RISK FACTORS

*Investing in notes always involves inherent risks. The financial performance of Golden Heights Aktiebolag (publ) (the "**Issuer**" or "**Company**") and its subsidiaries (the "**Subsidiaries**" and together with the Company, the "**Group**") and the risks associated with its business are important when making a decision on whether to invest in the Notes. A number of risk factors and uncertainties may adversely affect the Company and the Group, and hence also the Notes. If any of these risks or uncertainties actually occurs, the business, results of operations and financial position of the Group may be materially and adversely affected. This could in turn affect the Company's ability to fulfil its obligations, to make payments of interest and repayments of principle under the terms and conditions of the Notes.*

In this section a number of risk factors are described, both general risks attributable to the Issuer's and the Group's operations and main risks linked to the Notes in their capacity of financial instruments. The intention is to describe such risks that are related to the Issuer's operations and thus also its ability to fulfil its obligations in accordance with the Terms and Conditions of the Notes. The risks presented in this Prospectus are not to be considered exhaustive. Other risks that are not described in this Prospectus could also materially and adversely affect the Group, the price of the Notes and the Company's ability to service its debt obligations. Furthermore, the risks in this section are not ranked in order of importance or probability.

Before making a decision about acquisition of the Notes, any potential investors should carefully consider the risk factors outlined below, as well as any other information provided by the Issuer in relation to the Notes. In addition, an investor must, alone or together with its financial and other types of advisers, engage in a general evaluation of external facts, other information provided by Issuer in relation to the Notes and general information about the jewellery business. An investor should have adequate knowledge to evaluate the risk factors as well as sufficient financial strength to bear these risks.

Risks relating to the Issuer, the Group and the market

Market and commercial risks

Macroeconomic factors

The Group is affected by international, national and regional economic conditions, particularly those which adversely impact consumers' willingness to spend such as levels of disposable income, levels of consumer debt and access to consumer credit, all of which are beyond the control of the Group. Macroeconomic factors, such as market turbulence and downturns in the global economy, which are beyond the Group's control, could adversely affect the financial position of suppliers. Macroeconomic factors may impact their ability to conduct business with the Group, and also have an adverse effect on end-consumer trends and traffic in the markets in which the Group operates. Consumer purchases of discretionary items, such as the Group's products, tend to decline during recessionary periods when disposable income is lower and access to consumer credit may be limited, particularly as jewellery is often perceived to be a luxury purchase. Deterioration in the global economy or decreases in demand for the Group's products could have an adverse effect on the Group's business, results of operations and financial position.

Commodity prices

A significant portion of the Group's income comes from the sale of products made from precious metals (mainly silver and gold), various alloys, diamonds, other precious and semi-precious stones, pearls and

other raw materials and its profits and costs in acquiring stock are thus indirectly linked to the price the Group's suppliers pay for these metals and gems. The prices of metals and gems are volatile and cyclical and may fluctuate. Price volatility is caused by numerous factors beyond the Group's control and thus cannot be predicted by the Group. Since the prices for metals and gems are quoted in other currencies than Swedish Krona (normally US dollars), the price volatility may not only be caused by changes in the underlying price but also in the relevant currency exchange rate against Swedish Krona. The Group is therefore indirectly exposed to commodity risk and fluctuations in the prices of these raw materials may have an adverse effect on the Group's business, results of operations and financial position.

If the Group's suppliers' access to or their cost of purchasing certain quality raw materials is adversely affected, the Group may have to pay more for these raw materials. Any such adverse changes may require the Group to pay more to its suppliers and increase the prices that it charges its customers. This may lead to a decrease in consumer demand which could have an adverse effect on the Group's business, results of operations and financial position.

Competition

The retail jewellery business is highly competitive and fragmented, and the Group competes with other national jewellery chains as well as independent regional and local jewellery retailers and other types of retailers who sell jewellery and gift items, such as department stores and mass merchandisers. The Group also competes with other e-commerce retailers of jewellery.

For certain product lines, such as luxury and prestige watches, manufacturers and distributors of these products normally grant agencies to sell their ranges on a store by store basis and several of the leading brands have been limiting the number of agencies over recent years. Failure by the Group to obtain or retain for example watch agencies could result in loss of competitive advantage and have an adverse effect on the Group's business, results of operations and financial position.

Other consumer goods and forms of leisure, such as electronics and travel, compete with jewellery for consumers' discretionary expenditure. Therefore, the price of jewellery relative to other consumer products and services influences the proportion of end-consumers' discretionary expenditure that is spent on jewellery. If end-consumers perceive the Group's jewellery to be expensive compared to competing leisure and entertainment products and services, this could have an adverse effect on the Group's business, results of operations and financial position.

Failure to successfully compete on price, product range, quality and service could have an adverse affect on the Group's results of operations. Failure to compete successfully on the sourcing of products that customers wish to purchase could have an adverse affect on the Group's business, results of operations and financial position.

Seasonality

The Group's business is seasonal, with a significant proportion of its sales and operating profit generated during its second and fourth quarters as a result of gift giving celebrating graduations from secondary education institutions and Christmas, Valentine's Day and Easter, respectively. Accordingly, the Group's financial performance for the full financial year is in part dependent on the success of its sales shortly before and during these celebratory periods. In preparation for the expected increase of demand during these celebratory periods, the Group incurs additional expenses. If the Group experiences weaker sales than expected during such celebratory periods or over-estimates the demand for its products, the Group's financial performance may be adversely affected for that particular financial year. This may, in turn, adversely affect the Group's business, results of operations, and financial position.

Consumer tastes and attitudes

Consumer attitudes to diamonds, gold and other precious metals and gemstones also affect the level of the Group's sales. Consumer attitudes could be affected by a variety of issues including the concern regarding the source of raw materials, the impact of mining and refining minerals on the environment and the local community, the political stability of the producing country, labour conditions in the supply chain, and the availability of and consumer attitudes to substitute products such as cubic zirconia, moissanite and laboratory created diamonds. A negative change in consumer attitudes towards jewellery could adversely affect the Group's business, results of operations and financial position.

Consumer Credit

Certain of the Group's customers rely on financing provided by credit providers to purchase the Group's merchandise. The availability of credit to customers is impacted by numerous factors, including general economic conditions and regulatory requirements relating to the extension of credit. Any disruption in, or changes to, the Group's arrangements with third party credit providers or future regulations or changes in the application of current laws could further impact the availability of credit to the Group's customers. If the amount of available credit provided to customers is significantly restricted, the Group's business, results of operations and financial position could be negatively impacted.

The Kimberley Process

The availability of diamonds is significantly influenced by the political situation in diamond producing countries and by the Kimberley Process, an intergovernmental agreement for the international trading of rough diamonds. Until acceptable alternative sources of diamonds can be developed, any sustained interruption in the supply of diamonds from significant producing countries, or to the trading in rough and polished diamonds which could occur as a result of disruption to the Kimberley Process, could adversely affect the retail jewellery market as a whole and therefore in turn affect the Group's business, results of operations and financial position.

Strategic and operational risks

Market strategy

The market for costume jewellery (also known as bijouterie) is characterised by rapidly changing customer tastes and demands. Discovering, purchasing and launching new product lines that keep pace with customers' requirements and, where applicable, discontinuing others can have substantial lead times. To do this successfully, the Group needs to predict future areas of demand, the future capabilities of its competitors and identify and monitor trends in fashion, changes in consumer tastes and consumer spending patterns. Failure in such predictions or failure in the supply chain to respond in a timely fashion could result in a less than successful market strategy, excess inventories for some products and missed opportunities for others may adversely affect the Group's business, results of operations and financial position.

