# Supplement No. 2 pursuant to the Financial Instruments Trading Act (SFS 1991:980) chapter 2 section 34

Dated 25 May 2018 to the Base Prospectus of UBS AG, [London] [Jersey] [Branch], dated 1 March 2018,

in relation to Securities.

The Base Prospectus was approved and registered by the Swedish Financial Supervisory Authority ("SFSA"). Registration number at the SFSA is 18-1611. This Supplement is a part of the Base Prospectus and shall be read in conjunction with the Base Prospectus and the previous supplement.

Supplement No. 1 was approved by the SFSA on 6 April 2018. The Supplement was published by UBS AG on 6 April 2018. Registration number at the SFSA is 18-6245.

This Supplement No. 2 was approved by the SFSA on 25 May 2018. This Supplement was published by UBS AG on 25 May 2018. Registration number at the SFSA is 18-9427.

# This supplement serves as update to the Base Prospectus in connection to the following occurrence:

Publication of the first quarter 2018 financial report as per 31 March 2018 of UBS Group AG on 23 April 2018 and of UBS AG on 27 April 2018 and the Annual General Meeting of Shareholders of UBS Group AG on 3 May 2018.

In the course of supplementing the Base Prospectus, as mentioned above, UBS AG has also taken the occasion to update in this Supplement certain updated information that has become available after the date of the Base Prospectus.

The attention of the investors is in particular drawn to the following: Investors who have already agreed to purchase or subscribe for the Securities before this supplement is published have, pursuant to the Financial Instruments Trading Act (SFS 1991:980) chapter 2 section 34, the right, exercisable within a time limit of two working days after the publication of this supplement, to withdraw their acceptances, provided that the new circumstances or the incorrectness causing the supplement occurred before the closing of the public offering and before the delivery of the securities. This means that the last day to withdrawal is before close of business on 29 May 2018. A withdrawal, if any, of an order must be communicated in writing to the Issuer at its registered office specified in the address list hereof.

1) In relation to the Base Prospectus referred to above, the following adjustments have been made:

In the section "C. RISK FACTORS" the following changes are made:

In the section "1. Issuer specific Risks" the paragraph headed "General insolvency risk" is completely replaced as follows:

#### "General insolvency risk

Each investor bears the general risk that the financial situation of the Issuer could deteriorate. The Securities constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, in particular in the case of insolvency of the Issuer, rank *pari passu* with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions. The Securities are not bank deposits and an investment in the Securities carries risks which are very different from the risk profile of a bank deposit placed with the Issuer or its affiliates. The obligations of the Issuer created by the Securities are not secured by a system of deposit guarantees or a compensation scheme. In case of an insolvency of the Issuer, Securityholders may, consequently, suffer a **total loss** of their investment in the Securities."

In the section "1. Issuer specific Risks" the paragraph headed "UBS may not be successful in implementing changes in its wealth management businesses to meet changing market, regulatory and other conditions" is completely replaced as follows:

"UBS may not be successful in implementing changes in its wealth management businesses to meet changing market, regulatory and other conditions

UBS's wealth and asset management businesses operate in an environment of increasing regulatory scrutiny and changing standards with respect to fiduciary and other standards of care and the focus on mitigating or eliminating conflicts of interest between a manager or advisor and the client, which require effective implementation across the global systems and processes of investment managers and other industry participants. For example, the SEC proposed a new regulation and interpretation intended to enhance and clarify the duties of brokers and investment advisers to retail customers. The proposed requirements, if adopted, would apply to a large portion of Global Wealth Management's business in the US and UBS will likely be required to materially change business processes, policies and the terms on which it interacts with these clients in order to comply with these rules if and when they become fully effective. In addition, MiFID II imposes new requirements on UBS when providing advisory services to clients in the EU, including new requirements for agreements with clients.

UBS has experienced cross-border outflows over a number of years as a result of heightened focus by fiscal authorities on cross-border investment and fiscal amnesty programs, in anticipation of the implementation in Switzerland of the global automatic exchange of tax information, and as a result of the measures UBS has implemented in response to these changes. Further changes in local tax laws or regulations and their enforcement, the implementation of cross-border tax information exchange regimes, national tax amnesty or enforcement programs or similar actions may affect UBS's clients' ability or willingness to do business with UBS and result in additional cross-border outflows.

In recent years, UBS's Wealth Management net new money inflows have come predominantly from clients in Asia Pacific and in the ultra high net worth segment globally. Over time, inflows from these lower-margin segments and markets have been replacing outflows from higher-margin segments and markets, in particular cross-border clients. This dynamic, combined with changes in client product preferences as a result of which low-margin products account for a larger share of UBS's revenues than in the past, has put downward pressure on Wealth Management's margins.

As the discussion above indicates, UBS is exposed to possible outflows of client assets in its asset-gathering businesses and to changes affecting the profitability of its wealth management businesses. Initiatives that UBS may implement to overcome the effects of

changes in the business environment on its profitability, balance sheet and capital positions may not succeed in counteracting those effects and may cause net new money outflows and reductions in client deposits, as happened with UBS's balance sheet and capital optimisation program in 2015. There is no assurance that UBS will be successful in its efforts to offset the adverse effect of these or similar trends and developments."

In the section "2. Security specific Risks", the subsection entitled "4. No statutory or voluntary deposit guarantee scheme" is completely replaced as follows:

#### "4. No statutory or voluntary deposit guarantee scheme

The Securities are not bank deposits and an investment in the Securities carries risks which are very different from the risk profile of a bank deposit placed with the Issuer or its affiliates. The Securities may have different yield, liquidity and risk profiles. Therefore, the Issuer's obligations relating to the Securities are not protected by any statutory or voluntary deposit guarantee system or compensation scheme. In the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities."

In the section "2. Security specific Risks", the subsection entitled "6. UBS has announced its intention to make certain structural changes in light of regulatory trends and requirements and the Conditions of the Securities do not contain any restrictions on the Issuer's or UBS's ability to restructure its business" is completely replaced as follows:

"6. UBS has announced its intention to make certain structural changes in light of regulatory trends and requirements and the Conditions of the Securities do not contain any restrictions on the Issuer's or UBS's ability to restructure its business

In 2014, UBS began adapting its legal entity structure to improve the resolvability of the Group in response to too big to fail requirements in Switzerland and recovery and resolution regulation in other countries in which the Group operates. In December 2014, UBS Group AG became the holding company of the Group.

In 2015, UBS AG transferred its Personal & Corporate Banking and Wealth Management businesses booked in Switzerland to the newly established UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland, and UBS implemented a more self-sufficient business and operating model for UBS Limited, UBS's investment banking subsidiary in the UK. In 2016, UBS Americas Holding LLC was designated as intermediate holding company for UBS's US subsidiaries and UBS merged its Wealth Management subsidiaries in various European countries into UBS Europe SE. Additionally, UBS transferred the majority of Asset Management's operating subsidiaries to UBS Asset Management AG.

UBS Business Solutions AG, a wholly owned subsidiary of UBS Group AG, was established in 2015 and acts as the Group service company. In 2017, UBS's shared services functions in Switzerland and the UK were transferred from UBS AG to UBS Business Solutions AG. UBS also completed the transfer of shared services functions in the US to its US service company, UBS Business Solutions US LLC, a wholly owned subsidiary of UBS Americas Holding LLC.

UBS continues to consider further changes to the Group's legal structure in response to regulatory requirements and other external developments, including the anticipated exit of the United Kingdom from the European Union. Such changes may include further consolidation of operating subsidiaries in the EU, and adjustments to the booking entity or location of products and services.

The Conditions of the Securities contain no restrictions on change of control events or structural changes, such as consolidations or mergers or demergers of the Issuer or the sale, assignment, spin-off, contribution, distribution, transfer or other disposal of all or any portion of the Issuer's or its subsidiaries' properties or assets in connection with the announced changes to its legal structure or otherwise and no event of default, requirement

to repurchase the Securities or other event will be triggered under the Conditions of the Securities as a result of such changes. There is the risk that such changes, should they occur, would adversely affect the credit rating of the Issuer and/or increase the likelihood of the occurrence of an event of default. Such changes, should they occur, may adversely affect the Issuer's ability to redeem or pay interest on the Securities and/or lead to circumstances in which the Issuer may elect to cancel such interest (if applicable)."

#### In the section "I. INFORMATION ABOUT UBS AG" the following changes are made:

# In the section "1. General Information on UBS AG" the second, third and fourth paragraph is completely replaced by the following text:

"On 31 March 2018, UBS Group's common equity tier 1 ("**CET1**") capital ratio was 13.1%, the CET1 leverage ratio was 3.76% on a fully applied basis, the total loss-absorbing capacity ratio was 31.2% on a fully applied basis, and the total loss-absorbing capacity leverage ratio was 9% on a fully applied basis.¹ On the same date, invested assets stood at CHF 3,155 billion, equity attributable to shareholders was CHF 51,243 million and market capitalisation was CHF 64,752 million. The rating agencies Standard & Poor's Credit Market Services Europe Limited ("**Standard & Poor's**"), Moody's Deutschland GmbH ("**Moody's**"), Fitch Ratings Limited ("**Fitch Ratings**"), and Scope Ratings GmbH ("**Scope Ratings**") have published solicited credit ratings reflecting their assessment of the creditworthiness of UBS AG, i.e. its ability to fulfil in a timely manner payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing. The ratings from Fitch Ratings, Standard & Poor's and Scope Ratings may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. UBS AG has a long-term counterparty credit rating of A+ (outlook: stable) from Standard & Poor's, long-term senior debt rating of A1 (possible upgrade, ratings under review) from Moody's, long-term issuer default rating of AA- (outlook: stable) from Fitch Ratings and issuer rating of AA- (outlook: stable) from Scope Ratings."

# In the section "1. General Information on UBS AG" in the subsection "Corporate Information" the fourth paragraph (starting with "According to article 2...") is completely replaced by the following text:

"According to article 2 of the articles of association of UBS AG dated 26 April 2018 ("**Articles of Association**"), the purpose of UBS AG is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, trading and service activities in Switzerland and abroad. UBS AG may establish branches and representative offices as well as banks, finance companies and other enterprises of any kind in Switzerland and abroad, hold equity interests in these companies, and conduct their management. UBS AG is authorized to acquire, mortgage and sell real estate and building rights in Switzerland and abroad. UBS AG may borrow and invest money on the capital markets. UBS AG is part of the group of companies controlled by the group parent company UBS Group AG. It may promote the interests of the group parent company or other group companies. It may provide loans, guarantees and other kinds of financing and security for group companies."

