RISK FACTORS

*The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Notes in order to make an informed investment decision. The below risk factors are therefore limited to risks that, in the meaning of the Prospectus Regulations, are material and specific, to the Issuer and its subsidiaries (the "**Subsidiaries**", and together with the Issuer, the "**Group**"), and the Notes.*

The manner in which the Group and the Notes are affected by each risk factor is illustrated below under each described risk by way of evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected extent of its negative impact should the risk occur. The probability of a risk occurring is estimated as "low", "medium" or "high" and the extent of the negative impact if it would occur is estimated as "low", "medium" or "high". The risk factors are organised in several categories and the most material risk factors in each category are presented first in each category. Subsequent risk factors in the same category are not purported to be ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

Notwithstanding of whether the Group has estimated the probability of a risk factor occurring or the expected extent of such risk factors impact as "low", "medium" or "high", all risk factors included in this section have been assessed by the Issuer to be material and specific to the Group and the Notes, as applicable, in accordance with the Prospectus Regulations.

Risks relating to the Issuer, the Group and the market

Market and commercial risks

The Group's business is subject to risks relating to factors affecting the prices of metals and gems necessary for the production of the Group's products

A significant part of the Group's sales is attributable to the sale of products made from precious metals (mainly silver and gold), various alloys, diamonds, other precious and semi-precious stones, pearls and other raw materials. Approximately 78 per cent of the Group's sales is attributable to the sale of products made from precious metals and gems. In 2022 the sales of such products amounted to MSEK 1,485 and in 2023 to MSEK 1,477. The Group's costs in acquiring products, and profits for its sales, are directly linked to the price the Group pays for such raw materials. The price of precious metals and gems is volatile and changes over time. The price of precious metals and gems is affected by numerous unpredictable factors, such as high volatility, changes in supply and demand relationships, political instability, catastrophic events, pandemics, changes in governmental policies, actions and inactions of actors in the supply chain (including those related to the Kimberley Process, an intergovernmental agreement for the international trading of rough diamonds), as well as price changes due to developments in financial markets and trade relations. In July 2024, the price of gold reached an all-time high of USD 2,483.68 an ounce. In late September 2023, gold traded at around USD 1,850 an ounce. Historically, over the last 50 years, the gold price in USD has increased on average 8.3 per cent per year and may increase in the future. Factors affecting the price of raw materials purchased by the Group are beyond the Group's control and cannot be predicted by the Group.

If the Group's suppliers' access to, or cost of, purchasing certain quality raw materials is adversely affected, the Group may have to pay more for such raw materials. Any adverse changes may increase the Group's costs and require the Group to pay more to its suppliers and increase the prices that the Group charges its customers for the Group's products, which may lead to a decrease in consumer demand. This may lead to increased costs and/or have an adverse effect on the Group's sales and thus its results of operations.

The Group considers that the probability of the above risks occurring is *high*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

Changes to macroeconomic factors may negatively affect consumer spending habits and supplier's businesses and in turn affect the Group's business

The Group is affected by general international, regional and national economic conditions in particular the macroeconomic development, which adversely impact consumers' willingness to consume luxury goods such as jewellery and watches. Macroeconomic factors which may affect the rate of consumption of such goods are for example employment rates, levels of disposable income, levels of consumer debt and access to consumer credit, inflation and interest rates. All such factors are beyond the control of the Group.

Macroeconomic factors such as the Covid-19 pandemic, the war in Ukraine, the conflict in the Middle East and increased inflation and the increased interest rates as a result thereof, and downturns in the global economy generally, can cause market turbulence and adversely affects the financial position of the Group's suppliers as well as the consumer's willingness to buy jewellery. Macroeconomic factors may also impact suppliers' ability to carry out business with the Group as well as have an adverse effect on end-consumer trends and consumer traffic in the markets in which the Group operates.

Consumer purchases of discretionary items, such as the Group's products, tend to decline during recessions when disposable income is lower and access to consumer credit is limited. In Sweden, sales of jewellery will generally follow GDP development. However, such sales will generally grow at a higher rate, and decline at a lower rate, than the corresponding increase or decline of GDP. In 2023, the Swedish GDP decreased by -0.2 per cent compared to 2022, while the jewellery market increased by 5.2 per cent (Jewellery in Sweden - Euromonitor International January 2024, Statistics Sweden (Sw. *Statistiska Centralbyrån*)), however the sales of the Group increased by 0.2 per cent during the same period from SEK 1,884,579 in 2022 to SEK 1,887,988 in 2023.

Deterioration in the global economy could result in a corresponding decline in demand for the Group's products, which would have an adverse effect on the Group's sales and its results of operations.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *low*.

The Group operates in a highly competitive market requiring the Group to continue to develop its business in order to remain successful within existing market segments

The retail jewellery market in which the Group operates is highly competitive and fragmented. Jewellery retailers in the industry compete by, for example, price, availability, innovations, design and quality of goods, but also other factors such as production ability, up-to-date designs and market penetration. The Group has a number of competitors across different product categories, segments and geographic markets. For example, the Group competes with other national jewellery chains as well as independent regional and local jewellery retailers and other types of retailers who sell jewellery and gift items, such as department stores and mass merchandisers.

The Group is the largest fine jewellery retailer in Sweden, and, together with its costume jewellery segment, the Group estimates its market share to be around 30 per cent of the Swedish jewellery market as per 2023, based on the total size of the Swedish jewellery market and the Group's sales 2023. Notable competitors are the buying group Smycka, with primary focus on fine jewellery, and Ur&Penn and Glitter, with primary focus on costume jewellery. In Finland, the Group estimates its market share to be approximately 17-19 per cent as per 2023. Notable competitors are Timanttiset and Laatukoru, whose primary focus is on fine jewellery, as well as Glitter, with primary focus on costume jewellery. The Group also competes with e-commerce retailers of jewellery that may offer customers a higher availability and product range than the Group's physical stores. Notable e-commerce competitors are Vanbruun and Safira. The e-commerce sector has shown higher growth and e-commerce retailers may thereby increase their market share of the overall market for jewellery. The Group's e-commerce accounts for approximately 8.0 per cent of the Group's sales and the Group has seen a growth of its e-commerce with approximately 23 per cent per year since 2014.

Failure to successfully compete on price, product range, quality and service could have an adverse effect on the Group's business, its sales and results of operations (see also risk factor "*The Group's failure to stay updated in regards of consumer demands and trends in fashion etc could lead to missed sales opportunities for the Group*" below).

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

The Group is subject to risks relating to consumer's ability to obtain credit for purchase of the Group's products

A portion of the Group's customers rely on financing provided from credit providers to purchase the Group's products. The Group currently has arrangements with Resurs Bank AB (for stores) and Klarna AB (for e-commerce) to facilitate such credits. Through the arrangement with Resurs Bank AB, credit sales, at stores within the Group amounted to approximately MSEK 51 in 2023 representing 2.5 per cent of the sales of the Group. Online credit sales through Klarna, is estimated to amount to approximately MSEK 92. The availability of credit to customers is impacted by numerous factors, including general economic conditions and regulatory requirements relating to the extension of credit. Such factors are beyond the control of the Group. Any disruption in, or changes to, the Group's arrangements with third party credit providers or introduction of new regulations or changes in the application of current laws may impact the availability of credit to the Group's customers. The increasing overall debt level of consumers within the Group's business area, specifically in conjunction with the increased interest rate levels, may result in a decrease in availability of consumer credit, as well as an increased risk of regulatory measures regarding consumer credits. If the amount of available credit provided to customers is significantly restricted it would result in a decrease in the sales of the Group's products which would have a negative effect on the Group's sales and results of operations.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *low*.

