles to one vote and any fraction of a Note voted for by a person shall be disregarded. Such Business Day specified pursuant to paragraph (a) or (b) above must fall no earlier than one (1) Business Day after the effective date of the notice or communication, as the case may be.

- 15.4.2 The following matters shall require the consent of Noteholders representing at least sixty-six and two thirds ($66 \frac{2}{3}$) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2:
- (a) the issue of any Subsequent Notes, if the total nominal amount of the Notes exceeds, or if such issue would cause the total nominal amount of the Notes to at any time exceed, SEK 800,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Notes are issued);
 - (b) a change to the terms of any of Clause 2.1 and 2.6;
 - (c) a reduction of the premium payable upon the redemption or repurchase of any Note pursuant to Clause 9 (*Redemption and Repurchase of the Notes*);
 - (d) a change to the Interest Rate (other than as a result of an application of Clause 17 (*Replacement of Base Rate*)) or the Nominal Amount;
 - (e) a change to the terms for the distribution of proceeds set out in Clause 14 (*Distribution of Proceeds*);
 - (f) a change to the terms dealing with the requirements for Noteholders' consent set out in this Clause 15.4 (*Majority, quorum and other provisions*);
 - (g) a change of issuer, an extension of the tenor of the Notes or any delay of the due date for payment of any principal or interest on the Notes;

- (h) a mandatory exchange of the Notes for other securities; and
 - (i) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Clause 13 (*Acceleration of the Notes*) or as otherwise permitted or required by these Terms and Conditions.
- 15.4.3 Any matter not covered by Clause 15.4.2 shall require the consent of Noteholders representing more than fifty (50) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 16.1(a) or (c)), an acceleration of the Notes or the appointment of a Noteholders' Committee.
- 15.4.4 The Noteholders may delegate such powers to a Noteholders' Committee as the Noteholders may exercise pursuant to Clauses 15.4.2 and 15.4.3. The delegation shall require the same majority and quorum as the subject matter would have required pursuant to Clause 15.4.2 or Clause 15.4.3, as the case may be. Any decisions made by the Noteholders' Committee pursuant to such delegation shall be approved by more than fifty (50) per cent. of the members of the Noteholders' Committee.
- 15.4.5 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:
 - (a) if at a Noteholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 15.2.4 (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 15.4.6 If a quorum exists for some but not all of the matters to be dealt with at a Noteholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.
- 15.4.7 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 15.2.1) or initiate a second Written Procedure (in accordance with Clause 15.3.1), as the case may be, provided that the person(s) who initiated the procedure for Noteholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Noteholders' Meeting or second Written Procedure pursuant to this Clause 15.4.7, the date of request of the second Noteholders' Meeting pursuant to Clause 15.2.1 or second Written Procedure pursuant to Clause 15.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 15.4.5 shall not apply to such second Noteholders' Meeting or Written Procedure.
- 15.4.8 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 15.4.9 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.

- 15.4.10 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that vote in respect of the proposal at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable (such time period to be no less than ten (10) Business Days).
- 15.4.11 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder), nor make an offer to repurchase any Notes, if receipt of such consideration or participation in such tender offer (as applicable) is conditional upon the Noteholder's consent to a proposal at a Noteholders' Meeting or in a Written Procedure.
- 15.4.12 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Noteholders.
- 15.4.13 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.4.14 If a decision is to be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to the knowledge of the Issuer) Affiliates as per the Record Date for voting, irrespective of whether such person is a Noteholder. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate.
- 15.4.15 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

16 Amendments and Waivers

- 16.1 The Issuer and the Agent (acting on behalf of the Noteholders) may agree in writing to amend and waive any provision in a Finance Document or any other document relating to the Notes, provided that the Agent is satisfied that such amendment or waiver:
- (a) is not detrimental to the interest of the Noteholders as a group;
 - (b) is made solely for the purpose of rectifying obvious errors and mistakes;
 - (c) is required by any applicable regulation, a court ruling or a decision by a relevant authority;
 - (d) has been duly approved by the Noteholders in accordance with Clause 15 (*Decisions by Noteholders*) and it has received any conditions precedent specified for the effectiveness of the approval by the Noteholders (if any); or
 - (e) is made pursuant to Clause 17 (*Replacement of Base Rate*).

