IMPORTANT INFORMATION

In this base prospectus (the “**Base Prospectus**”), the “**Issuer**” means K2A Knaust & Andersson Fastigheter AB (publ), K2A Knaust & Andersson Fastigheter AB (publ) together with its direct and indirect subsidiaries (the “**Group**”), or a subsidiary in the Group, depending on the context. Words and expressions defined in the general terms and conditions for the MTN Programme (the “**General Terms and Conditions**”) and the final terms for the applicable Notes issued under the MTN Programme (the “**Final Terms**”) shall have the same meaning when used in this Base Prospectus, unless expressly stated otherwise or follows from the context.

This Base Prospectus has been prepared by the Issuer in relation to the programme for issuance of notes in Swedish kronor (“**SEK**”) or euro (“**EUR**”) (the “**Notes**”) with different maturities but with a minimum term of one (1) year (the “**MTN Programme**”). Notes may be issued in a minimal nominal amount of EUR 100,000 or the equivalent amount in SEK. The Issuer has undertaken towards the Dealers that the aggregate Nominal Amount of all Notes outstanding under the MTN Programme shall not exceed SEK 3,000,000,000 (or equivalent amount in EUR). The Issuer and the Dealers may agree to increase or decrease such amount.

This Base Prospectus has been prepared in accordance with the standards and requirements of Regulation (EU) 2017/1129 of the European Parliament and of the Council (the “**Regulation**”), supplemented by Commission Delegated Regulation (EU) 2019/979 and Commission Delegated Regulation (EU) 2019/980 (jointly, the “**Prospectus Regulations**”). This Base Prospectus has been approved by the Swedish Financial Supervisory Authority (Sw. *Finansinspektionen*) (the “**SFSA**”) as the competent authority under the Regulation. Approval and registration by the SFSA do not imply that the SFSA guarantees that the information provided in the Base Prospectus is correct and complete.

This Base Prospectus may not be distributed in any country where such distribution or disposal requires additional prospectus, registration or additional measures or is contrary to the rules and regulations in such country. Persons into whose possession this Base Prospectus comes or persons who acquire the Notes are therefore required to inform themselves about, and to observe, such restrictions. The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), or any U.S. state securities laws and are subject to U.S. tax law requirements. The Notes may not be offered, sold or delivered within the United States of America or to, or for the account or benefit of, U.S. persons (as defined in Rule 902 of Regulation S under the Securities Act). The Issuer has not undertaken to register the Notes under the Securities Act or any U.S. state securities laws or to affect any exchange offer for the Notes in the future. Furthermore, the Issuer has not registered the Notes under any other country’s securities laws. It is the investor’s obligation to ensure that the offers and sales of Notes comply with all applicable securities laws.

Unless otherwise explicitly stated, no information contained in this Base Prospectus has been audited or reviewed by the Issuer’s auditors. Certain financial information in this Base Prospectus may have been rounded off and, as a result, the numerical figures shown as totals in this Base Prospectus may vary slightly from the exact arithmetic aggregation of the figures that precede them. This Base Prospectus shall be read together with all documents that are incorporated by reference and possible supplements to this Base Prospectus.

The Notes may not be a suitable investment for all investors and each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact other Notes will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes; (iv) understand thoroughly the General Terms and Conditions and the applicable Final Terms; and (v) be able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Base Prospectus contains certain forward-looking statements that reflect the Issuer’s current views or expectations with respect to future events and financial and operational performance. The words “intend”, “estimate”, “expect”, “may”, “plan”, “anticipate” or similar expressions regarding indications or forecasts of future developments or trends, which are not statements based on historical facts, constitute forward-looking information. Although the Issuer believes that these statements are based on reasonable assumptions and expectations, the Issuer cannot give any assurances that such statements will materialise. Because these forward-looking statements involve known and unknown risks and uncertainties, the outcome could differ materially from those set out in the forward-looking statement.

In respect of the Notes, the relevant Dealer will undertake a target market assessment in respect of the Notes and determine the appropriate channels for the Notes. Any person subsequently offering, selling or recommending the Notes (a “**Distributor**”) should take into consideration the target market assessment. However, a Distributor subject to Directive 2014/65/EU (as amended, “**MiFID II**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. For the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), a determination will be made in relation to each issue about whether any Dealer participating in the issue of the Notes is a manufacturer in respect of such Notes. Neither the Dealers nor any of their respective affiliates that do not participate in an issue will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Factors that could cause the Issuer’s and the Group’s actual operations, result or performance to differ from the forward-looking statements include, but are not limited to, those described in section “**Risk factors**”. The forward-looking statements included in this Base Prospectus apply only to the date of the Base Prospectus. The Issuer undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, other than as required by law. Any subsequent forward-looking information that can be ascribed to the Issuer and the Group or persons acting on the Issuer behalf is subject to the reservations in or referred to in this section.

This Base Prospectus is governed by Swedish law. Disputes concerning, or related to, the contents of this Base Prospectus shall be subject to the exclusive jurisdiction of the courts of Sweden. The District Court of Stockholm (Sw. *Stockholms tingsrätt*) shall be the court of first instance.

1 DESCRIPTION OF THE MTN PROGRAMME

This section contains a general and broad description of the MTN Programme. It does not claim to be comprehensive or cover all details of the MTN Programme or the Notes and potential investors should therefore carefully consider this Base Prospectus as a whole, including the documents incorporate by reference before a decision is made to invest in the Notes.

1.1 General information

The Issuer has established this MTN Programme for the purpose of issuing Notes up to a total amount of SEK 3,000,000,000 (or equivalent amount in EUR) or such other amount that the Dealers and the Issuer may agree. On 20 May 2021 the Issuer's board of directors resolved to establish an MTN Programme and on 19 May 2022 the board of directors decided on the current MTN programme.

The Notes may be issued with different maturities but with a minimum term of one (1) year. The Notes may be issued in SEK or EUR with fixed interest rate or floating interest rate. The Notes may be issued in a minimal nominal amount of EUR 100,000 or the equivalent amount in SEK.

Notes issued under this MTN Programme are governed by the General Terms and Conditions together with the applicable Final Terms. The General Terms and Conditions apply to all Notes issued under this MTN Programme. The applicable Final Terms in respect of Notes are specified in relation to the Notes on the basis of the form of final terms set out in section "Form of Final Terms" below. The applicable Final Terms must be read together with the General Terms and Conditions. The Final Terms specify, among other things, the Issue Date, the basis for interest calculation and the Maturity Date. Final Terms in relation to each Note Series issued under this MTN will also be available on the Issuer's website¹ (www.k2a.se).

Offers to purchase or otherwise acquire Notes under this MTN Programme are not directed to Persons whose participation in such offer(s) requires any additional prospectus, registration or additional measures other than those which follow from Swedish law for such offer(s) made in Sweden. Purchases or other acquisitions of Notes under this MTN Programme in contrary to the above will be deemed null and void.

The Issuer has appointed Nordea Bank Abp, Swedbank AB (publ), Arctic Securities AS, filial Sverige, Carnegie Investment Bank AB (publ) and Danske Bank A/S, Danmark, Sverige Filial, as Dealers under the MTN Programme. Additional Dealers may be appointed and Dealers may withdraw from its appointment. The Dealers have not verified and are not responsible for the contents of this Base Prospectus.

1.2 Green Notes

The Issuer may issue Green Notes and shall maintain a green finance framework. The relevant Green Finance Framework shall at all times be published on the Issuer's webpage and the Issuer shall ensure that an amount

¹ Information made available on the Issuer's website does not form part of this Base Prospectus unless such information is incorporated by reference into this Base Prospectus.

equivalent to the proceeds from any Notes specified as “Green Notes” in the applicable Final Terms are applied in accordance with the relevant Green Finance Framework.

The Issuer may, from time to time, amend its Green Finance Framework. Any amendments to the Green Finance Framework effectuated after the Issue Date of the relevant Green Notes will not benefit or apply to Green Notes already issued prior to such amendment.