#### 1. UBS AG consolidated key figures

UBS AG derived the selected consolidated financial information included in the table below for the years ended 31 December 2017, 2016 and 2015 from the Annual Report 2017, which contains the audited consolidated financial statements of UBS AG, as well as additional unaudited consolidated financial information, for the year ended 31 December 2017 and comparative figures for the years ended 31 December 2016 and 2015. The selected consolidated financial information included in the table below for the quarter ended 31 March 2018 and 31 March 2017 was derived from the UBS AG first quarter 2018 report, published on 27 April 2018 ("UBS AG First Quarter 2018 Report"), which contains the UBS AG interim consolidated financial statements (unaudited), as well as additional unaudited consolidated financial information, for the quarter ended 31 March 2018 and comparative figures for the quarter ended 31 March 2017.

The consolidated financial statements were prepared in accordance with International Financial Reporting Standards ("**IFRS**") issued by the International Accounting Standards Board ("**IASB**") and are stated in Swiss francs ("**CHF**"). Information for the years ended 31 December 2017, 2016 and 2015 which is indicated as being unaudited in the table below was included in the Annual Report 2017, but has not been audited on the basis that the respective disclosures are not required under IFRS, and therefore are not part of the audited financial statements. The Annual Report 2017 (to the extent indicated in the section "L. General Information – 7. Documents incorporated by Reference" of this Base Prospectus) and the UBS AG First Quarter 2018 Report are incorporated by reference herein.

The Group and business divisions are managed on the basis of a key performance indicator framework, which identifies profit and growth financial measures, in the context of sound risk and capital management objectives. When determining variable compensation, both Group and business division key performance indicators are taken into account. UBS AG reviews the key performance indicators framework on a regular basis, considering the company's strategy and the market environment in which the company operates. Key performance indicators are disclosed in UBS AG's quarterly and annual reporting to allow comparison of the company's performance over the reporting periods. The company's key performance indicators are designed to be assessed on an over-the-cycle basis and are subject to seasonal patterns. The section "Measurement of performance" of the Annual Report 2017 contains an explanation of the use by UBS Group AG of the information contained under the heading "Key performance indicators" in the table below and the definitions of each of these key performance indicators. With respect to these key performance indicators and the information contained under the heading "Additional information - Profitability" in the table below, please also see below in the respective footnotes. In addition, the table "Key performance indicators and additional information on profitability – definitions and reason for use" below contains a description and the reason for the use of each key performance indicator, except those disclosed in accordance with applicable legislation, and the additional information on profitability.

Prospective investors should read the whole of this Prospectus and the information incorporated by reference herein and should not rely solely on the summarized information set out below:

#### 2. Accounting, Regulatory and legal developments

#### IFRS 9. Financial Instruments

Effective 1 January 2018, UBS adopted IFRS 9, *Financial Instruments*, which replaces IAS 39, *Financial Instruments: Recognition and Measurement* and substantially changes the classification, measurement and impairment of financial assets, income statement and balance sheet presentation and disclosure of financial instruments and other arrangements in scope. As permitted by IFRS 9, UBS elected not to restate prior-period information. The adoption of IFRS 9 has resulted in a CHF 0.6 billion reduction in UBS's IFRS consolidated equity, net of tax, as well as a CHF 0.3 billion reduction in common equity tier 1 capital as of 1 January 2018 with no material effect on UBS's capital ratios.

#### IFRS 15, Revenue from Contracts with Customers

Effective 1 January 2018, UBS adopted IFRS 15, *Revenue from Contracts with Customers*, which replaces IAS 18, *Revenue*, and establishes principles for revenue recognition that apply to all contracts with customers except those relating to financial instruments, leases and insurance contracts and requires an entity to recognize revenue as performance obligations are satisfied. As permitted by IFRS 15, UBS elected not to restate prior-period information. The adoption of IFRS 15 has resulted in a reduction in UBS's IFRS consolidated equity of CHF 24 million, net of tax.

#### Swiss Federal Council consults on amendments to the Capital Adequacy Ordinance

In February 2018, the Swiss Federal Council issued a consultation on amendments to the Capital Adequacy Ordinance. Domestic systemically important banks ("**D-SIBs**") would be subject to gone concern requirements, conceptually similar to those in effect for global systematically important banks ("**G-SIBs**"). These requirements would be limited to 40% of the going concern requirements for D-SIBs and could be fully met by state guarantees or similar mechanisms. The consultation also:

- introduces a new capital treatment, applicable for all banks, whereby the current capital deduction for investments in subsidiaries would be replaced with a risk-weighting approach. This proposed change incorporates requirements that UBS has been applying since 1 July 2017, as required by a FINMA decree.
- specifies going and gone concern requirements at a single-entity level that would result in new, as yet undetermined gone concern requirements for UBS AG standalone

The consultation closes on 30 May 2018 and requirements are expected to enter into force on 1 January 2019.

#### Swiss Federal Council proposes tax law amendments related to loss-absorbing instruments

In February 2018, the Swiss Federal Council proposed amendments to Swiss tax law that, if enacted, would reduce the additional tax burden on debt issuances by bank top holding companies. The proposed changes would permit systemically important banks, such as UBS, to issue debt directly from their holding companies, as is contemplated under the international capital framework and the Swiss Capital Adequacy Ordinance, without incurring significant corporate tax disadvantages, as is the case today. As a next step, the proposal will be subject to debate in the Swiss Parliament.

#### Swiss Federal Council adopts bill on Tax Proposal 17

In March 2018, the Swiss Federal Council adopted a revised bill on corporate tax reform, known as Tax Proposal 17 ("**TP17**"). TP17 aims to reform the corporate tax system in

Switzerland in response to international developments by abolishing preferential corporate tax regimes at the cantonal level and suggests measures to maintain the competitiveness of Switzerland in the tax field. Key elements include the introduction of a tax incentive on revenues from patents in accordance with OECD standards, additional deductions for research and development expenditure, an increase in the taxation of dividends from qualified participations and optional reliefs on the capital tax. Furthermore, TP17 would increase the cantonal share of the direct federal tax income from 17.0% to 21.2%. This increase is intended to permit cantons to reduce cantonal corporate income tax rates. TP17 is expected to affect UBS's tax liability in Switzerland, although the ultimate effect cannot be determined until the legislation is enacted and contemplated changes are implemented by the cantons. TP17 may also affect the competitiveness of Switzerland as a business location.

#### Duties to customers in the US

In April 2018, the SEC proposed a new regulation and interpretation intended to enhance and clarify the duties of brokers and investment advisers to retail customers. The proposals would require broker-dealers and investment advisers to provide a new relationship summary to customers describing the relationship with the customer, the services offered, standards of conduct, fees and costs, conflicts of interest and disciplinary information. The new regulation would apply to broker-dealers and would require they act in a customer's best interest when making an investment or investment strategy recommendation to a retail investor. The proposed interpretation clarifies certain obligations of investment advisers relating to acting in the best interest of clients, obtaining best execution of transactions, providing ongoing advice and monitoring, and disclosing and mitigating conflicts of interest. The proposed requirements, if adopted, would apply to a large portion of Global Wealth Management's business in the US.

The proposals overlap with the US Department of Labor's ("**DOL**") fiduciary rule, which applies to retirement accounts, and which was being phased in through 2019. The DOL fiduciary rule was invalidated by a US court of appeals in March 2018.

Refer to the "Recent developments" section of the UBS Group AG first quarter 2018 report published on 23 April 2018 ("UBS Group First Quarter 2018 Report") and the "Note 1 Basis of accounting" in the "Consolidated financial statements" section of the UBS AG First Quarter 2018 Report, as well as to "IFRS 9, Financial Instruments" and "IFRS 15, Revenue from Contracts with Customers" in the "Significant accounting and financial reporting changes in 2018" section of the Annual Report 2017 for further information on key accounting, regulatory and legal developments."

UBS also completed the transfer of shared services functions in the US to its US service company, UBS Business Solutions US LLC, a wholly owned subsidiary of UBS Americas Holding LLC.

UBS continues to consider further changes to the Group's legal structure in response to regulatory requirements and other external developments, including the anticipated exit of the United Kingdom from the European Union. Such changes may include further consolidation of operating subsidiaries in the EU, and adjustments to the booking entity or location of products and services. Refer to the section "C. Risk Factors – 2. Security specific Risks – 6. UBS has announced its intention to make certain structural changes in light of regulatory trends and requirements and the Conditions do not contain any restrictions on the Issuer's or UBS's ability to restructure its business".

UBS Group AG's interests in subsidiaries and other entities as of 31 December 2017, including interests in significant subsidiaries, are discussed in "*Note 28 Interests in subsidiaries and other entities*" to the UBS Group AG's consolidated financial statements included in the Annual Report 2017.

UBS AG's interests in subsidiaries and other entities as of 31 December 2017, including interests in significant subsidiaries, are discussed in "Note 28 Interests in subsidiaries and other entities" to the UBS AG's consolidated financial statements included in the Annual Report 2017.

UBS AG is the parent company of, and conducts a significant portion of its operations through, its subsidiaries. UBS AG has contributed a significant portion of its capital and provides substantial liquidity to subsidiaries. In addition, UBS Business Solutions AG provides substantial services to group companies including UBS AG and its subsidiaries. To this extent, UBS AG is dependent on certain of the entities of the UBS AG Group and of the UBS Group."

#### "4. Trend Information

As indicated in the UBS Group First Quarter 2018 Report, UBS remains confident that global economic growth prospects will continue to provide a supportive backdrop to markets, even though geopolitical tensions and the rise of protectionism remain a threat to investor confidence. All of UBS's businesses are affected by economic growth expectations, interest rates, equity market levels and foreign exchange rates. While higher compared with last year's historic lows, market volatility remains muted overall, which is usually less conducive to client activity. Due to seasonal factors, second quarter transaction-based income in UBS's Investment Bank and Global Wealth Management businesses is also typically lower than in the first quarter. In the second quarter, funding costs related to long-term debt and capital instruments issued to comply with regulatory funding and liquidity requirements will be higher compared with the same period in 2017. UBS continues to expect US dollar interest rates to rise gradually and the US economy to further improve, both of which will likely be supportive of US dollar net interest income. Momentum in UBS's businesses is in UBS's opinion good, and UBS expects its results in the second quarter to provide further evidence of the strengths of UBS's diversified business model as well as UBS's progress towards achieving its strategic and financial targets.