Strategic and operational risks

The Group's ability to attract and retain talented employees

It is important for the Group's future business activities and development that it is able to retain and continue to motivate, as well as being able to recruit and utilise qualified and suitable, employees and consultants with valuable knowledge about the Group's business. In 2022 the Group had 1,520 employees, which increased in 2023 to 1,586 employees, including both full time and part time employees. Members of the Group's executive management team or other key employees may decide to leave the Group and it may be difficult to attract and retain qualified key employees and other employees with the required expertise. The human resource risk is not only applicable to key personnel in the Group. It is important for the Group that employees in customer service and sales have knowledge in diamonds, gold and silver jewellery, costume jewellery and gift items, which may narrow the scope of potential new recruits. The Group is specifically dependent on its ability to retain its current, and to recruit new product developers to be able to develop future products and product lines. If the Group is unable to retain or recruit suitable employees and executives it could adversely impact its ability to develop new products and to sell them to the end customer which could have an adverse effect on the Group's sales and results of operations.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

The Group's failure to stay updated in regards of consumer demands and trends in fashion etc could lead to missed sales opportunities for the Group

The market for costume jewellery is characterised by rapidly changing consumer tastes and demands, while consumer tastes and demands in the fine jewellery market are more stable. The Group's largest business segment relates to fine jewellery, representing approximately 78 per cent of the Group's sales. Sales of costume jewellery represents approximately 5 per cent of the Group's sales. The development and launch of new products and collections will normally take about 2-4 months. Discovering, purchasing and launching new product lines or collections and, where applicable, discontinuing others can have substantial lead times, posing a risk that the Group will be unable to take such action within the desired time. To do this successfully, the Group needs to predict future areas of demand, the future capabilities of its competitors and identify and monitor trends in fashion and jewellery preferences, changes in consumer tastes and consumer spending patterns. Furthermore, it is important for the Group to collaborate with external designers and spokespersons, such as influencers, in order to be able to offer jewellery requested by consumers at the given time. Failure in such predictions or failure in the supply chain to respond in a timely fashion could result in an unsuccessful market strategy and excess inventory, resulting in higher costs and decreased sales, which would in turn have a negative effect on the results of operation of the Group.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

Risks relating to business interruption or failure of business support systems

The Group is dependent on the suitability, reliability and durability of its IT-systems procedures and software, including its accounting, payments, e-commerce, information technology, point-of-Sale infrastructure, data protection, security, warehousing and distribution systems. The most material IT-systems for the Group's business constitute for example of its accounting and business IT-system. Furthermore, the Group uses specially developed software with algorithms that forecasts the demand for its products and optimises the Group's stock. In addition, it is of importance for the Group to be able to maintain a functional payment system, in order for the Group to conduct its sales business in stores and online. Some of the Group's IT-systems are managed by third parties, such as systems for payment with credit and debit cards. The secure operation of these systems is critical to the Group's business operations and strategy. Such systems may be vulnerable to damage, disruptions or shutdowns due to attacks by hackers, technological break-downs or breaches due to employee error or malfeasance, or other disruptions during the process of upgrading or replacing computer software or hardware, power outages, computer viruses, telecommunication or utility failures or natural disasters or other catastrophic events. Furthermore, there is a risk that the IT-systems utilised by the Group do not function as intended, which could result in increased costs and/or decreased sales, which would have a negative effect on the results of the Group.

If these systems and procedures are disrupted either by security breaches, cessation of critical externally supplied support or other force majeure events it could prevent the Group from conducting its business or providing adequate support and services to its customers, which could result in lower sales and increased costs and it could compromise the Group's, its customers' and its suppliers' information, exposing the Group to liability which would cause the Group's business and reputation to suffer. As regards the Group's risks relating to failure to properly protect personal data and other confidential information, see risk factor "*The Group is subject to an increasing body of data protection regulation*" below. If these disruptions were to continue for any length of time they may increase the Group's costs as well as adversely affect the Group's sales, and thus its results of operations. Disruptions to the Group's systems and procedures might force the Group to go through costly processes in order to change external system suppliers.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

Influence of the sole shareholder

Sten Warborn indirectly controls all of the outstanding shares in the Issuer. The large shareholding leads to an essential influence and control over the Group. His control over the Group and the corresponding risk is further enhanced by Sten Warborn being the chairman of the board of the Issuer and the Parent. As sole shareholder, Sten Warborn has legal power to control a large amount of the matters to be decided by vote at a shareholders' meeting. For example, the election of the board of directors, thus influencing its direction of the Group's operations and other affairs. The business within the Group may be negatively affected if Sten Warborn for any reason cannot, or wish not, continue to act as an active owner of the Group or adopts decisions in his sole discretion which have a negative impact on the business and operations of the Group. In addition, there is nothing that prevents Sten Warborn from acquiring businesses that directly compete with the Group. If such an event were to arise this may adversely impact the Group's business and results of operations.

There is currently no succession plan in place in case of Sten Warborn's demise or retirement. The lack of a succession plan may pose a risk to the operations of the Group's as it could result in the Group being unable to adopt crucial business decisions in the short term, which in turn would have a material adverse effect on the business and operation of the Group.

The Group considers that the probability of any of the above risks occurring is *low*. If the risks would materialise, the Group considers their potential negative impact to be *medium*.

The Group is dependent on its relationships with suppliers' and any factors affecting such relationships negatively could affect the Group's ability to conduct its business

The Group uses a large number of suppliers, 301 as per 2023. The ten largest suppliers account for approximately 45 per cent of cost of goods sold by the Group in 2023. A significant number of suppliers are based and operate in emerging markets, primarily India. Among the Group's ten largest suppliers, approximately 39 per cent of total cost of goods sold per 2023 were sourced from suppliers based in India with the remaining 61 per cent based in Europe. If suppliers would stop working with the Group or if any supplier would be unable to supply goods or services for any other reason (including social, political, regulatory or economic reasons commonly associated with developing economies) and the Group is unable to adequately replace such supplier or ensure continued product quality and on terms and conditions favourable to the Group, which would result in increased costs and a decline in the reputation and sales of the Group, it could have an adverse effect on the Group's business and result of operations.

The Group considers that the probability of the above risks occurring is *low*. If these risks would materialise, the Group considers their potential negative impact to be *low*.

The Group is dependent on its ability to operate stores in attractive locations and consumer traffic

The Group is dependent on its ability to operate stores in attractive locations which, together with capital investment and lease costs, allow it to earn a reasonable return on its locations. As of 30 June 2024, the Group operated 259 stores, which sales accounted for approximately 89 per cent of the Group's sales. The Group depends on the leasing market and its landlords to determine supply, demand, lease costs and operating costs. The lease costs for stores for the year 2021 were approximately MSEK 129, for the year 2022 were approximately MSEK 135 and for the year 2023 approximately MSEK 149 showing that the Group has seen a large increase in lease costs during the recent years. The Group cannot be certain as to when or whether attractive store locations will become or remain available to the Group at reasonable lease and operating costs or whether retail locations from which the Group currently operates will continue to be sufficiently popular. The Group is dependent upon maintaining good relations with its landlords in order to obtain and retain store locations on optimal terms. In connection with the expiry of lease contracts, the Group negotiates new terms with its landlords and if agreements cannot be achieved the Group may leave the premises, forcing the Group to close down the relevant store, which in turn would result in decreased sales and have a negative impact on the Group's results of operations.

Group's stores located in shopping centres benefit from the availability of "anchor" retail tenants and other attractions, to generate sufficient levels of consumer traffic in the vicinity of these stores. A store with a beneficial location could thus be negatively impacted should other retail tenants decide to close its operations in a shopping centre resulting in an overall lower level of consumer traffic.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *low*.

Financial risks

Refinancing and liquidity risk

Liquidity and refinancing risk refer to the risk that financing opportunities will be limited when the Notes or other loans made available to the Group, including under the Group's credit agreements, or other financial liabilities, are to be refinanced or paid, and that payment commitments cannot be met as a result of insufficient liquidity. The Group's operations are partly financed by way of external interest bearing bank loans. During Q2 2024 the Group had an available liquidity of MSEK 324, consisting of cash and cash equivalents corresponding to MSEK 189 and undrawn credit facilities of MSEK 135. As of Q2 2024 the Group's short term liabilities amounted to approximately MSEK 806.5, out of which MSEK 340 referred to the Company's at that time outstanding notes (ISIN: SE0017105711) of which Iduna AB held notes amounting to MSEK 27.5, MSEK 352.3 other operating liabilities and MSEK 140.5 leasing debt.