If the Issuer fails to comply with the relevant Green Finance Framework at any time, it shall not constitute an Event of Default under any circumstance and such non-compliance will not entitle any Noteholder to any form of compensation or to otherwise redeem, repurchase or accelerate the Green Notes prior to its specified Maturity Date.

1.3 Form of the Notes, clearing and settlement

The Notes constitute debt instruments (*Sw. skuldförbindelser*), each of the type set forth in Chapter 1 Section 3 of the Financial Instruments Accounts Act.

The Notes are issued in dematerialised book-entry form and will be registered for the Noteholders on their respective Securities Account. Accordingly, the Notes will be maintained by the CSD (initially Euroclear Sweden AB) and registered in accordance with the Financial Instruments Accounts Act and no physical notes will be issued. Payments in respect of the Notes will be made and settled through the CSD's book-entry system. Each Note Series is given a specific loan identification number (ISIN) in the applicable Final Terms.

The Notes are freely transferable, but Noteholders may be subject to purchase or transfer restrictions with regard to the Notes under local laws to which such Noteholder may be subject (due to, e.g. its nationality, its residency, its registered address or its place(s) of business). The Notes have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction.

1.4 Admission to trading

An application for admission to trading of the Notes on Nasdaq Stockholm or any other Regulated Market may be made in accordance with the applicable Final Terms. The applicable Regulated Market will carry out its own assessment of the application and will approve or reject the admission to trading.

1.5 Tax

The following summary outlines the Issuer's understanding of certain Swedish tax consequences relating to Noteholders, if not otherwise stated. The summary relates only to the position of persons who are the absolute beneficial owners of the Notes. It may not apply to certain classes of persons such as Dealers. The summary is based on the laws of Sweden as currently in effect and is only intended to provide general information and does not constitute legal or tax advice. This summary does not address the rules regarding reporting obligations for, among others, payers of interest. Prospective investors are urged to consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of double taxation treaties) of holding or transferring Notes.

Noteholders not resident in Sweden

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to any Noteholder should not be subject to Swedish income tax, provided that such holder is neither (i) resident in Sweden for Swedish tax purposes nor (ii) engaged in trade or business in Sweden through a permanent establishment to which the Notes are effectively connected. A private individual is resident in Sweden for Swedish tax purposes if he/she (a) is domiciled in Sweden; (b) has his/her habitual abode in Sweden; or (c) earlier has been domiciled in Sweden and after having moved abroad continues to have an essential connection with Sweden (for example, is engaged in trade or business in Sweden).

Swedish law does not provide for deduction or withholding for or on account of taxes on payments of any principal or interest to any Noteholder not resident in Sweden for tax purposes.

Private individuals (and estates after private individuals) who are not resident in Sweden for tax purposes may be liable for capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have stayed permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption.

Noteholders resident in Sweden

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable with 30 % for individuals and 20,6 % for companies. Specific tax consequences, however, may apply to certain categories of corporations (e.g. investment companies and life insurance companies).

If the Notes are registered with Euroclear Sweden or held by a Swedish nominee in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479), Swedish preliminary taxes are withheld by Euroclear Sweden or the nominee on payments of amounts that are considered to be interest for Swedish tax purposes to a private individual (or an estate of a deceased individual) with residence in Sweden for Swedish tax purposes. If the notes are floating rate notes no withholding will however be made by Euroclear for notes sold during the term.

1.6 Costs

The Issuer is responsible for all costs associated with the admission to trading of Notes under this MTN Programme, such as (but not limited to) the costs of producing this Base Prospectus, admission to trading, documentation and fees to Euroclear Sweden AB and the applicable Regulated Market.

1.7 Status

The Notes will constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them and at least *pari passu* with all other direct,

general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation and except as otherwise provided in the Note Terms.

1.8 Sales, price and interest

Primary sales will take place through the Dealers receiving issue and trade instructions from the Issuer. The price of and the interest applicable to the Notes cannot be established in advance but is set in connection with the relevant issue in the basis of the prevailing market conditions. The Notes may be issued at a price equivalent to, below or above the relevant Nominal Amount. The market price of the Notes depend on several factors, one of which is the interest rate applicable to other investments with a corresponding term.

The yield on a Note is a function of the price at which the Note is acquired, the interest applicable to the relevant Note and any other costs attributable to the acquisition of the Note (including any brokerage costs).

1.9 Credit rating

If any Note Series has received (or will receive) a credit rating such credit rating will be specified in the applicable Final Terms. A credit rating is a rating that an independent rating agency (such as Nordic Credit Rating, Moody's, Standard & Poor's and Fitch's) can assign a borrower in respect of its creditworthiness and its ability to fulfil its financial obligations.

As of the day of this Base Prospectus, the Issuer has not received a credit rating from any rating agency.

1.10 Prescription

The right to receive repayment of the principal of Notes issued under the MTN Programme shall be prescribed and become void ten (10) years from the relevant Maturity Date (or other Redemption Date, if earlier). The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

1.11 Representation of the Noteholders

Nordic Trustee & Agency AB (publ) is acting as Agent for the Noteholders in relation to the Notes and any other matter within its authority or duty in accordance with the General Terms and Conditions.

By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf, on the terms, including rights and obligations of the Agent, set out in the General Terms and Conditions.

1.12 Governing law

The Note Terms, and any non-contractual obligations arising out of or in connection therewith, shall be governed by and construed in accordance with the laws of Sweden. Disputes shall be settled by Swedish courts. The City Court of Stockholm shall be the court of first instance.

1.13 Determinations to invest in the Notes

Investing in the Notes involves substantial risks and prospective investors should refer to section “Risk Factors” to review certain material risk factors that they should carefully consider before deciding to invest in the Notes.

The Notes may not be a suitable investment for all investors and each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact other Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes;
- (iv) understand thoroughly the General Terms and Conditions and the applicable Final Terms; and
- (v) be able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

2 PRODUCT DESCRIPTION

This section contains a general description of the construction and terms applicable to an issue of Notes under this MTN Programme. The final constructions and terms of each Note Series are set out in the applicable Final Terms.

2.1 Interest construction

Under this MTN Programme and in accordance with Clause 6 (*Interest*) of the General Terms and Conditions, the Notes may be issued with fixed interest rate or floating interest rate. The applicable interest rate is specified in the applicable Final Terms.

2.1.1 Fixed interest rate

For Note Series with a fixed interest rate, the Note Series shall bear interest on its Nominal Amount at the Interest Rate from (but excluding) the Interest Commencement Date up to (and including) the Maturity Date.

Accrued interest for a Note Series with a fixed rate interest rate shall be paid in arrears on each Interest Payment Date and is calculated using the Day Count Convention specified in the applicable Final Terms.

2.1.2 Floating interest rate

For Note Series with a floating interest rate, the Note Series shall bear interest on its Nominal Amount from (but excluding) the Interest Commencement Date up to (and including) the Maturity Date.

For Note Series with a floating interest rate, the Interest Rate applicable to each respective Interest Period is determined by the Agent on the respective Quotation Day as the Base Rate for such period plus the Margin as adjusted by any application of Clause 15 (*Replacement of Base Rate*) of the General Terms and Conditions. If the Base Rate and the Margin for the relevant period is below zero (0), the Interest Rate shall be deemed to be zero (0).

Accrued interest for a Note Series with a floating rate interest rate shall be paid in arrears on each Interest Payment Date and is calculated using the Day Count Convention specified in the applicable Final Terms.

2.2 European Benchmark Regulation

Floating interest rate payable on Notes issued under this MTN Programme may be calculated by reference to certain benchmarks, being STIBOR and EURIBOR, as defined in the General Terms and Conditions. STIBOR is provided by Swedish Financial Benchmark Facility AB and EURIBOR is provided by the European Money Market Institute. The European Money Market Institute and Swedish Financial Benchmark Facility AB are both registered in the register of administrators and benchmarks maintained by the European Securities and Markets Authority (ESMA) pursuant to Article 36 of Regulation (EU) 2016/11 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds.