Refer to "Current market climate and industry trends" in the "Operating environment and strategy" section of the Annual Report 2017 and the section "C. Risk Factors – 1. Issuer specific Risks" of this Base Prospectus for more information."

The interim consolidated financial statements are not audited."

## The section "8. Litigation, Regulatory and Similar Matters" is completely replaced as follows:

#### "8. Litigation, Regulatory and Similar Matters

UBS operates in a legal and regulatory environment that exposes it to significant litigation and similar risks arising from disputes and regulatory proceedings. As a result, UBS (which for purposes of this section may refer to UBS AG and / or one or more of its subsidiaries, as applicable) is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations.

Such matters are subject to many uncertainties, and the outcome and the timing of resolution are often difficult to predict, particularly in the earlier stages of a case. There are also situations where UBS may enter into a settlement agreement. This may occur in order to avoid the expense, management distraction or reputational implications of continuing to contest liability, even for those matters for which UBS believes it should be exonerated. The uncertainties inherent in all such matters affect the amount and timing of any potential outflows for both matters with respect to which provisions have been established and other contingent liabilities. UBS makes provisions for such matters brought against it when, in the opinion of management after seeking legal advice, it is more likely than not that UBS has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required, and the amount can be reliably estimated. Where these factors are otherwise satisfied, a provision may be established for claims that have not yet been asserted against UBS, but are nevertheless expected to be, based on UBS's experience with similar asserted claims. If any of those conditions is not met, such matters result in contingent liabilities. If the amount of an obligation cannot be reliably estimated, a liability exists that is not recognized even if an outflow of resources is probable. Accordingly, no provision is established even if the potential outflow of resources with respect to such matters could be significant.

Specific litigation, regulatory and other matters are described below, including all such matters that management considers to be material and others that management believes to be of significance due to potential financial, reputational and other effects. The amount of damages claimed, the size of a transaction or other information is provided where available and appropriate in order to assist users in considering the magnitude of potential exposures.

In the case of certain matters below, UBS states that it has established a provision, and for the other matters, it makes no such statement. When UBS makes this statement and it expects disclosure of the amount of a provision to prejudice seriously its position with other parties in the matter because it would reveal what UBS believes to be the probable and reliably estimable outflow, UBS does not disclose that amount. In some cases UBS is subject to confidentiality obligations that preclude such disclosure. With respect to the matters for which UBS does not state whether it has established a provision, either (a) it has not established a provision, in which case the matter is treated as a contingent liability under the applicable accounting standard, or (b) it has established a provision but expects disclosure of that fact to prejudice seriously its position with other parties in the matter because it would reveal the fact that UBS believes an outflow of resources to be probable and reliably estimable.

With respect to certain litigation, regulatory and similar matters for which UBS has established provisions, UBS is able to estimate the expected timing of outflows. However, the aggregate amount of the expected outflows for those matters for which it is able to estimate expected timing is immaterial relative to its current and expected levels of liquidity over the relevant time periods.

The aggregate amount provisioned for litigation, regulatory and similar matters as a class is disclosed in "Note 14a Provisions" of the UBS AG's consolidated financial statements included in the UBS AG First Quarter 2018 Report. It is not practicable to provide an aggregate estimate of liability for UBS's litigation, regulatory and similar matters as a class of contingent liabilities. Doing so would require UBS to provide speculative legal assessments as to claims and proceedings that involve unique fact patterns or novel legal theories, that have not yet been initiated or are at early stages of adjudication, or as to which alleged damages

have not been quantified by the claimants. Although it therefore cannot provide a numerical estimate of the future losses that could arise from litigation, regulatory and similar matters, UBS believes that the aggregate amount of possible future losses from this class that are more than remote substantially exceeds the level of current provisions. Litigation, regulatory and similar matters may also result in non-monetary penalties and consequences. For example, the Non-Prosecution Agreement ("NPA") described in item 5 of this section, which UBS entered into with the US Department of Justice ("DOJ"), Criminal Division, Fraud Section in connection with UBS's submissions of benchmark interest rates, including, among others, the British Bankers' Association London Interbank Offered Rate ("LIBOR"), was terminated by the DOJ based on its determination that UBS had committed a US crime in relation to foreign exchange matters. As a consequence, UBS AG pleaded guilty to one count of wire fraud for conduct in the LIBOR matter, paid a fine and is subject to probation through January 2020. A guilty plea to, or conviction of, a crime could have material consequences for UBS. Resolution of regulatory proceedings may require UBS to obtain waivers of regulatory disgualifications to maintain certain operations, may entitle regulatory authorities to limit, suspend or terminate licenses and regulatory authorizations and may permit financial market utilities to limit, suspend or terminate UBS's participation in such utilities. Failure to obtain such waivers, or any limitation, suspension or termination of licenses, authorizations or participations, could have material consequences for UBS.

The risk of loss associated with litigation, regulatory and similar matters is a component of operational risk for purposes of determining UBS's capital requirements. Information concerning UBS's capital requirements and the calculation of operational risk for this purpose is included in the "Capital management" section of the UBS Group First Quarter 2018 Report.

#### 1. Inquiries regarding cross-border wealth management businesses

Tax and regulatory authorities in a number of countries have made inquiries, served requests for information or examined employees located in their respective jurisdictions relating to the cross-border wealth management services provided by UBS and other financial institutions. It is possible that the implementation of automatic tax information exchange and other measures relating to cross-border provision of financial services could give rise to further inquiries in the future. UBS has received disclosure orders from the Swiss Federal Tax Administration ("FTA") to transfer information based on requests for international administrative assistance in tax matters. The requests concern a number of UBS account numbers pertaining to current and former clients and are based on data from 2006 and 2008. UBS has taken steps to inform affected clients about the administrative assistance proceedings and their procedural rights, including the right to appeal. The requests are based on data received from the German authorities, who seized certain data related to UBS clients booked in Switzerland during their investigations and have apparently shared this data with other European countries. UBS expects additional countries to file similar requests.

The Swiss Federal Administrative Court ruled in 2016 that in the administrative assistance proceedings related to a French bulk request, UBS has the right to appeal all final FTA client data disclosure orders.

Since 2013, UBS (France) S.A. and UBS AG and certain former employees have been under investigation in France for alleged complicity in having illicitly solicited clients on French territory and regarding the laundering of proceeds of tax fraud and of banking and financial solicitation by unauthorized persons. In connection with this investigation, the investigating judges ordered UBS AG to provide bail ("caution") of EUR 1.1 billion and UBS (France) S.A. to post bail of EUR 40 million, which was reduced on appeal to EUR 10 million.

In February 2016, the investigating judges notified UBS AG and UBS (France) S.A. that they have closed their investigation. In July 2016, UBS AG and UBS (France) S.A. received the National Financial Prosecutor's recommendation ("réquisitoire"). In March 2017, the investigating judges issued the trial order ("ordonnance de renvoi") that charges UBS AG and UBS (France) S.A., as well as various former employees, with illicit solicitation of clients on French territory and with participation in the laundering of the proceeds of tax fraud, and which transfers the case to court. The trial schedule has not yet been announced. In October 2017, the Investigation Chamber of the Court of Appeals decided that UBS (France) S.A. shall not be constituted as a civil party in the guilty plea proceedings against the former UBS (France) S.A. Head of Front Office. UBS (France) S.A. has appealed this decision to the French Supreme Court ("Cour de cassation"). The appeal is pending, although the criminal court subsequently found the individual's guilty plea to be invalid.

In 2016, UBS was notified by the Belgian investigating judge that it is under formal investigation ("inculpé") regarding the laundering of proceeds of tax fraud and of banking, financial solicitation by unauthorized persons and serious tax fraud.

UBS has, and reportedly numerous other financial institutions have, received inquiries from authorities concerning accounts relating to the Fédération Internationale de Football Association (FIFA) and other constituent soccer associations and related persons and entities. UBS is cooperating with authorities in these inquiries.

UBS's balance sheet at 31 March 2018 reflected provisions with respect to matters described in this item 1 in an amount that UBS believes to be appropriate under the applicable accounting standard. As in the case of other matters for which UBS has established provisions, the future outflow of resources in respect of such matters cannot be determined with certainty based on currently available information and accordingly may ultimately prove to be substantially greater (or may be less) than the provision that UBS has recognized.

#### 2. Claims related to sales of residential mortgage-backed securities and mortgages

From 2002 through 2007, prior to the crisis in the US residential loan market, UBS was a substantial issuer and underwriter of US residential mortgage-backed securities ("**RMBS**") and was a purchaser and seller of US residential mortgages. A subsidiary of UBS, UBS Real Estate Securities Inc. ("**UBS RESI**"), acquired pools of residential mortgage loans from originators and (through an affiliate) deposited them into securitization trusts. In this manner, from 2004 through 2007, UBS RESI sponsored approximately USD 80 billion in RMBS, based on the original principal balances of the securities issued.

UBS RESI also sold pools of loans acquired from originators to third-party purchasers. These whole loan sales during the period 2004 through 2007 totaled approximately USD 19 billion in original principal balance.

UBS was not a significant originator of US residential loans. A branch of UBS originated approximately USD 1.5 billion in US residential mortgage loans during the period in which it was active from 2006 to 2008, and securitized less than half of these loans.