- 16.2 Any amendments to the Finance Documents shall be made available in the manner stipulated in Clause 10.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority. The Issuer shall promptly publish by way of press release any amendment or waiver made pursuant to Clause 16.1(a) or (c), in each case setting out the amendment in reasonable detail and the date from which the amendment or waiver will be effective.
- 16.3 The consent of the Noteholders is not necessary to approve the particular form of any amendment to the Finance Documents. It is sufficient if such consent approves the substance of the amendment.
- 16.4 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

17 Replacement of Base Rate

17.1 General

- 17.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Noteholders in accordance with the provisions of this Clause 17 shall at all times be made by such Independent Adviser, the Issuer or the Noteholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 17.1.2 If a Base Rate Event has occurred, this Clause 17 shall take precedent over the fallbacks set out in paragraphs (b) to (d) of the definition of STIBOR.

17.2 Definitions

- 17.2.1 In this Clause 17:

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“**Base Rate Amendments**” has the meaning set forth in Clause 17.3.4.

“**Base Rate Event**” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period)

permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;

- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Noteholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“**Base Rate Event Announcement**” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“**Independent Adviser**” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“**Relevant Nominating Body**” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank or any working group or committee of any of them or the Financial Stability Council (Sw. *Finansiella stabilitetsrådet*) or any part thereof.

“**Successor Base Rate**” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Notes, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

17.3 Determination of Base Rate, Adjustment Spread and Base Rate Amendments

- 17.3.1 Without prejudice to Clause 17.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment

Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 17.3.2.

- 17.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating, and finally deciding the applicable Base Rate.
- 17.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 17.3.2, the Noteholders shall, if so decided at a Noteholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 17.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 17.3 to 17.6 the Agent (acting on the instructions of the Noteholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 17.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 17.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculation methods applicable to such Successor Base Rate.

17.4 Interim measures

- 17.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.
- 17.4.2 For the avoidance of doubt, Clause 17.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 17. This will however not limit the application of Clause 17.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 17 have been taken, but without success.

17.5 Notices etc.

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Noteholders in accordance with Clause 23 (*Notices and Press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Notes are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

17.6 Variation upon replacement of Base Rate

17.6.1 No later than giving the Agent notice pursuant to Clause 17.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause 17.3.3) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 17. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Noteholders.

17.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 17.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Noteholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 17.

17.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 17. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

17.7 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 17.3 (*Determination of Base Rate, Adjustment Spread and Base Rate Amendments*) shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

18 The Agent

18.1 Appointment of the Agent

18.1.1 By subscribing for Notes, each initial Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically

required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder, including the winding-up, dissolution, liquidation, company reorganisation or bankruptcy (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf.

- 18.1.2 The Agent is not acting as an advisor (whether legal, financial or otherwise) to the Noteholders.
- 18.1.3 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.
- 18.1.4 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 18.1.5 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement, and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 18.1.6 The Agent may act as agent or trustee for several issues of securities or other loans issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

18.2 Duties of the Agent

- 18.2.1 The Agent shall represent the Noteholders in accordance with the Finance Documents. The Agent shall provide reasonable assistance to a Noteholders' Committee and participate in its meetings.
- 18.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent is never acting as an advisor to the Noteholders or the Issuer. Any advice or opinion from the Agent does not bind the Noteholders or the Issuer.
- 18.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with reasonable care and skill in a proficient and professional manner.
- 18.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders as a group and shall not be required to have regard to the interests of or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 18.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Noteholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.