Should a Base Rate Event occur, Clause 15 (*Replacement of Base Rate*) of the General Terms and Conditions contains for certain standardised fall-back provisions to secure that there is an Alternative Base Rate or Successor Base

Rate in order to maintain transparent and predictable calculation metrics of relevant benchmarks for Note Series with a floating interest rate construction.

2.3 Day Count Convention

Unless otherwise specified in the relevant Final Terms, the following Day Count Conventions in respect of the calculation of an amount of interest under a Note Series will be used for the calculation of interest under this MTN Programme:

“30/360”: the amount shall be calculated using a year of 360 days comprising twelve months of 30 days each, and in the case of a fraction of a month using the actual number of days of the month that have passed; and

“Actual/360”: the amount shall be calculated using the actual number of days in the relevant period divided by 360.

2.4 Redemption and repurchases of the Notes

2.4.1 *Redemption at Maturity Date*

The Nominal Amount of the Notes (together with accrued interest, if any) falls due for repayment on the Maturity Date as specified in the Final Terms. Should the Maturity Date fall on a date which is not a Business Day, the Notes will be repaid on the following Business Day.

2.4.2 *Repurchase of Notes by a Group Company*

The Issuer and any other Group Company may, subject to applicable regulations, at any time and at any price purchase Notes on the market or in any other way. Notes held by the Issuer or any other Group Company may at their discretion be retained or sold, but not cancelled, except in connection with a full redemption or repurchase of all the Notes under a Note Series.

2.4.3 *Early voluntary total redemption (call option)*

The Final Terms for a Note Series may specify a right for the Issuer to redeem all, but not some only, of the outstanding Notes under that Note Series in full on any Business Day prior to the Maturity Date for such Note Series. Such Notes shall be redeemed at the time and the price specified in such Final Terms together with any accrued but unpaid interest.

If the right to a voluntary total redemption (*call option*) is specified as being applicable in the relevant Final Terms, the Issuer shall give no less than fifteen (15) Business Days' notice to the Noteholders and the Agent, in each case calculated from the effective date of the notice. The notice from the Issuer shall specify the Redemption Date, the redemption price and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date.

2.4.4 *Early redemption due to illegality (call option)*

The Issuer may redeem all, but not only some, of the outstanding Notes under a relevant Note Series at an amount per Notes equal to the Nominal Amount together with accrued but unpaid Interest on a Redemption Date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Note Terms.

If such illegality occurs and the Issuer elects to redeem the outstanding Notes, the Issuer shall give no less than twenty (20) Business Days after having received actual knowledge of any event specified therein. The notice from the Issuer shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Noteholder to receive the amounts due on such Redemption Date.

2.4.5 *Mandatory repurchase due to a Change of Control Event or a De-Listing Event (put option)*

The Issuer shall immediately notify the Noteholders and the Agent upon becoming aware of the occurrence of a Change of Control Event or a De-Listing Event.

Upon the occurrence of a Change of Control Event or a De-Listing Event, each Noteholder shall during a period of thirty (30) Business Days from the effective date of a notice from the Issuer of the Change of Control Event or the De-Listing Event, as the case may be, have the right to request that all, or some only, of its Notes under the relevant Note Series be repurchased at a price per Note equal to 101.00 per cent. of the Nominal Amount together with accrued but unpaid Interest. However, such period may not start earlier than upon the occurrence of the Change of Control Event or the De-Listing Event, as the case may be.

The notice from the Issuer pursuant to the first paragraph under this section 2.4.5 shall specify the period during which the Noteholders' may exercise their put option, the Redemption Date and include instructions about the actions that a Noteholder needs to take if it wants Notes held by it to be repurchased. If a Noteholder has so requested, and acted in accordance with the instructions in the notice from the Issuer, the Issuer shall, or shall procure that a person designated by the Issuer will, repurchase the relevant Notes and the repurchase amount shall fall due on the Redemption Date specified in the notice given by the Issuer. The Redemption Date must fall no later than forty (40) Business Days after the end of the thirty (30) Business Day-period referred to above.

2.5 **Undertakings**

The General Terms and Conditions contain a number of undertakings that restricts the ability of the Issuer and the other Group Companies, including, among others:

- restrictions on disposals of assets;
- restrictions on distributions;
- restrictions on Financial Indebtedness, Market Debt and guarantees;
- restrictions on mergers;
- restrictions on making any substantial changes to the general nature of the business carried out by the Group;
- undertaking to have the Notes admitted to trading on a Regulated Market (if applicable in the Final Terms);
- undertaking to maintaining adequate insurances;

- undertaking to keep properties in a good state of repair and maintenance; and
- undertaking that as long as any Note is outstanding, the Equity Ratio is equal to or higher than fifteen (15%) per cent. at all times and the Interest Coverage Ratio is equal to or higher than one point twenty-five (1.25) at all times.

Each of these undertakings is subject to significant exemptions and qualifications. See the General Terms and Conditions for more information.

3 RISK FACTORS

In this section, the risk factors which the Issuer considers to be material risks relating to the Issuer and the Notes are illustrated. The Issuer's assessment of the materiality of each risk factor is based on the probability of their occurrence and the expected magnitude of their negative impact. The assessment of the materiality of each risk factor is illustrated with a rating of low, medium or high. The description of the risk factors below is based on information available and estimates made on the date of this Base Prospectus.

The risk factors are presented in categories where the most material risk factors in a category are presented first under that category. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

RISK FACTORS SPECIFIC AND MATERIAL TO THE ISSUER

3.1 Risks relating to the Issuer's business activities and the real property industry and market

3.1.1 Macroeconomic factors

The Issuer's business is to a considerable extent affected by macroeconomic factors such as the general economic climate, regional economic development, fluctuations in employment, production capacity for rental housing, changes in infrastructure, population growth, population structure as well as inflation and interest rates. At the date hereof, the macroeconomic development is particularly uncertain to predict given the geopolitical conflict in Ukraine, which have had a negative effect on the world economy since its outbreak and which in turn could have an adverse effect on the Swedish property market through, for example, an increase in inflation and interest rate levels or constraints on supply-chains.

Market disruptions, changes in the real interest rate or economic downturns in the global market may affect the financial condition of the Issuer's tenants and thus affect their ability to enter into agreement with, and fulfil their contractual obligations towards, the Issuer. Such events can also mean that the Issuer's collaborations with its suppliers, such as construction companies, may not be maintained or entered into on terms that are favourable to the Issuer, as suppliers tend to become more price sensitive and more inclined towards litigious behaviour under such circumstances.

Inflation expectations influence the interest rates and therefore the Issuer's financing costs, and interest on debt owed to credit institutions and outstanding market loans constitute the Issuer's largest cost item. In the long term, changes in the interest rate will therefore have a significant effect on the Issuer's result and cash flow. In addition, changes in the general levels of interest and inflation rates affect the yield requirement and thus the market value of the Issuer's properties. There also is a risk that the Issuer will not be able to negotiate lease agreement with its tenants that fully compensate the inflation. If the risks mentioned in this section materialises, it could have a negative impact on the Issuer's cash flow and overall financial position.

The Issuer deems the probability of risks relating to macroeconomic factors materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.1.2 *Changes in property value*

The Group's properties are reported at fair value in accordance with IFRS. The fair value of the properties amounted to MSEK 10,084 as of 31 March 2023. The value is affected by a number of factors, such as (including but not limited to) operating costs, occupancy level, permitted use of the properties, required return and cost of capital. Unrealised value changes may have significant impact on the Issuer's net profit and could also affect financial commitments included in some of the Issuer's loan agreements (financial covenants). Furthermore, the property value is affected by supply and demand on the property market, and property valuations are mainly dependent on the properties' expected operating surplus and a potential buyer's required return. The return is further dependent on, inter alia, the Issuer's ability to fulfil the intended objectives of the properties which mainly consists of rental, and in some cases sales, of the properties as well as the costs and expenses associated to development and renovation of the properties. The fair value of the properties and the tenants' solvency, which may affect the Issuer's rental income, is also generally affected by general conditions in the economy, such as the GDP growth (Sw. *bruttonationalprodukt*), employment rate, inflation, changes in interest rate levels and amortisation requirements.