Lawsuits related to contractual representations and warranties concerning mortgages and RMBS: When UBS acted as an RMBS sponsor or mortgage seller, it generally made certain representations relating to the characteristics of the underlying loans. In the event of a material breach of these representations, UBS was in certain circumstances contractually

obligated to repurchase the loans to which the representations related or to indemnify certain parties against losses. In 2012, certain RMBS trusts filed an action ("Trustee Suit") in the US District Court for the Southern District of New York ("SDNY") seeking to enforce UBS RESI's obligation to repurchase loans in the collateral pools for three RMBS securitizations with an original principal balance of approximately USD 2 billion. Approximately 9,000 loans were at issue in a bench trial in the SDNY in 2016, following which the court issued an order ruling on numerous legal and factual issues and applying those rulings to 20 exemplar loans. The court further ordered that a lead master be appointed to apply the court's rulings to the loans that remain at issue following the trial. In October 2017, UBS and certain holders of the RMBS in the Trustee Suit entered into an agreement under which UBS has agreed to pay an aggregate of USD 543 million into the relevant RMBS trusts, plus certain attorneys' fees. A portion of UBS's settlement costs will be borne by other parties that indemnified UBS. The agreement was subject to the trustee for the RMBS trusts becoming a party thereto by 9 March 2018. The trustee for the RMBS trusts has informed UBS that it would not accept the proposed settlement under the agreement between UBS and the RMBS holders. UBS has been in discussions with the trustee about the terms on which it would become a party to a settlement, although there can be no assurance that the trustee will agree to a settlement on terms that are acceptable to UBS. Other than the Trustee Suit, UBS considers claims relating to substantially all loan repurchase demands to be resolved, and believes that new demands to repurchase US residential mortgage loans are time-barred under a decision rendered by the New York Court of Appeals.

Mortgage-related regulatory matters: In 2014, UBS received a subpoena from the US Attorney's Office for the Eastern District of New York issued pursuant to the Financial Institutions Reform, Recovery and Enforcement Act of 1989 ("FIRREA"), which seeks documents and information related to UBS's RMBS business from 2005 through 2007. In 2015, the Eastern District of New York identified a number of transactions that are the focus of their inquiry, and subsequently provided a revised list of transactions. UBS has provided information in response to this subpoena. UBS also received and responded to subpoenas from the New York State Attorney General ("NYAG") and other state attorneys general relating to UBS's RMBS business. In March 2018, UBS and the NYAG reached an agreement to resolve the NYAG's investigation, whereby UBS will pay USD 41 million and provide consumer relief in a stated amount of USD 189 million calculated as set forth in the settlement agreement. UBS has also responded to inquiries from both the Special Inspector General for the Troubled Asset Relief Program ("SIGTARP") (who is working in conjunction with the US Attorney's Office for Connecticut and the DOJ) and the SEC relating to trading practices in connection with purchases and sales of mortgage-backed securities in the secondary market from 2009 through 2014. UBS is cooperating with the authorities in these matters.

UBS's balance sheet at 31 March 2018 reflected a provision with respect to matters described in this item 2 in an amount that UBS believes to be appropriate under the applicable accounting standard. As in the case of other matters for which UBS has established provisions, the future outflow of resources in respect of this matter cannot be determined with certainty based on currently available information and accordingly may ultimately prove to be substantially greater (or may be less) than the provision that UBS has recognized.

#### 3. Madoff

In relation to the Bernard L. Madoff Investment Securities LLC ("BMIS") investment fraud, UBS AG, UBS (Luxembourg) S.A. (now UBS Europe SE, Luxembourg branch) and certain other UBS subsidiaries have been subject to inquiries by a number of regulators, including FINMA and the Luxembourg Commission de Surveillance du Secteur Financier ("CSSF"). Those inquiries concerned two third-party funds established under Luxembourg law, substantially all assets of which were with BMIS, as well as certain funds established in offshore jurisdictions with either direct or indirect exposure to BMIS. These funds faced severe losses, and the Luxembourg funds are in liquidation. The documentation establishing both funds identifies UBS entities in various roles, including custodian, administrator, manager, distributor and promoter, and indicates that UBS employees serve as board members.

In 2009 and 2010, the liquidators of the two Luxembourg funds filed claims against UBS entities, non-UBS entities and certain individuals, including current and former UBS employees, seeking amounts aggregating approximately EUR 2.1 billion, which includes amounts that the funds may be held liable to pay the trustee for the liquidation of BMIS ("BMIS Trustee").

A large number of alleged beneficiaries have filed claims against UBS entities (and non-UBS entities) for purported losses relating to the Madoff fraud. The majority of these cases have been filed in Luxembourg, where decisions that the claims in eight test cases were inadmissible have been affirmed by the Luxembourg Court of Appeal, and the Luxembourg Supreme Court has dismissed a further appeal in one of the test cases.

In the US, the BMIS Trustee filed claims against UBS entities, among others, in relation to the two Luxembourg funds and one of the offshore funds. The total amount claimed against all defendants in these actions was not less than USD 2 billion. In 2014, the US Supreme Court rejected the BMIS Trustee's motion for leave to appeal decisions dismissing all claims except those for the recovery of fraudulent conveyances and preference payments. In 2016, the Bankruptcy Court dismissed the remaining claims against the UBS entities. The BMIS Trustee appealed. In 2014, several claims, including a purported class action, were filed in the US by BMIS customers against UBS entities, asserting claims similar to those made by the BMIS Trustee, and seeking unspecified damages. These claims have either been voluntarily withdrawn or dismissed on the basis that the courts did not have jurisdiction to hear the claims against the UBS entities. In 2016, the plaintiff in one of those claims appealed the dismissal. In February 2018, the United States Court of Appeals for the Second Circuit affirmed the dismissal of the plaintiff's claim.

#### Puerto Rico

Declines since 2013 in the market prices of Puerto Rico municipal bonds and of closed-end funds ("funds") that are sole-managed and co-managed by UBS Trust Company of Puerto Rico and distributed by UBS Financial Services Incorporated of Puerto Rico ("UBS PR") have led to multiple regulatory inquiries, as well as customer complaints and arbitrations with aggregate claimed damages of USD 2.5 billion, of which claims with aggregate claimed damages of USD 1.5 billion have been resolved through settlements, arbitration or withdrawal of the claim. The claims are filed by clients in Puerto Rico who own the funds or Puerto Rico municipal bonds and / or who used their UBS account assets as collateral for UBS non-purpose loans; customer complaint and arbitration allegations include fraud, misrepresentation and unsuitability of the funds and of the loans. A shareholder derivative action was filed in 2014 against various UBS entities and current and certain former directors of the funds, alleging hundreds of millions of US dollars in losses in the funds. In 2015, defendants' motion to dismiss was denied. Defendants' requests for permission to appeal that ruling were denied by the Puerto Rico Court of Appeals and the Puerto Rico Supreme Court. In 2014, a federal class action complaint also was filed against various UBS entities, certain members of UBS PR senior management and the co-manager of certain of the funds, seeking damages for investor losses in the funds during the period from May 2008 through May 2014. In 2016, defendants' motion to dismiss was granted in part and denied in part. In 2015, a class action was filed in Puerto Rico state court against UBS PR seeking equitable relief in the form of a stay of any effort by UBS PR to collect on non-purpose loans it acquired from UBS Bank USA in December 2013 based on plaintiffs' allegation that the loans are not valid. The trial court denied defendant's motion for summary judgment based on a forum selection clause in the loan agreements. The Puerto Rico Supreme Court reversed that decision and remanded the case back to the trial court for reconsideration. On reconsideration the trial court granted defendant's motion and dismissed the action.

In 2014, UBS reached a settlement with the Office of the Commissioner of Financial Institutions for the Commonwealth of Puerto Rico ("**OCFI**") in connection with OCFI's examination of UBS's operations from January 2006 through September 2013, pursuant to which UBS is paying up to an aggregate of USD 7.7 million in investor education contributions and restitution.

In 2015, the SEC and the Financial Industry Regulatory Authority ("FINRA") announced settlements with UBS PR of their separate investigations stemming from the 2013 market events. Without admitting or denying the findings in either matter, UBS PR agreed in the SEC settlement to pay USD 15 million and USD 18.5 million in the FINRA matter. UBS also understands that the DOJ is conducting a criminal inquiry into the impermissible reinvestment of non-purpose loan proceeds. UBS is cooperating with the authorities in this inquiry.

In 2011, a purported derivative action was filed on behalf of the Employee Retirement System of the Commonwealth of Puerto Rico ("**System**") against over 40 defendants, including UBS PR, which was named in connection with its underwriting and consulting services. Plaintiffs alleged that defendants violated their purported fiduciary duties and contractual obligations in connection with the issuance and underwriting of USD 3 billion of bonds by the System in 2008 and sought damages of over USD 800 million. In 2016, the court granted the System's request to join the action as a plaintiff, but ordered that plaintiffs must file an amended complaint. In 2017, the court denied defendants' motion to dismiss the amended complaint.

Beginning in 2015, and continuing through 2017, certain agencies and public corporations of the Commonwealth of Puerto Rico ("Commonwealth") defaulted on certain interest payments on Puerto Rico bonds. The funds hold significant amounts of those bonds and the defaults on interest payments have had, and are expected to continue to have, an adverse effect on dividends from the funds. Executive orders of the Governor that have diverted funds to pay for essential services instead of debt payments and stayed any action to enforce creditors' rights on the Puerto Rico bonds continue to be in effect. In 2016, US federal legislation created an oversight board with power to oversee Puerto Rico's finances and to restructure its debt. The oversight board has imposed a stay on the exercise of creditors' rights. In May and June 2017, the oversight board placed certain of the bonds into a bankruptcy-like proceeding under the supervision of a Federal District Judge. These events, further defaults, any further legislative action to create a legal means of restructuring Commonwealth obligations or to impose additional oversight on the Commonwealth's finances, or any restructuring of the Commonwealth's obligations may increase the number of claims against UBS concerning Puerto Rico securities, as well as potential damages sought.

UBS's balance sheet at 31 March 2018 reflected provisions with respect to matters described in this item 4 in amounts that UBS believes to be appropriate under the applicable accounting standard. As in the case of other matters for which UBS has established provisions, the future outflow of resources in respect of such matters cannot be determined with certainty based on currently available information and accordingly may ultimately prove to be substantially greater (or may be less) than the provisions that UBS has recognized.