Further, the Group owns several recognised retail brands. Failure to protect these brands and loss of trust and confidence in the Group's brands and the merchandise it sells could result in a decline in the Group's customer base, deterioration in relationships with suppliers, and difficulty in recruiting and retaining suitable employees. Such failure could adversely affect the Group's business, results of operations and financial position.

Supplier relationship and logistics

The Group uses a number of suppliers in its business activities, many of whom are based and operate in emerging markets, primarily China, India and Thailand. If suppliers stop working with the Group or if they are unable to supply their goods or services for any other reason (including social, political or

economic reasons commonly associated with developing economies) and the Group is unable to adequately replace such suppliers within the desired period or ensure continued product quality and on terms and conditions favourable to the Group, this could result in increased costs or delays to the Group and adversely affect the Group's long-term reputation among its customers, which, in turn, could adversely affect the Group's business, results of operations, and financial position.

Regular stock movements into stores are necessary to meet the demand of stock. Any disruption in the logistics chain due to supplier reasons or natural disaster such as adverse weather conditions, could affect operations and could have a negative impact on the Group's business, results of operations and financial position.

Acquisitions, integration and entry into new markets

From time to time the Group may evaluate strategic acquisitions of other businesses in existing or new markets. The Group's ability to grow its business both in its existing markets (including e-commerce) and in new markets will depend on the degree to which it is able to establish a presence in new markets as well as to increase its market share in existing markets, which the Group could fail to do as a result of adverse economic conditions, changes in consumer demand or preferences, market saturation for the Group's product offering or otherwise. The execution of any acquisition implies risks. In addition to company-specific risks, the acquired businesses' relations with customers, suppliers and key personnel may be adversely affected. Potential problems and future losses may not be discovered through a review prior to the acquisition. Further, there is a risk that integration processes may prove more costly or more time consuming than estimated and that anticipated synergies, revenue increases, cost savings, increases in geographic or product presence and customer reach, and/or other projected benefits from the acquisition in whole or in part may fail to materialise and this may adversely affect the Group's business, results of operations and financial position.

Human resources

It is important for the Group's future business activities and development that it is able to retain and continue to motivate, as well as being able to recruit and utilise qualified and suitable, employees and consultants. Members of the Group's executive management team or other key employees may decide to leave the Group and it may be difficult to attract and retain qualified key employees and other employees with the required expertise. If the Group should become unable to retain or recruit suitable employees, executives and consultants it could adversely impact its business, results of operations and financial position.

The Group's employees may behave fraudulent or with criminal intent. The occurrence of such activities and the failure of any steps taken to protect against or combat such behaviour may adversely affect the Group's business, results of operations and financial position.

Principal shareholder

Sten Warborn indirectly controls a majority of the shares in the Issuer (100%). The large shareholding leads to an essential influence and control over the Group. This strength is enhanced by Sten Warborn being the chairman of the board of the Issuer and the Parent. The business within the Group may be negatively affected if Sten Warborn for any reason cannot, or wish not, continue to act as an active owner going forward. In addition, there is nothing that prevents Sten Warborn from acquiring businesses that directly compete with the Group. If such an event were to arise this may adversely impact the Group's operations, results of operations and financial position.

Business interruption or failure of business support systems

The Group is dependent on the suitability, reliability and durability of its systems and procedures, including its accounting, payments, e-commerce, information technology, Point-of-Sale infrastructure, data protection, security, warehousing and distribution systems. Some of these systems are managed by third parties. The secure operation of these systems is critical to the Group's business operations and strategy. Despite security measures and business continuity plans, such systems may be vulnerable to damage, disruptions or shutdowns due to attacks by hackers or breaches due to employee error or malfeasance, or other disruptions during the process of upgrading or replacing computer software or hardware, power outages, computer viruses, telecommunication or utility failures or natural disasters or other catastrophic events.

If these systems and procedures are disrupted either by security breaches, cessation of critical externally supplied support or other force majeure events it could temporarily prevent the Group from conducting its business or providing adequate support and services to its customers, which could result in lower sales and increased costs and it could compromise the Group's, its customers' and its suppliers' information, exposing the Group to liability which would cause the Group's business and reputation to suffer. If these disruptions were to continue for any length of time they may adversely affect the Group's business, results of operations, and financial position.

Store leasing arrangements

The Group is significantly dependent on its ability to operate stores in desirable locations with capital investment and lease costs that allow it to earn a reasonable return on its locations. The Group depends on the leasing market and its landlords to determine supply, demand, lease cost and operating costs and conditions. The Group cannot be certain as to when or whether desirable store locations will become or remain available to the Group at reasonable lease and operating costs or whether retail locations from which the Group currently operate will continue to be sufficiently popular. Several large landlords dominate the ownership of prime centres, and the Group is dependent upon maintaining good relations with those landlords in order to obtain and retain store locations on optimal terms. From time to time, the Group does have disagreements with its landlords and a significant disagreement, if not resolved, could have an adverse impact on the Group's business, results of operations and financial position. In addition, any financial weakness on the part of the Group's landlords could adversely impact the Group in a number of ways, including decreased marketing by the landlords and the loss of other tenants that generate consumer traffic.

Consumer traffic

Many of the Group's stores are located in shopping centres that benefit from the ability of "anchor" retail tenants and other attractions, to generate sufficient levels of consumer traffic in the vicinity of its stores. Any decline in the volume of consumer traffic at shopping centres, especially if it is sustained, whether because of the economic slowdown, a decline in the popularity of shopping centers, the closing of anchor stores or otherwise, could result in reduced sales at the Group's stores at such locations and excess inventory which could have an adverse affect on the Group's business, results of operation and financial position.

Disputes and legal proceedings

The Group is engaged in national and international operations and may, from time to time, be involved in disputes and legal proceedings that arise in the course of its business and operations. Claims against the Group or the Group's active involvement in any legal proceedings against a third party could result in the Group being forced to spend considerable sums and resources and this may adversely affect the Group's business, results of operation and financial position.

Reputational risk

A positive reputation is crucial to the Group and its operations and earning capacity. If the Group fails to live up to any market expectations, there is a risk of damage of the reputation of the Group. Further, the Group regularly contracts with a large range of global suppliers and external parties. Failure by the Group's commercial counterparties to operate at a sufficiently high ethical standard in regards to the source of relevant raw materials, regulations, the environment and labour conditions may adversely affect the Group's reputation by association and prejudice the forging of future business relationships and adversely affect end-consumer demand. Decline in reputation may adversely impact the Group's business, results of operations and financial position.

Risks relating to reinsurance business

The Group, through the group company Albury Re Ltd, a separate captive insurance company, reinsure insurance policies issued by Solid Försäkrings AB in connection with the sale of products in Sweden through the Group's retail chains Guldfynd, Hallbergs Guld and Albrekts Guld. The insurance policies cover damages and loss of sold products with an insurable amount of up to SEK 30,000 per policy with terms of one year, with possibility to renew on a yearly basis.

Albury Re Ltd's objective is to ensure that sufficient reserves are available to cover its liabilities from its reinsurance operations. Albury Re Ltd evaluates its underwritten risk by using a rating scale system and overall knowledge of the account.

The principal risk Albury Re Ltd faces under insurance contracts is that the actual claims and payments, or the timing thereof, differs from expectations. This is influenced by the frequency of claims, severity of claims, actual benefits paid and subsequent development of long-term claims. Such variables cannot be estimated with certainty and is beyond the control of Albury Re Ltd. There is thus a risk that Albury Re Ltd's reserves not adequately cover actual insurance claims and associated costs. Furthermore, Albury Re Ltd's estimates, assumptions and pricing of risk in connection with the reinsurance operations may not correctly reflect Albury Re Ltd's total risk exposure. Failure to make sufficient reserves and appropriate pricing may adversely affect Albury Re Ltd and the Group's business, results of operations and financial position.