Decreased property values may, if materialised, negatively affect the Issuer's financial position and could also result in the Issuer or a Group Company not being able to meet its financial covenants included in its respective loans facilities, which in turn could result in a loan facility being accelerated prior to maturity unless remedied.

The Issuer deems the probability of risks relating to decreased property value materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.1.3 *Risks associated with the Issuer's projects*

The risks associated with construction, management and development of properties include, but are not limited to, constructional faults, necessary conversions for housing purposes, delayed planning processes and time schedules, hidden defects, deficiencies and other damages and pollution, and increased construction costs in general. These risks apply to both construction and development of properties, as well as for property management. Regarding, for example, pollution and hidden defects there is a risk that these problems are not noticed until after completion of the project, which might negatively affect the Issuer.

Furthermore, the Issuer is dependent on suppliers for deliveries of material and customised solutions in connection with the Issuer's construction of housings. For example, the Issuer is dependent on a few bathroom suppliers for the deliveries of customised bathrooms to the Issuer's apartment units. If a specific supplier is unable to fulfil its obligation to supply the right equipment with the right quality and at the right time, or if the cooperation with a certain supplier is

terminated or not well-functioning, it can lead to significant delays in the Issuer's construction projects. If agreements with important suppliers were to be terminated at short notice, there is also a risk that the Issuer will not be able to engage another supplier on the same terms or at such short notice which may lead to increased costs and delays.

The risks above may, if materialised, lead to delays in planned and ongoing projects, as well as higher costs for construction, development and management of the properties, which in turn could lead to decreased earnings. The Issuer deems the probability of risks related to the Issuer's construction projects materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.1.4 *Risks related to increased operating and maintenance costs*

The Issuer's properties are rented by private individuals as well as commercial and public actors. The responsibility for operating and maintenance costs is regulated in the lease agreements. Operating and maintenance costs may, for example, refer to the costs of electricity, water, heat and cleaning as well as costs due to maintain the buildings' standard in the long term. The Issuer is also responsible for the technical operations of its properties which might be affected by constructional faults and other defects and damages.

The lease agreements between the Issuer and commercial or public actors normally stipulate that the rent should be adjusted to the same extent as the Issuer's operating and maintenance costs changes. However, this is not generally the case for lease agreements with private individuals. In such lease agreements it is normally stipulated that the landlord is responsible for the increased costs. Approximately 78 per cent. of the Issuer's total lettable area as of 31 March 2023 consisted of rental apartments rented by private individuals meaning that there is a risk of increased operating and maintenance costs for the Issuer. If the Issuer is not able to compensate for such increased costs through renegotiation of the lease agreements, it could have a negative impact on the Issuer's earnings.

If the above risks are materialised it could lead to increased costs for the Issuer, which in turn would have a negative effect on the Issuer's financial position and profit. The Issuer deems the probability of the risks relating to increased operating and maintenance materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.1.5 *Risks due to rental value and rental income*

The Issuer is a real estate company mainly focused on development and production of rental housing, student housing and properties for public use, as well as long-term ownership and management of such properties. The rental income from the Issuer's properties for public use are normally based on marketable rent. For newly produced housings on the other hand, the rent can be determined (i) by agreement with tenants' associations regarding the housing's utility value (Sw. *bruksvärdeshyra*), (ii) by agreement with the tenants' associations regarding presumption rent (Sw. *presumtionshyra*) and (iii) by the landlord determining the rent. The Issuer is dependent on the tenants paying the agreed rents when due, and that the rent levels are reasonable to not risk that

the rents are being subject to procedures at the rent tribunal (Sw. *hyresnämnden*). If tenants do not perform in accordance with their lease agreements it could have a negative effect on the Issuer's earnings.

Before initiating new projects, the Issuer estimates which rent level it may obtain after the project is completed. When producing new housings, agreements with tenants are normally not signed before the project is initiated meaning that there is a risk that the occupancy level will not meet the estimations made by the Issuer. Furthermore, the rent has normally not been negotiated with the tenants' association when the project is initiated, meaning that there is a risk that the rental income will be less than the Issuer estimated beforehand which may affect the projects' profitability and the valuation of the properties. The estimated rent may also turn out to be calculated on incorrect bases and assumptions, which may result in the actual rental incomes being lower than estimated, affecting the investment's profitability.

The Issuer is also exposed to risks related to single tenants. In Kiruna for example, the Issuer owns a property for public use rented by the Institute of Space Physics (Sw. *Institutet för rymdfysik*) and Luleå University of Technology (Sw. *Luleå tekniska universitet*) amongst others. As of 31 March 2023, the annual rental value for this property was MSEK 12.9 per year, which corresponds to approximately 2.9 per cent. of the Group's total rental value. If important single tenants were to terminate their lease agreements, it could lead to lower occupancy levels and reduced rental incomes, and as a result lower fair values for the properties.

Above mentioned risks related to rental value and rental income may, if they are materialised, have a negative effect on the Issuer's earnings and financial position. The Issuer deems the probability of the risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.1.6 *Dependence on retaining and recruiting key employees*

The Issuer is dependent on about 13 key employees. These employees have extensive knowledge of the property market and the Issuer's operations. The experience and commitment of these employees are important for the Issuer's future development. In addition to current employees, the Issuer also needs to recruit new employees with special skills or experience in order to expand further.

If the Issuer fails to recruit new employees, or if key employees leave the Issuer and suitable and experienced replacements cannot be recruited, this could have a negative effect on the Issuer's ability to conduct its operations. The Issuer deems the probability of such risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.1.7 *Risks associated with the Issuer's geographical concentration of properties*

The supply and demand for properties, and consequently the valuation of properties, varies between different geographical markets which could develop differently. As of the date of this Base Prospectus, the Issuer has projects in many

parts of Sweden but mainly in and around university and college (Sw. *högskola*) cities.

The demand may decrease in the geographical markets the Issuer operates in, even if the demand does not decrease in Sweden as a whole. Reduced demand may lead to lower occupancy levels, less opportunity to increase the rent levels or reduced property values.

A decreased demand for properties on the Issuer's geographical markets may result in decreased earnings and a negative effect on the Issuer's financial position and profit. The Issuer deems the probability of above mentioned risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.1.8 *The Issuer may lose the right to label its properties with a Nordic Swan Ecolabel*

The Issuer has an environmental profile and uses wood as the main building material. In December 2017, the Issuer received a license from Ecolabelling Sweden AB (Sw. *Miljömärkning Sverige*), which issues the environmental certification Nordic Swan Ecolabel (Sw. *Svanenmärket*). The Issuer's environmental profile also results in the opportunity to obtain so-called sustainable financing.

There is a risk that the Issuer's production of residences will not meet the requirements for labelling the residences with a Nordic Swan Ecolabel, or that existing Nordic Swan Ecolabelled residences, in retrospect, prove not to live up to the environmental requirements.

If this risk materialise it could have a negative effect on the Issuer's reputation and, as a result, its operations and earnings. The Issuer deems the probability of such risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.2 Legal and regulatory risks

3.2.1 *Environmental risks*

Property management and investments implies potential environmental risks. The Swedish Environmental Code (Sw. *miljöbalken (1998:808)*) states that business operators that have contributed to pollution are responsible for remediation of the relevant polluted property. If the responsible person or entity is unable to remediate a polluted property, the person or entity acquiring the property, under certain circumstances, is liable for remediation. Since the Issuer from time to time acquires properties as part of its operations, claims for remediation of polluted or environmentally damaged property could be directed at the Issuer for remediation. For example, the Issuer has an ongoing project on a property in Sundsvall which is suspected to be polluted and in need of remediation due to the property's prior use.