#### 5. Foreign exchange, LIBOR and benchmark rates, and other trading practices

Foreign exchange-related regulatory matters: Following an initial media report in 2013 of widespread irregularities in the foreign exchange markets, UBS immediately commenced an internal review of its foreign exchange business, which includes UBS's precious metals and related structured products businesses. Numerous authorities commenced investigations concerning possible manipulation of foreign exchange markets and precious metals prices. In 2014 and 2015, UBS reached settlements with the UK Financial Conduct Authority ("FCA") and the US Commodity Futures Trading Commission ("CFTC") in connection with their foreign exchange investigations, FINMA issued an order concluding its formal proceedings relating to UBS's foreign exchange and precious metals businesses, and the Board of Governors of the Federal Reserve System ("Federal Reserve Board") and the Connecticut Department of Banking issued a Cease and Desist Order and assessed monetary penalties against UBS AG. In addition, the DOJ's Criminal Division ("Criminal Division") terminated the 2012 Non-Prosecution Agreement ("NPA") with UBS AG related to UBS's submissions of benchmark interest rates and UBS AG pleaded quilty to one count of wire fraud, paid a fine and is subject to probation through January 2020. In January 2018, UBS reached a settlement with the CFTC in connection with the CFTC's precious metals investigations. As part of that settlement, UBS paid a USD 15 million civil monetary penalty. UBS has ongoing obligations to cooperate with these authorities and to undertake certain remediation. UBS has also been granted conditional immunity by the Antitrust Division of the DOJ ("Antitrust **Division**") and by authorities in other jurisdictions in connection with potential competition law violations relating to foreign exchange and precious metals businesses. Investigations relating to foreign exchange and precious metals matters by certain authorities remain ongoing notwithstanding these resolutions.

Foreign exchange-related civil litigation: Putative class actions have been filed since 2013 in US federal courts and in other jurisdictions against UBS and other banks on behalf of putative classes of persons who engaged in foreign currency transactions with any of the defendant banks. They allege collusion by the defendants and assert claims under the antitrust laws and for unjust enrichment. In 2015, additional putative class actions were filed in federal court in New York against UBS and other banks on behalf of a putative class of persons who entered into or held any foreign exchange futures contracts and options on foreign exchange futures contracts since 2003. The complaints assert claims under the Commodity Exchange Act ("CEA") and the US antitrust laws. In 2015, a consolidated complaint was filed on behalf of both putative classes of persons covered by the US federal court class actions described above. UBS has entered into a settlement agreement that would resolve all of these US federal court class actions. The settlement agreement, which has been preliminarily approved by the court and is subject to final court approval, requires, among other things, that UBS pay an aggregate of USD 141 million and provide cooperation to the settlement classes.

A putative class action has been filed in federal court in New York against UBS and other banks on behalf of participants, beneficiaries and named fiduciaries of plans qualified under the Employee Retirement Income Security Act of 1974 ("**ERISA**") for whom a defendant bank provided foreign currency exchange transactional services, exercised discretionary authority or discretionary control over management of such ERISA plan, or authorized or permitted the execution of any foreign currency exchange transactional services involving such plan's assets. The complaint asserts claims under ERISA. The parties filed a stipulation to dismiss the case with prejudice. The plaintiffs have appealed the dismissal. The appeals court heard oral argument in June 2017.

In 2015, a putative class action was filed in federal court against UBS and numerous other banks on behalf of persons and businesses in the US who directly purchased foreign currency from the defendants and their co-conspirators for their own end use. In March 2017, the court granted UBS's (and the other banks') motions to dismiss the complaint. The plaintiffs filed an amended complaint in August 2017. In March 2018, the court denied the defendants' motions to dismiss the amended complaint.

In 2016, a putative class action was filed in federal court in New York against UBS and numerous other banks on behalf of persons and entities who had indirectly purchased foreign exchange instruments from a defendant or co-conspirator in the US. The complaint asserts claims under federal and state antitrust laws. In response to defendants' motion to dismiss, plaintiffs agreed to dismiss their complaint. In 2017, two new putative class actions were filed in federal court in New York against UBS and numerous other banks on behalf of different proposed classes of indirect purchasers of currency, and a consolidated complaint was filed in June 2017. In March 2018, the court dismissed the consolidated complaint. Plaintiffs have filed a motion seeking leave to file an amended complaint. Putative class actions are also pending against UBS and other banks in federal court in New York and other jurisdictions on behalf of putative classes of persons who had bought or sold physical precious metals and various precious metal products and derivatives. The complaints in these lawsuits assert claims under the antitrust laws and the CEA, and other claims. In 2016, the court in New York granted UBS's motions to dismiss the putative class actions relating to gold and silver. Plaintiffs in those cases sought to amend their complaints to add new allegations about UBS, which the court granted. The plaintiffs filed amended complaints in 2017. In March 2017, the court in New York granted UBS's motion to dismiss the platinum and palladium action. In May 2017, plaintiffs in the platinum and palladium action filed an amended complaint that did not allege claims against UBS.

LIBOR and other benchmark-related regulatory matters: Numerous government agencies, including the SEC, the CFTC, the DOJ, the FCA, the UK Serious Fraud Office ("SFO"), the Monetary Authority of Singapore ("MAS"), the Hong Kong Monetary Authority ("HKMA"), FINMA, various state attorneys general in the US and competition authorities in various

jurisdictions, have conducted or are continuing to conduct investigations regarding potential improper attempts by UBS, among others, to manipulate LIBOR and other benchmark rates at certain times. In 2012, UBS reached settlements relating to benchmark interest rates with the FSA, the CFTC and the Criminal Division of the DOJ, and FINMA issued an order in its proceedings with respect to UBS relating to benchmark interest rates. In addition, UBS entered into settlements with the European Commission (EC) and with the Swiss Competition Commission ("WEKO") regarding its investigation of bid-ask spreads in connection with Swiss franc interest rate derivatives. UBS has ongoing obligations to cooperate with the authorities with whom UBS has reached resolutions and to undertake certain remediation with respect to benchmark interest rate submissions. UBS has been granted conditional leniency or conditional immunity from authorities in certain jurisdictions, including the Antitrust Division of the DOJ and WEKO, in connection with potential antitrust or competition law violations related to certain rates. However, UBS has not reached a final settlement with WEKO as the Secretariat of WEKO has asserted that UBS does not qualify for full immunity. Investigations by certain governmental authorities remain ongoing notwithstanding these resolutions.

LIBOR and other benchmark-related civil litigation: A number of putative class actions and other actions are pending in the federal courts in New York against UBS and numerous other banks on behalf of parties who transacted in certain interest rate benchmark-based derivatives. Also pending in the US and in other jurisdictions are a number of individual actions asserting losses related to various products whose interest rates were linked to LIBOR and other benchmarks, including adjustable rate mortgages, preferred and debt securities, bonds pledged as collateral, loans, depository accounts, investments and other interest-bearing instruments. The complaints allege manipulation, through various means, of certain benchmark interest rates, including USD LIBOR, Euroyen TIBOR, Yen LIBOR, EURIBOR, CHF LIBOR, GBP LIBOR, USD and SGD SIBOR and SOR, Australian BBSW and USD ISDAFIX, and seek unspecified compensatory and other damages under varying legal theories.

USD LIBOR class and individual actions in the US. In 2013 and 2015, the district court in the USD LIBOR actions dismissed, in whole or in part, certain plaintiffs' antitrust claims, federal racketeering claims, CEA claims, and state common law claims. Although, the Second Circuit vacated the district court's judgment dismissing antitrust claims, the district court again dismissed antitrust claims against UBS in 2016. Certain plaintiffs have appealed that decision to the Second Circuit. Separately, in 2018, the Second Circuit reversed in part the district court's 2015 decision dismissing certain individual plaintiffs' claims. UBS entered into an agreement in 2016 with representatives of a class of bondholders to settle their USD LIBOR class action. The agreement has received preliminary court approval and remains subject to final approval. In 2018, the district court denied plaintiffs' motions for class certification in the USD class actions for claims pending against UBS, and plaintiffs have sought permission to appeal that ruling to the Second Circuit.

Other benchmark class actions and ISDAFIX class action in the US. In 2014, the court in one of the Euroyen TIBOR lawsuits dismissed certain of the plaintiff's claims, including federal antitrust claims for lack of standing. In 2015, this court dismissed plaintiff's federal racketeering claims on the same basis and affirmed its previous dismissal of plaintiff's antitrust claims against UBS. In 2017, this court also dismissed the other Yen LIBOR / Euroyen TIBOR action in its entirety on standing grounds, as did the court in the CHF LIBOR action. Also in 2017, the courts in the EURIBOR and the SIBOR / SOR lawsuits dismissed the cases as to UBS and certain other foreign defendants for lack of personal jurisdiction. Plaintiffs in the CHF LIBOR and SIBOR / SOR actions have filed amended complaints following the dismissals, which UBS and other defendants have moved to dismiss. UBS and other defendants have also moved to dismiss the GBP LIBOR and Australian BBSW actions. In 2017, the district court preliminarily approved a settlement agreement under which UBS would pay USD 14 million to resolve putative class actions filed in federal court in New York and New Jersey against UBS and other financial institutions, among others, on behalf of parties who entered into interest rate derivative transactions linked to ISDAFIX.

Government bonds: Putative class actions have been filed in US federal courts against UBS and other banks on behalf of persons who participated in markets for US Treasury securities since 2007. The complaints generally allege that the banks colluded with respect to, and manipulated prices of, US Treasury securities sold at auction. They assert claims under the

antitrust laws and the CEA and for unjust enrichment. The cases have been consolidated in the SDNY, and a consolidated complaint was filed in 2017. Following filing of these complaints, UBS and reportedly other banks are responding to investigations and requests for information from various authorities regarding US Treasury securities and other government bond trading practices. As a result of its review to date, UBS has taken appropriate action.

With respect to additional matters and jurisdictions not encompassed by the settlements and orders referred to above, UBS's balance sheet at 31 March 2018 reflected a provision in an amount that UBS believes to be appropriate under the applicable accounting standard. As in the case of other matters for which UBS has established provisions, the future outflow of resources in respect of such matters cannot be determined with certainty based on currently available information and accordingly may ultimately prove to be substantially greater (or may be less) than the provision that UBS has recognized.

#### 6. Swiss retrocessions

The Federal Supreme Court of Switzerland ruled in 2012, in a test case against UBS, that distribution fees paid to a firm for distributing third-party and intra-group investment funds and structured products must be disclosed and surrendered to clients who have entered into a discretionary mandate agreement with the firm, absent a valid waiver.

FINMA has issued a supervisory note to all Swiss banks in response to the Supreme Court decision. UBS has met the FINMA requirements and has notified all potentially affected clients.

The Supreme Court decision has resulted, and may continue to result, in a number of client requests for UBS to disclose and potentially surrender retrocessions. Client requests are assessed on a case-by-case basis. Considerations taken into account when assessing these cases include, among other things, the existence of a discretionary mandate and whether or not the client documentation contained a valid waiver with respect to distribution fees.