The reinsurance agreement between Albury Re Ltd and Solid Försäkrings AB may be terminated or Solid Försäkrings AB may fail to honour its obligations under the agreement, which could adversely affect Albury Re Ltd and the Group's business, results of operations and financial position.

Financial risks

Refinancing and liquidity risk

Liquidity and refinancing risk refers to the risk that financing opportunities will be limited when the Notes or other loans made available to the Group, including under the Credit Agreement, or other financial liabilities, are to be refinanced or paid, and that payment commitments cannot be met as a result of insufficient liquidity. The Group may not be able to obtain access to financing at all or only on unfavourable terms. In order to enable business acquisitions or reach strategic goals, further financial resources may be required for the Group's future operations. The Group's ability to meet its future capital needs is highly dependent on the sale of the Group's products being successful. The availability of capital is dependent on a variety of factors, such as market conditions and general credit availability within the financial markets. If access to capital which is required to operate its business or to refinance the Group's financial liabilities were to become limited it may adversely affect the Group's business, results of operations and financial position.

The Group may in the future breach its undertakings or financial obligations under its financing agreements, which in turn could cause creditors to terminate any financial agreements. Such breach of financial obligations may have a material negative impact on the Groups business, results of operations and financial position.

Credit and Counterparty risk

The Group is exposed to credit risks on its customers and counterparties to financial and other contracts and failure by those counterparties to meet their obligations owed to the Group may result in the Group suffering a financial loss which could adversely affect the Group's business, results of operations and financial position.

Currency risk

Currency risk refers to the risk that unfavourable fluctuations in currency exchange rates will have a negative impact on cash flows, income statement and/or balance sheet of the Group. The Group's accounts are consolidated in Swedish Krona but certain operating costs and income are denominated in other currencies, primarily euro. The Group purchases a substantial portion of its products from suppliers who price their products in U.S. dollars. Currency exchange rate fluctuations could make raw materials, products and labour more expensive, resulting in higher costs and decreased margins for the Group's products. Furthermore, financial instruments held within the Group can be denominated in foreign currencies and the value of the financial instruments can fluctuate due to changes in foreign exchange rates.

The Group is therefore exposed to currency risk if unfavourable fluctuations in currency exchange rates between Swedish Krona and the relevant currencies were to occur resulting in a negative impact on cash flows, income statements and/or balance sheet of the Group. The Group is not currently hedging any currency risks that might arise from its operational cash flows in foreign currencies. Therefore, in respect of its exposure to any currency risk, unfavourable fluctuations in exchange rates for relevant foreign currencies may adversely affect the Group's business, results of operation and financial position.

Interest rate risk

Interest rate risk refers to the risk that changes in interest rates will affect the Group's expenses as well as future cash flows from financial instruments held within the Group. In the longer term, changes in interest rates charged on the Group's borrowings or applicable to financial instruments held within the Group may be subject to changes in the market rates of interest and any increase in such interest rates may increase the Group's interest payments and any decrease may decrease cash flows from financial instruments held within the Group, which thus may adversely affect the Group's business, results of operations and financial position.

Legal risks

Legislation, regulation and authorisations

Failure to comply with the various regulatory requirements applicable to the Group may result in damage to the Group's reputation, civil and criminal liability, fines and penalties, and further increase the cost of regulatory compliance. Compliance with such laws and regulations could require the Group to expend considerable sums and resources and this could adversely affect the Group's business, results of operations and financial position.

In this regard it can be noted that Albury is subject to specific regulations applicable to insurance companies in Nevis and is supervised by the competent authorities in Nevis. Such regulations prescribe

approval and monitoring activities and impose certain restrictive provisions (e.g. capital adequacy requirements).

In addition to the above, the enactment of new laws and regulations and changes to existing laws and regulations which impact on the Group and its business activities and operations may result in reduced revenues and/or increased costs which in turn may adversely affect the Group's business, results of operations and financial position.

Insurance cover

Although the Group's insurance is intended to cover the majority of the risks to which the Group is exposed, there is a risk that it will not account for every potential risk associated with the Group's insurable operations. Some of the Group's coverage also includes high deductibles and limitations in maximum amounts payable thereunder. Accordingly, if the Group is unable to maintain its insurance cover on acceptable terms or if future requirements exceed or fall outside the Group's insurance cover or if the Group's provisions for uninsured costs are insufficient to cover the final costs or an event occurs which is not fully or partially covered by insurance then it may adversely affect the Group's business, results of operations and financial position.

Collection and processing of personal data

The Group collects, registers and process personal data, mainly in connection with customer loyalty programmes, e-commerce and direct marketing. When handling such personal data, it is of importance that the Group registers and processes such personal data in accordance with applicable privacy protection regulations, such as the General Data Protection Regulation (EU) 2016/679 ("**GDPR**"). The GDPR includes several requirements which must be complied with in order to avoid legal actions by, for example, supervisory authorities and customers. Failure to comply with the GDPR could lead to significant administrative fines or penalties from the relevant supervisory authority. Data subjects may also seek compensation from the Group for any damage suffered as a result of the Group not complying with the GDPR. In addition, the requirements regarding the process of personal data due to the GDPR may result in additional administrative procedures which, in turn, may involve extra cost for the Group. Failure to comply with the GDPR, or any other applicable privacy protection legislation, may lead to significant costs which may adversely affect the Group's business, results of operations and financial position.

Intellectual property rights

Despite the Group's efforts to protect intellectual property rights, other parties may attempt to make unauthorised use of its trademarks and proprietary information, including the content on its websites. Intellectual property laws and the Group's policies and procedures provide only limited protection, and the strength of intellectual property protection varies from country to country. The Group may not be successful, particularly in new markets which it may choose to enter, in securing protection for its intellectual property rights and preventing or halting other infringements on its intellectual property rights.

The Group does not consider that the merchandise it purchases from its suppliers infringes the intellectual property rights of any third party. Nevertheless, others might make claims to the contrary whether or not they have legal merit. If such claims regarding infringements to third-party intellectual property rights were to be made, the Group may be prevented from marketing and selling merchandise already purchased from suppliers which may adversely impact the Group's business, results of operations and financial position.

Tax-related risks

The Group conducts its operations through companies in three jurisdictions – Sweden, Finland and Nevis. The Group’s interpretation of all applicable laws, tax treaties and tax regulations, or its interpretation of how these or established administrative practices are interpreted by the relevant authorities, might be challenged by the relevant authorities. Such rules may over time also be subject to change, possibly with effect on existing tax structures. Any such challenge or change may adversely affect the Group’s business, results of operations and financial position.

Political risks

The Group’s business is exposed to general political and societal risks comprising of potential government intervention and regulations or potential inflation or deflation in the countries where it has business (primarily Sweden) which, in turn, could impact the long-term development of the Group’s business, results of operations and financial position.

Risks relating to the Notes***The market price of the Notes may be volatile***

The market value of the Notes could be subject to fluctuations in response to actual or anticipated variations in the Group’s operating results and those of its competitors, adverse business developments, changes in the regulatory environment in which the Group operates, changes in financial estimates by securities analysts and the actual or expected sale of a large number of Notes. In addition, the global financial market may experience significant price and volume fluctuations, which could adversely affect the market price of the Notes without regard to the Group’s business, results of operations and financial position.