- 18.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it:
- (a) after the occurrence of an Event of Default;
 - (b) for the purpose of investigating or considering:
 - (i) an event or circumstance which the Agent reasonably believes is or may lead to an Event of Default; or
 - (ii) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Finance Documents;
 - (c) in connection with any Noteholders' Meeting or Written Procedure; or
 - (d) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents (including for the purpose of deciding whether the conditions set out in Clause 16.1 are fulfilled).
- 18.2.7 Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 14 (*Distribution of Proceeds*).
- 18.2.8 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 18.2.9 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor (i) whether any Event of Default has occurred, (ii) the financial condition of the Issuer and the Group, (iii) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents, or (iv) whether any other event specified in any Finance Document has occurred or is expected to occur, and should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.
- 18.2.10 The Agent shall (i) review each Compliance Certificate delivered to it to determine that it meets the requirements set out in Clause 10.1.4 and Appendix 3 (*Form of Compliance Certificate*) and as otherwise agreed between the Issuer and the Agent, and (ii) verify that the Issuer according to its reporting in the Compliance Certificate meets the relevant financial covenant(s) or tests. The Issuer shall promptly upon request provide the Agent with such information as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 18.2.10.
- 18.2.11 The Agent shall ensure that it receives evidence satisfactory to it that Finance Documents which are required to be delivered to the Agent are duly authorised and executed (as applicable). The Issuer shall promptly upon request provide the Agent with such documents and evidence as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 18.2.11. Other than as set out above, the Agent shall neither be liable to the Issuer or the Noteholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.
- 18.2.12 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.

- 18.2.13 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 18.2.14 The Agent shall give a notice to the Noteholders:
- (a) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement; or
 - (b) if it refrains from acting for any reason described in Clause 18.2.13.

18.3 Limited liability for the Agent

- 18.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 18.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 18.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 18.3.4 The Agent shall have no liability to the Issuer or Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with the Finance Documents.
- 18.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Noteholders under the Finance Documents.

18.4 Replacement of the Agent

- 18.4.1 Subject to Clause 18.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 18.4.2 Subject to Clause 18.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 18.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed, and a new Agent appointed.
- 18.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after:
- (a) the earlier of the notice of resignation was given or the resignation otherwise took place; or
 - (b) the Agent was dismissed through a decision by the Noteholders,
- the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of Market Loans.
- 18.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 18.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of:
- (a) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent; and
 - (b) the period pursuant to Clause 18.4.4 having lapsed.
- 18.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 18.4.8 In the event that there is a change of the Agent in accordance with this Clause 18.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

19 The Issuing Agent

- 19.1.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Notes. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 19.1.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Notes.

- 19.1.3 The Issuing Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

20 The CSD

- 20.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Notes.
- 20.2 The CSD may be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD is dismissed and provided also that the replacement does not have a negative effect on any Noteholder or the admission to trading of the Notes on the Regulated Market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to Regulation (EU) No. 909/2014 and be authorised as a central securities depository in accordance with the Central Securities Depositories and Financial Instruments Accounts Act.

21 No Direct Actions by Noteholders

- 21.1 A Noteholder may not take any steps whatsoever against the Issuer to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation or bankruptcy (in any jurisdiction) of the Issuer in relation to any of the obligations and liabilities of the Issuer under the Finance Documents. Such steps may only be taken by the Agent.
- 21.2 Clause 21.1 shall not apply if the Agent has been instructed by the Noteholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 18.1.3), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 18.2.9, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 18.2.10 before a Noteholder may take any action referred to in Clause 21.1.
- 21.3 The provisions of Clause 21.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 9.5 (*Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)*) or other payments which are due by the Issuer to some but not all Noteholders.

22 Time-Bar

- 22.1 The right to receive repayment of the principal of the Notes shall be time-barred and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been time-barred and has become void.

- 22.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Noteholders, the Agent shall be entitled to issue such press release.

24 Force Majeure