UBS's balance sheet at 31 March 2018 reflected a provision with respect to matters described in this item 6 in an amount that UBS believes to be appropriate under the applicable accounting standard. The ultimate exposure will depend on client requests and the resolution thereof, factors that are difficult to predict and assess. Hence, as in the case of other matters for which UBS has established provisions, the future outflow of resources in respect of such matters cannot be determined with certainty based on currently available information and accordingly may ultimately prove to be substantially greater (or may be less) than the provision that UBS has recognized.

#### 7. Investigation of UBS's role in initial public offerings in Hong Kong

The Hong Kong Securities and Futures Commission ("**SFC**") has been conducting investigations into UBS's role as a sponsor of certain initial public offerings listed on the Hong Kong Stock Exchange. The SFC has previously indicated that it intended to take enforcement action against UBS and certain employees in relation to certain of these offerings. In March 2018, the SFC issued a decision notice in relation to one of the offerings under investigation. The notice provides for a fine of HKD 119 million and a suspension of UBS Securities Hong Kong Limited's ability to act as a sponsor for Hong Kong listed initial public offerings for 18 months. UBS has appealed the decision.

The specific litigation, regulatory and other matters described above under items (1) to (7) include all such matters that management considers to be material and others that management believes to be of significance due to potential financial, reputational and other effects as described in "Note 14 Provisions and contingent liabilities" to UBS AG consolidated financial statements included in the UBS AG First Quarter 2018 Report. The proceedings indicated below are matters that have recently been considered material, but are not currently considered material, by UBS. Besides the proceedings described above and below, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened, of which UBS AG is aware) that may have, or have had in the recent past, significant effects on UBS AG Group's and/or UBS AG's financial

position or profitability and are or have been pending during the last twelve months until the date of this document.

RMBS-related lawsuits concerning disclosures: UBS has been named as a defendant in lawsuits relating to its role as underwriter and issuer of RMBS. In April 2017, UBS reached a final settlement in a lawsuit brought in the US District Court for the District of Kansas by the National Credit Union Administration ("NCUA") as conservator for certain failed credit unions, asserting misstatements and omissions in the offering documents for USD 1.15 billion in original principal balance of RMBS purchased by the credit unions. UBS and the NCUA settled this matter for USD 445 million. A similar case brought by the NCUA in the SDNY was settled in 2016. A portion of UBS's settlement costs will be borne by other parties that indemnified UBS.

Banco UBS Pactual tax indemnity: Pursuant to the 2009 sale of Banco UBS Pactual S.A. ("Pactual") by UBS to BTG Investments, LP ("BTG"), BTG has submitted contractual indemnification claims. The claims pertain principally to several tax assessments issued by the Brazilian tax authorities against Pactual relating to the period from December 2006 through March 2009, when UBS owned Pactual. These assessments are being challenged in administrative and judicial proceedings. In August 2017, UBS and BTG agreed to resolve the largest indemnification claim (UBS's portion of which was approximately BRL 2 billion) relating to a tax assessment that had disallowed goodwill amortization deductions. In connection with this resolution, UBS paid CHF 245 million to BTG, which then submitted the underlying tax assessment for resolution in a Brazilian tax amnesty program. In early 2018, the decision in favor of BTG on the largest remaining exposure (BRL 461 million) became final, leaving approximately BRL 278 million in remaining assessments subject to indemnification claims, all pending at various levels of the administrative or judicial court system.

Wealth management cross-border TEFRA inquiries: In 2015, UBS received inquiries from the US Attorney's Office for the Eastern District of New York ("USAO EDNY") and from the SEC, which are investigating potential sales to US persons of bearer bonds and other unregistered securities in possible violation of the Tax Equity and Fiscal Responsibility Act of 1982 ("TEFRA") and the registration requirements of the US securities laws. UBS is cooperating with the authorities in these investigations. In 2018, UBS was informed by the USAO EDNY and the SEC that they have closed their investigations and that they will not take any action.

Puerto Rico 2012 claims: Beginning in 2012, two federal class action complaints, which were subsequently consolidated, were filed against various UBS entities, certain closed-end funds and certain members of UBS PR senior management, seeking damages for investor losses in the funds during the period from January 2008 through May 2012. In 2016, the court denied plaintiffs' motion for class certification. In March 2017, the US Court of Appeals for the First Circuit denied plaintiffs' petition seeking permission to bring an interlocutory appeal challenging the denial of their motion for class certification. In August 2017 the district court dismissed the case."

# In the section "9. Significant Changes in the Financial or Trading Position; Material Adverse Change in Prospects" the first paragraph is completely replaced as follows:

"There has been no significant change in the financial or trading position of UBS AG or UBS AG Group since 31 March 2018, which is the end of the last financial period for which financial information has been published."

## In the section "11. Statutory Auditors" the first paragraph is completely replaced as follows:

"Based on article 31 of the Articles of Association, UBS AG shareholders elect the auditors for a term of office of one year. At the AGM of 4 May 2016, 2 March 2017 and 26 April 2018, Ernst & Young Ltd, Aeschengraben 9, CH-4002 Basel ("Ernst & Young") were

elected as auditors for the consolidated and standalone financial statements of UBS AG for a one-year term."

In the section "L. GENERAL INFORMATION" in the subsection "7. Documents incorporated by Reference" a new paragraph (f) is inserted and the numbering of the successive paragraphs is adjusted accordingly. Consequently, the subsection 7. reads as follows:

#### "7. Documents incorporated by Reference

- 2) In relation to the Base Prospectus for Securities of UBS AG, [London] [Jersey] [Branch] dated 1 March 2018 in the section headed "A. Summary of the Base Prospectus (in the English language)" the following changes shall be made:
- a) In the section headed "Section B Issuer":

#### Element B.4b is completely replaced as follows:

B.4b	A description of any	Trend Information
B.4b	A description of any known trends affecting the issuer or the industries in which it operates.	As indicated in the UBS Group First Quarter 2018 Report, UBS remains confident that global economic growth prospects will continue to provide a supportive backdrop to markets, even though geopolitical tensions and the rise of protectionism remain a threat to investor confidence. All of UBS's businesses are affected by economic growth expectations, interest rates, equity market levels and foreign exchange rates. While higher compared
		with last year's historic lows, market volatility remains muted overall, which is usually less conducive to client activity. Due to seasonal factors, second quarter transaction-based income in UBS's Investment Bank and Global Wealth Management businesses is also typically lower than in the first quarter. In the second quarter, funding costs related to long-term debt and capital instruments issued to comply with regulatory funding and liquidity requirements will be higher compared with the same period in 2017. UBS continues to expect US dollar interest rates to rise gradually and the US economy to further improve, both of which will likely be supportive of US dollar net interest income. Momentum in UBS's businesses is in UBS's opinion good, and UBS expects its results in the second quarter to provide further evidence of the strengths of UBS's diversified business model as well as UBS's progress towards achieving its strategic and financial targets.

# In Element B.5 the fourth paragraph is replaced completely. Consequently, Element B.5 reads as follows:

B.5	Description of the group and the issuer's position within the group.	, , , , , , , , , , , , , , , , , , , ,
		In 2014, UBS began adapting its legal entity structure to improve the resolvability of the Group in response to too big to fail requirements in Switzerland and recovery and resolution regulation in other countries in which the Group operates. In December 2014, UBS Group AG became the holding company of the Group.
		In 2015, UBS AG transferred its Personal & Corporate Banking and Wealth Management businesses booked in Switzerland to the newly established UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland, and UBS implemented a more self-sufficient business and operating model for UBS Limited, UBS's investment banking subsidiary in the UK. In 2016, UBS Americas Holding LLC was designated as intermediate holding company for UBS's US subsidiaries and UBS merged its Wealth Management subsidiaries in various European countries into UBS Europe SE. Additionally, UBS transferred the majority of Asset Management's operating subsidiaries to UBS Asset Management AG.
		UBS Business Solutions AG, a wholly owned subsidiary of UBS Group AG, was established in 2015 and acts as the Group service company. In 2017, UBS's shared services functions in Switzerland and the UK were transferred from UBS AG to UBS Business Solutions AG. UBS also completed the transfer

of shared services functions in the US to its US service company, UBS Business Solutions US LLC, a wholly owned subsidiary of UBS Americas Holding LLC.

UBS continues to consider further changes to the Group's legal structure in response to regulatory requirements and other external developments, including the anticipated exit of the United Kingdom from the European Union. Such changes may include further consolidation of operating subsidiaries in the EU, and adjustments to the booking entity or location of products and services.

#### Element B.12 is completely replaced as follows:

# B.12 Selected historical key financial information / Material adverse change statement / Significant changes statement.

UBS AG derived the selected consolidated financial information included in the table below for the years ended 31 December 2017, 2016 and 2015 from the Annual Report 2017, which contains the audited consolidated financial statements of UBS AG, as well as additional unaudited consolidated financial information, for the year ended 31 December 2017 and comparative figures for the years ended 31 December 2016 and 2015. The selected consolidated financial information included in the table below for the quarter ended 31 March 2018 and 31 March 2017 was derived from the UBS AG First Quarter 2018 Report, which contains the UBS AG interim consolidated financial statements (unaudited), as well as additional unaudited consolidated financial information, for the quarter ended 31 March 2018 and comparative figures for the quarter ended 31 March 2017.

The consolidated financial statements were prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and are stated in Swiss francs ("CHF"). Information for the years ended 31 December 2017, 2016 and 2015 which is indicated as being unaudited in the table below was included in the Annual Report 2017, but has not been audited on the basis that the respective disclosures are not required under IFRS, and therefore are not part of the audited financial statements.

The Group and business divisions are managed on the basis of a key performance indicator framework, which identifies profit and growth financial measures, in the context of sound risk and capital management objectives. When determining variable compensation, both Group and business division key performance indicators are taken into account. UBS AG reviews the key performance indicators framework on a regular basis, considering the company's strategy and the market environment in which the company operates. Key performance indicators are disclosed in UBS AG's quarterly and annual reporting to allow comparison of the company's performance over the reporting periods. The company's key performance indicators are designed to be assessed on an over-the-cycle basis and are subject to seasonal patterns. Please refer to the footnotes to the table below for the definitions of the information contained under the heading "Key performance indicators" and "Additional information - Profitability" in the table below. In addition, the table "Key performance indicators and additional information on profitability – definitions and reason for use" below contains a description and the reason for the use of each key performance indicator, except those disclosed in accordance with applicable legislation, and the additional information on profitability.