Interest rate risk

The value of the Notes is dependent on several factors, including the level of the market interest rate. The Notes have a floating rate structure of three (3) months STIBOR plus a margin and the interest rate of the Notes will be determined two (2) business days prior to the first day of each interest period. Therefore, the interest rate is to an extent adjusted for changes in the level of the market interest rate. The interest rate level is largely affected by the Swedish and international financial development and is hence outside the control of the Issuer. Investments in the Notes involve the risk that increases in market interest rates may adversely affect the value of the Notes.

As stated above, the Notes have STIBOR as interest base. STIBOR constitutes a benchmark according to the regulation (EU) 2016/1011 (the “**Benchmark Regulation**”) which entered into force on 1 January 2018. The aim of the Benchmark Regulation is to ensure robust systems for providing financial benchmarks, such as interbank interest rates, to prevent conflicts of interest and to improve transparency, in order to maintain a high level of trust and confidence in financial markets. The Benchmark Regulation applies to “contributors”, “administrators” and “users” of “benchmarks” in the EU. There is a risk that the Benchmark Regulation (and further guidance in relation to it) will increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from e.g. continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks. In turn, there is a risk that this will have a negative impact on the value of and return on the Notes.

There has been no active trading market for the Notes

Although the Issuer shall use its best efforts to ensure that the Notes are listed on a Regulated Market, there can be no assurance that such application will be accepted or that the Notes will be so admitted.

Prior to admission to trading, there has been no public market for the Notes. There can be no assurance that an active trading market for the Notes will develop or, if developed, will be sustained. The Nominal Amount may not be indicative of the market price for the Notes.

Furthermore, following a listing of the Notes, the liquidity and trading price of the Notes may be subject to fluctuations in response to many factors, including those referred to in this section, as well as to market fluctuations and general economic conditions that may adversely affect the liquidity and price of the Notes, regardless of the actual performance of the Issuer and the Group. In addition, transaction costs in any secondary market may be high. Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Accordingly, the purchase of Notes is suitable only for investors who can bear the risks associated with a lack of liquidity in the Notes and the financial and other risks associated with an investment in the Notes. Investors must be prepared to hold the Notes until maturity.

Certain material interests

The Sole Bookrunner has engaged in, and may in the future engage in, investment banking and/or commercial banking or other services for the Issuer and the Group in its ordinary course of business. Accordingly, conflicts of interest may exist or may arise as a result of the Sole Bookrunner having previously engaged, or will in the future engage, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in Swedish Kronor. This presents certain risks relating to currency conversions if a Noteholder's financial activities are denominated principally in a currency or currency unit other than Swedish Kronor (the "**Noteholder's Currency**"). Accordingly, a Noteholder is exposed to exchange rate risk if relevant exchange rates fluctuate significantly (including, but not limited to, fluctuations due to a devaluation of the Swedish Krona or a revaluation of the Noteholder's Currency) or authorities with jurisdiction over the Noteholder's Currency impose or modify relevant exchange controls (if any). An appreciation in the value of the Noteholder's Currency relative to Swedish Kronor would decrease (i) the Noteholder's Currency-equivalent yield on the Notes; (ii) the Noteholder's Currency-equivalent value of the principal payable on the Notes; and (iii) the Noteholder's Currency-equivalent market value of the Notes.

Risk of early repayment of Notes

The Issuer has, under the Terms and Conditions, reserved the possibility to repay Notes before the Final Maturity Date. If the Notes are repaid before the Final Maturity Date, the Noteholders have the right, in most cases, to receive an early repayment amount which exceeds the Nominal Amount. There is, however, a risk that the market value of the Notes may be higher than the early repayment amount.

Noteholders representation

In accordance with the Terms and Conditions, the Agent represents each Noteholder in all matters relating to the Notes and the Finance Documents and holds, and has the right to enforce, the Share Pledge Agreements, the Escrow Account Pledge Agreement and the Loan Pledge Agreements on behalf of the Noteholders. The Terms and Conditions contain provisions to the effect that a Noteholder is prohibited from taking actions of its own against the Issuer. This does not, however, rule out the possibility that the Noteholders, in certain situations, may bring their own action against the Issuer, which may adversely affect the enforcement of any Security Document.

To enable the Agent to represent the Noteholders in court, the Noteholders may have to submit a written power of attorney for legal proceedings. The failure of all Noteholders to submit such a power of

attorney could negatively impact the enforcement options available to the Agent when considering its enforcement of the Transaction Security for and on behalf of the Noteholders.

Additionally, under the Terms and Conditions the Agent has the right in some cases to make decisions and take measures that bind all Noteholders without first obtaining the prior consent of the Noteholders including (i) the right to agree to amendments to the Finance Documents provided such amendments do not adversely affect the interest of the Noteholders or such amendments are made solely for the purpose of rectifying obvious errors and mistakes; and (ii) the right to accelerate the Notes and exercise any right, remedies, powers or discretions under the Finance Documents upon the occurrence of an Event of Default.

Principal shareholder

Sten Warborn indirectly controls a majority of the shares in the Issuer (100%). The large shareholding leads to an essential influence and control over the Group. This strength is enhanced by Sten Warborn being the chairman of the board of the Issuer and the Parent. It should therefore be noted that Sten Warborn's interest as a shareholder does not necessarily correspond to the interests of the Noteholders.

Noteholders meetings

The Terms and Conditions include certain provisions regarding Noteholders' meetings. Pursuant to the Terms and Conditions, certain majorities of Noteholders have the right to make decisions and take measures that bind all Noteholders, including those who vote in a manner contrary to the majority. Consequently, the actions of the majority and the Agent in such matters could impact the Noteholders' rights under the Finance Documents in a manner that would be undesirable for some of the Noteholders.

Clearing and settlement in Euroclear's book-entry system

The Notes are affiliated to and will continue to be affiliated to a central securities depository of Notes, currently Euroclear's account-based system, and no physical Notes will be issued. Clearing and settlement relating to the Notes and, in the majority of cases, the payment of interest and repayment of principal amounts, will be performed within Euroclear's account-based system. The investors are therefore dependent on the functionality of Euroclear's account-based system, which is a factor that the Issuer can't control. If Euroclear's account-based system would not function in a correct order, investors may not receive payments under the Notes as such payments fall due.

Amended or new legislation

The Notes are subject to Swedish and applicable European laws and administrative practice in effect as at the date of this Memorandum. No assurance can be given as to the impact of any possible judicial decision, changes or amendments to Swedish or European law or administrative practice after the date of this Memorandum, nor can any assurance be given as to whether any such changes or amendments or new legislation could adversely impact the ability of the Issuer to make payments under the Notes.

Credit risk

A potential investor should assess the credit risks associated with the Issuer, the Group and the Notes. As there is a credit risk associated with the Issuer and the Group, events that reduce the creditworthiness of the Issuer or the Group should be considered. If the Issuer's or the Group's financial position should decline, there is a risk that the Issuer will not be able to fulfil its obligations under the Notes. A decrease in the Issuer's or the Group's creditworthiness could also lead to a decrease in the market value of the Notes.

Refinancing risk

The Group could be required to refinance certain or all of its outstanding debt, including the Notes. The Group's ability to refinance such debt obligations is dependent on the conditions of the capital markets and its financial position at such time. The Group may not be able to access financing sources on favourable terms, or at all. If the Group is not able to refinance its debt obligations on favourable terms, or at all, it could have an adverse effect on the Group's business, earnings and financial position and on the Noteholders' recovery under the Notes.