The Group may not be able to obtain access to financing at all or only on unfavourable terms. In order to enable business acquisitions or reach strategic goals, further financial resources may be required for the Group's future operations. The Group's ability to meet its future capital needs is highly dependent on the sale of the Group's products being successful. The availability of capital is dependent on a variety of factors, such as market conditions and general credit availability within the financial markets. If access to capital which is required to operate its business or to refinance the Group's financial liabilities were to become limited it may adversely affect the Group's liquidity and financial position.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *high*.

Currency exchange risk

Currency risk refers to the risk that unfavourable fluctuations in currency exchange rates will have a negative impact on cash flows, income statement and/or balance sheet of the Group. The Group's accounts are consolidated in SEK but certain operating costs and income are denominated in other currencies, primarily EUR. In 2023, the Group's sales were made to 73 per cent in SEK and 27 per cent in EUR. The Group purchases a substantial portion of its products from suppliers who price their products in primarily SEK, EUR and USD. Currency exchange rate fluctuations could make raw materials, products and labour more expensive, resulting in higher costs and decreased margins for the Group's products. A change in the currency exchange rate of USD with 1 per cent against SEK, would increase the Group's purchasing costs of products with approximately MSEK 6.5. Furthermore, financial instruments held within the Group can be denominated in foreign currencies and the value of the financial instruments can fluctuate due to changes in foreign exchange rates.

The Group is therefore exposed to currency risk if unfavourable fluctuations in currency exchange rates primarily between SEK and EUR against other currencies were to occur, resulting in a negative impact on cash flows, income statements and/or balance sheet of the Group. The Group does not currently hedge any currency risks that might arise from its operational cash flows in foreign currencies. Therefore, in respect of its exposure to any currency risk, unfavourable fluctuations in exchange rates for relevant foreign currencies may increase the Group's costs and adversely affect the Group's financial position.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

Interest rate risk

Interest rate risk refers to the risk that changes in interest rates will affect the Group's expenses as well as future cash flows from financial instruments held within the Group. In the longer term, changes in interest rates charged on the Group's borrowings or applicable to financial instruments held within the Group may be subject to changes in the market rates of interest and any increase in such interest rates may increase the Group's interest payments and any decrease may decrease cash flows from financial instruments held within the Group, which thus may adversely affect the Group's business, results of operations and financial position. The Group has during the past two years experienced an increase of interest payments as a consequence of the high inflation growth of the world economy. During 2022 the Group's interest payments amounted to MSEK 30.2 and the interest-bearing net debt on 31 December 2022 amounted to MSEK 433.3. During 2023 the Group's interest payments amounted to MSEK 41.8 and the Group's interest-bearing net debt on 31 December 2023 amounted to MSEK 375.8. As per 30 June 2024 for six months, the Group's interest payments amounted to MSEK 23.6 and the interest-bearing net debt amounted to MSEK 473.3. A change of the interest rates payable by the Group of 0.25 per cent, would affect the Group's net financial items for 2023 with approximately MSEK 1.

The Group considers that the probability of the above risks occurring is *medium*. If any of these risks would materialise, the Group considers their potential negative impact to be *low*.

Legal and compliance risks

The Group is subject to data protection regulations

As part of its operations, and in order to fulfil its obligations under various laws and regulations, the Group collects and retains personal data relating to its employees, customer loyalty programmes and customers. As of 30 June 2024, the Group processed the personal data of approximately 3.7 million customers through its various customer loyalty programmes. Such processing is subject to data protection regulations (in particular, the General Data Protection Regulation (679/2016) (the "GDPR")). The Group processes a large amount, and different types, of personal information. There is a risk that, due to, for example, errors by employees or failures of internal or external systems, such personal information is subject to unauthorised disclosure, is lost or otherwise is processed in a way which is non-compliant with the GDPR and other data protection regulations. Furthermore, key personnel responsible for data protection issues may on short notice become unavailable for longer period of time, which entails a lack of relevant competence regarding data protection issues during a shorter time period. Any significant administrative and monetary sanctions (including fines up to the highest of MEUR 20 or 4 per cent of the Group's global annual turnover) or reputational damage due to incorrect implementation or breaches of the GDPR would result in an increase of the Group's costs and have a material adverse effect on the Group's reputation, business and result of operations.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

The Group may become subject to anti-money laundering regulations

As a dealer in jewellery and precious metals, the Group may become subject to the Money Laundering and Terrorist Financing (Prevention) Acts in Sweden and Finland (in Sweden - *lagen (2017:630) om åtgärder mot penningtvätt och finansiering av terrorism*) and in Finland *lag om förhindrande av penningtvätt och av finansiering av terrorism (444/2017)* in connection with receiving or performing single or connected cash payments of at least EUR 5,000 altogether or more (in Sweden) and receiving or performing single or connected cash payments of at least EUR 10,000 altogether (in Finland). The Money Laundering and Terrorist Financing (Prevention) Acts sets out requirements relating to *inter alia* know-your-customer checks and reporting of suspicious transactions to law enforcement authorities, which requires the Group to take measures in order to be compliant with the anti-money laundry legislation.

The Group has been subject to investigations related to compliance with anti-money laundry legislation, without resulting in any interventions by competent authorities, apart from Iduna AB being served with suspicion (Sw. *delgiven misstanke*), on 13 September 2023, of business money laundering (Sw. *näringspenningtvätt*) in connection with a customer making card payment purchases. The Group deems the suspicion unfounded and the Group have to date not received any further correspondence on the matter. The Group may become subject to investigations related to money laundry in the future, which could have an impact on its operations. Furthermore, although the Group has implemented anti-money laundry guidelines and measures, there is a risk that such guidelines and measures are insufficient or not adhered to by employees, that inadequate internal controls are performed or whether such guidelines and measures are adhered to and/or that the Group's implementation of anti-money-laundry guidelines or measures is not compliant with the Money Laundering and Terrorist Financing (Prevention) Acts. The Group is furthermore subject to legislation relating to penalties for money laundering offences (in Sweden *lag (2014:307) om straff för penningtvättsbrott* and in Finland *strafflag (39/1889)*). Failure to comply with the applicable rules and regulations by the Group could result in legal implications. Any significant administrative and monetary sanctions (including fines which are limited to the highest of either two times the profit made because of the non-compliance (if possible to determine) or a sum of MEUR 1; or companies within the Group being ordered to cease or restrict its operations) or reputational damage due to breaches of the Money Laundering and Terrorist Financing (Prevention) Acts could increase the Group's costs and have a material adverse effect on the Group's reputation and, as a result, a material adverse effect on the Group's business and result of operations.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

The Group is exposed to risks relating to its intellectual property rights

As of 31 July 2024, the Group has 48 trademarks registered. As of 31 December 2023, the Group's trademarks were valued at approximately MSEK 112.1. Hence, the trademarks and other intellectual property are a significant part of the Issuer's operations and business and the Group is dependent on its ability to maintain and protect its intellectual property. Although the Group may be able to register and maintain the registration of its intellectual property, there is a risk that third parties infringe on the Group's intellectual property rights. Such infringement could result in a devaluation of the Group's intellectual property rights and in the trademarks of the Group being associated with products which do not meet the quality requirements of the Group. In addition, third parties could challenge the validity of the Group's trademarks. The regulation connected to the protection of intellectual properties is complex and the enforcement actions under such regulations could prove ineffective in protecting the intellectual property rights of the Group. Any infringement of the Group's intellectual property rights or inability of the Group to protect such intellectual property right would have an adverse effect on the Group's reputation and financial position.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *low*.

The Group is subject to risks relating to compliance with laws and regulation regarding consumer sales and marketing

The retail trade in general, including the jewellery retail trade, is subject to increasingly extensive laws, regulations and directives as regards, for example, consumer sales and marketing directed to consumers. As a retailer within the jewellery market, a majority of the Group's sales and marketing actions are directed to consumers which means that the Group is obliged to comply with, as an example, consumer sales, marketing and price information acts in Sweden and Finland (in Sweden, *inter alia*, the Swedish Consumer Sales Act (Sw. *Konsumentköplag* (2022:260)), the Swedish Marketing Act (Sw. *Marknadsföringslag* (2008:486)) and the Price Information Act (*Prisinformationslag* (2004:347)), and in Finland, *inter alia*, the Finnish Consumer Protection Act (Sw. *konsumentskyddslag* (38/1978)) and the Government Decrees *Statsrådets förordning om otillbörligt förfarande från konsumentsynpunkt vid marknadsföring och i kundrelationer* (601/2008) and *Statsrådets förordning om prisinformation vid marknadsföring av konsumtionsnyttigheter* (553/2013)). In case of the Group failing to comply with marketing legislation, such non-compliance can result in *inter alia* prohibitive injunction, informative injunction or market disruption fee (in Sweden and in Finland the fee may correspond to an amount corresponding to a maximum of four per cent of the breaching company's annual turnover for the preceding financial year), which, in turn, could have a material adverse effect on the Group's reputation and a material adverse effect on the Group's business and result of operations.