Key performance indicator, additional information on profitability	Definition	Reason for use
Return on tangible equity (%)	Net profit attributable to shareholders before amortization and impairment of goodwill and intangible assets (annualized as applicable) divided by average equity attributable to shareholders less average goodwill and intangible assets	This metric is used because it provides information on the profitability of the business in relation to tangible equity.
Cost / income ratio (%)	Operating expenses divided by operating income before credit loss (expense) or recovery	This metric is used to provide information on the efficiency of the business by comparing operating expenses with gross income.
Net profit growth (%)	Change in net profit attributable to shareholders from continuing operations between current and comparison periods divided by net profit attributable to shareholders from continuing operations of comparison period	This profitability metric provides information on profit growth in comparison with prior period.
Return on equity (%)	Net profit attributable to shareholders (annualized as applicable) divided by average equity attributable to shareholders	This metric is used because it provides information on the profitability of the business in relation to equity.
Return on risk-weighted assets, gross (%)	Operating income before credit loss (annualized as applicable) divided by average fully applied risk-weighted assets	This metric is used because it provides information on the profitability of the business in relation to risk-weighted assets.
Return on leverage ratio denominator, gross (%)	Operating income before credit loss (annualized as applicable) divided by average fully applied leverage ratio denominator	This metric is used because it provides information on the profitability of the business in relation to leverage ratio denominator.

The operational structure of the Group is comprised of the Corporate Center and the business divisions Global Wealth Management, Personal & Corporate Banking, Asset Management and the Investment Bank. UBS's strategy is centered on its, in its own view, leading Global Wealth Management business and its premier universal bank in Switzerland, which are enhanced by Asset Management and the Investment Bank. UBS focuses on businesses that, in its opinion, have a strong competitive position in their targeted markets, are capital efficient, and have an attractive long-term structural growth or profitability outlook.
			According to article 2 of the articles of association of UBS AG dated 26 April 2018 ("Articles of Association"), the purpose of UBS AG is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, trading and service activities in Switzerland and abroad. UBS AG may establish branches and representative offices as well as banks, finance companies and other enterprises of any kind in Switzerland and abroad, hold equity interests in these companies, and conduct their management. UBS AG is authorized to acquire, mortgage and sell real estate and building rights in Switzerland and abroad. UBS AG may borrow and invest money on the capital markets. #### b) In the section headed "Section D – Risks"

In Element D.2 the paragraph headed "General insolvency risk" is replaced completely. Consequently, Element D.2 reads as follows:

# D.2 Key information on the key risks that is specific and individual to the issuer.

The Securities entail an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that UBS AG becomes temporarily or permanently unable to meet its obligations under the Securities.

#### **General insolvency risk**

Each investor bears the general risk that the financial situation of the Issuer could deteriorate. The debt or derivative securities of the Issuer will constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, in particular in the case of insolvency of the Issuer, rank pari passu with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions. The Securities are not bank deposits and an investment in the Securities carries risks which are very different from the risk profile of a bank deposit placed with the Issuer or its affiliates. The Issuer's obligations relating to the Securities are not protected by any statutory or voluntary deposit guarantee system or compensation scheme. In the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities.

UBS AG as Issuer and UBS are subject to various risks relating to their business activities. Summarised below are the risks that may impact the Group's ability to execute its strategy, and affect its business activities, financial condition, results of operations and prospects, which the Group considers material and is presently aware of:

- Market conditions and fluctuations may have a detrimental effect on UBS's profitability, capital strength, liquidity and funding position
- Substantial changes in the regulation of UBS's businesses may adversely affect its business and UBS's ability to execute its strategic plans
- If UBS is unable to maintain its capital strength, this may adversely affect its ability to execute its strategy, its client franchise and its competitive position
- UBS may not be successful in the ongoing execution of its strategic plans
- Material legal and regulatory risks arise in the conduct of UBS's business
- Operational risks affect UBS's business
- UBS's reputation is critical to the success of its business
- Performance in the financial services industry is affected by market conditions and the macroeconomic climate
- UK withdrawal from the EU
- UBS may not be successful in implementing changes in its wealth management businesses to meet changing market, regulatory and other conditions
- UBS may be unable to identify or capture revenue or competitive opportunities, or retain and attract qualified employees

- UBS depends on its risk management and control processes to avoid or limit potential losses in its businesses
- Liquidity and funding management are critical to UBS's ongoing performance
- UBS's financial results may be negatively affected by changes to assumptions and valuations, as well as changes to accounting standards
- The effect of taxes on UBS's financial results is significantly influenced by tax law changes and reassessments of its deferred tax assets
- UBS's stated capital returns objective is based, in part, on capital ratios that are subject to regulatory change and may fluctuate significantly
- UBS AG's operating results, financial condition and ability to pay its
  obligations in the future may be affected by funding, dividends and
  other distributions received from UBS Switzerland AG, UBS Americas
  Holding LLC, UBS Limited and other subsidiaries, which may be subject
  to restrictions
- If UBS experiences financial difficulties, FINMA has the power to open resolution or liquidation proceedings or impose protective measures in relation to UBS Group AG, UBS AG or UBS Switzerland AG, and such proceedings or measures may have a material adverse effect on UBS's shareholders and creditors

However, because the business of a broad-based international financial services firm such as UBS is inherently exposed to risks many of which become apparent only with the benefit of hindsight, risks of which UBS is not presently aware or which it currently does not consider to be material could also adversely affect UBS.

# In Element [D.3][D.6] the paragraph headed "Adverse impact of adjustments of the Security Right" is completely replaced as follows:

#### " Adverse impact of adjustments of the Security Right

There is the risk that certain events occur or certain measures are taken (by parties other than the Issuer) in relation to the [Underlying] [Basket Components], which potentially lead to changes to the [Underlying] [Basket Components] or result in the underlying concept of the [Underlying] [Basket Components] being changed, so-called Potential Adjustment Events and Replacement Events. In the case of the occurrence of a Potential Adjustment Event, the Issuer shall be entitled to adjust the Conditions of the Securities to account for these events or measures and shall, in the case of the occurrence of a Replacement Event, even be entitled to replace the [Underlying] [Basket Components]. These adjustments might have a negative impact on the value of the Securities."

# In Element B.5 the fourth paragraph is replaced completely. Consequently, Element B.5 reads as follows:

B.5	Beskrivning av koncernen och emittentens plats inom koncernen.	UBS AG är en schweizisk bank och moderbolaget till UBS AG-koncernen. Det ägs till 100 % av UBS Group AG, som är holdingbolaget för UBS-koncernen. UBS bedrivs som en koncern med fyra affärsdivisioner samt ett Corporate Center.
		Under 2014 började UBS att anpassa sin juridiska enhetsstruktur för att förbättra Koncernens förmåga till avveckling för att möta kraven i Schweiz och rekonstruktions- och avvecklingsplaner av andra länder där Koncernen är verksam, avseende företag som anses för stora för att tillåtas fallera. I december 2014 blev UBS Group AG Koncernens holdingbolag.
		Under 2015 överförde UBS AG sin verksamhet inom Personal & Corporate Banking och Wealth Management, som bokförs i Schweiz, till det nyligen etablerade UBS Switzerland AG, ett bankdotterföretag till UBS AG i Schweiz, och UBS avslutade genomförandet av en mer självförsörjande affärs- och verksamhetsmodell för UBS Limited, dess investeringsdotterföretag i Storbritannien. Under 2016 utsågs UBS Americas Holding LLC till mellanliggande holdingbolag för UBS:s dotterbolag i USA, och UBS slog ihop sina Wealth Management-dotterbolag i olika europeiska länder till UBS Europe SE. Dessutom överförde UBS majoriteten av de rörelsedrivande dotterbolagen inom Asset Management till UBS Asset Management AG.
		UBS Business Solutions AG, ett helägt dotterföretag till UBS Group AG, etablerades 2015 och agerar som Koncernens serviceföretag. Under 2017 överfördes UBS delade servicefunktioner i Schweiz och Storbritannien från UBS

AG till UBS Business Solutions AG. UBS slutförde också överföringen av delade tjänstefunktioner i USA till sitt amerikanska serviceföretag, UBS Business Solutions US LLC, ett helägt dotterbolag till UBS Americas Holding LLC.

UBS fortsätter att överväga ytterligare förändringar beträffande Koncernens juridiska struktur för att möta regulatoriska krav och andra externa utvecklingar, inklusive Storbritanniens förväntade utträde ur den Europeiska Unionen. Sådana förändringar kan inkludera ytterligare konsolidering av rörelsedrivande dotterföretag i EU och justeringar beträffande bokförande enhet eller placeringen av produkter och tjänster.

#### Element B.12 is completely replaced as follows:

# B.12 Utvald historisk finansiell nyckelinformation / Uttalande om väsentliga negativa förändringar / Uttalande om väsentliga förändringar.

UBS AG erhöll utvald konsoliderad finansiell information, inkluderad i tabellen nedan för åren som slutade 31 december 2017, 2016 och 2015 från Årsredovisningen för 2017, vilken innehåller de reviderade konsoliderade finansiella räkenskaperna för UBS AG, liksom ytterligare oreviderad konsoliderad finansiell information, för året som slutade den 31 december 2017 och jämförelsesiffror för åren som slutade den 31 december 2016 och 2015. Den valda konsoliderade finansinformationen som finns i tabellen nedan för kvartalet som avslutades den 31 mars 2018 och den 31 mars 2017 hänför sig från UBS AG:s Rapport för Första Kvartalet 2018 som innehåller UBS AG:s interima koncernredovisning (oreviderad) likväl som ytterligare oreviderad konsoliderad finansiell information för kvartalet som avslutades den 31 mars 2018 och jämförande siffror för kvartalet som avslutades den 31 mars 2017.

De konsoliderade finansiella räkenskaperna har tagits fram i enlighet med International Financial Reporting Standards ("**IFRS**"), utfärdade av International Accounting Standards Board ("**IASB**"), och anges i schweiziska franc ("**CHF**"). Information för åren som slutade 31 december 2017, 2016 och 2015 vilken indikeras som oreviderad i tabellen nedan, inkluderades i Årsredovisningen för 2017 men har inte reviderats på grund av att de respektive beskrivningarna inte krävs enligt IFRS och därför inte utgör del av de reviderade finansiella räkenskaperna.