Dependence on Subsidiaries

The Issuer is a holding company and holds no significant assets other than the shares in Iduna AB, Kultajousi Oy, Lyxxa i Helsingborg AB and Albury Re Ltd and as such the Issuer is reliant on the ability of other entities within the Group to advance loans or make dividend distributions to the Issuer so as to enable it to make payments under the Notes. The Issuer is thus dependent upon receipt of sufficient income arising from the operations of the Group.

The Issuer's Subsidiaries are legally separate and distinct from the Issuer and have no obligation to pay amounts due with respect to the Issuer's obligations and commitments or to make funds available for such payments. The ability of such Subsidiaries to make such payments to the Issuer is subject to, among other things, the availability of funds, corporate restrictions, the terms of each operation's indebtedness (including, but not limited to, the Credit Agreement) and local law. No present or future subsidiary of the Issuer will guarantee or provide any security for the Issuer's obligations under the Notes and consequently the Noteholders do not have any recourse to the assets of the Issuer's Subsidiaries other than, indirectly, following the enforcement of the share pledge over the shares in the Issuer, Iduna AB, Kultajousi Oy, Lyxxa i Helsingborg AB and Albury Re Ltd and the satisfaction of any and all priority claims (including, but not limited to, the claims of the lender under the Credit Agreement).

Ability to comply with the Terms and Conditions

The Issuer is required to comply with the Terms and Conditions. This means that the Issuer, for example, is obliged to pay interest under the Notes. Any event which may be beyond the Issuer's and the Group's control, may affect the Issuer's ability to comply with the Terms and Conditions. A breach of the Terms and Conditions may constitute an event of default under the Terms and Conditions and therefore lead to an acceleration of and redemption of the Notes. This could result in the Issuer having to repay the Noteholders at such applicable acceleration. The Issuer may not have the required funds to make the required redemption of the Notes at such time of repayment.

Subordinated rights and security structure

The Group finances a large portion of its operations through bank loans via Subsidiaries, with security interests constituting a preferential claim on the borrowers. The Notes are secured through the Security Documents. This means that in the event of the Issuer's liquidation, company reorganisation or bankruptcy, unprioritised creditors or creditors with lower priority normally receive payment after the Noteholders have been paid in full. However, the shares pledged as security for the Notes may have limited value in the event of a bankruptcy, insolvency or other similar proceedings in relation to the companies whose shares have been pledged because all of such companies' obligations must first be satisfied, potentially leaving little or no remaining assets in such companies.

The Noteholders may thus be subordinated other prioritised creditors of the Issuer's Subsidiaries by way of so called structural subordination. As a result, the Noteholders may not recover any or full value in the case of an enforcement sale. In addition, the value of the pledged shares may decline over time. If such proceeds were not sufficient to repay all such amounts due on or in respect of the Notes, then

Noteholders have only an unsecured claim against the Issuer's remaining assets, in competition with other creditors. Further, other than the security created under the aforementioned pledges, the Notes represent an unsecured obligation of the Issuer. The Issuer cannot make any assurance that the remaining assets would be sufficient to satisfy all unsecured claims in full or that any such other assets will exist.

Although the Agent will hold the security described in the Terms and Conditions on behalf of the Noteholders, the Agent will rank ahead of the Noteholders in respect of certain amounts owed to it in relation to the Notes as the security is granted in favour of both the Agent and the Noteholders. In addition, to the extent that the Noteholders do not have secured claims, under applicable bankruptcy law, certain debts and claims must be paid in priority to other debts and claims (for example, costs and expenses of a liquidator and certain payments to employees).

Every investor should be aware that by investing in the Notes, it risks losing the entire or parts of its investment in the event of the Issuer's liquidation, company reorganisation or bankruptcy.

Restrictions on the transferability of the Notes

The Notes will not be registered under the U.S. Securities Act of 1933, as amended, or any U.S. state security laws. A Noteholder may not offer to sell the Notes in the United States, absent registration or an exemption from registration as provided for in the U.S. Securities Act of 1933, as amended. The Issuer has not undertaken to register the Notes under U.S. Securities Act or any U.S. state securities laws or to effectuate any exchange offer for the Notes in the future. The Issuer has not registered the Notes under any other country's securities laws. A potential investor must observe and obey the transfer restrictions that apply to the Notes. It is a potential investor's obligation to ensure that such investors potential offers and sales of the Notes comply with all applicable securities laws. There is a risk that the Noteholder will not be able to sell its Notes as desired due to these transfer restrictions.

The issue price of the Subsequent Notes may be set at the Nominal Amount, a discount or a premium compared to the Nominal Amount. All Notes issued on the First Issue Date have been issued at an issue price of 100 per cent. of the Nominal Amount.

A Change of Control Event means an event or a series of events resulting in Sten Warborn ceasing to own, legally and beneficially, directly or indirectly (i) fifty point one (50.1) per cent or more of the issued shares in the capital and voting rights of the Issuer, or (ii) following the an admission to trading or listing, as the case may be, of thirty (30) per cent. or more of the issued shares in the capital and voting rights of the Issuer and provided that Sten Warborn has the largest shareholding and provided also that no person or group of persons acting in concert directly or indirectly acquires a larger beneficial ownership or other control greater than that of Sten Warborn, other than with the prior consent of the Noteholders.

The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.

Store Network

Golden Heights' store networks are built on a thorough evaluation of customer profiling along with analysis of disposable income and loyalty membership areas. Once new available locations are identified, the evaluation process and customer profiling determines the most suitable brand for the new location. Moreover, careful returns on investment calculations are carried out before investing in new store establishments.

Adjustment of stores to the brands can be conducted swiftly and with high efficiency using the Company's standard interior design system, thus significantly reducing lead times from access of a new location to first day of business.

In 2016 Golden Heights, through Westerback, entered an agreement with the Finnish retailing group Stockmann to open six stores under its Westerback brand in Stockmann department stores. An agreement was made with the landlord to close three stores as of 31 December 2018, one store as of 31 March 2019 and the remaining two stores as of 31 August 2019. A reduced rent applies from 1 January 2019.

On-line sales

The Group runs six on-line stores for Guldfynd, Kultajousi, Albrekts Guld, Hallbergs Guld, Lyxxa and Westerback. Key advantages compared to other on-line competitors are high brand recognition and the ability for online customers to turn to stores for service and return of goods; "Click-and-Collect"-offering where the customer can do the purchase on-line and collect piece in stores and state-of-the-art warehouse system supporting on-line sales. On-line sales have been growing since launch but from a low levels with sales from on-line representing approximately three point one (3.1) per cent of total sales in LTM Q3 of 2018.

Consequently this targeted segment represents a large part of the population in the country. Approximately fifty (50) per cent of insurance sales comes from renewed contracts, and there are approximately 177,000 insurance contracts each year.

Competition

The recent shift in market trends has resulted in a change in market conditions and the competitive landscape. Industry overlap increases as different companies now include jewellery as part of their product offering such as clothing retailers providing customers with accessories and costume jewellery.

The competitive universe within the jewellery market depends on which segment the offered products pertain to. Golden Heights is mainly positioned as an integrated specialist jeweller, and as a consequence, competitors are mainly found in the specialist jeweller segments. However, in some sub-segments, the Company also competes with department stores such as Åhléns (in Sweden), as well as clothing retail chains providing the market with lower priced jewellery or bijouterie.

A key advantage for specialist jewellery retail chains is the security aspects which surround the sale of jewellery products, in particular precious jewellery which together with the necessary staff training acts as a barrier to entry. Since precious jewellery is usually more expensive and constitute the main product offering for specialist jewellers, these products are often stored in locked cabinets. Hence, sales personnel must at all times be prepared to serve customers by taking out jewellery for a closer look and at the same time supervise both the store and the jewellery piece in question. As non-specialist jewellery retail chains usually do not have a similar set-up in their stores, with the necessary security for retailing higher priced jewellery, this provides a key advantage for specialist jewellery retailer chains, especially within the precious jewellery segment.