The Group considers that the probability of the above risks occurring is *low*. If any of these risks would materialise, the Group considers their potential negative impact to be *medium*.

Risks specific and material to the Notes

Risks related to the nature of the Notes

Credit risk and refinancing risk

Investors in the Notes assume a credit risk towards the Group. The Issuer's ability to service its payment obligations under the Notes will be dependent on the performance of the Group's operations and financial position. The Group's financial position and operations are affected by several factors, some of which have been mentioned above. An increased credit risk may cause the market to charge the Notes a higher risk premium, which would have an adverse effect on the value of the Notes. If the Group's operating income is not sufficient to service its current or future indebtedness, the Group will be forced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring its debt or seeking additional equity capital or financing. There is a risk that the Group will not be able to effect any of these remedies on satisfactory terms or at all.

The Group's ability to successfully refinance the Notes is dependent on the conditions of the capital markets and the Group's financial position at the time such refinancing is carried out. In the event the Issuer is unable to refinance the Notes or other outstanding debt, or if such financing can only be obtained on unfavourable terms, this could have a significant adverse effect on the Issuer's ability to repay the principal of the Notes at maturity or upon an early redemption or repurchase of Notes.

The Issuer considers that the probability of the above risks occurring is *low* and the potential negative impact if the risks would materialise is *high*.

Risks related to security arrangements, structural subordination and prioritised creditors

The Issuer's obligations and liabilities towards the noteholders under the Terms and Conditions are secured by pledges over Group's shares in certain Group Companies as well as certain intra-group loans. The shares that are provided as security for the benefit of noteholders may provide for only limited repayment, in part because these shares may not be liquid and their value to other parties may be less than their value to the Group. If the proceeds from an enforcement are not sufficient to repay all amounts due under or in respect of the Notes, then the Noteholders will only have an unsecured claim against the remaining assets (if any).

In the event of insolvency, liquidation or a similar event relating to one of the Issuer's subsidiaries, all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before the Issuer, as a shareholder, would be entitled to any payments or distributions which may ultimately be applied towards prepaying the Notes. Thus, the Notes are structurally subordinated to the liabilities of such subsidiaries.

Furthermore, the value of any intra-group loan of the Group which is subject to security in favour of the secured parties, is largely dependent on the relevant debtor's ability to repay such intra-group loan. Should the relevant debtor be unable to repay its debt obligations upon an enforcement of a pledge over the intra-group loan, the noteholders may not recover the full or any value of the security granted over the intra-group loan.

In addition, the Terms and Conditions, under certain conditions, provides for a release of share security in connection with mergers between wholly owned Group Companies and there is therefore a risk that the security will be considered unperfected. As such, the share security may not be effective against third parties.

Moreover, the security is subject to laws protecting debtors and creditors generally, including restrictions on fraudulent conveyance or voidable preference and hardening periods applicable under relevant bankruptcy laws. These restrictions may give an insolvency receiver or other creditors a right to challenge or void the security.

The Issuer considers that the probability of the above risks occurring is *low* and the potential negative impact if the risks would materialise is *medium*.

Interest rate risks and benchmarks

The value of the Notes depends on several factors, one of the most significant over time being the level of market interest. The Notes bear interest at a floating rate of 3 month STIBOR plus a margin and the interest of the Notes is determined two business days prior to the first day of each respective interest period. Hence the interest rate is to a certain extent adjusted for changes in the level of the general interest rate. There is a risk that an increase of the general interest rate level will adversely affect the value of the Notes. The general interest level is to a high degree affected by international development and is outside of the Group's control.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds) (the "**BMR**"). The implementation of the BMR will lead to that certain previously used benchmarks, including STIBOR, may be discontinued. In accordance with the Terms and Conditions, STIBOR may be replaced following certain events, e.g. if STIBOR ceases to be administrated. Increased or altered regulatory requirements and risks associated with a replacement of STIBOR involve inherent risks, as the effects cannot be fully assessed at this point in time which could result in an adverse effect on an investment in the Notes.

The Issuer considers that the probability of the above risks occurring is *medium* and the potential negative impact if the risks would materialise is *low*.

Risks related to actions against the Issuer and noteholders' representation

In accordance with the Terms and Conditions, the agent represents all noteholders in all matters relating to the Notes and the noteholders are prevented from taking actions on their own against the Issuer. Consequently, individual noteholders do not have the right to take legal actions to declare any default by claiming any payment from the Issuer and may therefore lack effective remedies unless and until a requisite majority of the noteholders agree to take such action. However, there is a risk that an individual noteholder, in certain situations, could bring its own action against the Issuer (in breach of the Terms and Conditions), which could negatively impact an acceleration of the Notes or other action against the Issuer.

Furthermore, the agent's right to represent the noteholders in formal proceedings in Sweden (such as bankruptcies, company reorganisations or upon enforcement of security) has recently been questioned and certain courts have held that such right does not exist leading to noteholders, in practice, being unable to take actions against the Issuer and/or the Group at all. If such judgments should continue to be upheld by the justice system and/or if the regulators should not intervene and include the agent's right to represent the noteholders in relevant legislation, there is a risk that noteholders under the Notes will have no remedies to protect their rights under the terms of the Notes.

The Issuer considers that the probability of the above risks occurring is *medium* and the potential negative impact if the risks would materialise is *high*.

Risks related to optional redemption of the Notes

Under the Terms and Conditions, the Issuer has the possibility to redeem all outstanding Notes before the final redemption date. If the Notes are redeemed before the final redemption date, the holders of the Notes have the right to receive an early redemption amount which exceeds the nominal amount of the Notes. However, there is a risk that the market value of the Notes will be higher than the early redemption amount and that it may not be possible for noteholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Notes.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

In addition, where Notes are subject to redemption at the option of the Issuer, holders of Notes do not have any right to require the Issuer to exercise any such optional redemption feature and should not invest in the Notes in the expectation that any early redemption option will be exercised by the Issuer.

The Issuer considers that the probability of the above risks occurring is *low* and the potential negative impact if the risks would materialise is *medium*.

Risks related to the admission of the Notes to trading

Liquidity risks and secondary market

Pursuant to the Terms and Conditions, the Issuer shall ensure that the Initial Notes and any Subsequent Notes (each as defined in the Terms and Conditions) are admitted to trading on Nasdaq Stockholm (or another regulated market) within sixty calendar days after the relevant issue date with an intention to complete such admission to trading within thirty calendar days after the relevant issue date.

Furthermore, if the Notes have not been admitted to trading within sixty days after the First Issue Date, a listing failure would occur, which gives the noteholders an option to request that all, or only some, of its Notes are repurchased.

There is a risk that the Notes will not be admitted to trading within the aforementioned timeframe, or at all. If the Company fails to admit the Notes to trading in time, investors holding Notes on an investment savings account (Sw. *investeringssparkonto*) will no longer be able to hold the Notes on such account, thus affecting such investor's tax situation. If the Issuer fails to admit the Notes to trading within sixty calendar days, noteholders may request that its Notes are repurchased, which could adversely affect the secondary trading of the Notes.

Even if the Notes are admitted to trading, active trading in the securities may not always occur and thus, there can be no assurance that a liquid market for trading in the Notes will exist or be maintained. Considering that the Notes will be traded over-the-counter (OTC), there is a risk for a small volume of trades. If a liquid market for trading in the Notes will not exist or cannot be maintained, it may lead to noteholders being unable to sell their Notes when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market, or can only sell their Notes at a loss. Consequently, lack of liquidity in the market may have a negative impact on the market value of the Notes.