Koncernen och affärsdivisionerna hanteras med utgångspunkt i viktiga nyckeltal, vilka identifierar finansiella indikatorer för vinst och tillväxt, inom ramen för sunda risk- och kapitalhanteringsmål. Vid fastställandet av variabeln kompensation tas både Koncernens och affärsdivisionens viktiga resultatindikatorer med i beräkningen. UBS AG granskar regelbundet nyckeltalen, och beaktarföretagets strategi och marknadsmiljö i vilket företaget är verksamt. Viktiga nyckeltal ingår i UBS AG:s kvartalsmässiga och årliga rapportering för att tillåta jämförelse av företagets resultat över rapporteringsperioderna. Företagets viktiga nyckeltal har utformats för att utvärderas över bestämda cykler och följer vissa säsongsmönster. Se fotnoterna till tabellen nedan för definitioner av informationen under rubrikerna "Nyckeltal" och "Ytterligare information – Lönsamhet" i tabellen nedan. Dessutom innehåller tabellen "Nyckeltal och ytterligare information om lönsamhet – definitioner och skäl till användning" nedan en beskrivning av varje nyckeltal och skälet till varför det används, förutom dem som ingår i enlighet med tillämplig lagstiftning, samt ytterligare information om lönsamhet.

# In Element B.14 the second paragraph is replaced completely. Consequently, Element B.14 reads as follows:

B.14	Beskrivning av koncernen och av emittentens position inom koncernen.	Se Punkt B.5.
	Beroende av andra företag inom koncernen.	

# In Element B.15 the second paragraph is replaced completely. Consequently, Element B.15 reads as follows:

B.15	Emittentens huvudsakliga verksamhet.	UBS AG och dess dotterbolag tillhandahåller finansiell rådgivning och lösningar till privata, institutionella och företagskunder i hela världen, likväl som till privata kunder i Schweiz. Koncernens struktur består av Corporate Center och divisionerna Global Wealth Management, Personal & Corporate Banking, Asset Management och Investment Bank. UBS:s strategi centreras på sin, enligt dem, ledande verksamhet inom Global Wealth Management och universella premierbank i Schweiz som utökas av Asset Management och Investment Bank. UBS fokuserar på företag som, enligt dem, har en stark konkurrensposition på sin marknad, är kapitaleffektiva och har en attraktiv långsiktig strukturtillväxt eller lönsamhetsprognos.
		Enligt Artikel 2 i Bolagsordningen för UBS AG, daterad den 26 april 2018 ("Bolagsordningen") är verksamhetsföremålet för UBS AG att bedriva bankverksamhet. Dess verksamhet sträcker sig över alla typer av banktjänster, finansiella tjänster, rådgivningstjänster och handelsaktiviteter i Schweiz och utomlands. UBS AG kan etablera filialer och representationskontor liksom även banker, kreditmarknadsföretag och andra företag av varje slag i Schweiz och utomlands, inneha ägarintressen i dessa bolag och sköta dessas ledning. UBS AG är auktoriserat att köpa, inteckna och sälja fast egendom och byggrätter i Schweiz och utomlands. UBS AG kan låna och investera på penning- och kapitalmarknader. UBS AG ingår i den företagskoncern som styrs av moderföretaget UBS Group AG. Det kan verka till fördel för koncernens moderföretag eller andra koncernföretag. Det kan tillhandahålla lån, garantier och andra former av finansiering och säkerheter för koncernföretagen.

B.17	Kreditvärdighets- betyg som tilldelats emittenten eller dess skuldvärdepapper.	Kreditvärderingsinstituten Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's"), Moody's Deutschland GmbH ("Moody's"), Fitch Ratings Limited ("Fitch Ratings") och Scope Ratings GmbH ("Scope Ratings") har på begäran publicerat kreditvärdighetsbetyg som återspeglar deras bedömning av UBS AG:s kreditvärdighet, dvs. UBS:s förmåga att i tid fullgöra sina betalningsförpliktelser, såsom amortering och räntebetalningar på långfristiga lån, även känt som fullgörande av skuldförpliktelser. Betygen från Fitch Ratings, Standard & Poor's och Scope Ratings kan tillskrivas ett plus- eller minustecken och de från Moody's en siffra. Dessa tilläggsbeteckningar indikerar den relativa positionen inom respektive betygsklass. UBS AG har

#### b) In the section headed "Avsnitt D – Risker"

In Element D.2 the paragraph headed "Generell risk för insolvens" is replaced completely. Consequently, Element D.2 reads as follows:

D.2 Nyckelinformation om väsentliga risker som är specifika och individuella för Emittenten.

Värdepapperen medför emittentrisk, även kallad gäldenärsrisk eller kreditrisk, för potentiella investerare. En emittentrisk är risken att UBS AG tillfälligt eller varaktigt blir oförmögen att fullgöra sina förpliktelser i relation till Värdepapperen.

#### Generell risk för insolvens

Varje investerare bär den generella risken att den finansiella situationen för Emittenten kan försämras. Emittentens skuld- och derivatinstrument utgör direkta, icke säkerställda och icke efterställda förpliktelser för Emittenten, vilka, i synnerhet i händelse av Emittentens insolvens, rangordnas lika med varandra och med samtliga andra av Emittentens nuvarande och framtida icke säkerställda och icke efterställda förpliktelser, med undantag för dem som har förmånsrätt enligt tvingande lagregler. Värdepapperna är inte banktillgodohavande och en investering i Värdepapper innebär risker som är mycket olika riskprofilen för ett banktillgodohavande som är placerat hos Emittenten eller dennes dotterbolag. Emittentens förpliktelser i relation till Värdepapperen garanteras inte av något lagstadgat eller frivilligt system av insättningsgarantier eller kompensationsplaner. Om Emittenten blir insolvent kan följaktligen investerare lida en total förlust av sina investeringar i Värdepapperen.

UBS AG som Emittent och UBS är utsatta för olika riskfaktorer i sin affärsverksamhet. Sammanfattade nedan är de risker som kan påverka Koncernens förmåga att verkställa sin strategi, och påverka dess affärsverksamhet, finansiella ställning, verksamhetsresultat och utsikter, vilka Koncernen anser är väsentliga och för närvarande är medveten om:

- Marknadsförhållanden och fluktuationer kan ha en skadlig inverkan på UBS:s lönsamhet, kapitalstyrka, dess likviditet och finansieringsposition.
- Väsentliga ändringar av styrningen av UBS:s verksamhet kan negativt påverka dess verksamhet och UBS:s förmåga att verkställa sina strategiska planer.
- Om UBS är oförmöget att bibehålla sin kapitalstyrka, kan detta negativt påverka dess förmåga att verkställa sin strategi, dess klientverksamhet och dess konkurrensposition.
- UBS är kanske inte framgångsrikt i det löpande verkställandet av sina strategiska planer.
- Betydande juridiska och regulatoriska risker uppkommer vid driften av

UBS verksamhet.

- Operationella risker påverkar UBS verksamhet.
- UBS:s renommé är avgörande för framgången för dess verksamhet.
- Utvecklingen inom den finanstjänsteindustrin påverkas av marknadsförhållanden och det makroekonomiska klimatet.
- Storbritannien går ut ur EU.
- UBS kanske inte lyckas att verkställa förändringar inom sina förmögenhetsförvaltningsverksamheter för att möta förändrade marknads- regulatoriska och andra förhållanden.
- UBS är kanske inte i stånd att att identifiera eller tillvarata intäkts- eller konkurrensmöjligheter eller att behålla och attrahera kvalificerade anställda.
- UBS är beroende av sina riskhanterings- och kontrollprocesser för att undvika eller begränsa potentiella förluster inom sina företag.
- Likviditets- och finansieringsförvaltning är avgörande för UBS:s löpande utveckling.
- UBS:s finansiella resultat kan påverkas negativt av ändringar i antaganden och värderingar samt i redovisningsstandarder.
- Inverkan av skatter på UBS:s finansiella resultat påverkas i betydande mån av ändringar i skattelagen och omvärderingar av dess uppskjutna skattefordringar
- UBS:s angivna kapitalutdelningsmål är baserat, till en del, på kapitalrelationer som är föremål för regleringsförändringar och kan i hög grad fluktuera.
- UBS AG:s rörelseresultat, finansiella ställning och förmåga att betala sina förpliktelser i framtiden kan påverkas av finansiering, utdelningar och andra överföringar som erhålls från UBS Switzerland AG, UBS Americas Holding LLC, UBS Limited och andra dotterföretag, vilket kan vara föremål för begränsningar.
- Om UBS erfar finansiella svårigheter har FINMA befogenheten att starta resolutions- eller likvidationsförfaranden eller införa skyddsåtgärder avseende UBS Group AG, UBS AG eller UBS Switzerland AG, och sådana förfaranden eller åtgärder kan ha en betydande negativ inverkan för UBS:s aktieägare och borgenärer.

Men eftersom verksamheten i ett brett baserat internationellt finanstjänsteföretag som UBS till sin inneboende natur är exponerad mot risker, varav många blir uppenbara endast i efterhand, kan risker som UBS inte för närvarande är medvetet om eller som det för närvarande inte betraktar som väsentliga också negativt påverka UBS.

# In Element [D.3][D.6] the paragraph headed "Negativ inverkan av justering av Värdepapperens rättigheter" is completely replaced as follows:

#### " Negativ inverkan av justering av Värdepapperens rättigheter

Det finns en risk att vissa omständigheter inträffar eller särskilda åtgärder vidtas (av annan part än Emittenten) i förhållande till [den Underliggande] [Korgkomponenterna], vilket potentiellt kan medföra förändringar av [den Underliggande] [Korgkomponenterna], eller resultera i att det underliggande konceptet för [den Underliggande][Korgkomponenterna] förändras, så kallade Potentiella Justeringshändelser och Ersättningshändelser. Om en Potentiell Justeringshändelse inträffar, ska Emittenten kunna justera värdepappernas villkor för att kunna beakta dessa händelser eller åtgärder och ska, om en Ersättningshändelse inträffar, även kunna ersätta [den Underliggande] [Korgkomponenterna]. Dessa justeringar kan ha en negativ inverkan på Värdepapperens värde."