Although the industry has experienced consolidation and the formation of various collaboration groups, the specialist jewellery retail market is still very fragmented in both Sweden and Finland with many small local companies. Management believes that specialist jewellery retail chains, department stores, fashion accessory stores and bijouterie stores will continue to take market shares at the expense of smaller independent jewellery shops going forward.

In addition, as people most often purchase jewellery products as gifts to relatives and people with whom they have close relations, the jewellery market is part of the overall "gift market". This market is very difficult to explicitly define and can include sale of perfumes, flowers, chocolate as well as cell phones. When taking the "gift market" into account, Golden Heights operates within a significantly sizeable market with a somewhat different competitive landscape. The sections below aim to describe the competitive landscape within the jewellery markets in Sweden and Finland. A differentiating factor between Finland and Sweden is that it is customary for Finnish jewellery stores to carry watches as a major part of their assortment. In this respect, the competitive landscape is also slightly different in both countries.

Competitive landscape in Sweden

Golden Heights has a market leading position in the Swedish jewellery retail market with 193 stores throughout the country, as of 30 September 2018, and a market share of approximately thirty (30) per cent as per 2017. Golden Heights' main competitors include other companies focusing on specialist jewellery and bijouterie. These can be divided into the sub-categories; chain stores, buying groups and independent retailers.

Smycka is an important Swedish buying group. A buying group is a cooperative organisation where members own their own stores and cooperates within the group in terms of purchasing and marketing. Smycka currently comprises of approximately fifty-one shops and has a market share of approximately eleven (11) per cent in Sweden as per 2017.

Except for the buying groups described in the aforementioned sub-segment, the market also encompasses independent retailers that operate single, privately owned jewellery shops.

When it comes to the low-price costume jewellery segment, the Glitter retail chain is an important market participant. The Glitter group consists of approximately sixty-six stores in Sweden and forty-three stores in Finland and has a market share of approximately five (5) per cent in Sweden as per 2017.

Ur & Penn, owned by Klockgrossisten i Norden (KIN) with 104 stores and a market share of approximately ten (10) per cent in Sweden as per 2017, is a large retail chain operator in the Swedish market. However, since Ur & Penn mainly offers watches complemented by costume jewellery, they are not considered a main competitor within Golden Heights' primary market, precious jewellery.

Within non-specialist retailers, department stores such as Åhléns (approximately eighty stores), also compete in the jewellery segment. However, these stores mainly offer designer costume jewellery leveraging on their high volume of customer traffic. Moreover, major clothing stores such as H&M, Lindex, Top Shop, Zara, Indiska and KappAhl are also competing in the lower jewellery price segments, predominantly offering silver jewellery and bijouterie.

Golden Heights also, to some extent, face competition from companies in the home sales and online shopping market. For example, Hedbergs Guld & Silver offers a broad range of products mainly over the Internet.

Competitive landscape in Finland

The Finnish market is largely dominated by two players; Golden Heights with a store network totalling ninety stores, as of 30 September 2018, and a market share of approximately 16 per cent as per 2017, and the buying group Timanttiset/Finngold, which is the largest Finnish competitor to Golden Heights, consisting of fifteen retailers that jointly own more than eighty stores nationwide. Timanttiset/Finngold offers watches, diamonds, gold and silver jewellery as well as silverware and gifts and has a market share of approximately eighteen (18) per cent in Finland as per 2017.

Another important specialist jewellery retail chain is Laaturu comprising thirteen stores focusing on the high-end jewellery and watch market, offering prestigious brands such as Omega and Tag Heuer. Laaturu has a market share in Finland of approximately four (4) per cent as per 2017.

Two other notable competitors in Finland are Glitter, with approximately forty-three stores and a market share of approximately five per cent as per 2017, and Oy Osk. Lindroos AB with three stores and a market share of approximately fifteen (15) per cent as per 2017. Glitter is a specialist jewellery retailer in the costume-segment and Oy Osk. Lindroos AB is a reseller of exclusive watches and jewellery.

With respect to independent retailers, one player is Stockmann, operating six department stores in Finland. Further, several large clothing chains such as Lindex and H&M are also active in the Finnish market. These retail chains are focused on offering costume jewellery.

- (d) any Group Company does not comply with any of the terms of, or acts in violation of, the Finance Documents to which it is a party (other than as set out under paragraph ((a), ((b) and ((c) above), unless the non-compliance:
 - (i) is capable of remedy; and
 - (ii) is remedied within fifteen (15) Business Days of the earlier of the Agent giving notice and the relevant Group Company becoming aware of the non-compliance;
- (e) any Finance Document becomes invalid, ineffective or varied (other than in accordance with the provisions of the Finance Documents), or the Security created or expressed to be created thereby is varied or ceases to be effective and

such invalidity, ineffectiveness or variation has a detrimental effect (directly or indirectly) on the interests of the Noteholders;

- (f) any corporate action, legal proceedings or other procedure or step is taken in relation to:
 - (i) the suspension of payments, a moratorium of any indebtedness, winding-up, dissolution, administration or reorganisation of any Group Company, other than a solvent liquidation or reorganisation of any Group Company, whose shares have not been pledged under a Share Pledge Agreement, other than the Issuer;
 - (ii) a composition, compromise, assignment or arrangement with any creditor of any Group Company, other than the Noteholders; or
 - (iii) the appointment of a liquidator (other than in respect of a solvent liquidation or reorganisation of any Group Company, whose shares have not been pledged under a Share Pledge Agreement, other than the Issuer), administrator or other similar officer in respect of any Group Company or any of its assets;
- (g) any attachment, sequestration, distress or execution, or any analogous process in any jurisdiction, affects any asset of a Group Company, which has a value in excess of SEK 15,000,000, and is not discharged within thirty (30) Business Days or any Security over any asset of any Group Company is enforced;
- (h) any Financial Indebtedness of a Group Company is not paid when due (as extended by any originally applicable grace period), or, is declared or otherwise becomes due and payable prior to its specified maturity as a result of an event of default (however described), in both cases provided that the total amount of such Financial Indebtedness exceeds SEK 25,000,000 and provided that it does not apply to Financial Indebtedness owed to a Group Company;
- (i) any Group Company is, or is deemed for the purposes of any applicable law to be, Insolvent; or
- (j) the Issuer merges with any other person, or is subject to a demerger, with the effect that the Issuer is not the surviving entity.

14.2 The Agent may not accelerate the Notes in accordance with Clause 14.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, on a Noteholders Meeting or by way of a Written Procedure, to waive such Event of Default (temporarily or permanently).

14.3 The Issuer shall immediately notify the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, or any event or circumstance which would (with the expiry of a grace period, the giving of notice, the making of any determination or any combination of any of the foregoing) constitute an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice. Notwithstanding the aforesaid, the Issuer may postpone a notification to the Agent pursuant to this Clause 14.3 if, and no longer than as, permitted pursuant to Article 17.4 of the Market Abuse Regulation (EU) No 596/2014.

14.4 The Agent shall notify the Noteholders of an Event of Default within five (5) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a notification of an Event of Default up until the time stipulated in Clause 14.5 for as long as, in the reasonable opinion of the Agent, (i) disclosure of such Event of Default is likely to prejudice the legitimate interests of the Noteholders as a group, (ii) the

delay is not likely to mislead the public, and (iii) confidentiality of the information delayed can be ensured. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.