It should also be noted that during a given time period it may be difficult or impossible to sell the Notes (at all or at reasonable terms) due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Issuer considers that the probability of the above risks occurring is *low* and the potential negative impact if the risks would materialise is *medium*.

Interest and Interest Rate

Each Initial Note carries Interest at STIBOR plus five point twenty-five (5.25) per cent *per annum*, as adjusted by any application of Clause 18 (*Replacement of Base Rate*) of the Terms and Conditions. The interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).

The Issuer shall use the proceeds from the issue of any Subsequent Note, less the costs and expenses incurred by the Issuer in connection with such issue, towards general corporate purposes (including acquisitions and investments).

See further Clause 10.6 (*Mandatory repurchase due to a Change of Control Event or a Listing Failure Event (put option)*) of the Terms and Conditions.

Change of Control Event

A Change of Control Event means an event or a series of events resulting in the Main Shareholder ceasing to own, legally and beneficially, directly or indirectly (a) fifty point one (50.1) per cent. or more of the issued shares in the capital and voting rights of the Issuer; or (b) following an admission to trading or listing, thirty (30) per cent. or more of the issued shares in the capital and voting rights of the Issuer, provided that (i) the Main Shareholder has the largest shareholding; and (ii) no person or group of persons acting in concert directly or indirectly acquires a larger beneficial ownership or other control greater than that of the Main Shareholder (other than with the prior consent of the Noteholders).

The person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Noteholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Noteholders' Meeting.

The Issuer makes certain undertakings in the Terms and Conditions. These include undertakings and limitations relating to: (i) compliance with laws; (ii) that its payment obligations under the Notes at all times rank at least *pari passu* with all its other direct, unconditional, unsubordinated and unsecured obligations, except those obligations which are preferred by mandatory law, and without any preference among them; (iii) change of business; (iv) disposal of assets; (v) disposal of operations; (vi) distributions and other transactions; (vii) financial indebtedness; (viii) negative pledge; (ix) dealings with related parties (x) listing of Notes; (xi) undertakings relating to the Agency Agreement; (xii) CSD related undertakings; and (xiii) additional Security.

DESCRIPTION OF THE GROUP'S BUSINESS

The Group's business and operations

The Issuer is a jewellery retailer with operations in Sweden and Finland through four retail chain brands and three independent jewellery stores. As of 30 June 2024, the Group had a store network totalling 259 stores, of which 187 stores are located in Sweden and 72 are located in Finland. Furthermore, the Group operates in total six online stores. Together with the different brand strategies this enables the Group to cover a significant share of the jewellery market in each of these countries. The Group also supplies products to companies in Sweden and Finland.

In Sweden, the Issuer operates under the corporate entities Iduna AB and Lyxxa i Helsingborg AB. Its stores market the products under the ancillary brand names Guldfynd, Hallbergs Guld, Albrekts Guld and Lyxxa.

In Finland, the Issuer operates under the names of Kultajousi Oy, Alexander Tillander Oy and Westerback Oy.

On 22 January 2019, the Issuer, by way of an issue in kind, acquired all shares in Albury Re Ltd, a company established in Nevis. Albury Re Ltd is a captive insurance company that reinsures insurance policies issued by an insurance company for sales in Sweden through the Group's retail chains Guldfynd, Hallbergs Guld and Albrekts Guld. The insurance policies cover damages and loss of sold products with an insurable amount of between SEK 494 and SEK 29,999 per policy with terms of one year, with possibility to renew on a yearly basis.

The Issuer is solely a holding company and holds the shares in the Subsidiaries. Financing of the Group and its cash management is also handled by the Issuer and the subsidiary Iduna AB. Hence, the Group's retailing business is conducted in the Subsidiaries and the Issuer is therefore dependent on the progress and continuance of the business in the Subsidiaries.

Business Areas and Products

The Group's focus is to offer jewellery products to consumers and corporations in Sweden and Finland through a well-developed retail network and online sales. The product portfolio comprises, among other things, diamond jewellery, gold chains, engagement rings, gold earrings, men's jewellery, silver jewellery, bijouterie, gifts and watches.

Store Network

The Group's store network is located in suburban and urban shopping areas and in attractive high street retail sites. Careful returns on investment calculations are carried out before investing in new store establishments. Available data on disposable income, the general character of the region and the make-up of other retailers in the area is to be considered in the site selection and which of the Group's concepts is considered best suited for the location.

The Group's different concepts each uses uniform interior designs, fittings and furniture which are available in easily installable modules, which in turn reduces lead times from access of a new location to first day of business.

Online sales

The Group runs six online stores under the brand names Guldfynd, Kultajousi, Albrekts Guld, Hallbergs Guld, Lyxxa and Westerback. Key advantages for the Group compared to other online competitors are high brand recognition, the ability for online customers to turn to physical stores for service, "Click-and-Collect"-offering where the customer can make purchases online and collect the product in stores, and the Group's state-of-the-art central warehouse system which supports online sales. Online sales have been growing since launch, but from low levels with online sales representing approximately 8.0 per cent of the Group's sales as per 30 June 2024 and the Group has seen a growth of its e-commerce with approximately 23 per cent per year since 2014.

Trademarks

The Group operates through seven brand names with high recognition. The Group predominantly offers unlabelled products with high association to each brand but also own product brands. The Group also uses external suppliers for direct delivery of certain items such as engagement rings.

Guldfynd

Guldfynd's product lines include gold and silver jewellery, bijouterie, complemented by gift items and watches. Consequently this targeted segment represents a large part of the population in the country. A broad product offering covering many price levels and tastes enables Guldfynd to reach this wide target group. Stores are therefore mainly located in areas with a mixed disposable income profile where they are easily accessible and exposed to large customer groups. Stores can mainly be found in suburban and urban shopping areas such as malls, venues, and city centres. For the 6 month period ended as of 30 June 2024, Guldfynd consisted of 116 stores which contributed to 47 per cent of the Group's total revenues.

Albrekts Guld's vision has been consistent throughout the years, with a focus on providing customers with high-quality merchandise at the lowest price possible through direct purchasing from producers. The majority of Albrekts Guld's products are unlabelled. For the 6 month period ended as of 30 June 2024, Albrekts Guld consisted of 38 stores which contributed to 12 per cent of the Group's total revenues. Consistent with the focus on cost reduction, Albrekts Guld targets consumers who are seeking to acquire quality products at a low price. Albrekts Guld's stores are mostly located in suburban areas and smaller cities.

Hallbergs Guld

Hallbergs Guld appeals to fashion oriented women looking for high-quality jewellery within the high-end segment. The product lines range from classical gold and silver jewellery to fashionable and designer jewellery with a combination of unlabelled products and external brands such as Engelbert, Pandora, Dyrberg Kern and Schalins Ringar. External brands constitute an important part of the product lines and add to the luxury and exclusivity of the brand. For the 6 month period ended as of 30 June 2024, Hallbergs Guld consisted of 32 stores which contributed to 11 per cent of the Group's total revenues. Stores are predominantly located in larger Swedish cities, with an emphasis on areas with high disposable incomes.

Lyxxa

Lyxxa i Helsingborg AB was acquired in 2015. Lyxxa operates a goldsmith business in Helsingborg, Sweden. Lyxxa is focused on sales of jewellery from strong brand names in combination with sales of hand-made jewellery produced by Lyxxa's own goldsmith. For the 6 month period ended as of 30 June 2024, Lyxxa consisted of one store located in Helsingborg, which contributed to two per cent of the Group's total revenues.

Kultajousi

Kultajousi focuses on providing high-quality jewellery and watches within the medium-segment of the Finnish market. The Kultajousi product lines include gold, silver and diamond jewellery as well as a large number of watches. Many products are offered unlabelled and are complemented by both own branded product and external brands. Own product brands include Princess, Diamanti, Argento, Fore, Story of Love and o.n.e. and cover both jewellery and watches whereas external brands include Citizen, Axcen, Candino, Tommy Hilfiger, Certina and D&G mainly covering watches as well as Kalevala Koru and Leijona Hopea for jewellery and cutlery. Selected stores, primarily in larger cities, carry high-end watch brands such as Certina and Tissot. For the 6 month period ended as of 30 June 2024, Kultajousi consisted of 70 stores which contributed to 23 per cent of the Group's total revenues.

