This document constitutes a supplement (“**Supplement**”) to the base prospectus for Borgo AB (publ)’s (the “**Issuer**”) Medium Term Note and Covered Bond Programme, with registration number 23-35608, approved and registered by the Swedish Financial Supervisory Authority (the “**SFSA**”) on 19 January 2024 (the “**Base Prospectus**”). This Supplement has been established in accordance with Article 23 of Regulation (EU) 2017/1129 of the European Parliament and of the Council (the “**Regulation**”) and was approved and registered by the SFSA on 5 September 2024 and made public on the website of the Issuer on 5 September 2024.

This Supplement is supplemental to, and shall be read in conjunction with, the Base Prospectus and any other supplements to the Base Prospectus. The Base Prospectus, this Supplement and any other supplements are available on the Issuer’s website www.borgohypotek.se. Terms defined in the Base Prospectus shall have the same meaning when used in this Supplement.

At the time of publication of this Supplement, there are no outstanding offers to purchase or subscribe for transferable securities under the Base Prospectus and thus there is no right of revocation.

Purpose of this Supplement

The purpose of this Supplement is (a) to incorporate by reference the Issuer’s unaudited interim report for the period 1 January - 30 June 2024 (the “**Interim Report**”), and (b) to include new statements on material changes and trend information.

Interim Report

On 28 August 2024, the Issuer published its Interim Report. A copy of the Interim Report has been filed with the SFSA and, by virtue of this Supplement, the Interim Report is incorporated in, and form part of, the Base Prospectus. Due to the incorporation of the Interim Report, certain information in the section “Other Information” requires to be updated, the Base Prospectus is therefore supplemented as follows.

Material changes and trend information

The wording under section 7.5 (“Material changes and trend information”) on page 76 is deleted in its entirety and replaced with the following:

“There have been no significant changes to the Issuer’s financial performance or position since 30 June 2024 (the end of the period of the Interim Report), nor has there been any material adverse change in the prospects of the Issuer since 31 December 2023, being the end of the last financial period for which an audited financial report has been prepared and there have been no recent events specific to the Issuer which to a material extent are relevant to the evaluation of the Issuer’s solvency.

In January 2024, Moody’s adjusted the outlook for the Issuer from stable to negative. The adjustment is due to increased financing costs associated with the Issuer’s significant growth in 2023, which puts pressure on the Issuer’s margins. In their update, Moody’s reiterates their view on the Issuer’s high asset quality and low lending risk, as well as its robust capitalisation.”