- 14.5 The Agent shall, within twenty (20) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing, decide if the Notes shall be so accelerated. If the Agent decides not to accelerate the Notes, the Agent shall promptly seek instructions from the Noteholders in accordance with Clause 16 (*Decisions by Noteholders*).
- 14.6 If the Noteholders instruct the Agent to accelerate the Notes, the Agent shall promptly declare the Notes due and payable and take such actions as may, in the opinion of the Agent, be necessary or desirable to enforce the rights of the Noteholders under the Finance Documents, unless the relevant Event of Default is no longer continuing.
- 14.7 If the right to accelerate the Notes is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 14.8 In the event of an acceleration of the Notes in accordance with this Clause 14, up to, but excluding, the First Call Date the Issuer shall redeem all Notes at an amount per Note equal to one hundred (100) per cent. of the Nominal Amount, together with accrued but unpaid Interest, and thereafter, as applicable considering when the acceleration occurs, the redemption amount specified in Clause 10.3 (*Voluntary total redemption (call option)*).

15. DISTRIBUTION OF PROCEEDS

- 15.1 All payments by the Issuer relating to the Notes and the Finance Documents following an acceleration of the Notes in accordance with Clause 14 (*Acceleration of the Notes*) and any proceeds received from an enforcement of the Transaction Security shall be distributed in the following order of priority, in accordance with the instructions of the Agent:
- (a) first, in or towards payment pro rata of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent in accordance with the Agency Agreement and the Finance Documents (other than any indemnity given for liability against the Noteholders), (ii) other costs, expenses and indemnities relating to the acceleration of the Notes, the enforcement of the Transaction Security or the protection of the Noteholders' rights as may have been incurred by the Agent, (iii) any costs incurred by the Agent for external experts that have not been reimbursed by the Issuer in accordance with Clause 18.2.5, and (iv) any costs and expenses incurred by the Agent in relation to a Noteholders' Meeting or a Written Procedure that have not been reimbursed by the Issuer in accordance with Clause 16.4.11 together with default interest in accordance with Clause 9.4 on any such amount calculated from the date it was due to be paid or reimbursed by the Issuer;
 - (b) secondly, in or towards payment pro rata of accrued but unpaid Interest under the Notes (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
 - (c) thirdly, in or towards payment pro rata of any unpaid principal under the Notes; and
 - (d) fourthly, in or towards payment pro rata of any other costs or outstanding amounts unpaid under the Finance Documents, including default interest in accordance with Clause 9.4 on delayed payments of Interest and repayments of principal under the Notes.

Any excess funds after the application of proceeds in accordance with paragraphs ((a) to ((d) above shall be paid to the Issuer.

- 15.2 If a Noteholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 15.1 ((a), such Noteholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 15.1 ((a).
- 15.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes or the enforcement of the Transaction Security constitute escrow funds (*redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 15 as soon as reasonably practicable.
- 15.4 If the Issuer or the Agent shall make any payment under this Clause 15, the Issuer or the Agent, as applicable, shall notify the Noteholders of any such payment at least ten (10) Business Days before the payment is made. Such notice shall specify the Redemption Date and the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 8.1 shall apply and for any partial redemption in accordance with Clause 10.4 (*Voluntary and mandatory partial redemptions (call and put option)*) due but not made, the Record Date specified in Clause 10.4.3 shall apply (as applicable).

16. DECISIONS BY NOTEHOLDERS

16.1 Request for a decision

- 16.1.1 A request by the Agent for a decision by the Noteholders on a matter relating to the Finance Documents shall (at the option of the Agent) be dealt with at a Noteholders' Meeting or by way of a Written Procedure.
- 16.1.2 Any request from the Issuer or a Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Noteholders, be made by them jointly) for a decision by the Noteholders on a matter relating to the Finance Documents shall be directed to the Agent and dealt with at a Noteholders' Meeting or by way a Written Procedure, as determined by the Agent. The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.
- 16.1.3 The Agent may refrain from convening a Noteholders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any person in addition to the Noteholders and such person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable regulations.
- 16.1.4 The Agent shall not be responsible for the content of a notice for a Noteholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 16.1.5 Should the Agent not convene a Noteholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 16.1.3 being applicable, the Issuer or the Noteholder(s) requesting a decision by the Noteholders may convene such Noteholders' Meeting or instigate such Written Procedure, as the case may be, instead. The Issuer or the Issuing Agent shall upon request provide the convening Noteholder(s) with the information available in the Debt Register in order to convene and hold the Noteholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Noteholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.

16.1.6 Should the Issuer want to replace the Agent, it may (i) convene a Noteholders' Meeting in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*) or (ii) instigate a Written Procedure by sending communication in accordance with Clause 16.3 (*Instigation of Written Procedure*). After a request from the Noteholders pursuant to Clause 18.4.3, the Issuer shall no later than ten (10) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Noteholders' Meeting in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*). The Issuer shall inform the Agent before a notice for a Noteholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.

16.1.7 Should the Issuer or any Noteholder(s) convene a Noteholders' Meeting or instigate a Written Procedure pursuant to Clause 16.1.5 or 16.1.6, then the Agent shall no later than five (5) Business Days' prior to dispatch of such notice or communication be provided with a draft thereof. The Agent may further append information from it together with the notice or communication, provided that the Agent supplies such information to the Issuer or the Noteholder(s), as the case may be, no later than one (1) Business Day prior to the dispatch of such notice or communication.

16.2 Convening of Noteholders' Meeting

16.2.1 The Agent shall convene a Noteholders' Meeting by way of notice to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a correct and complete notice from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).

16.2.2 The notice pursuant to Clause 16.2.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (iv) a form of power of attorney, and (v) the agenda for the meeting. The background and contents of each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. Should prior notification by the Noteholders be required in order to attend the Noteholders' Meeting, such requirement shall be included in the notice.

16.2.3 The Noteholders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days after the effective date of the notice.

16.2.4 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

16.3 Instigation of Written Procedure

16.3.1 The Agent shall instigate a Written Procedure by way of sending a communication to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a correct and complete communication from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).

16.3.2 A communication pursuant to Clause 16.3.1 shall include (i) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (ii) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (iii) the stipulated time period within which the Noteholder must reply to the request (such time period to last at least ten (10) Business Days and not longer than thirty (30) Business Days from the effective date of the communication pursuant to Clause 16.3.1). The background and contents of each

proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. If the voting is to be made electronically, instructions for such voting shall be included in the communication.

- 16.3.3 If so elected by the person requesting the Written Procedure and provided that it is also disclosed in the communication pursuant to Clause 16.3.1, when consents from Noteholders representing the requisite majority of the total Adjusted Nominal Amount pursuant to Clauses 16.4.2 and 16.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 16.4.2 or 16.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

16.4 Majority, quorum and other provisions

- 16.4.1 Only a Noteholder, or a person who has been provided with a power of attorney or other authorisation pursuant to Clause 7 (*Right to act on behalf of a Noteholder*) from a Noteholder:

- (a) on the Business Day specified in the notice pursuant to Clause 16.2.2, in respect of a Noteholders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 16.3.2, in respect of a Written Procedure,

may exercise voting rights as a Noteholder at such Noteholders' Meeting or in such Written Procedure, provided that the relevant Notes are included in the Adjusted Nominal Amount. Each whole Note entitles to one vote and any fraction of a Note voted for by a person shall be disregarded. Such Business Day specified pursuant to paragraph (a) or (b) above must fall no earlier than one (1) Business Day after the effective date of the notice or communication, as the case may be.