Westerback and Alexander Tillander

Westerback is an independent jewellery and watch store targeting the high-end luxury segment. Westerback focuses on valuable watches and jewellery within the luxury segment. The majority of products offered include watches, diamond jewellery and cutlery, with watches constituting the lion's share of revenues. Westerback has an emphasis on external brands including luxury watches such as Breitling, Longines and Tissot.

Alexander Tillander is an independent jewellery shop targeting the high-end luxury segment in Helsinki with a focus on exclusive pieces and diamond jewellery. A. Tillander today operates one store, employing approximately six people, in Helsinki.

- (c) the amount of Net Debt shall be measured on the relevant testing date but include any new Financial Indebtedness incurred since the testing date and which required that the Net Debt to EBITDA covenant is met (including the relevant new Financial Indebtedness), provided that it is an interest-bearing obligation.

13.7.3 The ratio of EBITDA to Net Interest Payable shall be calculated as follows:

13.8 **Negative pledge**

The Issuer shall not create or allow to subsist any Security over any of its present or future assets or revenues, other than:

- (a) any Transaction Security;

13.9 **Dealings with related parties**

- 13.9.1 The Issuer shall, and shall procure that each other Group Company will, conduct all dealings with the direct and indirect shareholders of the Group Companies (excluding other Group Companies) and/or any affiliates of such direct and indirect shareholders at arm's length terms. In relation to any transaction or series of related transactions with any direct or indirect shareholder or any of their respective affiliates involving an aggregate value in excess of SEK 20,000,000, the Issuer and the Agent shall have received a written opinion from an independent financial advisor that such transaction is fair, from a financial standpoint, to the Issuer and its Subsidiaries or that the terms are not materially less favourable than those that could reasonably have been obtained in a comparable transaction at such time on an arm's length basis from a person that is not a direct or indirect shareholder or an affiliate thereof. Such fairness opinion shall, in the absence of manifest error, be conclusive and binding evidence for on all parties.

13.10 **Listing of Notes**

- 13.10.1 The Issuer shall use its best efforts to ensure that the Notes are admitted to trading or listed on a Regulated Market, within thirty (30) days after the issuance of the Initial Notes or any Subsequent Notes, as applicable.
- 13.10.2 Following an admission to trading or listing, as the case may be, the Issuer shall use its best efforts to maintain it for as long as any Notes are outstanding, or if such admission to trading or listing is not possible to obtain or maintain, admitted to trading or listed on another Regulated Market. The Notes are however required to be admitted to trading or listed on a Regulated Market from and including the last day on which the admission reasonably can, pursuant to the then applicable regulations of the Regulated Market and the CSD, subsist.

- 13.11.2 The Issuer and the Agent shall not agree to amend any provisions of the Agency Agreement without the prior consent of the Noteholders if the amendment would be detrimental to the interests of the Noteholders.

13.12 CSD related undertakings

The Issuer shall keep the Notes affiliated with a CSD and comply with all applicable CSD Regulations.

13.13 Additional Security

The Issuer shall ensure that Clause 11.2 is complied with.

14. ACCELERATION OF THE NOTES

14.1 The Agent is entitled to, and shall following a demand in writing from a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount (such demand shall, if made by several Noteholders, be made by them jointly) or following an instruction given pursuant to Clause 14.6, on behalf of the Noteholders (i) by notice to the Issuer, declare all, but not some only, of the outstanding Notes due and payable together with any other amounts payable under the Finance Documents, immediately or at such later date as the Agent determines, and (ii) exercise any or all of its rights, remedies, powers and discretions under the Finance Documents, if:

- (a) the Issuer does not pay on the due date any amount payable by it under the Finance Documents, unless the non-payment:
 - (i) is caused by technical or administrative error; and
 - (ii) is remedied within five (5) Business Days from the due date;
- (b) Issuer does not comply with the provisions of Clause 5 (*Escrow of Proceeds*);
- (c) a Listing Failure Event has occurred and is continuing six (6) months after the relevant Issue Date;
- (d) any Group Company does not comply with any of the terms of, or acts in violation of, the Finance Documents to which it is a party (other than as set out under paragraphs (a), (b) and (c) above), unless the non-compliance:
 - (i) is capable of remedy; and
 - (ii) is remedied within fifteen (15) Business Days of the earlier of the Agent giving notice and the relevant Group Company becoming aware of the non-compliance;
- (e) any Finance Document becomes invalid, ineffective or varied (other than in accordance with the provisions of the Finance Documents), or the Security created or expressed to be created thereby is varied or ceases to be effective and such invalidity, ineffectiveness or variation has a detrimental effect (directly or indirectly) on the interests of the Noteholders;
- (f) any corporate action, legal proceedings or other procedure or step is taken in relation to:

- (i) the suspension of payments, a moratorium of any indebtedness, winding-up, dissolution, administration or reorganisation of any Group Company, (other than a solvent liquidation or reorganisation of any Group Company whose shares have not been pledged under a Share Pledge Agreement, other than the Issuer);
 - (ii) a composition, compromise, assignment or arrangement with any creditor of any Group Company, other than the Noteholders; or
 - (iii) the appointment of a liquidator (other than in respect of a solvent liquidation or reorganisation of any Group Company, whose shares have not been pledged under a Share Pledge Agreement, other than the Issuer), administrator or other similar officer in respect of any Group Company or any of its assets;
- (g) any attachment, sequestration, distress or execution, or any analogous process in any jurisdiction, affects any asset of a Group Company, which has a value in excess of SEK 15,000,000, and is not discharged within thirty (30) Business Days or any Security over any asset of any Group Company is enforced;
- (h) any Financial Indebtedness of a Group Company is not paid when due (as extended by any originally applicable grace period), or, is declared or otherwise becomes due and payable prior to its specified maturity as a result of an event of default (however described), in both cases provided that the total amount of such Financial Indebtedness exceeds SEK 25,000,000 and provided that it does not apply to Financial Indebtedness owed to a Group Company or, if owed by the Issuer, to the Parent;
- (i) any Group Company is, or is deemed for the purposes of any applicable law to be, Insolvent; or
- (j) the Issuer merges with any other person, or is subject to a demerger, with the effect that the Issuer is not the surviving entity.
- 14.2 The Agent may not accelerate the Notes in accordance with Clause 14.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, on a Noteholders Meeting or by way of a Written Procedure, to waive such Event of Default (temporarily or permanently).
- 14.3 The Issuer shall immediately notify the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, or any event or circumstance which would (with the expiry of a grace period, the giving of notice, the making of any determination or any combination of any of the foregoing) constitute an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice. Notwithstanding the aforesaid, the Issuer may postpone a notification to the Agent pursuant to this Clause 14.3 if, and no longer than as, permitted pursuant to Article 17.4 of the Market Abuse Regulation (EU) No 596/2014.

- 14.4 The Agent shall notify the Noteholders of an Event of Default within five (5) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a notification of an Event of Default up until the time stipulated in Clause 14.5 for as long as, in the reasonable opinion of the Agent, (i) disclosure of such Event of Default is likely to prejudice the legitimate interests of the Noteholders as a group, (ii) the delay is not likely to mislead the public, and (iii) confidentiality of the information delayed can be ensured. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 14.5 The Agent shall, within twenty (20) Business Days of the date on which the Agent received actual knowledge of the occurrence of an Event of Default that is continuing, decide if the Notes shall be so accelerated. If the Agent decides not to accelerate the Notes, the Agent shall promptly seek instructions from the Noteholders in accordance with Clause 16 (*Decisions by Noteholders*).
- 14.6 If the Noteholders instruct the Agent to accelerate the Notes, the Agent shall promptly declare the Notes due and payable and take such actions as may, in the opinion of the Agent, be necessary or desirable to enforce the rights of the Noteholders under the Finance Documents, unless the relevant Event of Default is no longer continuing.
- 14.7 If the right to accelerate the Notes is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 14.8 In the event of an acceleration of the Notes in accordance with this Clause 14, the Issuer shall redeem all Notes at the amount per Note which would be payable in a voluntary total redemption in accordance with Clause 10.3.