Further, since many of the Issuer's properties are used for residential purposes, the Issuer normally must conduct its operations in accordance with higher environmental requirements than what would be the case if the properties were used for other purposes. This results in a higher risk of being obliged to remediate properties in order to be able to use the properties for residential purposes.

However, as most of the Issuer's properties are acquired from Swedish municipalities, the Issuer deems the probability of being forced to take remediation measures due to previous owners' pollution to be lower than usual. The Issuer's conclusion is based on the fact that municipalities should be able to remediate possible pollutions under their responsibility. For example, this has been the case on two properties in Gävle and Sundsvall. The respective municipalities have in these cases been forced and accepted to remediate the properties due to pollution.

If these risks materialise it could result in increased costs for the Issuer. The Issuer deems the probability of environmental risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.2.2 *Dependency on cash flow from its subsidiaries*

The Issuer is a holding company and the Group's operations are made through its subsidiaries. The Issuer is hence dependent on its subsidiaries in order to fulfil its obligations under the Notes. The transfer and distribution of funds to the Issuer from its subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to the respective subsidiary. Additionally, the Group Companies are separate legal entities and have no obligations to fulfil the Issuer's obligations towards its creditors unless otherwise agreed. If the subsidiaries do not provide dividend income, or due to other circumstances, conditions, laws or other regulations are prevented from providing liquidity distributions to the Issuer, there is a risk that the Issuer will not be able to fulfil its obligations under the Notes or other financial commitments.

The Issuer deems the probability of such risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.3 **Risks related to the Issuer's and the Group's financing**

3.3.1 *Refinancing risks*

Refinancing risks refer to, inter alia, the risks of increased funding costs and unavailability to refinance existing loan facilities.

The Issuer's total project development and investment costs exceed the Issuer's cash and cash equivalents, while the cash flow from the investment properties is not enough to finance the Issuer's new production. The Issuer's operations are therefore partly financed by externally provided debt capital. The required capital for financing of both development of existing properties and future acquisitions is and will be provided by banks and other financial institutions. As of 31 March 2023, the Group's interest-bearing liabilities amounted to MSEK 7,744.4 of which MSEK 1,622.6 will be due during 2023.

If the Issuer cannot refinance its loans in full or in part or a refinancing is made with increased funding and/or margin costs, it might have a negative effect on the Issuer's possibilities to repay its debts and its operations and earnings. The Issuer deems the probability of such risks materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *high*.

3.3.2 *Interest rates risk*

Changed interest rates will affect the Issuer's interest expenses, which represent the Issuer's single largest cost item. Interest rate changes could result in changed fair values of the Issuer's properties, changes in cash flow and fluctuations in the Issuer's profit. The Issuer is exposed to interest rate risks due to its interest-bearing liabilities.

Since most of the Issuer's operations concern rental for residential purposes, which is inherently associated with rigid rent levels, it may cause difficulties for the Issuer to increase its revenues to compensate for higher interest costs. This could result in the Issuer having less opportunity to pay interest and amortisation costs related to its financings, resulting in a risk that the Issuer is in breach of its or a Group Company's loan facility agreements.

The Issuer has entered into interest rate hedging agreements in accordance with the Issuer's financial policy which partially reduces the Issuer's exposure to floating rates and thereby increased interest rates. However, if the interest rates decrease below the fixed swap rate the hedging agreements result in higher costs than what floating interest rates would entail as well as negative value changes of the fair value of the hedging agreements. The Issuer's net interest costs (Sw. *räntenetto*) were MSEK -147.0 during the last twelve month period (1 April 2022 to 31 March 2023), according to the Issuer's financial report for the first quarter 2023. Based on an interest sensitivity analysis (Sw. *känslighetsanalys räntekostnader*) regarding cash flow in the same report, a +/- 1 % change of the interest rate would affect the Group's cash flow during the last twelve months (1 April 2022 to 31 March 2023) with approximately +/- MSEK 19.

The Issuer deems the probability of such risks materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.3.3 *Liquidity risks – amortisations and interest due*

Liquidity risk in relation to amortisations and interest due is the risk that the liquid assets of the Issuer are not sufficient or not available to meet its payment obligations at the relevant maturity date without increasing the cost of obtaining such necessary liquidity. The Issuer is dependent on available liquidity in order to fulfil its obligations including, inter alia, paying interest and amortization costs related to its financing.

If the Issuer does not have sufficient liquidity to fulfil its obligations, this could result in increased costs and penalties, hence affect the Issuer's financial position. The Issuer deems the probability of such risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *high*.

3.3.4 *Liquidity risks – project development*

Liquidity risk in relation to the Issuer's projects developments is the risk that liquid assets, in addition to available external financing, of the Issuer are not sufficient to finance ongoing projects, acquisitions and operations. In order to continue to grow the business and expand its operations and investments, access to liquid

funds is necessary to such an extent that several projects can be started and run in parallel.

If the Issuer does not have sufficient liquidity to fulfil its ongoing projects this could result in decreased growth and expansion as well as increased costs and penalties, hence affect the Issuer's financial position. The Issuer deems the probability of such risks materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

RISK FACTORS SPECIFIC AND MATERIAL TO THE NOTES

3.4 Risks relating to the value of the Notes and the bond market

3.4.1 Risk related to listing of the Notes, liquidity and the secondary market

The Final Terms of a Loan may include an undertaking for the Issuer to ensure that the Notes under a Loan are admitted to listing on the relevant Regulated Market within certain stipulated time periods, as set out in the Final Terms of the relevant Loan. However, the Issuer is dependent upon Nasdaq Stockholm's or another Regulated Markets approval (as applicable) to be able to list the Notes under the relevant Loan.

Thus, there is a risk that the Notes under the relevant Loan will not be admitted to listing in time, or at all. If the Issuer fails to procure listing in time, Noteholders holding such Notes on an investment savings account (Sw. *ISK/Investeringssparkonto*) will no longer be able to hold the Notes under the relevant Loan on such account, thus affecting such Noteholder's tax situation. If the Issuer fails to procure listing in time, or at all, there is a high risk that a liquid market for trading in the Notes under the relevant Loan will not exist.

Even if the Notes (if required) are admitted to listing on Nasdaq Stockholm or another Regulated Market, the Notes, which will have a nominal value of at least EUR 100,000 (or an equivalent amount in SEK), may not always be actively traded, and there is a risk that there will not always be a liquid market for trading in the Notes. This may result in the Noteholders not being able to sell their Notes when desired or at a price level which allows for a profit comparable to similar investments with an active secondary market. Lack of liquidity in the market may have a negative impact on the market value of the Notes. Further, the nominal value of the Notes may not be indicative compared to the market price of the Notes. It should also be noted that during a given time period it may be difficult or impossible to sell the Notes on reasonable terms, or at all, due to, for example, severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Issuer deems the probability of risks related to listing of the Notes, liquidity and the secondary market materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.4.2 Interest rate risks

The value of the Notes will depend on several factors, one of the most significant in the long term being the market interest rates.

Notes issued with a floating rate are issued as FRNs (Floating Rate Notes). The coupon is calculated on the basis of an interest rate corresponding to the interest rate base plus the interest rate base margin, where the interest rate base is adjusted before each interest rate period whilst the interest rate base margin is fixed throughout the term. If the interest rate base, for example, is constituted of STIBOR 3 months, it is the market's perception of the development of the 3-month interest rates, in connection with the interest rate base margin, that constitutes the basis for calculating the market value of the placement. A changed expectation in the market regarding at what level the interest rate base

will be set at when determining the interest rate in the future will, hence, risk lowering the market value on Notes issued with a floating rate.

Investments in Notes issued with fixed interest rate involve a risk that the market price of such Notes may be negatively affected as a result of changes in the market interest rates. Generally, longer term of the securities means a higher risk.