- 16.4.2 The following matters shall require the consent of Noteholders representing at least eighty (80) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2:

- (a) the issue of any Subsequent Note, if the total nominal amount of the Notes exceeds, or if such issue would cause the total nominal amount of the Notes to at any time exceed, SEK 800,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Notes are issued);
- (b) a change to the terms of any of Clause 2.1, and Clauses 2.5 to 2.7;
- (c) a reduction of the premium payable upon the redemption or repurchase of any Note pursuant to Clause 10 (Redemption and repurchase of the Notes);
- (d) a change to the Interest Rate or the Nominal Amount (other than as a result of an application of Clause 10.4 (Voluntary and mandatory partial redemptions (call and put option)));
- (e) a change to the terms for the distribution of proceeds set out in Clause 15 (Distribution of proceeds);
- (f) a change to the terms dealing with the requirements for Noteholders' consent set out in this Clause 16.4;
- (g) a change of issuer, an extension of the tenor of the Notes or any delay of the due date for payment of any principal or interest on the Notes;

- (h) a release of the Transaction Security, except in accordance with the terms of the Finance Documents;
 - (i) a mandatory exchange of the Notes for other securities; and
 - (j) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Clause 14 (Acceleration of the Notes) or as otherwise permitted or required by these Terms and Conditions.
- 16.4.3 Any matter not covered by Clause 16.4.2 shall require the consent of Noteholders representing more than fifty (50) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 17.1 ((a) or ((b))), an acceleration of the Notes or the enforcement of any Transaction Security.
- 16.4.4 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 16.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:
- (a) if at a Noteholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to 16.4.2 (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 16.4.5 If a quorum exists for some but not all of the matters to be dealt with at a Noteholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.
- 16.4.6 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*)) or initiate a second Written Procedure (in accordance with Clause 16.3 (*Instigation of Written Procedure*)), as the case may be, provided that person(s) who initiated the procedure for Noteholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Noteholders' Meeting or second Written procedure pursuant to this Clause 16.4.6, the date of request of the second Noteholders' Meeting pursuant to Clause 16.2.1, or second Written Procedure pursuant to Clause 16.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 16.4.4 shall not apply to such second Noteholders' Meeting or Written Procedure.
- 16.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 16.4.8 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 16.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.

- 16.4.10 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Noteholders.
- 16.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 16.4.12 If a decision is to be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to the knowledge of the Issuer) Affiliates as per the Record Date for voting, irrespective of whether such person is a Noteholder. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate.
- 16.4.13 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be sent by notice each person registered as a Noteholder on the date referred to in Clause 16.4.1 ((a) or ((b), as the case may be, and also be published on www.iduna.se and the website of the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

17. AMENDMENTS AND WAIVERS

- 17.1 The Issuer, any other relevant Group Company, and the Agent (acting on behalf of the Noteholders) may agree in writing to amend and waive any provision in a Finance Document or any other document relating to the Notes, provided that the Agent is satisfied that such amendment or waiver:
- (a) is not detrimental to the interest of the Noteholders as a group, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) is required by any applicable regulation, a court ruling or a decision by a relevant authority; or
 - (c) has been duly approved by the Noteholders in accordance with Clause 16 (Decisions by Noteholders) and it has received any conditions precedent specified for the effectiveness of the approval by the Noteholders.
- 17.2 Any amendments to the Finance Documents shall be made available in the manner stipulated in Clause 12.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority. The Issuer shall promptly publish by way of press release any amendment or waiver made pursuant to Clause 17.1 ((a) or ((b), in each case setting out the amendment in reasonable detail and the date from which the amendment or waiver will be effective.
- 17.3 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

18. THE AGENT

18.1 Appointment of the Agent

- 18.1.1 By subscribing for Notes, each initial Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to

act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder, including the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of the Issuer, and any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security. By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf.

- 18.1.2 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.
- 18.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 18.1.4 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 18.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

18.2 Duties of the Agent

- 18.2.1 The Agent shall represent the Noteholders in accordance with the Finance Documents, including, *inter alia*, holding the Transaction Security pursuant to the Security Documents on behalf of the Noteholders and, where relevant, enforcing the Transaction Security on behalf of the Noteholders.
- 18.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent is never acting as an advisor to the Noteholders or the Issuer. Any advice or opinion from the Agent does not bind the Noteholders or the Issuer.
- 18.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with care and skill in a proficient and professional manner.
- 18.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 18.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Noteholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.
- 18.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering (A) an event or circumstance which the Agent reasonably believes is or may lead to an Event of Default or (B) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Finance Documents, and (iii) in connection with any

Noteholders' Meeting or Written Procedure or (iv) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 15 (*Distribution of proceeds*).

- 18.2.7 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 18.2.8 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor (i) whether any Event of Default has occurred, (ii) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents, or (iii) whether any other event specified in any Finance Document has occurred. Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.
- 18.2.9 The Agent shall review each Compliance Certificate delivered to it to determine that its form is conforming to the requirements set out in Clause 12.1.4 and as otherwise agreed between the Issuer and the Agent, and check the information contained therein against relevant Finance Documents and other documentation which pursuant to the Finance Documents has been published or supplied to the Agent pursuant to Clause 12.1 (*Information from the Issuer*). The Agent shall take any actions necessary in accordance with the Finance Documents resulting from the review of such Compliance Certificate.
- 18.2.10 The Agent shall verify that Finance Documents and other documents relating to the Finance Documents which are delivered to the Agent and executed on behalf of Swedish entities are duly authorised and executed (as applicable). For this verification, the Agent may make the assumptions customary found in Swedish legal opinions. Other than in respect of due authorisation and execution of documents executed on behalf of Swedish entities, the Agent shall neither be liable to the Issuer or the Noteholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.
- 18.2.11 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 18.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 18.2.13 The Agent shall give a notice to the Noteholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 18.2.12.

18.3 Liability for the Agent

- 18.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.

- 18.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 18.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 18.3.4 The Agent shall have no liability to the Issuer or the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with the Finance Documents.
- 18.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Noteholders under the Finance Documents.

18.4 Replacement of the Agent

- 18.4.1 Subject to Clause 18.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 18.4.2 Subject to Clause 18.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 18.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.
- 18.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall, within thirty (30) days thereafter, appoint a successor Agent which shall be an independent financial institution or other reputable company.
- 18.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 18.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of (i) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent, and (ii) the period pursuant to Clause 18.4.4 (ii) having lapsed.
- 18.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations

amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.

- 18.4.8 In the event that there is a change of the Agent in accordance with this Clause 18.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

19. THE ISSUING AGENT

- 19.1 The Issuer shall, when necessary, appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Notes. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 19.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Notes.
- 19.3 The Issuing Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

20. THE CSD

- 20.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Notes.
- 20.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Noteholder or the listing of the Notes on the Regulated Market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Securities Markets Act (*lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

21. NO DIRECT ACTIONS BY NOTEHOLDERS

- 21.1 A Noteholder may not take any steps whatsoever against any Group Company or with respect to the Transaction Security to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of any Group Company in relation to any of the obligations and liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.
- 21.2 Clause 21.1 shall not apply if the Agent has been instructed by the Noteholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 18.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in

Clause 18.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 18.2.13 before a Noteholder may take any action referred to in Clause 21.1.

- 21.3 The provisions of Clause 21.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 10.5.3 (*Mandatory Repurchase due to a Change of Control Event or a Listing Failure Event*) or other payments which are due by the Issuer to some but not all Noteholders.

22. PRESCRIPTION

- 22.1 The right to receive repayment of the principal of the Notes shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been prescribed and has become void.

- 22.2 If a limitation period is duly interrupted in accordance with the Act on Limitations (*preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Act on Limitations.