15. DISTRIBUTION OF PROCEEDS

- 15.1 All payments by the Issuer relating to the Notes and the Finance Documents following an acceleration of the Notes in accordance with Clause 14 (*Acceleration of the Notes*) and any proceeds received from an enforcement of the Transaction Security shall be distributed in the following order of priority, in accordance with the instructions of the Agent:
- (a) *first*, in or towards payment *pro rata* of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent in accordance with the Agency Agreement and the Finance Documents (other than any indemnity given for liability against the Noteholders), (ii) other costs, expenses and indemnities relating to the acceleration of the Notes, the enforcement of the Transaction Security or the protection of the Noteholders' rights as may have been incurred by the Agent, (iii) any costs incurred by the Agent for external experts that have not been reimbursed by the Issuer in accordance with Clause 19.2.5, and (iv) any costs and expenses incurred by the Agent in relation to a Noteholders' Meeting or a Written Procedure that have not been reimbursed by the Issuer in accordance with Clause 16.4.11 together with default interest in accordance with Clause 9.4 on any such amount calculated from the date it was due to be paid or reimbursed by the Issuer;

- (b) *secondly*, in or towards payment *pro rata* of accrued but unpaid Interest under the Notes (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
- (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Notes; and
- (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under the Finance Documents, including default interest in accordance with Clause 9.4 on delayed payments of Interest and repayments of principal under the Notes.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (d) above shall be paid to the Issuer.

- 15.2 If a Noteholder or another party has paid any fees, costs, expenses or indemnities referred to in paragraph (a) of Clause 15.1, such Noteholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with paragraph (a) of Clause 15.1.
- 15.3 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of the Notes or the enforcement of the Transaction Security constitute escrow funds (*redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 15 as soon as reasonably practicable.
- 15.4 If the Issuer or the Agent shall make any payment under this Clause 15, the Issuer or the Agent, as applicable, shall notify the Noteholders of any such payment at least ten (10) Business Days before the payment is made. Such notice shall specify the Redemption Date and the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 8.1 shall apply and for any partial redemption in accordance with Clause 10.4 (*Voluntary partial prepayment (call option)*) due but not made, the Record Date specified in Clause 10.4.1 shall apply (as applicable).

16. DECISIONS BY NOTEHOLDERS

16.1 Request for a decision

The Issuer or the Issuing Agent shall upon request provide the convening Noteholder(s) with the information available in the Debt Register in order to convene and hold the Noteholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Noteholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.
- 16.1.6 Should the Issuer want to replace the Agent, it may (i) convene a Noteholders' Meeting in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*) or (ii) instigate a Written Procedure by sending communication in accordance with Clause 16.3 (*Instigation of Written Procedure*). After a request from the Noteholders pursuant to Clause 19.4.3, the Issuer shall no later than ten (10) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Noteholders' Meeting in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*). The Issuer shall inform the Agent before a notice for a Noteholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.

16.2 **Convening of Noteholders' Meeting**

- 16.2.1 The Agent shall convene a Noteholders' Meeting by way of notice to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a correct and complete notice from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).
- 16.2.2 The notice pursuant to Clause 16.2.1 shall include (i) the time for the meeting, (ii) the place for the meeting, (iii) a specification of the Record Date on which a person must be registered as a Noteholder in order to be entitled to exercise voting rights, (iv) a form of power of attorney, (v) the agenda for the meeting and (vi) information on where additional information (if any) will be published. The background and contents of each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. - 16.2.3 The Noteholders' Meeting shall be held no earlier than ten (10) Business Days and no later than thirty (30) Business Days after the effective date of the notice.
- 16.2.4 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Noteholders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Noteholders to vote without attending the meeting in person.

16.3 **Instigation of Written Procedure**

- 16.3.1 The Agent shall instigate a Written Procedure by way of sending a communication to the Noteholders as soon as practicable and in any event no later than five (5) Business Days after receipt of a correct and complete communication from the Issuer or the Noteholder(s) (or such later date as may be necessary for technical or administrative reasons).

The background and contents of each proposal as well as any applicable conditions and conditions precedent shall be specified in the notice. If a proposal concerns an amendment to any Finance Document, such proposed amendment must always be set out in detail. If the voting is to be made electronically, instructions for such voting shall be included in the communication.

16.3.3 If so elected by the person requesting the Written Procedure and provided that it is also disclosed in the communication pursuant to Clause 16.3.1, when consents from Noteholders representing the requisite majority of the total Adjusted Nominal Amount pursuant to Clauses 16.4.2 and 16.4.3 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 16.4.2 or 16.4.3, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

16.3.4 The Agent may, during the Written Procedure, provide information to the Issuer by way of updates whether or not quorum requirements have been met and about the eligible votes received by the Agent, including the portion consenting or not consenting to the proposal(s) or refraining from voting (as applicable).

16.4.2 The following matters shall require the consent of Noteholders representing at least sixty-six and two thirds ($66 \frac{2}{3}$) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2:

- (a) the issue of any Subsequent Note, if the total nominal amount of the Notes exceeds, or if such issue would cause the total nominal amount of the Notes to at any time exceed, SEK 500,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Notes are issued);
- (b) a change to the terms of any of Clause 2.1 and Clause 2.6;

 - (j) early redemption of the Notes, other than upon an acceleration of the Notes pursuant to Clause 14 (*Acceleration of the Notes*) or as otherwise permitted or required by these Terms and Conditions.
- 16.4.3 Any matter not covered by Clause 16.4.2 shall require the consent of Noteholders representing more than fifty (50) per cent. of the Adjusted Nominal Amount for which Noteholders are voting at a Noteholders' Meeting or for which Noteholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to paragraph (a) or (b) of Clause 17.1), an acceleration of the Notes or the enforcement of any Transaction Security.
- 16.4.4 Quorum at a Noteholders' Meeting or in respect of a Written Procedure only exists if a Noteholder (or Noteholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 16.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:

- 16.4.5 If a quorum exists for some but not all of the matters to be dealt with at a Noteholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.

- 16.4.6 If a quorum does not exist at a Noteholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Noteholders' Meeting (in accordance with Clause 16.2 (*Convening of Noteholders' Meeting*)) or initiate a second Written Procedure (in accordance with Clause 16.3 (*Instigation of Written Procedure*)), as the case may be, provided that person(s) who initiated the procedure for Noteholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Noteholders' Meeting or second Written procedure pursuant to this Clause 16.4.6, the date of request of the second Noteholders' Meeting pursuant to Clause 16.2.1, or second Written Procedure pursuant to Clause 16.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 16.4.4 shall not apply to such second Noteholders' Meeting or Written Procedure.
- 16.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 16.4.8 A Noteholder holding more than one Note need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 16.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 16.4.10 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Noteholders.
- 16.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 16.4.12 If a decision is to be taken by the Noteholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to the knowledge of the Issuer) Affiliates as per the Record Date for voting, irrespective of whether such person is a Noteholder. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate.

- 16.4.13 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to each person registered as a Noteholder on the date referred to in paragraph (a) or (b) of Clause 16.4.1, as the case may be, and also be published on www.iduna.se and the website of the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.
- 16.4.14 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder), nor make an offer to repurchase any Notes, if receipt of such consideration or participation in such tender offer (as applicable) is conditional upon the relevant Noteholder's consent to a proposal at a Noteholders' Meeting or in a Written Procedure.

17. AMENDMENTS AND WAIVERS

- 17.1 The Issuer, any other relevant Group Company, and the Agent (acting on behalf of the Noteholders) may agree in writing to amend and waive any provision in a Finance Document or any other document relating to the Notes, provided that the Agent is satisfied that such amendment or waiver:
- (a) is not detrimental to the interest of the Noteholders as a group, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) is required by any applicable regulation, a court ruling or a decision by a relevant authority;
 - (c) is made pursuant to Clause 18 (*Replacement of Base Rate*); or
 - (d) has been duly approved by the Noteholders in accordance with Clause 16 (*Decisions by Noteholders*) and it has received any conditions precedent specified for the effectiveness of the approval by the Noteholders.
- 17.2 If the Issuer requests that an amendment or waiver be made pursuant to this Clause 17, the Agent shall have the right to engage an external legal adviser for the purpose of deciding whether the conditions set out in Clause 17.1 are fulfilled. All reasonable costs and expenses incurred by the Agent for such legal advice shall be paid by the Issuer.
- 17.3 Any amendments to the Finance Documents shall be made available in the manner stipulated in Clause 12.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority. The Issuer shall promptly publish by way of press release any amendment or waiver made pursuant to paragraph (a) or (b) of Clause 17.1, in each case setting out the amendment in reasonable detail and the date from which the amendment or waiver will be effective.
- 17.4 An amendment to the Finance Documents shall take effect on the date determined by the Noteholders Meeting, in the Written Procedure or by the Agent, as the case may be.