The Issuer deems the probability of interest rate risks materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.4.3 *European Benchmarks Regulation*

The process for determining interest-rate benchmarks, such as STIBOR and EURIBOR, is subject to a number of statutory rules and other regulations. Some of these rules and regulations have already been implemented, whilst some are due to be implemented in the near future. The most extensive initiative in this respect is the Benchmark Regulation (Regulation (EU) 2016/1011 of the European parliament and of the council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014) ("**the Benchmark Regulation**"). The Benchmark Regulation came into force on 1 January 2018 and addresses the provision of benchmarks, the contribution of input data to benchmarks and the use of benchmarks within the European Union. There is a risk that the Benchmark Regulation will affect how certain benchmarks are determined and how they will develop which, in turn, could lead to increased volatility in relation to STIBOR and EURIBOR and, thus, in relation to the interest rate of the Notes. There is also a risk that increased administrative requirements may discourage stakeholders from participating in the production of benchmarks, or that some benchmarks cease to be provided. If this were to happen in respect of STIBOR and EURIBOR it could potentially be detrimental to the Noteholders. More specifically, should STIBOR and/or EURIBOR be discontinued or cease to be provided, the General Terms and Conditions provides for an alternative calculation of the interest rate for the Notes. There is a risk that such alternative calculation results in interest payments less advantageous for the Noteholders or that such interest payment do not meet market interest rate expectations.

The Issuer deems the probability of risks related to European Benchmarks Regulation materialising to be *medium*. If the risks would materialise, the Issuer considers the potential negative impact to be *medium*.

3.5 Risks relating to the nature of the Notes

3.5.1 *Credit risk towards the Issuer*

The Notes will constitute unsecured debt obligations of the Issuer and the Noteholders will carry a credit risk relating to the Issuer and the Group. The Noteholders' ability to receive payment under the Notes is therefore dependent on the Issuer's ability to meet its payment obligations, which in turn is dependent upon the performance of the Group's operations and its financial position and also, the availability of capital. There is a risk that the Group's financial position is affected by several factors, which have been mentioned above. An increased

credit risk is likely to cause the market to charge the Notes a higher risk premium, which can affect the Notes' value negatively. Further, if the Issuer's financial position deteriorates, it is likely to affect the Issuer's possibility to receive debt financing at the time of the maturity of the Notes. There is a risk that this could have a material adverse effect on the value of the Notes.

The Issuer deems the probability of the credit risk materialising to be *low*. If the risk would materialise, the Issuer considers the potential negative impact to be *high*.

3.5.2 *Risk related to the Notes being unsecured*

The Notes will constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among them and at least *pari passu* with all other direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer, except obligations which are preferred by mandatory regulation and except as otherwise provided in the Loan Terms. Thus, a Noteholder will normally receive payment after any creditor with secured assets or other creditor with higher ranking claims in the event of the Issuer's liquidation, company reorganisation or bankruptcy. Consequently, a Noteholder may not recover any or full value in the event of the Issuer's liquidation, bankruptcy or company reorganisation. Each investor should be aware that by investing in the Notes, it risk losing the entire, or part of, its investment.

The Issuer deems the probability of risks related to the Notes being unsecured materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *high*.

3.5.3 *Risks relating to insolvency of subsidiaries and structural subordination*

A significant part of the Issuer's revenues relates to the Issuer's subsidiaries. In the event of the insolvency or liquidation of (or a similar event relating to) one of the Issuer's subsidiaries all creditors of such subsidiary would be entitled to payment in full out of the assets of such subsidiary before the Issuer (as a shareholder) would be entitled to any payments. Thus, the Notes will be structurally subordinated to the liabilities of the subsidiaries and there is a significant risk, should a subsidiary be subject to, *inter alia*, an insolvency or liquidation proceeding, that the Issuer will not be entitled to any payments. The Issuer and its assets may not be protected from any actions by the creditors of a subsidiary, whether under bankruptcy law, by contract or otherwise.

The Issuer deems the probability of risks related to insolvency of subsidiaries and structural subordination materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

3.5.4 *Risks related to green notes*

The Final Terms of a Loan may specify that the Notes issued are defined as "green" according to the Issuer's Green Finance Framework. The Issuer's green finance framework, as well as market practice for green notes, may be amended and develop after the Issue Date of the Green Notes under the relevant Loan, thus affecting any of the requirements applicable to the Issuer in respect of any Green Notes issued thereafter. The Issuer's failure to comply with the Green

Finance Framework does not constitute an event of default under the Loan Terms and would not permit the Noteholders under the relevant Loan to exercise any early redemption rights or receive any other type of compensation for non-compliance with the Green Finance Framework. There is however a risk that a failure to comply with the Green Finance Framework could have a material adverse effect on the market value of the Green Notes under the relevant Loan due to investors perceiving the Green Notes as a less favourable investment.

The Issuer deems the probability of risks related to Green Notes materialising to be *low*. If the risks would materialise, the Issuer considers the potential negative impact to be *low*.

8.4.4 The Issuer shall not be required to repurchase any Notes pursuant to this Clause 8.4, if a third party in connection with the occurrence of a Change of Control Event or a De-Listing Event offers to purchase the Notes in the manner and on the terms set out in this Clause 8.4 (or on terms more favourable to the Noteholders) and purchases all Notes validly tendered in accordance with such offer. - (a) is not paid when due nor within any originally applicable grace period and the Financial Indebtedness in question therefore has been accelerated by way of the relevant creditor issuing an Acceleration Notice, or, where the non-payment would have constituted final payment, where the late payment continues for ten (10) Business Days (it being expressly acknowledged that any waiver or extension granted by the relevant creditor in respect of such payment shall result in it no longer constituting a late payment); or
 - (b) is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default howsoever described under any agreement or document relating to Financial Indebtedness of any Group Company;
- (ii) any security interest securing Financial Indebtedness over any asset of any Group Company is enforced following an Acceleration Notice (if applicable),

- 11.4 The Agent shall notify the Noteholders of an Event of Default within five (5) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a notification of an Event of Default (other than in relation to payments) up until the time stipulated in Clause 11.5 for as long as, in the reasonable opinion of the Agent such postponement is in the interests of the Noteholders as a group. The Agent shall always be entitled to

take the time necessary to determine whether an event constitutes an Event of Default.

- 11.5 The Agent shall (provided that awaiting any such written demand or instruction as set out in Clause 11.1(A) would adversely affect the interests or rights of the Noteholders (in the sole opinion of the Agent), within twenty (20) Business Days of the date on which the Agent received actual knowledge of that an Event of Default has occurred and is continuing, decide if the Notes shall be so accelerated. - 11.7 If the right to accelerate the Notes for a Note Series is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 11.8 In the event of an acceleration of the Notes for a Note Series in accordance with this Clause 11, the Issuer shall redeem all such Notes at an amount per Note equal to 101.00 per cent. of the Nominal Amount, together with accrued but unpaid Interest.

- 12.3 If a Noteholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 12.1(a) such Noteholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 12.1(a)
- 12.4 Funds that the Agent receives (directly or indirectly) in connection with the acceleration of Notes for a Note Series constitute escrow funds (Sw. *redovisningsmedel*) in accordance with the Swedish Funds Accounting Act (Sw. *lag (1944:181) om redovisningsmedel*) and must be held on a separate bank account on behalf of the Noteholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 12 as soon as reasonably practicable.

- 13.4.7 A Noteholder holding more than one Note under a Note Series need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 13.4.8 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Note Terms shall be subject to the Issuer's or the Agent's consent, as applicable.
- 13.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Notes (irrespective of whether such person is a Noteholder) for or as inducement to any consent under the Note Terms, unless such consideration is offered to all Noteholders that consent at the relevant Noteholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 13.4.10 A matter decided at a duly convened and held Noteholders' Meeting or by way of Written Procedure is binding on all Noteholders, irrespective of them being present or represented at the Noteholders' Meeting or responding in the Written Procedure. The Noteholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause the Issuer or the other Noteholders.
- 13.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Noteholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 13.4.12 If a decision is to be taken by the Noteholders on a matter relating to the Note Terms, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Notes owned by Group Companies or (to the knowledge of the Issuer) Affiliates as per the Record Date for voting, irrespective of whether such person is a Noteholder. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Note is owned by a Group Company or an Affiliate.