18. REPLACEMENT OF BASE RATE

18.1 General

18.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Noteholders in accordance with the provisions of this Clause 18 (*Replacement of Base Rate*) shall at all times be made by such Independent Adviser, the Issuer or the Noteholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.

18.1.2 If a Base Rate Event has occurred, this Clause 18 (*Replacement of Base Rate*) shall take precedent over the fallbacks set out in paragraphs (b) to (d) of the definition of STIBOR.

18.2 Definitions

In this Clause 18 (*Replacement of Base Rate*):

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if paragraph (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“**Base Rate Amendments**” has the meaning set forth in Clause 18.7.

“**Base Rate Event**” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator, that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;

- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Noteholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information, in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (*Sw. krishanteringsregelverket*), containing the information referred to in paragraph (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in paragraphs (a) to (e) above will occur within six (6) months.

“**Base Rate Event Announcement**” means a public statement or published information as set out in paragraphs (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“**Independent Adviser**” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“**Relevant Nominating Body**” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“**Successor Base Rate**” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of Notes, which is formally recommended as a successor to or replacement of the Base Rate by the Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

18.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

18.4 Without prejudice to Clause 18.5, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense, appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 18.5.

- 18.5 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate.
- 18.6 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 18.5, the Noteholders shall, if so decided at a Noteholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 18.5. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 18.3 to 18.11, the Agent (acting on the instructions of the Noteholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 18.7 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 18.8 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.
- 18.9 **Interim measures**
- 18.9.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred;
or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.
- 18.9.2 For the avoidance of doubt, Clause 18.9.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 18. This will however not limit the application of Clause 18.9.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 18 have been taken, but without success.

18.10 Notices etc.

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Noteholders in accordance with Clause 24 (*Communications and press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Notes are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

18.11 Variation upon replacement of Base Rate

18.11.1 No later than when the Agent is given notice pursuant to Clause 18.10, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause 18.6) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 18. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Noteholders.

18.11.2 Subject to receipt by the Agent of the certificate referred to in Clause 18.11.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Noteholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 18.

18.11.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are affected pursuant to this Clause 18 becoming effective. Neither the Agent nor the Issuing Agent shall be obliged to concur if, in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

18.12 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 18.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

19. THE AGENT

19.1 Appointment of the Agent

19.1.1 By subscribing for Notes, each initial Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder, including the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of the Issuer, any legal or arbitration proceeding relating to the perfection, preservation, protection or enforcement of the Transaction Security and in relation to any mandatory exchange of the Notes for other securities (including, for the avoidance of doubt, a right for the Agent to subscribe for any such new securities on behalf of the relevant Noteholder). By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf.

19.1.2 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Noteholder which does not comply with such request.

19.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.

19.1.4 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

19.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

19.2 Duties of the Agent

19.2.1 The Agent shall represent the Noteholders in accordance with the Finance Documents, including, *inter alia*, holding the Transaction Security pursuant to the Security Documents on behalf of the Noteholders and, where relevant, enforcing the Transaction Security on behalf of the Noteholders.

19.2.2 When acting pursuant to the Finance Documents, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent is never acting as an advisor to the Noteholders or the Issuer. Any advice or opinion from the Agent does not bind the Noteholders or the Issuer.

19.2.3 When acting pursuant to the Finance Documents, the Agent shall carry out its duties with care and skill in a proficient and professional manner.

- 19.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Noteholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 19.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Noteholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.
- 19.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering (A) an event or circumstance which the Agent reasonably believes is or may lead to an Event of Default or (B) a matter relating to the Issuer or the Finance Documents which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Finance Documents, and (iii) in connection with any Noteholders' Meeting or Written Procedure or (iv) in connection with any amendment (whether contemplated by the Finance Documents or not) or waiver under the Finance Documents.
- 19.2.7 Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 15 (*Distribution of proceeds*).
- 19.2.8 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 19.2.9 Other than as specifically set out in the Finance Documents, the Agent shall not be obliged to monitor (i) whether any Event of Default has occurred, (ii) the performance, default or any breach by the Issuer or any other party of its obligations under the Finance Documents, or (iii) whether any other event specified in any Finance Document has occurred. Should the Agent not receive such information, the Agent is entitled to assume that no such event or circumstance exists or can be expected to occur, provided that the Agent does not have actual knowledge of such event or circumstance.
- 19.2.10 The Agent shall review each Compliance Certificate delivered to it to determine that its form is conforming to the requirements set out in Clause 12.1.4 and as otherwise agreed between the Issuer and the Agent, and check the information contained therein against relevant Finance Documents and other documentation which pursuant to the Finance Documents has been published or supplied to the Agent pursuant to Clause 12.1 (*Information from the Issuer*). The Agent shall take any actions necessary in accordance with the Finance Documents resulting from the review of such Compliance Certificate.

- 19.2.11 The Agent shall verify that Finance Documents and other documents relating to the Finance Documents which are delivered to the Agent and executed on behalf of Swedish entities are duly authorised and executed (as applicable). For this verification, the Agent may make the assumptions customary found in Swedish legal opinions. Other than in respect of due authorisation and execution of documents executed on behalf of Swedish entities, the Agent shall neither be liable to the Issuer or the Noteholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.
- 19.2.12 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 19.2.13 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 19.2.14 The Agent shall give a notice to the Noteholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 19.2.13.
- 19.3 **Liability for the Agent**
- 19.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 19.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 19.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.4 The Agent shall have no liability to the Issuer or the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with the Finance Documents.
- 19.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Noteholders under the Finance Documents.

19.4 **Replacement of the Agent**

- 19.4.1 Subject to Clause 19.4.6, the Agent may resign by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure instigated by the retiring Agent.
- 19.4.2 Subject to Clause 19.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 19.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure instigated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.
- 19.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall, within thirty (30) days thereafter, appoint a successor Agent which shall be an independent financial institution or other reputable company.
- 19.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 19.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of (i) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent, and (ii) the period pursuant to Clause 19.4.4 (ii) having lapsed.
- 19.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Noteholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20. THE ISSUING AGENT

- 20.1 The Issuer shall, when necessary, appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Notes. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 20.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Notes.
- 20.3 The Issuing Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

21. THE CSD

- 21.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Notes.
- 21.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Noteholder or the listing of the Notes on the Regulated Market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Central Securities Depository Regulation (Regulation (EU) No 909/2014) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

22. NO DIRECT ACTIONS BY NOTEHOLDERS

- 22.1 A Noteholder may not take any steps whatsoever against any Group Company or with respect to the Transaction Security to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*företagsrekonstruktion*) or bankruptcy (*konkurs*) (or its equivalent in any other jurisdiction) of any Group Company in relation to any of the obligations and liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.

22.2 Clause 22.1 shall not apply if the Agent has been instructed by the Noteholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 19.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 19.2.13, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 19.2.14 before a Noteholder may take any action referred to in Clause 22.1.

22.3 The provisions of Clause 22.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 10.5.3 (*Mandatory Repurchase due to a Change of Control Event or a Listing Failure Event*) or other payments which are due by the Issuer to some but not all Noteholders.

23. PRESCRIPTION

23.1 The right to receive repayment of the principal of the Notes shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been prescribed and has become void.

23.2 If a limitation period is duly interrupted in accordance with the Act on Limitations (*preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Noteholders, the Agent shall be entitled to issue such press release.
25. **FORCE MAJEURE**
- 25.1 Neither the Agent nor the Issuing Agent shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade, natural disaster, insurrection, civil commotion, terrorism or any other similar circumstance (a “Force Majeure Event”). The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.

25.2 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.

25.3 The provisions in this Clause 25 apply unless they are inconsistent with the provisions of the Financial Instruments Accounts Act which provisions shall take precedence.