13.4.13 Information about decisions taken at a Noteholders' Meeting or by way of a Written Procedure shall promptly be published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Noteholders' Meeting or Written Procedure shall at the request of a Noteholder be sent to it by the Issuer or the Agent, as applicable.

14 Amendments and Waivers

14.1 The Issuer, the Agent and the Issuing Dealers may agree on adjustments to clear and obvious errors in these General Terms and Conditions.

14.2 The Issuer and the Agent (acting on behalf of the Noteholders) may agree in writing to amend and waive any provision in any Note Terms (in cases other than those set forth above in Clause 14.1), provided that the Agent is satisfied that such amendment or waiver:

- (a) is not detrimental to the interest of the Noteholders as a group;
- (b) is made solely for the purpose of rectifying obvious errors and mistakes;
- (c) is required by any applicable regulation, law, a court ruling or a decision by a relevant authority;
- (d) has been duly approved by the Noteholders in accordance with Clause 13 (*Decisions by Noteholders*) and it has received any conditions precedent specified for the effectiveness of the approval by the Noteholders; or
- (e) is made pursuant to Clause 15 (*Replacement of Base Rate*).

14.3 The Issuer and the Dealers under the MTN Programme may from time to time agree to increase or decrease the Framework Amount. Information about such amendment shall promptly be published by the Issuer through a press release.

14.4 A new dealer may be engaged by agreement between the Issuer, the dealer in question and the Dealers. A Dealer may resign as a Dealer, but an Administrative Agent in respect of a specific Note Series may not resign unless a new Administrative Agent is appointed in its place.

14.5 The Agent shall promptly notify the Noteholders (by way of press release) and the Administrative Agent of any amendments or waivers made in accordance with Clause 14.1, setting out the date from which the amendment or waiver will be effective. The Issuer shall ensure that any amendments to the Note Terms are published in the manner stipulated in Clause 9.3 (*Availability of Note Terms*) and that any amendments to Note Terms are duly registered with the CSD and each other relevant organisation or authority.

14.6 An amendment or waiver to Note Terms shall take effect on the date determined by the Noteholders' Meeting, in the Written Procedure or by the Agent, as the case may be.

15 Replacement of Base Rate

15.1 General

- 15.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Noteholders in accordance with the provisions of this Clause 15 (*Replacement of Base Rate*) shall at all times be made by such Independent Adviser, the Issuer or the Noteholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 15.1.2 If a Base Rate Event has occurred, this Clause 15 (*Replacement of Base Rate*) shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definitions of STIBOR and EURIBOR, respectively.

15.2 Definitions

In this Clause 15 (*Replacement of Base Rate*):

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“Base Rate Amendments” has the meaning set forth in Clause 15.3.4.

“Base Rate Event” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Administrative Agent to calculate any payments due to be made to any Noteholder using the applicable Base

Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);

- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*), or in respect of EURIBOR, from the equivalent entity with insolvency or resolution powers over the Base Rate Administrator, containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“Base Rate Event Announcement” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (Sw. *Finansiella stabilitetsrådet*), the Financial Stability Board or any part thereof, respectively.

“Successor Base Rate” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Notes, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply mutatis mutandis to such new Successor Base Rate.

15.3 Determination of Base Rate, Adjustment Spread and Base Rate Amendments

- 15.3.1 Without prejudice to Clause 15.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 15.3.2.

- 15.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate.
- 15.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 15.3.2, the Noteholders shall, if so decided at a Noteholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 15.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 15.3 to 15.6, the Agent (acting on the instructions of the Noteholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 15.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 15.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

15.4 Interim measures

- 15.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.
- 15.4.2 For the avoidance of doubt, Clause 15.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 15. This will however not limit the application of Clause 15.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 15 (*Replacement of Base Rate*) have been taken, but without success.

15.5 Notices etc.

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Administrative Agent and the Noteholders in accordance with Clause **Fel! Hittar inte referenskölla.** (*Communications and Press Releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Notes are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

15.6 Variation upon replacement of Base Rate

- 15.6.1 No later than giving the Agent notice pursuant to Clause **Fel! Hittar inte referenskölla.** (*Notices etc.*), the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause **Fel! Hittar inte referenskölla.**) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 15 (*Replacement of Base Rate*). The Successor Base Rate the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Administrative Agent and the Noteholders.
- 15.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 15.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Noteholders, without undue delay effect such amendments to these General Terms and Conditions as may be required by the Issuer in order to give effect to this Clause 15 (*Replacement of Base Rate*).
- 15.6.3 The Agent and the Administrative Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 15 (*Replacement of Base Rate*). Neither the Agent nor the Administrative Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Administrative Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Administrative Agent in these General Terms and Conditions.

15.7 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 15.3 (*Determination of Base Rate, Adjustment Spread and Base Rate Amendments*) shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with these General Terms and Conditions, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

- 16.1.1 By subscribing for Notes, each initial Noteholder appoints the Agent to act as its agent in all matters relating to the Notes and the Note Terms, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these General Terms and Conditions) in any legal or arbitration proceedings relating to the Notes held by such Noteholder, including the winding-up, dissolution, liquidation, company reorganisation or bankruptcy (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Notes, each subsequent Noteholder confirms such appointment and authorisation for the Agent to act on its behalf.
- 16.1.2 Each Noteholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Note Terms. - 16.2.2 When acting pursuant to the Note Terms, the Agent is always acting with binding effect on behalf of the Noteholders. The Agent is never acting as an advisor to the Noteholders or the Issuer. Any advice or opinion from the Agent does not bind the Noteholders or the Issuer.
- 16.2.3 When acting pursuant to the Note Terms, the Agent shall carry out its duties with reasonable care and skill in a proficient and professional manner.
- 16.2.4 The Agent shall treat all Noteholders equally and, when acting pursuant to the Note Terms, act with regard only to the interests of the Noteholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Note Terms.
- 16.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without

- 16.2.6 The Issuer shall on demand by the Agent pay all costs for external experts engaged by it (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering (A) an event or circumstance which the Agent reasonably believes is or may lead to an Event of Default or (B) a matter relating to the Issuer or the Note Terms which the Agent reasonably believes may be detrimental to the interests of the Noteholders under the Note Terms, and (iii) in connection with any Noteholders' Meeting or Written Procedure, or (iv) in connection with any amendment (whether contemplated by the Note Terms or not) or waiver under the Note Terms. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Note Terms shall be distributed in accordance with Clause 12 (*Distribution of Proceeds*).

- 16.2.9 The Agent shall (i) review each Compliance Certificate delivered to it to determine that it meets the requirements set out in these General Terms and Conditions and as otherwise agreed between the Issuer and the Agent, and (ii) verify that the Issuer according to its reporting in the Compliance Certificate meets the Maintenance Covenants, and (iii) if provided in connection with a Restricted Payment (which requires that the Incurrence Test is met), that the Incurrence Test is met as per the relevant test date, including calculations and figures in respect of the Incurrence Test, calculated pro forma including the Restricted Payment. The Issuer shall promptly upon request provide the Agent with such information as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 16.2.9
- 16.2.10 The Agent shall ensure that it receives evidence satisfactory to it that the General Terms and Conditions as well as the Final Terms for each Note Series which are required to be delivered to the Agent are duly authorised and executed (as applicable). The Issuer shall promptly upon request provide the Agent with such documents and evidence as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 16.2.10. Other than as set out above, the Agent shall neither be liable to the Issuer or the Noteholders for damage due to any documents and information delivered to the Agent not being accurate, correct and complete, unless it has actual knowledge to the contrary, nor be liable for the content, validity, perfection or enforceability of such documents.

- 16.2.11 Notwithstanding any other provision of the Note Terms to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 16.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Noteholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 16.2.13 The Agent shall give a notice to the Noteholders (i) before it ceases to perform its obligations under the Note Terms by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Note Terms or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 16.2.12

16.3 Liability for the Agent

- 16.3.1 The Agent will not be liable to the Noteholders for damage or loss caused by any action taken or omitted by it under or in connection with any Note Terms, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 16.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Noteholders to delay the action in order to first obtain instructions from the Noteholders.
- 16.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to any Note Terms to be paid by the Agent to the Noteholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 16.3.4 The Agent shall have no liability to the Noteholders for damage caused by the Agent acting in accordance with instructions of the Noteholders given in accordance with the Note Terms.
- 16.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, any Note Terms shall not be subject to set-off against the obligations of the Issuer to the Noteholders under such Note Terms.

16.4 Replacement of the Agent

- 16.4.1 Subject to Clause 16.4.6, the Agent may resign for all Note Series, but not part of all Note Series, made under this MTN Programme by giving notice to the Issuer and the Noteholders, in which case the Noteholders shall appoint a successor Agent (which must be an independent financial institution or other reputable company which regularly acts as agent under debt issuances) at a Noteholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.

- 16.4.2 Subject to Clause 16.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 16.4.3 A Noteholder (or Noteholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount of all outstanding Note Series may, by notice to the Issuer (such notice shall, if given by several Noteholders, be given by them jointly), require that a Noteholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Noteholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Noteholders that the Agent be dismissed and a new Agent appointed.
- 16.4.4 If the Noteholders have not appointed a successor Agent within ninety (90) days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Noteholders, the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of Market Debt.
- 16.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Note Terms of all outstanding Note Series.
- 16.4.6 The Agent's resignation or dismissal shall only take effect upon the earlier of (i) the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent, and (ii) the period pursuant to Clause 16.4.4(ii) having lapsed.
- 16.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Note Terms of all outstanding Note Series, but shall remain entitled to the benefit of the Note Terms and remain liable under the Note Terms in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the relevant Noteholders shall have the same rights and obligations amongst themselves under the respective Note Terms as they would have had if such successor had been the original Agent.
- 16.4.8 In the event that there is a change of the Agent in accordance with this Clause 16.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Note Terms of the outstanding Note Series and the Agency Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

17 No Direct Actions by Noteholders

- 17.1 A Noteholder may not take any steps whatsoever against any Group Company to enforce or recover any amount due or owing to it pursuant to the Note Terms, or to initiate, support or procure the winding-up, dissolution, liquidation, company

reorganisation or bankruptcy (or its equivalent in any other jurisdiction of any Group Company) in relation to any of the obligations liabilities of such Group Company under the Note Terms. Such steps may only be taken by the Agent.

- 17.2 Clause 17.1 shall not apply if the Agent has been instructed by the Noteholders for the relevant Note Series in accordance with the Note Terms to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Noteholder to provide documents in accordance with Clause 16.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment of any fee or indemnity due to the Agent under the Note Terms or the Agency Agreement or by any reason described in Clause 16.2.11 such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 16.2.12 before a Noteholder may take any action referred to in Clause 17.1.
- 17.3 The provisions of Clause 17.1 shall not in any way limit an individual Noteholder's right to claim and enforce payments which are due to it under Clause 8.4 (*Mandatory repurchase due to a Change of Control Event or a De-Listing Event (put option)*) or other payments which are due by the Issuer to some but not all Noteholders.

18 Prescription

The right to receive payment of interest (excluding any capitalised interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Noteholders' right to receive payment has been prescribed and has become void.
- 18.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (*Sw. preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Notes, and of three (3) years with respect to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Noteholders, the Agent shall be entitled to issue such press release (to the extent it is able to do so).

20 Force Majeure and Liability

20.1 Neither the Agent, the Administrative Agent nor the Dealers shall be held responsible for any damage arising out of any legal enactment, or any measure taken by a public authority, or war, strike, lockout, boycott, blockade or any other similar circumstance (a "Force Majeure Event"). 5 THE ISSUER AND ITS OPERATIONS

5.1 Company description

The Issuer was incorporated in Sweden and founded as well as registered with the Swedish Companies Registration Office (Sw. *Bolagsverket*) on 27 September 2013. The Issuer is a public limited liability company (Sw. *publikt aktiebolag*) subject to, inter alia, the Swedish Companies Act (Sw. *aktiebolagslag* (2005:551)) and the Swedish Annual Accounts Act (Sw. *årsredovisningslag* (1995:1554)). The seat of the Issuer is in Stockholm. The Issuer's operations are governed by Swedish law.

The Issuer's head office and registered address is Nybrogatan 59, 114 40 Stockholm. The Issuer's legal identifier code (LEI code) is 549300Q62J8QZJ5TGJ71. The telephone number of the Issuer is 010-510 55 10. The website of the Issuer is www.k2a.se. Information made available on the Issuer's website does not form part of this Base Prospectus unless such information is incorporated by reference into this Base Prospectus.

According to section three of the Issuer's articles of association, the purpose and business of the Issuer is to directly and/or indirectly own and manage real estate, conduct consultative activities regarding property management and financing, engage in securities trading, and thereto pertaining business.

5.2 Business and operations

The Issuer's main business idea is to engage in long-term ownership, development and management of rental housing and properties for public use in Stockholm, Mälardalen and at a number of university cities in Sweden, such as Gävle, Karlstad, Kiruna, Lund, Sundsvall, Umeå, Uppsala, Växjö and Örebro.

As of 31 March 2023, the Issuer's property portfolio consisted of a total of 5,012 rental apartments. The total lettable area amounted to approximately 189 thousand square meters, the fair value of the investment objects amounted to approximately MSEK 8,229 and the total rental value amounted to approximately MSEK 441. Student housing constituted the largest category, corresponding to approximately 46 per cent. of the rental value, while rental housing constituted approximately 40 per cent. of the rental value and properties for public use approximately 14 per cent. Geographically, university cities constituted the Issuer's largest market with 47 per cent. of the rental value, while Stockholm and Mälardalen accounted for 46 per cent. of the rental value and other locations 7 per cent. of the rental value.

As of 31 March 2023, the Issuer had projects with the purposes of producing 4,881 apartments with an estimated total rental value of approximately MSEK 512. As of the aforementioned date, 1,312 of these apartments were in production and for the remaining apartments, production has not yet started.

The Issuer is active in all parts of the value chain - from the initial customer analysis and land acquisition to production and construction of the apartments and finally leasing and management of the apartments.

The Issuer's conducts analyses to investigate what is most important to potential tenants. Such studies have proven that a well-planned layout and high functionality are normally more important to the tenants than the size of the apartment.

The Issuer normally acquires land in two different ways; through land allocations and through off-market-transactions. In land allocation procedures, a municipality distributes land to one developer or a group of developers in connection with the municipality's planning of a new built environment. Normally, the developer who wins a land allocation has the exclusive right to negotiate with the municipality, for a certain period of time and under certain conditions, regarding the exploitation of the land that has been assigned to the developer. The off-market-transactions are privately negotiated transactions.

The Issuer also manage the leasing and management of the residences and properties. This, among other things, includes maintenance in order to maintain the long-term value of the properties.

The Issuer practices a sustainability perspective on both its production of apartments and its property management. The Issuer's production method contributes to an environmentally sustainable development of the property market. The production method involves manufacturing apartments mainly in wood, which is a versatile material and the only economically competitive renewable building material. Ecolabelling Sweden AB (Sw. *Miljömärkning Sverige AB*) has examined the Issuer's production process and awarded the Issuer with a licence to Nordic Swan Ecolabel (Sw. *Svanenmärka*) all upcoming and self-produced property productions.
